books. As you read the Divergent series, the chapter analyses in this unofficial companion piece are especially useful for recalling the action in previous novels. The Divergent series has many interesting characters that leave and reappear, thanks to love interests and biological

Online Library Divergent Veronica Roth

relationships. The trilogy is written from a first-person perspective, so what we know of these characters is limited at times. Assistance in tracing their background and importance as they make multiple appearances throughout the three novels is provided in this comprehensive

Online Library Divergent Veronica Roth

accompaniment. A dystopian trilogy, the Divergent series begins when Tris and "Four" (Tobias) turn 16. They do not fit into only one of five possible faction choices, so they are labeled Divergent. This labeling is the initial conflict in the trilogy. The many additional conflicts plus themes of

Online Library Divergent Veronica Roth

sacrifice, freedom, individuality, and guilt are woven throughout the three novels, and they can all be traced with the help of this sidekick. In Divergent, Tris chooses to join the Dauntless faction and manages to not only survive, but also excel during harsh Dauntless training. She is caught up in

Online Library Divergent Veronica Roth

a faction battle, and the second novel in the series, *Insurgent*, follows her involvement in the struggle, as she and her friends become targets due to their Dauntless natures. *Allegiant* provides answers about what exists outside the walled city, while introducing a final battle. Tris and her

Online Library Divergent Veronica Roth

friends discover the truth about the factions' purposes and intents, achieving freedom in the process. From acclaimed and New York Times bestselling author Jodi Lynn Anderson comes the fantastical and heartfelt first installment in a new trilogy about the thirteen witches who are responsible

for all the evil in the world—and the girl who sets out to defeat them. Full of magic and bittersweet truths, this tale is perfect for fans of *The Girl Who Drank the Moon*. Online Library Divergent Veronica Roth

known this...and turned to stories for comfort. Then, on the night Rosie decides to throw her stories away forever, an invisible ally helps her discover the Witch Hunter's Guide to the Universe, a book that claims that all of the evil in the world stems from thirteen witches who are unseen...but

also unstoppable. One of these witches—the Memory Thief—holds an insidious power to steal our most precious treasures: our memories. And it is this witch who has cursed Rosie's mother. In her quest to save her mom—and with her wild, loyal friend “Germ” by her side—Rosie will find the

brave enough to wield their imaginations in the face of the unthinkable. At the core of this stunning novel—the first of the Thirteen Witches trilogy from critically acclaimed author Jodi Lynn Anderson—is a passionate argument that stories have the power to create
