A visionary work of fiction by "A writer on the level of W. G. Sebald" (Annie Proulx) "A magnificent writer." — Svetlana Alexievich, Nobel Prize-winning author of Secondhand Time "A beautifully fragmented look at man's longing for permanence.... Ambitious and complex." — Washington Post
From the incomparably original Polish writer Olga Tokarczuk, Flights interweaves reflections on travel with an in-depth exploration of the human body, broaching life, death, motion, and migration. Chopin's heart is carried back to Warsaw in secret by his adoring sister. A woman must return to her native Poland in order to poison her terminally ill high school sweetheart, and a young man slowly descends into madness when his wife and child mysteriously vanish during a vacation and just as suddenly reappear. Through these brilliantly imagined characters and stories, interwoven with haunting, playful, and revelatory meditations, Flights explores what it means to be a traveler, a wanderer, a body in motion not only through space but through time. Where are you from? Where are you coming in from? Where are you going? We call to the traveler. Enchanting, unsettling, and wholly original, Flights is a master storyteller's answer.

Discover the new Doctor Who classics. When the entire universe is at stake, three different Doctors will unite to save it. The Tenth Doctor is hunting shape-shifting Zygons in Elizabethan England. The Eleventh is investigating a rift in space-time in the present day. And one other - the man they used to be but never speak of - is fighting the Daleks in the darkest days of the Time War. Driven by demons and despair, this battle-scarred Doctor is set to take a devastating decision that will threaten the survival of the entire universe... a decision that not even a Time Lord can take alone. On this day, the Doctor’s different incarnations will come together to save the Earth... to save the universe... and to save his soul.

After being accused of stealing the precious Gem of Niag, the Doctor and fam go in search of the true culprit. The one clue they have is that the thief has two hearts! But the Doctor gets a (nice?) surprise when the Time Lord they find turns out to be an old friend – the Corsair...

Doctor Strange : Damnation (2018)

Exposing Deceptive Defense Doctors: Volumes 1 & 2

The Eleventh Doctor

Psychoanalytic Reflections in Time and Space

The Negro Motorist Green Book

Canadian Perspectives on Advanced Practice Nursing, Second Edition

Having been falsely accused of theft, the Doctor and her friends find the real culprit – a rebellious Time Lord by the name of the Corsair. An old friend of the Doctor, she enlists the gang to help her with another dubious job. The Corsair may be a friend, but is everything as it seems?

This book includes a foreword by Jane Dacre, Academic Vice President, Royal College of Physicians, Professor of Medical Education, CHIME, Royal Free and University College Medical School, University College London, Consultant Physician and Rheumatologist, The Whittington Hospital, London. This book prepares you for the often daunting life after medical school, detailing everything you need to know about preparing, applying and surviving. It's the most up-to-date guide available filling you in on recent important changes to the application system. This practical guide is full of valuable tips, tables, worked examples, frequently asked questions, further resources and useful addresses. Highly recommended for final year medical students and other clinical medical students preparing for their final year, this book is also invaluable for junior doctors progressing through the Foundation Programme and all those with teaching and supervisory responsibilities in medical schools and hospitals. 'An invaluable resource for our new generation of doctors. It takes readers through the process from application, to F2 and beyond. It offers useful advice in a useable and readable format. It is written by a group of current and past medical students who have lived through, and continue to live through, the insecurities of the changing medical career structures. Its style is informal, engaging and easy to absorb, so it should be a good distraction for those currently in the run-up to their finals exams. Good luck to all of you, and don't forget, Medicine is a wonderful career.' - Jane Dacre, in the Foreword.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

As Doctor Who approaches its fiftieth anniversary recent series have taken the show to new heights in terms of popular appeal and critical acclaim.The Doctor and his TARDIS-driven adventures, along with companions and iconic monsters, are now recognised and enjoyed globally. The time is ripe for a detailed analytic assessment of this cultural phenomenon. Focussing on the most recent television output The Inner World of Doctor Who examines why the show continues to fascinate contemporary audiences. Presenting closely-observed psychoanalytic readings of selected episodes, this book examines why these stories of time travel, monsters, and complex human relationships have been successful in providing such an emotionally rich dramatization of human experience. The Inner World of Doctor Who seeks to explore the multiple cultural and emotional dimensions of the series, moving back and forth from behind the famous sofa, where children remember hiding from scary monsters, and onto the proverbial psychoanalytic couch.

With Light and Sound

Doctor Strange Legacy (2018)

Doctor Who: Adipose Collectible Figurine and Illustrated Book

This collectible kit includes a miniature 3-inch Supreme Dalek figurine that says three distinct, menacing lines and features a light-up eye. Also included is a 48-page book on Doctor Who and the Supreme Dalek, featuring full-color series photography throughout.

‘ The entire Dalek race, wiped out in one second. I watched it happen. I made it happen!’ The Doctor and Rose arrive in an underground vault in Utah in the near future. The vault is filled with alien artefacts. Its billionaire owner, Henry van Statten, even has possession of a living alien creature, a mechanical monster in chains that he has named a Metaltron. Seeking to help the Metaltron, the Doctor is appalled to find it is in fact a Dalek – one that has survived the horrors of the Time War just as he has. And as the Dalek breaks loose, the Doctor is brought back to the brutality and desperation of his darkest hours spent fighting the creatures of Skaro... this time with the Earth as their battlefield.

Operation Volcano – Part One
The Seventh Doctor

and Ace have long travelled through space and time in the Doctor’s TARDIS (Time and Relative Dimension in Space), facing all manner of deadly alien intelligences, and witnessing countless unique wonders. Most recently, they defeated the war-like Kla-Shi-Kel – without firing a shot! Afterwards, while witnessing the Kepler Alignment – in the company of some marshmallows and a roaring fire – the TARDIS alerted them pair to an urgent request for assistance from an old friend: Group Captain Gilmore... Hill of Beans – Part One
Not so long ago, the Doctor and Ace arrived at the Psychic Circus – aka The Greatest Show in the Galaxy – on the planet Segonax, where they encountered a diverse group of performers and visitors, including an explorer incongruously named Captain Cook, his companion Mags – later revealed to be an alien werewolf from the planet Vulpana – and a biker known as Nord. The circus was dominated by a troupe of sinister and deadly robot clowns, exerting their control under a strange family, the only audience to the Circus’ talent show. The Doctor and Ace eventually uncovered the terrible secret of the Circus – that the family were really the Gods of Ragnarok, powerful creatures with an insatiable craving for entertainment. With Ace’s help, the Doctor ended the god’s reign of terror, and returned the circus to the control of its original owners. This is what Mags did next...

12 month journaling planner with monthly and weekly spreads, current meds and doctor contacts, a gratitude journal, mini-coloring pages for each month and extra notes pages.

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri; min-height: 14.0px}
Australia, 1967. The Doctor, Ace and Group

Captain Gilmore’s Counter-Measures Group investigate after members Allison Williams and Rachel Jensen discover an alien spaceship at a nuclear test site. Meanwhile, in 2029, Group Captain Gilmore is found in space, in suspended animation... Back in 1967, Gilmore’s assistant, Delafield, kills a strange snake-like entity attached to civil servant Pendry – killing Pendry in the process. When a severe storm hits the ICMG’s camp, Delafield and Jonquil Sharrow kidnap Allison and Rachel, leaving the others behind – but the Doctor engineers a speedy escape. With Ace’s assistance, he makes contact with the “snakes” – in reality, friendly aliens on the hunt for deadly-but-beautiful adversaries who have secretly engineered human history of their own ends for millennia. Now, with Allison and Rachel in danger, can they and their allies prevent a global nuclear disaster?

The Foundation Programme for Doctors

The SAGE Handbook of Social Media Marketing

Doctor Who: The Thirteenth Doctor #11

Doctor Who: The Official Cookbook

Many doctors do not receive training early in their careers on the broad range of non-clinical aspects of their work, and confront day-to-day issues for which initial medical education has failed to prepare them. Experienced doctors and consultants can also experience a similar lack of accessible reference material on these aspects of their role and for the non-clinical training of their juniors. This book and its companion volume The Doctor's Handbook Part 2: understanding the NHS, have been written to address these and other needs. Previously published as The Specialist Registrar and New Consultant Handbook, these completely revised and reconfigured volumes reflect the changing everyday work of specialist trainees, registrars and consultants. Topics covered in Volume 1 include: * The Futureproof City creates adaptability and resiliency in the face of the unknown challenges resulting from technological change, population explosion, global pandemic, and environmental crisis. A paradigm shift is urgently required in the means of conceiving, delivering, and managing city development to create better places to live. This book brings to the fore many new solutions currently being proposed and piloted globally, identifying ten key areas affecting the physical fabric of our cities where governments, planners, investors, and the individuals responsible for shaping lives can refocus their understanding, priorities, and funding in order to more effectively utilise the limited financial, natural, and time resources available. It will be key reading for every policy maker and professional working in sustainability, development, technology, health and welfare, investment, and risk issues in cities today.

The Doctor and her friends were roped into a daring heist by rebellious Time Lord, the Corsair. An old friend of the Doctor's, she was on a mission to free an endangered space whale from captivity. Unfortunately, it turned out the Corsair was unwittingly working for the nefarious Hoarder, who has kept the whale for himself, and captured the two Time Lords.

This Doctor Who Official Sticker Book contains over 1000 stickers of over 200 of the scariest monsters and aliens from the last 50 years! Celebrate the 50th anniversary of Doctor Who by using the stickers inside to complete your guide to the Doctor's greatest enemies, including Daleks, Cybermen, Weeping Angels, Ice Warriors and many more!

Enhanced Palliative Care: A handbook for paramedics, nurses and doctors

The Wellness Planner (2018)

Official Timey-Wimey Edition

The Doctor and the Algorithm

Doctor Who: Supreme Dalek and Illustrated Book

The Doctor’s Handbook

Discover the new Doctor Who classics. Earth is under attack by power-hungry aliens. This is no time for the Doctor to be out of action. When a British space probe is intercepted by a sinister alien vessel on the eve of Christmas, it marks the beginning of an audacious invasion of marauders from beyond the stars. Within hours, a third of humanity stands on the brink of death with not a single shot fired. Our planet needs a champion – but the Doctor is not fit for service. He’s just regenerated, delirious in a new body and a dressing gown. Forced into his girl from a London council estate. Will she save the world from this nightmare before Christmas – or see it destroyed?

Specifically designed to enhance your knowledge and skills within generalist palliative care, this informative textbook provides a comprehensive overview of the principle areas you may encounter whilst working with adult palliative and end-of-life patients, and their families. The o Macmillan Cancer Support and each chapter has been written by a range of specialist and generalist authors. The topics covered include approaches to palliative care and symptom management in a wide range of conditions and populations, with chapters linked to case studies and understanding. Communication skills are also highlighted to help aid confidence when engaging in open and difficult conversations. The text is in line with Scottish Palliative Care Guidelines and the NES Framework for Palliative and End of Life Care. The book may either be used as programmes, such as the Enhanced Palliative Care course, as well as by healthcare professionals hoping to develop their skills and practice. It is aimed at anyone involved in management and prescribing within non-specialist palliative care, both in hospitals and in the community, pharmacists, and other key health professionals.

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} The gang found themselves in 1500s Europe, during the Gelders Wars. Graham, Yaz, and Ryan were better prepared than The Doctor, thanks to the show 'Hidden Human History' – not that she's jealous of the podcast. hunting the local townsfolk, the gang discovered a group of Stilean Flesh Eaters. Surprised at being discovered, the aliens lashed out at the nearest Time Lord...

Las Vegas a été dévastée durant l'épopée Secret Empire et le Docteur Strange a décidé de lui redonner sa splendeur d'antan. Une intention louable, en soi, mais qui engendre des dommages collatéraux : Méphisto a ouvert un casino dans la ville et n'a pas l'intention de quitter les elle démesurée ? Et pourra-t-il, même s'il a le soutien des Midnight Sons, se débarrasser du seigneur des enfers ? Réponses dans cette mini-série écrite par Donny Cates (Cosmic Ghost Rider) et Nick Spencer (The Amazing Spider-Man), illustrée par Rod Reis (Winter Soldier) et Sz

Getting in, Getting on and Getting Out

Flights

Proceedings of 13th World Congress on Healthcare & Technologies 2018

A fact-packed, full-color illustrated collection of records that celebrates the best, biggest and most memorable moments from the world of Doctor Who. Doctor Who: The Book of Whoniversal Records is a handy compilation of the greatest—and strangest—details from the brilliant, imaginative world of Doctor Who. Bursting with firsts and bests both human and alien, this expansive compendium has the answer to any and every question about the Doctor, his companions and adversaries, and his adventures through time and space. Discover a multi-universe of astounding facts, figures, and fun—from the biggest explosion in the universe to the first human to time-travel; from the longest fall through space to the shortest life-form that ever lived—inside this ultimate must-have reference. Filled with full-color images throughout, Doctor Who: The Book of Whoniversal Records is a must for every Doctor Who devotee everywhere . . . and everywhen. A Whovian twist on bestselling gift reference books such as The Guinness Book of World Records, Ripley’s Believe It Or Not, and Star Wars: Absolutely Everything You Need to Know, this informative and entertaining digest features a cool graphic cover with special effects that reflects the Doctor Who aesthetic.

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri; min-height: 14.0px}
The Doctor and his travelling companion Alice Obiefune never look for trouble... but somehow it always seems to find them. Most recently, they battled their way out of a reality created to entrap them, and even successfully raised the potentially-genocidal tree creature known as the Sapling into a fully-functional, non-murderous adult, through the power of their joint example. Now it’s time for a little jaunt through time, purely as tourists. Surely nothing can go wrong...

The Doctor has been travelling through space and time for centuries, showing his friends and companions the wonders of the universe. From Sarah Jane Smith and the Brigadier to Martha Jones and Donna Noble, Companions and Allies celebrates the friends that have been by his side and the heroes that have helped him battle his deadliest foes. Find out - How the First Doctor uprooted schoolteachers Ian and Barbara from their twentieth-century lives Why the Third Doctor worked for UNITHow the Fifth Doctor sacrificed his life for Peri Who helped the Eighth Doctor save Earth from the Master What became of Rose Tyler and her family And much more. Beautifully illustrated and including - for the first time - a complete story guide to the adventures of all ten Doctors,

Companions and Allies is the definitive guide to the Doctor's intergalactic family.

Social media marketing has become indispensable for marketers who utilize social media to achieve marketing objectives ranging from customer care to advertising to commerce. This Handbook explores the foundations and methodologies in analysing the important aspects of social media for organisations and consumers. It investigates critical areas concerning communities, culture, communication and content, and considers social media sales. This Handbook brings together the critical factors in social media marketing as the essential reference set for researchers in this area of continued growth. It is essential reading for postgraduate students, researchers, and practitioners in a range of disciplines exploring the area. Part 1: Foundations of Social Media Marketing Part 2: Methodologies and Theories in Social Media Part 3: Channels and Platforms in Social Media Part 4: Tools, Tactics, and Techniques in Social Media Marketing Part 5: Management and Metrics in Social Media Part 6: Ethical Issues in Social Media

Doctor Who: The Thirteenth Doctor #10

Doctor Who: The Thirteenth Doctor #2.4

Now in its second edition, Canadian Perspectives on Advanced Practice Nursing provides a comprehensive and uniquely Canadian review of the roles of clinical nurse specialists and nurse practitioners, the two streams of advanced practice in the country. With contributions from notable professionals and academics of the field, the text explores the history and evolution of APN in Canada, from its rural and remote outpost beginnings to the present, and proposes a vision for its future in the country. Key issues are examined in relation to economic, educational, legislative, political, regulatory, and social environments that have shaped the continued integration of APN roles across the country. Additionally, the contributors apply the Association's pan-Canadian framework and role competencies to real clinical cases. Speciality roles, including geropsychiatry, ambulatory care, and neonatal, are also examined. New to this edition are chapters that focus on the unique challenges of nursing in Quebec: the social determinants of health of Indigenous, inner-city, rural and remote, LGBT2SQ, and refugee and migrant populations in Canada; and other critical issues, such as performance assessment and global perspectives. The second edition of Canadian Perspectives on Advanced Practice Nursing is a must-read for those in the nursing profession, especially students in nursing programs.

En volant rendre à Las Vegas sa splendeur passée, le Docteur Strange a usé de tous ses talents de magicien... mais il a semé le chaos ! Il va devoir redoubler d'efforts pour remédier à la situation, tandis que, dans un casino appartenant au Docteur Strange, un fragment de l'âme du Sorcier Suprême est mise en jeu à chaque partie. Wong et les Midnight Sons parviendront-ils à sortir Strange de ce mauvais pas ? Si vous pensiez que le maître des arts occultes avait fait face aux pires défis qui puissent être lancés, vous trompiez. Rien ne pouvait préparer le héros à ce que Donny Cates (Guardians of the Galaxy), Niko Henrichon (Marvel Knights 20th) et Frazer Irving (Uncanny X-Men) lui réservent dans ces pages qui font écho au crossover Damnation.

The kit features a miniature Adipose figure with sound feature, mounted on an Adipose Industries base. Also included is a 48-page book on Doctor Who and the Adipose, featuring full-color series photography throughout. Batteries are replaced by the Doctor. Hailed as "an extraordinary novel of men at war" (The Washington Post) this is the book that inspired the TNT television series starring Eric Dane, Rhona Mitra, Adam Baldwin and Michael Bay as Executive Producer. The unimaginable has happened: Earth has been plunged into all-out nuclear war. Sailing near the Arctic Circle, the U.S.S. Nathan James is relatively unscathed, but the future is grim and Captain Thomas is facing mutiny from the tattered remnants of his crew. With civilization in ruins, the only way that remain—one-hundred-and-fifty-two men and twenty-six women—to pull together in search of land. Once they reach safety, however, the men and women on board realize that they are earth's last remaining survivors—and they've all been changed.

When none of the women seems able to conceive, fear sets in. Will this be the end of humankind?

Damnation (I)

Promise, Peril, and the Future of Health AI

Proceedings of 6th International Conference on Medical Informatics & Telemedicine 2018

This comprehensive, yet accessible, text demystifies the challenging area of competence assessment in medicine and the health sciences, providing a clear framework and the tools for anyone working or studying in this area. Written by a single, highly experienced, author, the content benefits from uniformity of style and is supported and enhanced by a range of pedagogic features including cases, questions and summaries. Essential reading for all students and practitioners of medical education, it will also be an invaluable guide for allied health professionals and psychologists with a general interest in assessment, evaluation and measurement and a useful library reference.

Whether you're planning a party to watch the latest episode, need a showstopping cake that's bigger on the inside, or want a taste of the TARDIS at teatime, this is the ultimate collection of dishes from across space and time. Keep the munchies at bay with a fleet of Atraxi Snax, and serve an Ood Head Bread with your dinner. Create your very own Picnic at Asgard, or invite the Zygon Pie into your house. And say 'Hello, Sweetie' to a deadly-delicious Dalektable Army, a Peek-a-Boo Pandorica cake, or some simple jelly babies.

Each easy-to-follow recipe has step-by-step instructions to show how you can make meals, snacks, cakes and sweets that are truly out of this world.

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} The gang have tracked the Stilean Flesh Eaters through history - from 1500s Europe to North Carolina in 1711. How they've survived on Earth for so long is a puzzle the Doctor can't quite piece together yet. How are the Time Agency involved, and what does a history podcast everyone's listening to have to do with it all? Well, everyone except the Doctor is listening to it... not that she's jealous.

The Weeping Angels are trying to break into the TARDIS! Autons are ready to attack the streets of 1969 London! Now, Ten and Thirteen must risk a deadly paradox in order to stop the Earth from becoming an alien battleground!

Doctor Who: The Day of the Doctor (Target Collection)

A Novel

Doctor Who Omnibus

The Inner World of Doctor Who

Doctor Who

Doctor Who Official Sticker Book

The Robotech saga continues – and it's all out war between the humans and the Zentraedi... Having been attacked by the people of Earth, the SDF-1 has no option but to head to Mars Base. But Dolza's shocking intentions for Earth draw the SDF-1 into more danger. Meanwhile, mysteries surrounding Roy and Minmei deepen, and events seem to be accelerating to a major climax... Written by Simon Furman (Transformers, Doctor Who) with incredible art by Hendry Prasetya (Mighty Morphin' Power Rangers), Marco Turini (Assassin's Creed, Dark Souls), and Pasquale Qualano (Doctor Who, Warhammer 40K). "A fantastically fun read, full of unexpected twists and great art. Each page is a treat." – Bleeding Cool

This omnibus collects three volumes of Doctor Who tales, all involving the Tenth Doctor as portrayed by David Tennant. The collection begins with Agent Provocateur: as The Doctor and Martha Jones search for the best chocolate milkshakes in the cosmos, someone else is on the hunt for him. Next, fans will enjoy Through Time and Space, a collection of six one-shot stories from creators such as Leah Moore, Ben Templesmith, Tony Lee, and John Ostrander. The omnibus concludes with The Forgotten, a story in which The Doctor is stranded in a strange museum dedicated to him, featuring appearances by all 10 Doctors!

For years, technologists and computer scientists have promised an AI revolution that would transform the very basis of how we imagine and administer modern medicine. AI-driven advancements in medical error rates, diagnostic accuracy, or disease outbreak detection could potentially save thousands of lives. But health AI also carries the potential for exacerbating deep systemic biases if left unchecked. The Doctor and the Algorithm combines insights from science and technology studies, critical algorithm studies, and public interest informatics to better understand the promise and peril of health AI. The book draws on case studies in automated diagnostics, algorithmic pain measurement, AI-driven drug discovery, and death prediction to investigate how health AI is made, promoted, and justified. It explores the enthusiastic promises of health AI marketing communication and medical futurism while also analyzing the inequitable outcomes new AI technology often creates for already marginalized communities. Finally, the book closes with specific recommendations for regulatory frameworks that might support more ethical and equitable approaches to health AI in the future. Interweaving textual analysis and original informatics, The Doctor and the Algorithm offers a sobering analysis of the promise of medical AI against the real and unintended consequences that deep medicine can bring for patients, providers, and public health alike.
