

Discovery Puzzles Highlights Tm Hidden Pictures

Hey You, The Little Investigator!!! I got a bunch of stuff and animals missing in this book and I'm counting on you to find them. Why I picked you? It's obviously clear, you are better than Superman with your vision to the point that you can spot a bee from 100 miles. You are a legendary investigator and I believe that you can spot those cheeky animals playing hide and seek with me. Remember, once you spot them, make sure to color them and bring life to those pictures, using your collection of colors. So what are you waiting for? Get your stuff, your material and wear the Investigator coat. Use your magnifying glass, your sight and your intelligence to spot them. I believe in you!!! Go on, grab your Book and start your adventure!!!

Add color to geometrics and other designs and watch these mosaics pop off the page! Adapted from mosaics in an ultra-rare portfolio, these swirling, interlocking patterns offer hours of coloring challenges. Each of the 15 plates are shown twice so it's easy to double the fun with different color schemes.

The Guide for Women Entrepreneurs shares important tips for women in business generally and highlights items that are important for balance during the entrepreneurial journey. The Guide also provides practical tips for entrepreneurs like What Should I Put in a Pitch Deck, Do's and Don'ts in Pitching, Do's and Don'ts in Fundraising, Length of Time for Fundraising, Presenting to an Angel Network, Angel Pet Pevces to Avoid, Diligence on an Investor, and Going Through Diligence as an Entrepreneur. There is a Question and Answer section which addresses positioning yourself as a wife and husband or sister and brother team, offering an adviser equity and the vesting schedule, other forms of financing, conflicting advice from Mentors and Investors, dealing with biased investors, metrics that an investor wants to see, the difference fundraising in NYC and Silicon Valley, the difference between a product and an investment pitch, active or passive investors, the role press plays in fundraising, the ideal level of contact from investors, and my personal advice. The book also includes a section on becoming an angel investor for when entrepreneurs are ready to pay it forward and an Appendix with a sample pitch deck.

With a full-color interior of engaging illustrations and brilliant photos, this puzzle collection is sure to please the most discerning of puzzle-loving kids.

The Valley of the Giants is set on the edge of Humboldt Bay in the fictional town of Sequoia, California. Starting in 1850a, with John Cardigan founding the logging company to build a life for him and his son Bryce, the novel follows the ups and downs of the Cardigan family and the on-going rivalry with Colonel Pennington over logging rights and other business matters. When Bryce Cardigan returns home from the college he finds out that his father's company is in trouble and that Pennington is pushing them out of business. He must try to save the company and screw Colonel Pennington, while juggling a secret relationship with Shirley, Pennington's niece.

Yoga therapy holds the key to effectively addressing stress and lifestyle diseases. Conventional medicine is useful for alleviating symptoms, but yoga therapy that is grounded in traditional theory identifies and addresses causes deeper than the physical body. Yoga therapy practices build resistance to stress and increase resilience. Kazuo Keishin Kimura is a Raja Yoga Acharya who has devoted himself to making traditional yogic wisdom accessible in Japan. With this English translation of his book, he hopes to contribute internationally to yoga therapy's development as a respected modality. In this book, Kimura points out how traditional yoga theory is missing from modern-day yoga instruction. He then explains traditional yoga's view of the mind-body complex as five koshas (sheaths), each with specific functions and attributes. Just as medical doctors examine patients before deciding on treatment, yoga therapists must obtain informed consent and assess the conditions of all koshas. Understanding yoga's horse-drawn chariot metaphor for human structure and function is also helpful to see beyond symptoms and to identify root causes of disease. Kimura skillfully guides readers to understand these two theories of human structure and function, and illustrates how they can be incorporated into both yoga therapy assessment and practice.

This puzzle book for kids provides horse lovers of all ages with hours of activity and puzzle fun! Kids who love puzzles will keep busy with this activity book packed with more than 100 horse puzzles drawn in the classic Highlights(TM) black-and-white style. With more than 1,200 objects to find, each puzzle is carefully designed to engage and entertain children while honing their concentration skills and attention to detail.

Does public speaking paralyze you and tie your stomach into knots? Want to get a standing ovation every time? What goes into a dazzling opening and closing? Does the prospect of facing embarrassing judgment make your palms sweat? Or do you want to learn how to absolutely own the stage and become a magnetic speaker? Public speaking and presenting is one of the most common phobias – and it's completely understandable. When else in our lives are we so open and vulnerable? But it's a necessary evil in all aspects of our lives, whether professionally and personally. From making a presentation in the boardroom to being more confident with the opposite sex, your speaking skills will take you to the next level and get what exactly what you want in your life. Fearless Public Speaking is the rare book that will (1) help you destroy your anxiety so you can confidently take any stage, and (2) once you're up there, be unforgettable and captivating as a speaker. The tenets in this book come from studying the experiences of the best presenters in the world, from CEOs, standup comics, to actors, and more. Jason Bax, noted actor, speaker, and entrepreneur, lends his thoughts in a guest chapter. And me? I'm a social skills and charisma coach, speaker, and semi-professional musician who thrives in front of the crowd... but I wasn't always like this - I know your struggles and I can help you from point A to point B! How will you learn to captivate audiences? • Why knowing where your audience gets their news is key to your memorability. • How to construct a bulletproof opening and closing. • How to make sure you reach any audience emotionally. • Overcoming stage fright and jitters with mental rehearsal techniques. As well as... • What rehearsal spontaneity is and how it makes your audience connect. • Stage presence techniques of the masters of performance like Freddie Mercury. • How standup comics own the stage and win over hostile crowds. • What a memory palace is and how it will help you memorize your speech. Put the audience in the palm of your hand, starting now! • Feel confident and empowered in taking the stage anywhere, anytime. • Speak your way to better jobs and relationships with each mini-presentation. • Build a reputation as an effective and engaging speaker. • Learn to overcome judgment and build self-confidence. • Own the room, audience, and applause.

This is a memoir presented in an anthropological - like format; in other words, a collection of short stories, on the life of the author. It starts when he was growing up in the Philippine countryside of Ilocos Sur province. Just like a normal kid, he played with his friends, did crazy things, went to school and moved to Manila, for his college education. He got married while in fifth year college, but still graduated on time. This book relates his struggles, failures, as well as successes, including his coming to America. Searching for the American Dream was no picnic either, but with perseverance, he achieved some of them in modest ways. Foreigners planning to immigrate to the great of USA could get glimpses, on what it takes, to come and live in America.

This red-on-blue Hidden Pictures® puzzle collection comes with a seek-and-find plastic lens, made of sturdy paper and shaped like a magnifying glass, to reveal hidden objects within 55+ disguised scenes. The easy-to-use and simple to store lens adds more challenge and play-value to everyone's favorite search-and-find puzzle. This Hidden Pictures® puzzle-novelly book features an easy-to-store magic lens made of sturdy paper and plastic to locate over 500 hidden objects and discover amazing scenes. Every red-on-blue puzzle is a mystery until the lens reveals the curiosities underneath, such as jet-skiing starfish, a robot workshop, and astronauts in a faraway galaxy. Children ages 6-9 can become Hidden Pictures® detectives by using the clues to locate the hidden objects and uncovering new surprises every time. Winner, Family Choice Award Winner, Mom's Choice Award, Good Winner, Parents' Choice Fun Stuff

Kids are on a mission to save the Earth! Recycle and Remake is the hands-on, practical guide you need to get started. This gentle, but empowering book is full of creative making activities, information, and ideas that give young eco-warriors (like you!) the know-how to really help the environment. With Recycle and Remake, you will soon be saving trees by making your own seeded recycled paper from junk mail, cleaning up the oceans by turning old carrier bags into kites, friendship bracelets, and colourful woven baskets, and repurposing a cardboard box into a periscope. You'll also learn about sustainable energies by creating a simple solar oven, cutting down on cling-film by making a food wrap from scrap cotton and beeswax, and turning an old t-shirt into a reusable tote bag so you never need to buy a plastic carrier bag again. You can even grow new plants to clean the air in your own up-cycled milk bottle planters and using homemade compost. As you make and create, you will learn kid-friendly facts about the big issues our planet is facing. Each of the activities directly relates to an environmental hot topic, such as plastic pollution, food waste, or deforestation. Budding environmentalists all over the world are feeling inspired to do their bit for our unique planet. This future-friendly ebook is here to guide you with all the information, ideas, tips, and tools you need to be part of the solution.

Treasured moments at grandmother's house and unconditional love for her grandson is portrayed in this culturally mosaic diverse book. He tells us about his overnight stay and how he and his grandmother play with trains, play outside, eat his favorite foods and play shadow games. This is a loving, heartwarming story written from the author's heart, encouraging all grandparents worldwide to spend time with their grandchildren, thus spreading sunshine in their lives. Cheerful, endearing illustrations accompany the lyrical rhyme in this family story.

In this groundbreaking book, tbi survivor advocate Sue Hultberg explores the lives, struggles, and issues of people with traumatic and other acquired brain injuries. She examines the origins of the acquired brain injury human and civil rights movement, and she presents an analysis of the key policy and priority agenda for people with brain injuries. She describes how individuals with brain injuries set out to engage in independent policy advocacy at the all-survivor Brain Injury Network. She also singles out some of the advocacy-related work of several dozen other brain injury survivors who work, write, or volunteer in and for the brain injury survivor community. The author draws on her own personal, twenty-five-year-plus, post-tbi journey. She recounts her transformation from accident victim, to traumatic brain injury (tbi) survivor, to community policy advocate, and she expands on what it takes to be a good brain injury survivor advocate (SAB). The author explains why patients with brain injuries need the medical community to emphasize a post traumatic brain injury syndrome brain injury classification. She also argues that children should never play tackle football or other contact sports (such as boxing) because the risk of sustaining concussions or other brain injury is just too great. She discusses the poverty, harassment, lack of needed services, and stigma that individuals in the brain injury community encounter. She asserts that such terms as brain damaged, brain injury victim, and persistent vegetative state are politically incorrect. She shares policies that could improve quality of life for people with brain injuries who live in nursing homes or other assisted living facilities. She also outlines a selection of protective laws that could shield society from brain injuries. The author details how important privacy protections for people with brain injuries are undermined by the U.S. government, online social communities, and some medical and other professionals. She also elaborates on how the apparent confusion in concussion (mild traumatic brain injury) and postconcussion definitions, diagnosis, and treatment are making life more difficult for many individuals with brain injuries. The book caps off with an exploration of the various fundamental human rights that individuals with cognitive, physical, and other disabilities from brain injuries have, including the rights to privacy, safety, happiness, liberty, and up-to-date and adequate medical care. This well-researched book by a TBI survivor author who has professional and scholarly credentials contains an appendix listing books and other materials by individuals with brain injuries. There is also a cross-referenced index. This book is about people with acquired brain injuries from aneurysm, anoxic or hypoxic injury, illness, stroke, toxin, trauma, or tumor. It is intended for survivors of brain injuries who have turned the corner in their recovery and who want to pay back by helping our community. It is also a must-read book for every advocate, family caregiver, policy maker, professional, program manager, service provider, system administrator, or other brain injury, third-party stakeholder.

Applications of Polyurethanes in Medical Devices provides detailed coverage of polyurethane (PU) chemistry, processing and preparation for performant medical devices. Polyurethanes have found many uses in medical applications, due to their biocompatibility, biostability, physical properties, surface polarity, and the ability to suit the field of application. This book enables the reader to understand polyurethane and how this valuable material can be used in medical devices. Sections cover the chemistry, structure, and properties of polyurethane, with in-depth sections examining raw materials, reaction chemistry, synthesis techniques, reaction kinetics, material microstructure, and structure-property relationships. Subsequent chapters demonstrate how polyurethane can be utilized in medical device applications, examining biological properties, rheology and processing before methodical coverage explains how polyurethane may be used for each category of medical device. Finally, future directions, and safety and environmental aspects, are covered. Bridges the gap between polyurethane chemistry, processing and preparation for cutting-edge medical device applications Includes in-depth coverage of polyurethane, covering raw materials, chemistry, synthesis techniques, reaction kinetics, properties and microstructural analysis Takes a valuable and practical approach, addressing manufacturing issues and using testing and modeling to solve problems encountered in processing

Sam Hendry is not looking forward to starting at her new school. Things go from bad to worse as the day of truth arrives and all of her fears come true... and then some.When Sam meets a different group of people who immediately accept her as a friend, she begins to feel more positive. With her new friends and interests, will Sam finally feel able to face the bully who taunts her, and to summon up the courage to perform on stage?

Adorable artwork—Pages filled with all kinds of cute and colorful illustrations will delight kids as they progress from puzzle to puzzle. Give young learners a leg up on learning with math puzzles they'll love to do.

What's Your Green Goldfish is based on the simple premise that employees are the key drivers of customer experience and that "Happy Employees Create Happy Customers." The book focuses on 15 different ways to drive employee engagement and reinforce a strong corporate culture. It's the second book in the goldfish trilogy. The first book was an Amazon Best Seller entitled, What's Your Purple Goldfish. Purple focused on customers, whereby Green focuses on employees. Both books are based on a revolutionary new approach called marketing g.I.u.e. (marketing by giving little unexpected extras). The book is based on the findings of the Green Goldfish Project, an effort which crowd sourced 1,001 examples of signature added value for employees. Key themes emerged from the Project. The book is filled with over 200 examples. PRAISE FOR WHAT'S YOUR GREEN GOLDFISH "Stan is the sherpa that guides executives along the journey between the heart and mind of business stakeholders. Stakeholders aren't always customers though. At a time when company vision and culture matters more than ever, it takes inspired and engaged employees to bring them to life." - Brian Solis, author of What's the Future of Business #WTF, The End of Business as Usual and Engage "So often overlooked, and so very vital to building company value... empowering employees to support each other and the brand. Stan Phelps 'gets' it and Green Goldfish will walk you step-by-step through the process of how to do it." - Ted Rubin, author of Return on Relationship "Great customer centric organizations only exist because of engaged and empowered employees. The Green Goldfish is packed with awesome examples of what world class companies are doing today to inspire and reward their employees. If you see value in truly building an "A Team," Green Goldfish will be, without question, your single best reference." - Chris Zane, Founder and President of Zane's Cycles, author of Reinvignting the Wheel, the Science of Creating Lifetime Customers" Stan Phelps takes customer service to a whole new level by focusing on EMPLOYEE service, and how to do well by your employees - so they take care of your customers. Packed with stories, insights and R.U.L.E.S. any company can follow, this book is a must-read for managers of companies of all shapes and sizes who know that employees don't leave jobs - they leave managers, especially when they don't feel your love and appreciation. Pick this up, and start engaging your team and making more GREEN - Phil Gerbyshak, author of The Naked Truth of Social Media "Our large-scale research shows unequivocally that engaged employees are more likely to work longer, try harder, make more suggestions for improvement, recruit others to join their company, and go out of their way to help customers. They even take less sick time. Companies can tap into the enormous value of engaged employees by following the 15 ideas that Stan lays out in this book." - Bruce Temkin, author of The Six Laws of Customer Experience "Too often, the actual employment experience delivered on the job does not measure up to the version sold to job candidates during the interview process. In What's Your Green Goldfish, Stan Phelps offers 15 ways to close the gap." - Steve Curtin, author of Delight Your Customers: 7 Simple Ways to Raise Your Customer Service from Ordinary to Extraordinary (AMACOM, June 2013) "In What's Your Green Goldfish, Stan Phelps brilliantly applies the idea of 'doing a little something extra' for employees. You know, those people that actually get the work done and keep customers happy. Read it, put some of the ideas to work, and soon you'll be reaping more 'green' from your customers." - Bob Thompson, Founder and CEO, CustomerThink Corp.

Hide-and-Seek at the Construction Site

In lives filled with passion and temptation, five young people experience the many forms of love. Achieving their wildest dreams takes everything they have, and soon their romances, friendships, and dearest personal values are tested. Along the way, their lives intertwine in surprising ways-on the lush soccer fields of college campuses in California and the glamorous fashion runways and football pitches of Italy and France. The brilliant and beautiful Sallie is embarking on an exciting international modeling career, but, so far from home, she runs the risk of getting lost in more ways than one. Her college sweetheart, Marco, is focused on his goal of becoming a professional soccer player and relies on the expert advice of his mentor, Lorenzo. But Lorenzo must figure out his own way to stay on top. Meanwhile, their athletic friend Dave has already hit rock bottom, attracting the empathy of nursing student Autumn. She'll do anything she can to help Dave, despite the risk of getting dragged down with him. Boundaries exist in the game of soccer, but in life they are all too easily crossed. Before long these five friends will learn exactly how far relationships can bend before they break.

Michael Henry Dunn's spiritual journey began with heartbreak and a call to monastic life. But a deep conviction that one can be in love with the Divine - passionately, romantically in love - and still find sweet and fulfilling human love as well, led him to seek and find intimacy with the ultimate Soul Mate. Romancing the Divine is Dunn's deeply moving, intensely personal account of a love affair with the Source of Life: the Goddess who is also God. With honesty and humor, Dunn reveals the personal crisis that led to his spiritual awakening, his experiences meditating and chanting in the company of saints and illuminated souls, and the paths and techniques you can use to share in his love. What Dunn experienced (and continues to experience) transcends any one religion. He found commonality in his divine love with Indian yogis and Western nuns and discovered inspiration from Christian monastics and the chants of the kirtan yogic tradition. His is an unabashedly romantic love story centered on the Divine Feminine and filled with joy, passion, and a spiritualized and purified erotic experience. To love the Divine is to discover a lover who, according to Dunn, is "seductive beyond thought of competition." It's a love we all deserve.

Jacke Lidwin presents "Unknown People", a book containing 126 black and white street portraits. This book highlights provoking and contemporary examples of the medium of portraiture. Jacke is trying to express his perspective on individuals, unknown people who he meets in the streets of Poland. His art illustrates Osho's words: "We are born alone, we live alone and we die alone. Aloneness is our very nature but we are not aware of it". He is inspired by street photography of Robert Frank, Henri Cartier-Bresson, Robert Doisneau.
