***Pier Paolo Pasolini (1922-1975) was one of the most complex and challenging intellectual figures in post-war Italy. This book analyzes his intensely charged, experimental essays, poetry, cinema, and narrative, and their shifting perspectives of subjectivity. Revolutionary Desire in Italian Cinema is the first book to draw on psychoanalytical concepts and film theories to examine the critical tendency of Italian cinema and the way in which auteur Italian filmmakers have expressed their counter-ideological thought and criticism against Italian society. The book examines how by being committed to Italian social reality, Italian cinema expresses a desire for revolt against the status quo and the dominant ideological order. Taking as case studies Bernardo Bertolucci’s Prima della rivoluzione, Marco Bellocchio’s I pugni in tasca, Pier Paolo Pasolini’s Porcile, Nanni Moretti’s Ecce Bombo and La messa è finita, the book relies on socio-historiographical theories through which Luana Ciavola discusses how plot and characters create a sense of revolt against the both social order and values such as family, religion and bourgeois ethics. The book confirms the central role of Italian cinema in a historical and political context, insofar as it includes a substantial background which highlights aspects of Italian history never considered before in a study on Italian cinema. Revolutionary Desire in Italian Cinema is aimed at academics, researchers, undergraduate and postgraduate students and all lovers of Italian cinema. Gli Atti degli apostoli si interrogano sulle origini del cristianesimo e sulle ragioni della rottura fra cristiani e giudei. Essi illustrano i tentativi della missione cristiana in un mercato religioso fortemente concorrenziale, informando sulla vita dei primi cristiani e sulla nascita delle loro comunità. Inoltre, tentano di spiegare lo straordinario successo di questo movimento, nonostante le forti opposizioni che ho incontrato. L'opera propone un commento dettagliato della prima parte di Atti (capp. 1-12) in una nuova traduzione. La materia è affrontata con stile immediato e godibile; 13 riquadri approfondiscono aspetti storici o teologici particolarmente importanti, 5 carte geografiche aiutano a collocare gli avvenimenti. The journey, both geographical and memorial, of a homosexual man in search of his dead mother is a first-person narrative that has puzzled many critics for its darkness and despair. By combining scholars from different disciplines and cultural traditions, this volume re-evaluates the esthetical and theoretical complexity of Morante’s novel and argues that it engages with crucial philosophical and epistemological questions in an original and profound way. Contributors explore the manifold tensions staged by the novel in connection with contemporary philosophical discourse (from feminis/queer to political theory to psycho-analysis) and authors (such as Emilio Gadda, Pier Paolo Pasolini and Pedro Almodovar). The Power of Disturbance shows that by creating a ‘hallucinatory’ representation of the relationship between mother and child, Aracoeli questions the classical distinction between subject and object, and proposes an altogether new and subversive kind of writing. The birth and rise of popular Italian cinema since the early 1950s can be attributed purely to necessity. The vast number of genres, sub-genres, currents and crossovers and the way they have overlapped, died out or replaced each other has been an attempt, in postwar years, to contain the invasion of U.S. product while satisfying the demands the American industry had created in Italy. The author explores one of the most multi-faceted and contradictory industries cinema has ever known through the careers of those most closely associated with it. His recorded interviews were conducted with directors and actors both well-known and upcoming. "Superb. . . . What role did Dante play in the work of Pier Paolo Pasolini (1922-1975)? His unfinished and fragmented imitation of the Comedia, La Divina Mimesis, is only one outward sign of what was a sustained dialogue with Dante on representation begun in the early 1950s. During this period, the philogists Gianfranco Contini (1912-1990) and Erich Auerbach (1892-1957) played a crucial role in Pasolini’s re-thinking of “represented reality”, suggesting Dante as the best literary, authorial and political model for a generation of postwar Italian writers. This emerged first as ‘Dantean realism’ in Pasolini’s prose and poetry, after Contini’s interpretation of Dante and of his plurilinguism, and then as ‘figural realism’ in his cinema, after Auerbach’s concepts of Dante’s figura and ‘mingling of styles’. Following the evolution of Pasolini’s mimetic ideal from these formative influences through to La Divina Mimesis, Emanuela Patti explores Pasolini’s politics of representation in relation to the ‘national-popular’, the ‘questione della lingua’ and the Italian post-war debates on neorealism, while also providing a new interpretation of some of his major literary and cinematic works. Alice Bassi is (a little) over thirty, single (not by choice), and she can’t help but feel that she is failing at this whole adulthood thing. She’s stuck in a dead-end job, just found out her ex-boyfriend is engaged to his pregnant girlfriend, and Richard Gere hasn’t shown up with flowers and a limo to save her from it all. On one particularly disastrous morning—when Alice would much rather have stayed home, curled up with her favorite rom-coms—she meets Davide Nardi. Handsome yet indecipherable, Davide would be the leading man of Alice’s dreams—if only he weren’t the “hatchet man” brought in to help streamline production and personnel at the small television network she works for. In the midst of all this, Alice runs into Tio—an actor and astrology expert who is convinced he can turn her life around with a little help from the stars. Skeptical but willing, Alice decides to take Tio’s advice and only date men whose Zodiac signs are compatible with hers. Unfortunately, it turns out that astrological affinity doesn’t always guarantee a perfect match, nor prevent a series of terrible dates, disappointments, and awkward surprises. It also doesn’t keep Davide from becoming more attractive every day. Perfect for fans of Bridget Jones’s Diary and Star-Crossed, An Astrological Guide for Broken Hearts is a witty, sexy, and relatable portrait of a modern woman’s search for love and a dream job, only to discover that your destiny isn’t always written in the stars. Queer Italia gathers essays on Italian literature and film, medieval to modern. The volume’s chronological organization reflects its intention to define a queer tradition in Italian culture. While fully cognizant of the theoretical risks inherent in trans-historicizing sexuality, the contributors to this volume share an interest in probing the multi-form dynamics of sexual desires in Italian texts through the centuries. The volume aims not to promote the mistaken notion of a single homosexuality through history. Rather, these essays together upset and undo the equally misguided assumption of an omnipresent heterosexuality through time by uncovering the various, complex workings of desire in texts from all periods. Somewhat paradoxically, a kind of queer canon results. These essays open a much-needed critical space in the Italian tradition wherein fixed definitions of sexual identity collapse. Queer Italia is the first and only work of its kind in Italian criticism. As such, it will be of interest to a wide audience of Italianists, medieval to modern, and queer cultural theorists. A Poetics of Resistance: Narrative and the Writings of Pier Paolo Pasolini examines the writings of the Italian poet, novelist, filmmaker, theorist, and dramatug. Since his murder in 1975 - and especially in the last eight years - Pasolini has been the object of growing critical attention, especially in the United States. For the most part, this new attention has been directed at Pasolini’s cinema, the part of his multifarious cultural activity for which he is best known outside Italy. Pasolini, however, was extremely active in different areas of Italian cultural life. Before dedicating himself to cinema, he had made his name as a poet, novelist, and theorist of language and literature, and in the course of his career also achieved fame as a film theorist, dramatug, and journalist. This book aims to redress this imbalance by directing critical attention to these relatively neglected areas of Pasolini’s studies. In particular, the book focuses on the question of narrative form that invests all of Pasolini’s writings. The book offers readers-in-depth analyses of all Pasolini’s novels, including for the first time in English a detailed analysis of Petrolio, which has received no critical attention outside Italy. The part of Pasolini’s writing that has received the most critical attention has been his film theory. As well as offering a panorama of Italian, British, French, and American readings of these difficult essays, Ward argues that it is necessary to reconsider the role ascribed to what Pasolini calls “film,” the process by which a narrative account of reality is put together. Ward also offers detailed analyses of Pasolini’s six verse tragedies. Derek Duncan’s timely study is the first book in English to examine constructions of male homosexuality in Italian literature. In admirably clear and elegant prose, Duncan analyzes texts ranging from the 1890s through the 1990s. He brings canonical authors like D’Annunzio and Pasolini together with under-appreciated writers like Comisso, and also looks at less conventionally literary genres. Duncan takes on the thorny theoretical issues surrounding questions of gay identity and also provides a sound historical context for his discussion of how Italian narrative sheds light on Italian homosexuality and on the broader issues attending contemporary sexuality, including complicating factors such as race. While the early texts considered were produced at a historical moment when ‘homosexuality’ as a culturally meaningful entity had yet to crystallize, recent autobiographies show the authors reflecting explicitly on questions of gay identity and what it means to be a homosexual male in present-day Italy. In charting the emergence of the homosexual individual in twentieth-century Italy, however, Duncan’s focus is less on questions of identity than on the meaning attributed to sex between men in the broader cultural context. His book is a significant contribution to Italian literary criticism and to gender, gay, and cultural studies.

Papst Franziskus mutet der Kirche weit reichende Reformen zu. Von einer Revolution von oben ist die Rede. Er arbeitet synodal. Die Bischofskonferenzen wertet er auf. Barmherzigkeit ist zum Leitwort des Tuns der Kirche geworden. Sein Anliegen: Wunden heilen - jene der einzelnen Menschen, welche die Menschen einander (z.B. bei einer Scheidung) schlagen, die Wunden der Armen und jene der Schöpfung. Gegen seine Reform der Kirche erfährt er zunehmend Widerstand. Er wird der Häresie verdächtigt. Deshalb haben Tomáš Halík und Paul Zulehner einen Offenen Brief an den Papst verfasst, um ihn bei seiner Reform zu unterstützen. Über 75.000 Personen haben den Brief unterzeichnet. Nunnmehr geben 150 Persönlichkeiten des akademischen Lebens dem Papst Unterstützung. Sie kommen aus allen Kontinenten der Weltkirche: von Taipei bis Sao Paolo, von Oxford bis Harvard, von Warschau bis London und Berlin. Die emotionale Unterstützung wird durch rationale Argumente ergänzt. " In diesem E-Book werden nun alle 150 Beiträge dokumentiert. " Paul M. Zulehner hat eine brisante Einleitung dazu verfasst. ---- Pope Francis wishes to see far-reaching reforms in the Church: A revolution from above is happening. His Holiness works synodally. He has upgraded the Conference of Bishops: ‘mercy’ has become the watchword for pastoral practice in the Church. The Pope is concerned with the healing of wounds - individual wounds, which we use to beat one another (in divorce cases for example), the wounds of the poor and those of creation. In his reform of the Church, the Pope faces increasing resistance, some suspect him of heresy. In response to this, Tomáš Halík and Paul Zulehner have written an open letter to the Pope in support of his reform. Over 75,000 people have signed the letter, including more than 150 prominent figures from the world of academia. These come from every corner of the Universal Church: from Taipei to Sao Paolo, from Oxford to Harvard, from Warsaw to London and Berlin. Emotional support is supported by reason. " This book documents all 150 contributions. " Paul M. Zulehner has written an explosive introduction.

«Ho sognato “per conto di” Italo Calvino, Pier Paolo Pasolini, Oriana Fallaci, Grazia Deledda, Giacomo Leopardi, Luigi Pirandello, Franz Kafka, Fernando Pessoa, Jane Austen, Gustave Flaubert, Agatha Christie, Oscar Wilde. Ho sognato nel senso (oso dire) di aver scritto “sotto loro dettatura”, anche se questa affermazione potrà sembrare presunzione: in realtà mi preme solo sottolineare di non essere stata io a regalare i miei sogni a grandi nomi della letteratura, ma è stato ciascuno di loro, attraverso il racconto della propria vita, delle emozioni, dei dolori, delle gioie, delle vittorie e delle sconfitte, a regalarmi un sogno. E mi dispiace molto che essi non possano ascoltare il mio infinito “grazie”, da estendere anche ad altri tre personaggi: Antonio Tabucchi, prefatore di Pessoa; Max Brod, esecutore testamentario di Kafka; Enzo Biagi, intervistatore di Calvino. Questi sono insomma i sogni dei dodici, ma li ho immaginati e poi scritti io rispettando lo stile, le parole, l’arte di ciascuno, l’opera letteraria e la vita privata, con l’obiettivo di farli conoscere meglio e amarli, come è accaduto a me».

A Feminist Reading of Popular Culture

Making Use of Pasolini’s Film Theory and Practice

Elsa Morante’s ‘Aracoeli’

This 1699 Italian acting treatise includes chapters on all kinds of staged productions, scripted or improvised, sacred or secular, tragic or comic. It also addresses enunciation, diction, memorization, gestures, and stage comportment, and it describes the details important to a successful commedia dell’arte performance.

A fascinating feminist reading of an often scorned medium: the storytelling, cross-platform success, and female fandom of the photoromance. Born in Italy and successfully exported to the rest of the world, photoromances had a readership of millions in the postwar years. By the early 1960s, more than ten million Italians read a photoromance each week. Despite its popularity, the photoromance—a form of graphic storytelling that uses photographs instead of drawings—was widely scorned as a medium, and its largely female audience derided as naive, pathetic, and uneducated. In this provocative book, Paola Bonifazio offers another perspective, making a case for the relevance of the photoromance for both feminism and media culture. She argues that the photoromance pioneered storytelling across platforms, elevated characters and artists into brands, and nurtured a devoted fan base. Moreover, Bonifazio shows that female readers—condescended to by intellectuals, journalists, and politicians of both the left and the right—powered the Italian photoromance industry’s success. Bonifazio examines the “convergence culture” of Italian media as photoromance magazines dispersed their content across multiple formats, narrative conventions, editorial and business strategies, and platforms. The plots of photoromances often resembled the storylines of romantic films, and film stars themselves often appeared in photoromances. Bonifazio discusses the media habits of photoromance readers; the use of photoromances to promote political, religious, and social agendas, including a campaign for “birth control in comics”; and long-term fandom. While publishers built lifelong relationships with their readers, the readers built a common identity and culture.
