"This novel is a ray of light in the canon of vacation lit—in Reinhardt's hands, paradise gone wrong feels very right." —People A private Mexican villa is the backdrop to this smart, absorbing story of a milestone vacation in a tropical paradise gone wrong, wrong, wrong

Two families arrive in Puerto Vallarta, Mexico, for a once-in-a-lifetime vacation. Jenna has organized the trip to celebrate her husband's fiftieth birthday--she's been looking forward to it for months. She's sure everything is going to be just perfect--and the margarita refills delivered by the house staff certainly don't hurt, either. What could go wrong? Yet as the families settle into their vacation routines, their best friends suddenly seem like annoying strangers, and even Jenna's reliable husband, Peter, is sharing clandestine phone calls with someone—but who? Jenna's teenage daughter, Clem, is spending an awful lot of time with Malcolm, whose questionable rep got him expelled from school. Jenna's dream of the ultimate celebration begins to crack and eventually crumbles completely, leaving her wondering whom she can trust, and whether her privileged life is about to be changed forever. Readers of Emma Straub, Meg Wolitzer and Delia Ephron will love this sharply funny novel. Whether you're putting it in your carry-on to read on the beach or looking to escape the dead-of-winter blues, Tomorrow There Will Be Sun is the perfect companion.

A is for seed, B is for eggs, C is for milk -- what's going on here? The seed is tomorrows Apple, the eggs are tomorrows Birds, the milk is tomorrows Cheese! Explore a wonderful world of possibility with an imaginative alphabet puzzle that encouraged young readers to look beyond the obvious.

Mark Forster's book "Get Everything Done and Still Have Time to Play" took an entirely new approach to time management. One of his most important points was that once we have taken on a commitment, prioritising does not work because we need to do everything relating to that commitment. In the six years since he wrote the book as he has reached thousands of people through writing, seminars and coaching, he has continued to develop and refine his methods . He has now perfected even more effective methods of getting everything done through the introduction of some radical new ideas, including closed lists, the manyana principle and the "will do" list. He is brilliant at helping people to use new forms of communication effectively so that they do not become a tyrant. The result is a complete system which will enable almost anyone to complete one day's work in one day.

A novel

Tomorrow Might Be Too Late

In this exhilarating novel by the best-selling author of The Storied Life of A. J. Fikry two friends—often in love, but never lovers—come together as creative partners in the world of video game design, where success brings them fame, joy, tragedy, duplicity, and, ultimately, a kind of immortality. "Utterly brilliant. In this sweeping, gorgeously written novel, Gabrielle Zevin charts the beauty, tenacity, and fragility of human love and creativity. Tomorrow, and Tomorrow, and Tomorrow is one of the best books I've ever read." —John Green On a bitter-cold day, in the December of his junior year at Harvard, Sam Masur exits a subway car and sees, amid the hordes of people waiting on the platform, Sadie Green. He calls her name. For a moment, she pretends she hasn't heard him, but then, she turns, and a game begins: a legendary collaboration that will launch them to stardom. These friends, intimates since childhood, borrow money, beg favors, and, before even graduating college, they have created their first blockbuster, Ichigo. Overnight, the world is theirs. Not even twenty-five years old, Sam and Sadie are brilliant, successful, and rich, but these qualities won't protect them from their own creative ambitions or the betrayals of their hearts. Spanning thirty years, from Cambridge, Massachusetts, to Venice Beach, California, and lands in between and far beyond, Gabrielle Zevin's Tomorrow, and Tomorrow, and Tomorrow is a dazzling and intricately imagined novel that examines the multifarious nature of identity, disability, failure, the redemptive possibilities in play, and above all, our need to connect: to be loved and to love. Yes, it is a love story, but it is not one you have read before.

Illustrations by a lettering artist and easy-to-read text reveal ways to be helpful, patient, gentle, honest, generous, grateful, and especially kind.

With her celebrated humor, insight, and heart, beloved New York Times bestseller Emma Straub offers her own twist on traditional time travel tropes, and a different kind of love story. On the eve of her 40th birthday, Alice's life isn't terrible. She likes her job, even if it isn't exactly the one she expected. She's happy with her apartment, her romantic status, her independence, and she adores her lifelong best friend. But her father is ailing, and it feels to her as if something is missing. When she wakes up the next morning she finds herself back in 1996, reliving her 16th birthday. But it isn't just her adolescent body that shocks her, or seeing her high school crush, it's her dad: the vital, charming, 40-something version of her father with whom she is reunited. Now armed with a new perspective on her own life and his, some past events take on new meaning. Is there anything that she would change if she could?

In this magically evocative novel, William Maxwell explores the enigmatic gravity of the past, which compels us to keep explaining it even as it makes liars out of us every time we try. On a winter morning in the 1920s, a shot rings out on a farm in rural Illinois. A man named Lloyd Wilson has been killed. And the tenuous friendship between two lonely teenagers—one privileged yet neglected, the other a troubled farm boy—has been shattered. Fifty years later, one of those boys—now a grown man—tries to reconstruct the events that led up to the murder. In doing so, he is inevitably drawn back to his lost friend Cletus, who has the misfortune of being the son of Wilson's killer and who in the months before witnessed things that Maxwell's narrator can only guess at. Out of memory and imagination, the surmises of children and the destructive passions of their parents, Maxwell creates a luminous American classic of youth and loss.

At the age of twenty, George Ritchie died in an Army hospital. Nine minutes later, he returned to life. What happened to him during those minutes was so compelling that it changed his life forever. In Return from Tomorrow, Ritchie tells of his transforming encounter with the Son of God, who led him to encounters with other nonphysical beings at the very doorway of eternity. Ritchie's extraordinary experience not only altered his view of eternity, but it has also altered the lives of hundreds of thousands of readers. One of the most startling and hopeful descriptions of the realm beyond, this classic will inspire readers from all walks of life. It includes a brand-new preface from Elizabeth Sherrill.

#1 NEW YORK TIMES BESTSELLER • THE BLOCKBUSTER JACK REACHER SERIES THAT INSPIRED TWO MAJOR MOTION PICTURES AND THE UPCOMING STREAMING SERIES REACHER "High-powered, intricately wrought suspense."—Janet Maslin, The New York Times New York City. Two in the morning. A subway car heading uptown. Jack Reacher, plus five other passengers. Four are okay. The fifth isn't. And if you think Reacher isn't going to get involved . . . then you don't know Jack. Susan Mark, the fifth passenger, had a big secret, and her plain little life was being watched in Washington, and California, and Afghanistan—by dozens of people with one thing in common: They're all lying to Reacher. A little. A lot. Or just enough to get him killed. A race has begun through the streets of Manhattan, a maze crowded with violent, skilled soldiers on all sides of a shadow war. For Jack Reacher, a man who trusts no one and likes it that way, the finish line comes when you finally get face-to-face and look your worst enemy in the eye. "Propulsive . . . Lena Wise is always looking forward to tomorrow, especially at the start of her senior year. She's ready to pack in as much friend time as possible, to finish college applications and to maybe let her childhood best friend Sebastian know how she really feels about him. For Lena, the upcoming year is going to be epic—of opportunities and chances. Until one choice, one moment, destroys everything. Now Lena isn't looking forward to tomorrow. Not when friend time may never be the same. Not when college applications feel all but impossible. Not when Sebastian might never forgive her for what happened. For what she let happen. With the guilt growing each day, Lena knows that her only hope is to move on. But how can she move on when her and her friends' entire existences have been redefined? How can she move on when tomorrow isn't even guaranteed?

Now a New York Times bestseller! Imagine a world where your destiny has already been decided...by your future self. It's Callie's seventeenth birthday and, like everyone else, she's eagerly awaiting her vision—a memory sent back in time to sculpt each citizen into the person they're meant to be. A world-class swimmer. A renowned scientist. Or in Callie's case, a criminal. In her vision, she sees herself murdering her gifted younger sister. Before she can process what it means, Callie is arrested and placed in prison. The only person who can help is her childhood crush, Logan, a boy she hasn't spoken to in five years. Logan breaks her free, but can she trust him? He's almost the same boy she remembers, but now he's a whole lot hotter. And he's got his own past to deal with. Callie's falling for him, fast, but she soon learns he has secrets of his own. Secrets that mean they can never be together. Now, Callie's on the run not only from the government, but also from her fate. If she wants any hope of a future with Logan, she must first find a way to protect her sister from the biggest threat of all—herself. This book is enhanced with exclusive content—two original songs inspired by the novel—resulting in a large file that may take longer to download than expected. The Forget Tomorrow series is best enjoyed in order. Reading Order: Before Tomorrow (Prequel) Book #1 Forget Tomorrow Book #2 Remember Yesterday Book #3 Seize Today An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle in 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave—had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. Arc of Justice is the winner of the 2004 National Book Award for Nonfiction. "A rediscovered treasure." —Maureen Corrigan, Washington Post From Betty Smith, author of the beloved classic A Tree Grows in Brooklyn, comes a poignant story of love, marriage, poverty, and hope set in 1920s Brooklyn. Tomorrow Will Be Better tells the story of Margy Shannon, a shy but joyfully optimistic young woman just out of school who lives with her parents and witnesses how a lifetime of hard work, poverty, and pain has worn them down. Her mother's resentment toward being a housewife and her father's inability to express his emotions result in a tense home life where Margy has no voice. Unable to speak up against her overbearing mother, Margy takes refuge in her dreams of a better life. Her goals are simple—to find a husband, have children, and live in a nice home—where her children will never know the terror of want or the need to hide from quarreling parents. When she meets Frankie Malone, she thinks her dreams might be fulfilled, but a devastating loss rattles her to her core and challenges her life-long optimism. As she struggles to come to terms with the unexpected path her life has taken, Margy must decide whether to accept things as they are or move firmly in the direction of what she truly wants. Rich with the flavor of its Brooklyn background, and filled with the joys and heartbreak of family life, Tomorrow Will Be Better is told with a simplicity, tenderness, and warmhearted humor that only Betty Smith could write.

We'll Do It Tomorrow is more than a book of tales about hunting and fishing, these stories are about the joys and sorrows of life. They will linger in your heart and leave you wishing for more. We'll Do It Tomorrow is definitely a keeper. Pull up a comfortable rocking chair, pour a steaming cup of coffee and settle in with this book. Savor these stories by John Faris as you would a tall glass of sweet tea.

Gone Tomorrow

When Ellie and six of her friends return home from a camping trip deep in the bush, they find things hideously wrong -- their families gone, houses empty and abandoned, pets and stock dead. Gradually they begin to comprehend that their country has been invaded and everyone in the town has been taken prisoner. As the horrible reality of the situation becomes evident they have to make a life-and-death decision: to run back into the bush and hide, to give themselves up to be with their families, or to stay and try to fight. This revealing, tautly-drawn novel seems at times to be only a step away from today's headlines.

On a trip to the Oregon coast, the author was one of the nation's most prominent transgender activists, walking the halls of the White House, advocating inclusive legislation, and addressing the country in the midst of a heated presidential election. She had also found her first love and future husband, a trans man and fellow activist, who complemented her in every way ... until cancer tragically intervened. This book tells the author's story of love and loss and an account of the LGBTQ community's battle for equal rights...adapted from dust jackets.

A FINANCIAL TIMES BOOK OF THE YEAR One of our most scintillating public intellectuals explores the political paradoxes of the pandemic and helps us think our way through it "We are able to imagine anything because we are being besegged by something that was considered unimaginable..." Beneath the panic and bluster, beneath the confusing speeches and the conflicting advice, the Coronavirus pandemic acted, changing our world in the most profound ways. The tragic human cost and the economic devastation will be assessed and calculated for decades to come. But the pandemic also changed things in ways that are less easily expressed and understood. It has made bare the fragile contradictions of modern life. It has distorted things that seemed simple and settled. It has affirmed plain, uncomfortable truths. In this brilliant, thought-provoking essay, Ivan Krastev, one of our most interesting thinkers today, explores the pandemic's immediate consequences and conceives of its long-term legacy. Will things be different for the communities most harmed, and for those who escaped the worst? Where are we now with the US and China, with the UK and Europe? And how do we think our way through the unthinkable?

"A dizzying, intimate romance." —Kirkus Reviews (starred review) "Funny, tender, and romantic." —Publishers Weekly (starred review) The Hating Game meets Nick and Nora's Infinite Playlist by way of Morgan Matson in this unforgettable romantic comedy about two rival overachievers whose relationship completely transforms over the course of twenty-four hours. Today, she hates him. It's the last day of senior year. Rowan Roth and Neil McNair have been bitter rivals for all of high school, clashing on test scores, student council elections, and even gym class pull-up contests. While Rowan, who secretly wants to write romance novels, is anxious about the future, she'd love to beat her infuriating nemesis one last time. Tonight, she puts up with him. When Neil is named valedictorian, Rowan has only one chance at victory: How, a senior class game that takes them all over Seattle, a farewell tour of the city she loves. But after learning a group of seniors is out to get them, she and Neil reluctantly decide to team up until they're the last players left—and then they'll destroy each other. As Rowan spends more time with Neil, she realizes he's much more than the awkward linguistics nerd she's sparred with for the past four years. And, perhaps, this boy she claims to despise might actually be the boy of her dreams. Tomorrow...maybe she's already fallen for him.

Time is what our lives are made of. Failure to use it properly is disastrous. Yet most books on time management don't work because they take little account of human psychology or the unexpected. This book, written for everyone who has to juggle different demands in a busy schedule, includes lots of help and advice in finding a system that works effectively and leads to more enjoyment of work and leisure. 'I left Mark Forster's time management workshop a changed woman. Yesterday I used his system for a whole day. It was stress-free and fun. I felt energized and satisfied at the end of it.' Sarah Litvinoff Before speaking at a national political convention about her experiences as a transgender person, the author struggled with the decision to come out - not just to her family but to the students at her university, where she was serving as student body president. She'd known she was a girl from her earliest memories, but it wasn't until a Facebook post announcing her truth went viral that she realized the impact her coming out would have on the country. Four years later, the author was one of the nation's most prominent transgender activists, walking the halls of the White House, advocating inclusive legislation, and addressing the country in the midst of a heated presidential election. She had also found her first love and future husband, a trans man and fellow activist, who complemented her in every way ... until cancer tragically intervened. This book tells the author's story of love and loss and an account of the LGBTQ community's battle for equal rights...adapted from dust jackets.

F*ck It, I'll Start Tomorrow

As we witness a series of social, political, cultural, and economic changes/disruptions this book examines the Fourth Industrial Revolution and the way emerging technologies are impacting our lives and changing society. The Fourth Industrial Revolution is characterised by the emergence of new technologies that are blurring the boundaries between the physical, the digital, and the biological worlds. This book allows readers to explore how these technologies will impact peoples' lives by 2030. It helps readers to not only better understand the use and implications of emerging technologies, but also to imagine how their individual life will be shaped by them. The book provides an opportunity to see the great potential but also the threats and challenges presented by the emerging technologies of the Fourth Industrial Revolution, posing questions for the reader to think about what future they want. Emerging technologies, such as robotics, artificial intelligence, big data and analytics, cloud computing, nanotechnology, biotechnology, the Internet of Things, fifth-generation wireless technologies (5G), and fully autonomous vehicles, among others, will have a significant impact on every aspect of our lives, as such this book looks at their potential impact in the entire spectrum of daily life, including home life, travel, education and work, health, entertainment and social life. Providing an indication of what the world might look like in 2030, this book is essential reading for students, scholars, professionals, and policymakers interested in the nexus between emerging technologies and sustainable development, politics and society, and global governance.

The Other Side of Dawn is the long-awaited, riveting, final title in the Tomorrow series about a group of teenagers in war-torn Australia. Since their home was invaded by enemy soldiers and transformed into a war zone, Ellie and her friends have been fighting for their lives. They have learned survival skills out of necessity and taken care of each other through impossibly dark times. Now, with a roar like a train in a tunnel, the war has entered its final days. There's no more sitting around, no more waiting. There's only fast decisions, fast action, fast thinking—and no room to get it wrong. As the enemy forces close in on their hideout in Hell, Ellie, Eli, Homer, Lee, and Kevin, and their adopted group of orphaned children, find themselves facing the last chapter of their struggle for freedom. But it may just be the most dangerous yet. And not everyone will survive.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

In 1956, Ava Lark rents a house with her twelve-year-old son, Lewis, in a desirable Boston suburb. Ava is beautiful, divorced, Jewish, and a working mom. She finds her neighbors less than welcoming. Lewis wears his father's absent father, befriending the only other fatherless kids: Jimmy and Rose. One afternoon, Jimmy goes missing. The neighborhood—in the throes of Cold War paranoia—seizes the opportunity to further ostracize Ava and her son. Years later, when Lewis and Rose reunite to untangle the final pieces of the tragic puzzle, they must decide: Should you let the truth even if it hurts those you love, or should some secrets remain buried?
