

Doctor Who: The Day She Saved The Doctor Four Stories From The Tardis

The Doctor's Companion: A person who explores time and space with the Doctor, fights enemies with the Doctor, and often has to save the Doctor's life. If it wasn't for the companions, the Doctor probably wouldn't have made it out of so many scrapes. To celebrate the formidable women who have travelled in the TARDIS, dive into four fantastic new adventures with the Doctor, starring Rose, Sarah-Jane, Clara and Bill. Written by Jenny Colgan, Jacqueline Rayner, Dorothy Koomson and Susan Calman, these stories are the perfect way to celebrate the Doctor's fantastic female heroes, for fans of all ages.

Voted best Doctor Who book of 2001 by the readers of Doctor Who magazine

When the TARDIS lands the Doctor and Rose on a village on the south coast of England, they must face an alien enemy and a not-quite-alien accomplice who are intent on destroying humanity.

After a trip to the zoo, the Doctor and Martha go in search of a real life dodo, and are transported by the TARDIS to the mysterious Museum of the Last Ones. There, in the Earth section, they discover every extinct creature up to the present day - billions of them, from the tiniest insect to the biggest dinosaur, all still alive and in suspended animation. Preservation is the Museum's only job - collecting the last of every endangered species from all over the universe. And for millennia the Museum has been trying to trace one elusive specimen: the last of the Time Lords... Featuring the Tenth Doctor and Martha as played by David Tennant and Freema Agyeman in the acclaimed Doctor Who series from BBC Television.

Secret Diaries of a Medical Resident

A Novel

Doctor Who: Tales of Terror

When Rose is locked up in a teenage borstal and the Doctor in a scientific labor camp in Justicia, they are determined to find each other and escape, but their plans are complicated by the presence of fellow inmates who may be old enemies.

The Doctor arrives in a dystopian far future where the Earth is a barren wasteland where virtually no crops will grow.

We 're all stories in the end... In this exciting collection you 'll find all-new stories spinning off from some of your favourite Doctor Who moments across the history of the series. Learn what happened next, what went on before, and what occurred off-screen in an inventive selection of sequels, side-trips, foreshadowings and first-hand accounts – and look forward too, with a brand new adventure for the Thirteenth Doctor. Each story expands in thrilling ways upon aspects of Doctor Who 's enduring legend. With contributions from show luminaries past and present – including Colin Baker, Matthew Waterhouse, Vinay Patel, Joy Wilkinson and Terrance Dicks – The Target Storybook is a once-in-a-lifetime tour around the wonders of the Whoniverse.

Know your frenemy. 'I 've had adventures too. My whole life doesn' t revolve around you, you know. ' When she's not busy amassing armies of Cybermen, or manipulating the Doctor and his companions, Missy has plenty of time to kill (literally). In this all new collection of stories about the renegade Time Lord we all love to hate, you'll discover just some of the mad and malevolent activities Missy gets up to while she isn't distracted by the Doctor. So please try to keep up.

All in a Doctor's Day

Tragedy Day

Longest Day

A new spine-chilling collection of twelve short illustrated adventures packed with terrifying Doctor Who monsters and villains, just in time for Halloween 2017! Each short story will feature a frightening nemesis for the Doctor to outwit, and each will star one incarnation of the Doctor with additional appearances from favourite friends and companions such as Sarah Jane, Jo and Ace.

A beautifully illustrated collection of new Doctor Who stories, each featuring one of the twelve Doctors on a festive adventure in theTARDIS. Written by six authors and with a full-page colour illustration for each story, these tales are full of magic, mystery, wonder, excitement - and everything else that fans love about Doctor Who Christmas special.

Discover the new Doctor Who classics. When the entire universe is at stake, three different Doctors will unite to save it. The Tenth Doctor is hunting shape-shifting Zygons in Elizabethan England. The Eleventh is investigating a rift in space-time in the present day. And one other  the man they used to be but never speak of  is fighting the Daleks in the darkest days of the Time War. Driven by demons and despair, this battle-scarred Doctor is set to take a devastating decision that will threaten the survival of the entire universe... a decision that not even a Time Lord can take alone. On this day, the Doctor's different incarnations will come together to save the Earth... to save the universe... and to save his soul.

e-I do hope youe(tm)e ready to be terrified!e(tm) The Phaeron disappeared from the universe over a million years ago. They travelled among the stars using roads made from time and space, but left only relics behind. But what actually happened to the Phaeron? Some believe they were they eradicated by a superior forcee! Others claim they destroyed themselves. Or were they in fact the victims of an even more hideous fate? In the far future, humans discover the location of the last Phaeron road e and the Doctor and Clara join the mission to see where the road leads. Each member of the research team knows exactly what theye(tm)e looking for e but only the Doctor knows exactly what theye(tm)e find. Because only the Doctor knows the true secret of the Phaeron: a monstrous secret so terrible and powerful that it must be buried in the deepest grave imaginablee!

The Church School Journal

Discover the new Doctor Who classics. "Nice to meet you, Rose. Run for your life!" In a lair somewhere beneath central London, a malevolent alien intelligence is plotting the end of humanity. Shop window dummies that can move – and kill – are taking up key positions, ready to strike. Rose Tyler, an ordinary Londoner, is working her shift in a department store, unaware that this is the most important day of her life. She's about to meet the only man who understands the true nature of the threat facing Earth, a stranger who will open her eyes to all the wonder and terror of the universe – a traveller in time and space known as the Doctor.

In the US edition of this international bestseller, Adam Kay channels Henry Marsh and David Sedaris to tell us the "darkly funny" (The New Yorker) -- and sometimes horrifying -- truth about life and work in a hospital. Welcome to 97-hour weeks. Welcome to life and death decisions. Welcome to a constant tsunami of bodily fluids. Welcome to earning less than the hospital parking meter. Wave goodbye to your friends and relationships. Welcome to the life of a first-year doctor. Scribbled in secret after endless days, sleepless nights and missed weekends, comedian and former medical resident Adam Kay's This Is Going to Hurt provides a no-holds-barred account of his time on the front lines of medicine. Hilarious, horrifying and heartbreaking by turns, this is everything you wanted to know -- and more than a few things you didn't -- about life on and off the hospital ward. And yes, it may leave a scar.

Discover the new Doctor Who classics. The key to Earth's destruction lies buried in its past. Visiting Paris in 1979, the Doctor and Romana's hopes for a holiday are soon shattered by armed thugs, a suave and dangerous Count, a plot to steal the Mona Lisa and a world-threatening experiment with time. Teaming up with a British detective, the Time Lords discover ruthless alien plot hatched in Earth's pre-history has reached its final stage. If Scaroth, last of the Jagaroth, cannot be stopped then the human race is history, along with all life on Earth...

The Doctor is dead!...Or is he? Sarah Jane and the gang head to a UNIT base under Mount Snowdon to investigate. Strange alien undertakers, the Shansheeth, are guarding the body, and the shifty Colonel Karim seems to be up to no good. Find out what's really going on in this exclusive new adventure, featuring the Eleventh Doctor! The second of two exciting new novellisations based on a story from The Sarah Jane Adventures, starring Elisabeth Sladen and airing on BBC One this Autumn - featuring some very special guest stars! Perfect for reluctant readers.

On Call

Doctor Who: The Target Storybook

Four Stories from the TARDIS

The Essential Guide

Doctor Who: City of Death (Target Collection)

'Hello, sweetie!' Melody Pond, Melody Malone, River Song...She has had many names. Whoever she really is, this archaeologist and time traveller has had more adventures (and got into more trouble) than most people in the universe. And she's written a lot of it down. Well, when you're married to a Time Lord (or possibly not), you have to keep track of what you did and when. Especially as it may not actually have happened to both of you yet. These are just a few of River Song's exploits, extracted from her journals. Sometimes, she is with the Doctor. Sometimes she's on her own. But wherever and whenever she may be, she is never far from danger and excitement. This is just a tiny portion of her impossible life. But it will reveal more than you've ever known about the legend that is River Song.

e-I'm the Doctor. I'm a Time Lord. I'm from the plane: Gallifrey in the constellation of Kasterborous. And I'm the man who's going to save your life.e(tm) He's made a mark on almost every era of history, and he's touched millions of lives across space and time. In these pages you'll find just some of the stories behind those brief encounters, each of them addressing the question that must never, ever be answered: 'Doctor Who?' This is the story of an impossible life e of a man who borrowed a spaceship, travelled through time and continually saved the universe – as told by the Doctor's friends, by his enemies, and by the man himself. Letters, journals, trial records, secret government files and the occasional bit of tabloid journalism reveal the never-before-told story of Gallifrey's last Time Lord.

A fantastic series of new adventures with the Doctor, starring Rose, Sarah-Jane, Clara and the Doctor's new companion, Bill.

Judy gets a taste of her own medicine in a hilarious new episode sure to tickle your humerus (aka funny bone) and put you in a very Judy Moody mood! She took her own temperature. With the fancy thermometer that beeped. It was not normal. It was not 98.6. Judy's temperature was 188.8! Judy's temperature was 00.0!

Judy's temperature was beep-beep-beep-beep-beep. She, Judy Moody, had the temperature of an outer-space alien! Judy Moody has a mood for every occasion, and now, she, Judy Moody, is in a medical mood! It's no secret that Judy wants to be like Elizabeth Blackwell, first woman doctor, when she grows up. So when Class 37 starts to study the Amazing Human Body, Judy can hardly wait to begin her better-than-best-ever third-grade projects: show-and-tell with something way rarer than a scab, a real-live ooey-gooey operation, and a cloning experiment that may create double trouble for Judy and her friends. RARE!

Deep Time

Match of the Day

Doctor Who: Twelve Doctors of Christmas

This Is Going to Hurt

Time and Relative

Judy Moody, M.D.

On Call begins with a newly-minted doctor checking in for her first day of residency--wearing the long white coat of an MD and being called "Doctor" for the first time. Having studied at Yale and Dartmouth, Dr. Emily Transue arrives in Seattle to start her internship in Internal Medicine just after graduating from medical school. This series of loosely interconnected, stand-alone chapters takes place three years later. During her first week as a student on the medical wards, Dr. Transue watched someone come into the emergency room in cardiac arrest and die. Nothing like this had ever happened to her before--it was a long way from books and labs. So she began to record her experiences as she gained confidence putting her book knowledge to work in the hospital. ER and clinic: some are funny and others tragic. They range in scope from brief interactions in the clinic to prolonged relationships during hospitalization. There is a man newly diagnosed with lung cancer who is lyrical about his life on a sunny island far away, and a woman, just released from a breathing machine after nearly dying, who sits up and demands medical control. The focus is more on the stories of the patients' lives and illnesses and the relationships that developed between the patients and the author, and the way both parties grew in the course of these experiences. Along the way, the book describes the life of a resident physician and reflects on the way the medical system treats both its patients and its doctors.

critical junctures in life and into the author's own experience as a new member of the medical profession. There were the contracts, the agents, the local sponsors, the pay-per-view broadcasts, the independent verification of results, the laws which made murder legal in carefully defined circumstances... It had taken a long time for the system of freelance duelists to be established, and an even longer time to develop the league of interplanetary superstars the others fed on.

satisfactorily and profitably someone or something started interfering with the set up. Famous fighters died in private duels. Up-and-coming professional fighters began to fall victim to casual, one-time challengers - the sort of psychos and testosterone-added drunks who would themselves be expected to die quickly and routinely. When Leela is challenged to a duel, the odds are against her.

situation than simple murder and mayhem. But before he can sort it out, he needs to save his client - Leela. How long can she survive on a planet where not to kill is an offense punishable by death?

The story of a village, a doctor and her patients. Arriving in the small village of Killernaule, Co. Tipperary - husband and children in tow - Dr Lucia Gannon was a blow-in determined to build a practice that would provide solace for the sick, worried and confused. Journey with her as she builds a life in this tight-knit community. Meet the wily pensioner trying to pass a will, the lonely widower who needs someone to take the time to listen, the stressed teenager coping with an eating disorder and the frightened elderly woman who doesn't want to leave her home. Discover what it means to be the one people bring their problems to - problems that are not always medical, but still require discretion, kindness and a willingness to provide help.

Every time the lights go out, someone dies. The TARDIS lands at an academy for top athletes, all hoping to be chosen for the forthcoming Globe Games. But is one of them driven enough to resort to murder? The Doctor discovers that the students have been hushing up unexplained deaths.

Learn the best time to do everything—from drink your coffee to have sex or go for a run—according to your body’s chronotype. Most advice centers on what to do, or how to do it, and ignores the when of success. But exciting new research proves there is a right time to do just about everything, based on our biology and hormones. As Dr. Michael Breus proves in *The Power Of When, working with your body’s inner clock for maximum health, happiness, and productivity is easy, exciting, and fun. The Power Of When presents a groundbreaking new program for getting back in sync with your natural rhythm by making minor changes to your daily routine. After you’ve taken Dr. Breus’s comprehensive Bio-Time Quiz to figure out your chronotype (are you a Bear, Lion, Dolphin or Wolf?), you’ll find out the best time to do over 50 different activities. Featuring a foreword by Mehmet C. Oz, MD, and packed with fascinating facts, fun personality quizzes, and easy-to-follow guidelines, The Power Of When is the ultimate “lifehack” to help you achieve your goals.*

In his travels across time and space, the Doctor has met hundreds of monsters - now, he's created this handy spotter's guide to the biggest, smallest, tallest, hungriest, smelliest and most dangerous creatures in the Whoniverse! In this fantastic companion guide to How To Be A Time Lord, the Twelfth Doctor reveals, in tips and doodles, everything you need to know about each dangerous monster, advice for battling them and how and when to make a speedy escape.

'The entire Dalek race, wiped out in one second. I watched it happen. I made it happen!' The Doctor and Rose arrive in an underground vault in Utah in the near future. The vault is filled with alien artefacts. Its billionaire owner, Henry van Statten, even has possession of a living alien creature, a mechanical monster in chains that he has named a Metaltron. Seeking to help the Metaltron, the Doctor is appalled to find it is in fact a Dalek - one that has survived the horrors of the Time War just as he has. And as the Dalek breaks loose, the Doctor is brought back to the brutality and desperation of his darkest hours spent fighting the creatures of Skaro... this time with the Earth as their battlefield.

Before there was Lois Lowry’s The Giver or M. T. Anderson’s Feed, there was Robert Cormier’s I Am the Cheese, a subversive classic that broke new ground for YA literature. A boy’s search for his father becomes a desperate journey to unlock a secret past. But the past must not be remembered if the boy is to survive. As he searches for the truth that hovers at the edge of his mind, the boy—and readers—arrive at a shattering conclusion. “An absorbing, even brilliant job. The book is assembled in mosaic fashion: a tiny chip here, a chip there. . . . Everything is related to something else; everything builds and builds to a fearsome climax. . . . [Cormier] has the knack of making horror out of the ordinary, as the masters of suspense know how to do.”—The New York Times Book Review “A horrifying tale of government corruption, espionage, and counter espionage told by an innocent young victim. . . . The buildup of suspense is terrific.”—School Library Journal, starred review An ALA Notable Children’s Book A School Library Journal Best Book of the Year A Horn Book Fanfare A Library of Congress Children’s Book of the Year A Colorado Blue Spruce Young Adult Book Award Nominee

Doctor Who: The Legends of River Song

Discover the new Doctor Who classics. Still reeling from his encounter with the Cybermen, the First Doctor stumbles through the bitter Antarctic wind, resisting the approaching regeneration with all his strength. But as he fights his way through the snowdrifts, he comes across the familiar shape of a blue police box, and a mysterious figure who introduces himself as the Doctor... Thrown together at their most vulnerable moments, the two Doctors must discover why the snowflakes are suspended in the sky, why a First World War Captain has been lifted from his time stream moments before his death, and who is the mysterious Glass Woman who knows their true name. The Doctor is reunited with Bill, but is she all she seems? And can he hold out against the coming regeneration?

Looks at all eleven Doctors through the ages, noting their friends, enemies, and adventures.

A is for Angel. B is for Bow Tie. C is for Cyberman. D is for Doctor! Featuring Doctors, companions and monsters both past and present, kids of all ages will love this Doctor Who alphabet book. Includes stunning original illustrations in a retro style on every page, all the way through from A to Z(ygon).

This ancient Time Lord manual has been kicking around the TARDIS for thousands of years, giving the Doctor plenty of time to 'improve' it with scribbles, doodles and post-it notes as a gift for his successor, the Twelfth Doctor. He's even ripped out the middle of the book and replaced it with a scrapbook packed with everything important to our hero, and how to be just like him! So if you have ever wondered if you'd cut it in the Time Lord Academy, how to fly the TARDIS, or the correct way to dip a fish finger into custard, this is the book for you! Essential reading for all aspiring Time Lords!

Doctor Who: How to be a Time Lord - The Official Guide

"Its surface ravaged by colliding time-fields, the planet Hiraith is a patchwork of habitable areas separated by impenetrable zones of wild temporal fluctuation. The planet's unique biosphere is being exploited by an uncaring company happy to rent out temporarily isolated chunks of the planet to the highest bidder -- no questions asked. But the controlling computer seems to be malfunctioning, and the viability of the whole planet hangs in the balance -- along with countless thousands of lives. Arriving at Hiraith's control base, the Doctor and Sam are soon separated and trapped on the dying planet. While Sam becomes the focus of attention in a barren penal settlement, the Doctor discovers the secret of Hiraith's unique condition -- just as a race of hideous bloodthirsty alien creatures arrive in force to reclaim it. Caught up in a desperate struggle for survival, it seems time has run out for every living creature on Hiraith -- not least Sam and the Doctor."--Page 4 of cover.

From award-winning science-fiction writer Alastair Reynolds, a spellbinding new adventure featuring the Third Doctor. After billions of years of imprisonment, the vicious Sild have broken out of confinement. From a ruined world at the end of time, they make preparations to conquer the past, with the ultimate goal of rewriting history. But to achieve their aims, they will need to enslave an intellect greater than their own... On Earth, UNIT is called in to investigate a mysterious incident on a North Sea drilling platform. The Doctor believes something is afoot, and no sooner has the investigation begun when something even stranger takes hold: the Brigadier is starting to forget about UNIT's highest-profile prisoner. And he is not alone in his amnesia. As the Sild invasions begins, the Doctor faces a terrible dilemma. To save the universe, he must save his arch-nemesis...the Master.

#1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper's Bazaar • Time Out New York • Publishers Weekly • BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When Breath Becomes Air chronicles Kalanithi's transformation from a naive medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything," he wrote. "Seven words from Samuel Beckett began to repeat in my head: 'I can't go on. I'll go on.'" When Breath Becomes Air is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.
