This grammar provides a synchronic grammatical description of Mauwake, a Papuan Trans-New Guinea (TNG) language of about 2000 speakers on the north coast of the Madang Province in Papua New Guinea. It is the first book-length treatment of the Mauwake language and the only published grammar of the Kumil subgroup to date. Relying on other existing published and unpublished grammars, the author shows how the language is similar to, or different from, related TNG languages especially in the Madang province. The grammar gives a brief introduction to the Mauwake people, their environment and their culture. Although the book mainly covers morphology and syntax, it also includes a short treatment of the phonological system and the orthography. The description of the grammatical units proceeds from the words/morphology to the phrases, clauses, sentence types and clause combinations. The chapter on functional domains is the only one where the organization is based on meaning/function rather than structure. The longest chapter in the book is on morphology, with verbs taking the central stage. The final chapter deals with the pragmatic functions theme, topic and focus. 13 texts by native speakers, mostly recorded and transcribed but some originally written, are included in the Appendix with morpheme-by-morpheme glosses and a free translation. The theoretical approach used is that of Basic Linguistic Theory. Language typologists and professional Papuanist linguists are naturally one target audience for the grammar. But also two other possible, and important, audiences influenced especially the style the writing: well educated Mauwake speakers interested in their language, and those other Papua New Guineans who have some basic training in linguistics and are keen to explore their own languages.

This book is the one many people in the military do not want recruits to read. The guide contains extremely helpful hints and advice to help new enlistees during the rigors of military training.

Most important, the information is free from biased interests because it is "written by a recruit for a recruit." Although tailored toward the Army and Marines, any person enlisting in the Armed Forces will find the information exceedingly valuable. Even if a person is just thinking about the military, this book will help.

A Recruit's Guide of Advice and Hints to Make It Through Boot Camp

If you are a Mortgage Branch Manager or a Trainer of loan officers and wish to train your loan officers based upon the material within The Loan Officer's Handbook for Success then this Trainer's Guide is just what you need. This Trainer's Guide was designed to be as a companion and guide in preparing for your training sessions for your loan officers. It contains 111 pages with 28 chapters (matching The Loan Officer's Handbook for Success) that shows you how to prepare your trainings for each chapter - based upon what is presented within The Loan Officer's Handbook for Success training manual. To make this Trainer's Guide as meaningful and useful as possible for you, in preparing for your trainings, each chapter has a summary page with the following: Purpose: This itemizes the purposes and objectives of that chapter. Focus of this Chapter: This area expounds on the purposes of that chapter and highlights the main ideas and topics presented in that chapter within the main book. Suggestions are also sometimes included here on how to present that information and what your loan officers should have learned after they have read that chapter, of the main book, for your training on that chapter. Documents Needed for Training: This lists those documents to prepare and bring to the trainings (if any). If any of those documents are available within the main book, I will also state where those documents can be found in the main book. Suggested Terms and Concepts to Emphasize: This itemizes some of the topics that should be covered during your training on that chapter. I included this because we all can get sidetracked sometimes by questions and/or stories we may be telling during the training. This is here so you can quickly tell, at a glance, if you are staying on track and/or have covered all the main points you wish to discuss on that chapter - before moving on. Also, once you have completed your training on each section within this guide, you have the option of testing your loan officers on the material you covered within that section. Exams on each section are located at

the back of this Trainer's Guide and each exam has an accompanying answer sheet. You decide whether you wish to have your loan officers complete these exams on paper or to ask them individually or as a group for the answers to those questions. Of course, availability of time and content of that section will usually determine which way to go here. Also, having someone personally train your loan officers ensures that the materials, within the main book, has been fully read, understood, and that they understand how, why, and when to apply the materials and lending tools presented. Why spend all of your valuable time on preparing for your trainings when this Trainer's Guide has done it all for you? Get your copy of the Trainer's Guide Today and begin training your loan officers in no time!

Spiritual Warfare Basic Training

The World War II Homefront in Havana, Illinois

The Personality of God is the first book in a planned series called the Basic Training for Spiritual Warfare. The Personality of God is based on Paul's writing to the Corinthians (1 Cor 2 Cor 3:18) and his comparison of looking into a mirror we see, unclearly, the face of God and how it becomes clearer and more distinct as we are changed into the image of God. The reflection we see is of the spiritual image of God and not his physical image. This truth begs for the answer to what is God's spiritual nature or what are the personality traits of God? The Personality of God strives to answer this question by addressing the nature of God as it is revealed in the Bible. Using both historical and modern Bible commentaries on scripture that documents God's personality the traces the evolution of thought concerning God's individual personality traits is explored. Additionally, where appropriate book cites Biblical dictionaries and lexicons to explore the original Hebrew and Greek meanings of the various words to describe God's personality and the challenges facing the translators of the various Bible versions faced in accurately portraying what was written by the authors of the different books of the Bible. Isaiah wrote that God teaches us and that we learn precept, line upon line, a little here and a little there (Is 28:10). Thus, the Personality of God is intended to help teach us new precepts that our knowledge of God may increase. The Personality of God is intended to help Christians to a greater knowledge and understanding of what it means to be more like God. For Pastors and Sunday School teacher in can be a reference to help strengthen and encourage their congregation and students of becoming a strong witness for Christ.

Military Mom Prayer Journal

Occupational Outlook Handbook

Weekly Compilation of Presidential Documents

When H. Byron Earhart's father enlisted in the U.S. Navy in 1942, young Byron and his family moved into his grandparents' old-fashioned home with a coal-fired range and potbelly stove, and his mother took charge of the family business, a frozen food locker. Grandma was the undisputed head of the family. While his father served on the battleship USS Missouri, his grandparents and mother held the family and the business together. At Grandma's House is a tribute to everyday Americans who provided the social glue for a country at war as they balanced fear and anxiety for loved ones with the challenges and pleasures of daily life. The experiences of the Earhart family and this Midwestern community, supplemented by contemporary documents, family photos, and professional illustrations, recount with vivid local color the drama that played out on the national and international stage.

Military Mom Prayer Journal is aimed at helping you find strength, peace, courage and faith while your child serves in the military. I spent many days and nights worrying and scared when my soldier deployed to Afghanistan a few years ago. While he completed missions with bravery and courage, I spent my time being anxious and wishing I could protect him. During that time, my faith in God was strengthened. I learned to look to the Lord to protect my soldier and help me be brave. Many scriptures got me through those times. By the end of that year, I was a stronger Military Mom and believer. Spilling my thoughts and feelings into a journal helped me to embrace this Military Mom journey, even in the tough times. This Military Mom Prayer Journal features 50 bible verses focused on Strength & Courage, Worry & Anxiety, Fear, Love, Letting Go, Hope, Serving Others, Peace & Stillness and Protection. Each verse includes an accompanying lined journal writing page to spill your Thoughts, Reflections and Praise into this prayer journal! My hope is that you find strength, peace and courage as you journal your way

to your best life and spend quiet time with God.

What You Should Know! about Your Initial Active Duty for Training

Basic Training for Toastmasters

#1 NEW YORK TIMES BESTSELLER • Bren é Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Look for Bren é Brown's new podcast, Dare to Lead, as well as her ongoing podcast Unlocking Us! **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership** is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Bren é Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read Daring Greatly and Rising Strong or you're new to Bren é Brown's work, this book is for anyone who wants to step up and into brave leadership.
