

## Doctor Who Shada

*Beware the hands that heal. The Doctor and Peri land on the planet Necros to visit the funerary home Tranquil Repose – where the dead are interred and the near-dead placed in suspended animation until such time as their conditions can be cured. But the Great Healer of Tranquil Repose is far from benign. Under his command, Daleks guard the catacombs where sickening experiments are conducted on human bodies. The new life he offers the dying comes at a terrible cost – and the Doctor and Peri are being lured into a trap that will change them forever. At last, the only classic-era Doctor Who adventure never to be novelised is here, and by the author of the original script, Eric Saward.*

*Begleiter sterben nicht. Für den Elften Doctor ist das die wichtigste Regel. Aber nachdem Abslom Daak immer noch an seiner Seite weil, ist das gar nicht so einfach. Und dann ist da noch diese bösarartige Entität, die ihnen folgt.*

*Oltre 700 episodi, 33 anni di programmazione: "Doctor Who" è la serie televisiva dei record, la più longeva saga fantascientifica di sempre. In queste pagine, lo scrittore di culto Douglas Adams ci regala un'avventura inedita, mai portata sullo schermo né tradotta in italiano. Il Signore del Tempo professor Chronotis, vecchio amico del Dottore, si è ritirato all'università di Cambridge, dove nessuno si accorgerà mai che egli vive da secoli. Ma adesso ha bisogno dell'aiuto del Dottore, della sua giovane assistente Romana e di K-9, il suo fedele computer a forma di cane. Lasciando Gallifrey, il pianeta d'origine della potente specie dei Signori del Tempo, infatti, ha portato con sé alcuni souvenir, per lo più innocui. Ma ce n'è uno molto, molto pericoloso. L'antico e venerabile codice di Gallifrey, uno dei Potenti Arterlati, risalenti ai giorni oscuri di Rassilon: un libro che assolutamente non deve cadere nelle mani sbagliate. E quelle del sinistro Skagra sono le più sbagliate che si possano immaginare. Perché lui vuole quel libro, a tutti i costi. Vuole che il professore gli sveli la verità nascosta dietro Shada, il misterioso pianeta-prigione dove vengono rinchiusi i criminali che tentano di conquistare l'universo. E si dà il caso che la conquista dell'universo è proprio il progetto di vita cui Skagra ha deciso di dedicarsi...*

*The Doctor does not like to remember the version of himself that lived during the Time Wars, when he crashed on the planet Moleox, where the Dalek took humans prisoner, and he joined forces with a young Dalek hunter, Cinder.*

*Doctor Who: Peacemaker*

*The Essential Terrance Dicks Volume 1*

*Doctor Who*

*Doctor Who: Prisoner of the Daleks*

*Shada, City of Death, the Stolen Earth, the End of Time, the Christmas Invasion, Doctor Who, the Daleks'*

*The Who's Who of Doctor Who is the must-have handbook exploring the dynamic cast of characters in Doctor Who over the past half century. Discover details about the intimate relationships between characters, their loyalties, their betrayals, and of course how they collide with the good Doctor through time. With over 300 entries from companions and friends to aliens and villains, and loaded with photos from fifty years of Doctor Who, readers can learn about the Weeping Angels, River Song, the Master, and of course the dreaded Daleks. With text from Cameron K. McEwan, the creator of Blogtor Who and featuring artwork from the popular Doctor Who illustrator, Andrew Skilleter, this is essential reading for all Whovians.DIV/div*

*Includes jokes, games, puzzles, stories, and cartoons satirizing the Doctor Who television program*

*The peace and quiet of a remote homestead in the 1880s American West is shattered by the arrival of two shadowy outriders searching for 'the healer'. When the farmer refuses to help them, they raze the house to the ground using guns that shoot bolts of energy instead of bullets... In the town of Redwater, the Doctor and Martha learn of a snake-oil salesman who's patent medicines actually cure his patient. But when the Doctor and Martha investigate they discover the truth is stranger, and far more dangerous. Caught between the law of the gun and the deadly plans of intergalactic mercenaries, the Doctor and Martha are about to discover just how wild the West can become... Featuring the Tenth Doctor and Martha as played by David Tennant and Freema Agyeman in the hit Doctor Who series from BBC Television.*

*The Daleks are advancing, their empire constantly expanding. The battles rage on across countless solar systems – and the Doctor finds himself stranded on board a starship near the frontline with a group of ruthless bounty hunters. Earth Command will pay these hunters for every Dalek they kill, every eyestalk they bring back as proof. With the Doctor's help, the bounty hunters achieve the ultimate prize: a Dalek prisoner – intact, powerless, and ready for interrogation. But with the Daleks, nothing is what it seems, and no one is safe. Before long the tables will be turned, and how will the Doctor survive when he becomes a prisoner of the Daleks? An adventure featuring the Tenth Doctor, as played by David Tennant*

Excerpt: Connection Timeout The End of Time is a two-part Doctor Who special, originally broadcast on BBC One in the United Kingdom on 25 December 2009 and 1 January 2010. This is the last story for David Tennant as the Tenth Doctor and sees his character regenerating into his eleventh incarnation, played by Matt Smith. It is also the last Doctor Who story written and produced by Russell T Davies, who shepherded the series' return to British television in 2005 and served as the series' executive producer and chief writer. Davies was succeeded as . . .*

*Written in the style of a journalistic expos e, this book takes a humorous yet informative look at the UW IT years of Doctor Who. The Doctor''s ever-popular nemesis, t he Master, is featured in the action. '*

*From Douglas Adams, the legendary author of one of the most beloved science fiction novels of all time, The Hitchhiker's Guide to the Galaxy, comes a wildly inventive novel–in trade paperback for the first time–of ghosts, time travel, and one detective's mission to save humanity from extinction. DIRK GENTLY'S HOLISTIC DETECTIVE AGENCY We solve the whole crime We find the whole person Phone today for the whole solution to your problem (Missing cats and messy divorces a specialty) Douglas Adams, the "master of wacky words and even wackier tales" (Entertainment Weekly) once again boggles the mind with a completely unbelievable story of ghosts, time travel, eccentric computer geniuses, Samuel Taylor Coleridge, the end of the world, and–of course–missing cats.*

*Time Lord Professor Chronotis, having since retired to Cambridge University, absent-mindedly lends a very powerful book to clueless graduate student Chris Parsons, and must retrieve it from him before the evil Time Lord Skagra steals it.*

*Doctor Who Stories Set on Earth*

*Based on the televised BBC Serial by Douglas Adams*

*A pamphlet of poems*

*The Lost Adventures by Douglas Adams*

*Engines of War*

The release on DVD of the original series of Doctor Who is probably the most comprehensive presentation of a television programme ever produced. Not only are the episodes themselves digitally restored to pristine quality using the best surviving materials and innovative new techniques, but each disc is packed with supplementary features that examine the making, broadcast and legacy of this ground-breaking show. Now every disc, every episode and every extra has been collated and chronicled to guide viewers old and new on their journey through the intriguing history of Doctor Who, all fully indexed for easy reference. If you're only just learning about the show's past then this book will guide you through the adventure ahead. If you're still building your collection it will help you discover further stories you're sure to enjoy. And if you already have every release, then the CLASSIC DOCTOR WHO DVD COMPENDIUM is your ultimate companion to the complete range.

In rescuing Romana from being sacrificed to a fearsome monster with scientific powers, the Doctor and K9 discover a terrible plot to enslave the galaxy.

Arriving on a jungle planet, Doctor Who and Leela soon find themselves hunted by a hideous alien lifeform, which appears to be some kind of robot with a taste for human flesh.

Inside this book is another book - the strangest, most important and most dangerous book in the entire universe. The Worshipful and Ancient Law of Gallifrey is one of the Anetacts, dating from dark days of Rassilon. It wields enormous power, and it must not be allowed to fall into the wrong hands. Skagra - who believes he should be God and permits himself only two smiles per day - most definitely has the wrong hands. Beware Skagra. Beware the Sphere. Beware Shada.

Doctor Who: Scratchman

And Another Thing...

Shada : the Lost Adventure by Douglas Adams

"I think if you can get a kid reading for pleasure, not because it's work, but actually reading for pleasure, it's a great step forward. It can start with me, you know, start with Dicks and work its way up to Dickens - as long as you get them reading.'" - Terrance Dicks For over 50 years, Terrance Dicks was the secret beating heart(s) of Doctor Who - from joining production of The Invasion in 1968 to his final short story in 2019. As the undisputed master of Doctor Who fiction, Terrance wrote 64 Target novels from his first commission in 1973 to his last, published in 1990. He helped introduce an entire generation to the pleasures of reading and writing, and his fans include Neil Galman, Sarah Waters, Mark Gatiss, Alastair Reynolds, Russell T Davies, Steven Moffat, Frank-Cottrell Boyce, and Robert Webb, among many others. This two-volume collection, features the very best of his Doctor Who novels as chosen by fans - from his first book, The Auton Invasion, to his masterwork, the 20th anniversary celebration story The Five Doctors, voted all-time favourite.

This volume contains, complete and unabridged: DOCTOR WHO AND THE DALEK INVASION OF EARTH DOCTOR WHO AND THE ABOMINABLE SNOWMEN DOCTOR WHO AND THE WHEEL IN SPACE DOCTOR WHO AND THE AUTON INVASION DOCTOR WHO AND THE DAY OF THE DALEKS

Recuperating after the trauma of his recent regeneration, the Doctor falls foul of a final booby-trap set by his arch-enemy, the Master. When he recovers, the disoriented Doctor looks in a mirror and sees the face of a stranger. He knows only that he is called "the Doctor" -- nothing more. But something deep inside tells him to trust the TARDIS, and his hands move over the controls of their own accord. The TARDIS takes him to a strangely familiar junkyard in late-nineties London, where he is flung into a confrontation between local drug-dealers and Samantha Jones, a rebellious teenage from Coal Hill School. But the Doctor soon finds the TARDIS transporting him to various other places in order to recover all of his memories -- and that involves seeing seven strangely-familiar faces."--Page 4 of cover.

This all-new Target novelisation is based on the televised version of The Pirate Planet The hugely powerful Key to Time has been split into six segments, all of which have been disguised and hidden throughout time and space. Now the even more powerful White Guardian wants the Doctor to find the pieces. With the first segment successfully retrieved, the Doctor, Romana and K-9 trace the second segment of the Key to the planet Calufrax. But when they arrive at exactly the right point in space, they find themselves on exactly the wrong planet - Zanak. Ruled by the mysterious 'Captain', Zanak is a happy and prosperous planet. Mostly, if the mines run out of valuable minerals and gems then the Captain merely announces a New Golden Age and they fill up again. It's an economic miracle - so obviously something's very wrong... For a much expanded version based on Douglas Adams' first draft scripts, check out BBC Books' hardback edition of The Pirate Planet".

The first two volumes featuring the Sixth Doctor's complete comic strip run from the pages of Doctor Who Magazine. Featuring the epic stories: The Shape-Shifter, Voyager, Polly the Giot, Once Upon a Time Lord, War Game, Funhouse, Kane's Story, Abels' Story and Frobisher's Story.

Doctor Who and the Horns of Nimon

Doctor Who: City of Death (Target Collection)

Doctor Who: Shada

*Discover the new Doctor Who classics. The key to Earth's destruction lies buried in its past. Visiting Paris in 1979, the Doctor and Romana's hopes for a holiday are soon shattered by armed thugs, a suave and dangerous Count, a plot to steal the Mona Lisa and a world-threatening experiment with time. Teaming up with a British detective, the Time Lords discover that a ruthless alien plot hatched in Earth's pre-history has reached its final stage. If Scaroth, last of the Jagaroth, cannot be stopped then the human race is history, along with all life on Earth...*

*At the age of 5, Skagra decided emphatically that God did not exist. This revelation tends to make most people in the universe who have it react in one of two ways - with relief or with despair. Only Shagra responded to it by thinking, "Wait a second. That means there's a situation vacant." This epic "lost" adventure from 1979 features the Fourth Doctor and Romana as played by Tom Baker and Lalla Ward, written by Doctor Who's then script editor Douglas Adams. -- Cover.*

*Based on the beloved Doctor Who episode of the same name by Douglas Adams, the hilarious and brilliant author of The Hitchhiker's Guide to the Galaxy, comes City of Death... "A nasty, savage race, the universe was glad to see the back of them..." "A billion BCE: The Jagaroth, the most powerful, vicious, and visually unappealing race in the universe disappears from existence. Few are sad to see them go. 1505 CE: Leonardo da Vinci is rudely interrupted while gliding the lily by a most annoying military man by the name of Captain Tancerdi. 1979 CE: Despite his best efforts not to end up in exactly the right place at exactly the wrong time, the Doctor, his companion Romana, and his cybernetic dog, K-9, arrive for a vacation in Paris only to discover that they have landed not only in one of the less romantic periods in Parisian history, but in a year in which the fabric of time has begun to crack. It is once again up to the Doctor to uncover an audacious alien scheme filled with homemade time machines, the theft of the Mona Lisa, the resurrection of the Jagaroths, and the beginning (or possibly the end--it is all quite complicated, you see) of all life on Earth. Some holiday indeed...*

*Explore the rich history of Doctor Who like never before, through colorful and creative visualizations in this captivating, intriguing, beautiful, and strange compendium. The Doctor's family tree, the strangest weapons in the whole universe, the frequency of the letter "A" in the names of companions—the curiosities, and many others, are explored in detail, complete with visually-stunning infographics in Doctor Who: Whographica. Each double-page spread presents a fascinating, visual insight into a particular aspect of Doctor Who. Divided into twelve sections—The Doctor, Earth, Daleks, the TARDIS, Friends and Companions, Alien Worlds and more—Whographica features double-page spreads which offer fascinating, visual insight into a particular aspect of the show. With interesting and fascinating information, Whographica is a perfect introduction to the extraordinary universe of the series, and an engaging sourcebook that will delight long-term aficionados, presenting the history of Doctor Who in an entirely new and enthralling way.*

*Doctor Who - SHADA*

The Doctor's old friend and fellow Time Lord Professor Chronotis has retired to Cambridge University - where nobody will notice if he lives for centuries. But now he needs help from the Doctor, Romana and K-9.

Discover the new Doctor Who classics. When the entire universe is at stake, three different Doctors will unite to save it. The Tenth Doctor is hunting shape-shifting Zygons in Elizabethan England. The Eleventh is investigating a rift in space-time in the present day. And one other – the man they used to be but never speak of – is fighting the Daleks in the darkest days of the Time War. Driven by demons and despair, this battle-scarred Doctor is set to take a devastating decision that will threaten the survival of the entire universe... a decision that not even a Time Lord can take alone. On this day, the Doctor’s different incarnations will come together to save the Earth... to save the universe... and to save his soul.

The book the Time Lords (including the Doctor) read when studying at the Academy, the full-color in-world history that pieces together the true story of Gallifrey from the many and contradictory accounts that survived the Last Great Time War. Doctor Who: A Brief History of Time Lords tells the story of all of this ancient, legendary civilization, of notable historical figures, of Gallifrey itself, of the Time War and much more. The planet Gallifrey, The Shining World of the Seven Systems. Often to be found in the constellation of Kasterborous. Birthplace of one of the oldest civilizations in the universe: The Time Lords. From their technologies and strategies to the renegades like the Master and the Doctor himself, this is the definitive guide to the oldest and most powerful civilization in the universe. They invented black holes, transmits, stellar manipulators, and they atrophied. A bunch of elderly academics in funny hats, the Time Lords watched the whole history of creation. This was the civilization that inflicted some of its most renowned and deadly renegades and criminals on the universe: the Master, the Rani, the Monk, the War Chief, yet it was also the benevolent power that rid the cosmos of the Great Vampires, the Racnoss and the Fendahl. Featuring full-color, never-before-seen illustrations and a beautiful interior design, this is a highly collectible in-world companion no Whovian can be without.

For this new edition of The Writer's Tale, Russell T Davies and Benjamin Cook expand their in-depth discussion of the creative life of Doctor Who to cover Russell's final year as Head Writer and Executive Producer of the show, as well as his work behind the increasingly successful Torchwood and The Sarah Jane Adventures spin-offs. Candid and witty insights abound throughout two years' worth of correspondence, covering David Tennant's last episodes as the Doctor and the legacy that Russell and David leave behind as a new era of Doctor Who begins. With over 300 pages of new material, and taking in events from the entire five years since the show's return in 2005, The Writer's Tale: The Final Chapter is the most comprehensive - and personal - account of Doctor Who ever published.

Who Killed Kennedy

2197. The fighter-cruiser Valiant has just crossed Pluto's orbital path. Its captain is expecting trouble from alien raiders. She is not expecting the Doctor and Evelyn. She does not believe members of her crew when they say they can hear an ancient bell ringing. A bell that strikes terror into their hearts. The Turret Class locomotive Ivy Lee is hurtling through the night. On board, there should only be two passengers: both of them carrying documents from the War Office. 1952. But now, there are also two unexpected visitors on the train. One is the guard with ill-fitting trousers, the other is an excessively dotty old lady. The Doctor and Evelyn have arrived and 'Time's End' is approaching.

And Another Thing ... will be the sixth novel in the now improbably named Hitchhiker's Guide to the Galaxy trilogy. Eight years after the death of its creator, Douglas Adams, the author's widow, Jane Belson, has given her approval for the project to be continued by the international number one bestselling children's writer, Eoin Colfer, author of the Artemis Fowl novels. Douglas Adams himself once said, 'I suspect at some point in the future I will write a sixth Hitchhiker book. Five seems to be a wrong kind of number, six is a better kind of number.' Belson said of Eoin Colfer, 'I love his books and could not think of a better person to transport Arthur, Zaphod and Marvin to pastures new.' Colfer, a fan of Hitcchiker since his school days, said, 'Being given the chance to write this book is like suddenly being offered the superpower of your choice. For years I have been finishing this incredible story in my head and now I have the opportunity to do it in the real world.' Prepare to be amazed...

Doctor Who - SHADADoctor Who: ShadaThe Lost Adventures by Douglas AdamsPenguin

THE SUNDAY TIMES BESTSELLER What are you afraid of? In his first-ever Doctor Who novel, Tom Baker's incredible imagination is given free rein. A story so epic it was originally intended for the big screen, Scratchman is a gripping, white-knuckle thriller almost forty years in the making. The Doctor, Harry and Sarah Jane Smith arrive at a remote Scottish island, when their holiday is cut short by the appearance of strange creatures - hideous scarecrows, who are preying on the local population. The islanders are living in fear, and the Doctor vows to save them all. But it doesn't go to plan - the time travellers have fallen into a trap, and Scratchman is coming for them. With the fate of the universe hanging in the balance, the Doctor must battle an ancient force from another dimension, one who claims to be the Devil. Scratchman wants to know what the Doctor is most afraid of. And the Doctor's worst nightmares are coming out to play...

The Highest Science

City of Death

The Nowhere Place

'One of the oddities of Doctor Who is that you hear so much about what the fans think, and so little from the other 100 percent of the audience (my stats are clinically accurate.) So thank God for a couple who put their love on the line to set the record straight. This is the story of a fan boy who inflicts every episode ever made of Doctor Who on his marriage. Or to put it another way, this is the story of someone with a proper love and understanding of Doctor Who, trying to explain it to her husband.' Steven Moffat Neil loves Sue. He also loves Doctor Who. But can he bring his two great loves together? In January 2011, Neil Perryman set out on an insane quest to make his wife Sue watch every episode of the classic series of Doctor Who from the very beginning. Even the ones that didn't exist any more. And so, over the next two and half years, Sue gamely watched them all. From William Hartnell and Tom Baker to Peter Davison and Paul McGann, the result was a wildly successful and hilariously revealing blog called Adventures with the Wife in Space. But the adventure continues. Here Neil Perryman tells the all too true story of Doctor Who fandom. Funny, honest and surprisingly brave, he also captures perfectly the joys - and fears - of sharing the thing you love with the people you love. Adventures With the Wife in Space is, at its heart, the story of Doctor Who, and its fans, seen through the eyes of two people - one who knows almost nothing about the programme and another who knows way too much. This is a very, very funny book: touching too.' Jenny Colgan

Rediscover the lost Doctor Who adventure by Douglas Adams. Intergalactic war? That 's just not cricket ... or is it? The Doctor promised Romana the end of the universe, so she 's less than impressed when what she gets is a cricket match. But then the award ceremony is interrupted by eleven figures in white uniforms and peaked skull helmets, wielding bat-shaped weapons that fire lethal bolts of light into the screaming crowd. The Krikkitmen are back. Millions of years ago, the people of Krikkit learned they were not alone in the universe, and promptly launched a xenophobic crusade to wipe out all other life-forms. After a long and bloody conflict, the Time Lords imprisoned Krikkit within an envelope of Slow Time, a prison that could only be opened with the Wicket Gate key, a device that resembles – to human eyes, at least – an oversized set of cricket stumps... From Earth to Gallifrey, from Bethselamin to Devalin, from Krikkit to Mareev II to the far edge of infinity, the Doctor and Romana are tugged into a pan-galactic conga with fate as they rush to stop the Krikkitmen gaining all five pieces of the key. If they fail, the entire cosmos faces a fiery retribution that will leave nothing but ashes...
