

Dolores Huerta A Hero To Migrant Workers

Today, we know Dolores Huerta as the cofounder, with Cesar Chavez, of the National Farmworkers Association, which later became the United Farm Workers of America. We know her as a tireless advocate for the rights of farmworkers, Mexican American immigrants, women, and LGBTQ populations. And we know her as the recipient of the Presidential Medal of Freedom from Barack Obama in 2012. Before all that, though, Huerta was a child in the farming community of Stockton, California, and then a teenager whose teachers underestimated her because she was Chicana. When she became a teacher herself, she witnessed her students coming to school shoeless and hungry. Many took days off from school to work in the farm fields to help feed their families. What could she do to help them? A young mother at the time, Huerta quit her teaching job to organize their parents. That began her journey to educate a nation about who produces our food and the conditions under which they work. Dolores Huerta Stands Strong follows Huerta's life from the mining communities of the Southwest where her father toiled, to the vineyards and fields of California, and across the country to the present day. As she worked for fair treatment for others, Dolores earned the nation's highest honors. More important, she found her voice. Dolores Huerta led farm workers to demand better pay, reasonable hours, and respect on the job. She knew laws needed to be passed to protect the workers and improve their lives. Learn more about this influential activist and her fight for what was fair.

As a child in Oklahoma, Wilma Mankiller experienced the Cherokee practice of Gadugi, helping each other, even when times were hard for everyone. But in 1956, the federal government uprooted her family and moved them to California, wrenching them from their home, friends, and traditions. Separated from her community and everything she knew, Wilma felt utterly lost until she found refuge in the Indian Center in San Francisco. There, she worked to build and develop the local Native community and championed Native political activists. She took her two children to visit tribal communities in the state, and as she introduced them to the traditions of their heritage, she felt a longing for home. Returning to Oklahoma with her daughters, Wilma took part in Cherokee government. Despite many obstacles, from resistance to female leadership to a life-threatening accident, Wilma's courageous dedication to serving her people led to her election as the first female chief of the Cherokee Nation. As leader and advocate, she reinvigorated her constituency by empowering them to identify and solve community problems. This beautiful addition to the Big Words series will inspire future leaders to persevere in empathy and thoughtful problem-solving, reaching beyond themselves to help those around them. Moving prose by award-winning author Doreen Rappaport is interwoven with Wilma's own words in this expertly researched biography, illustrated with warmth and vivacity by Linda Kukuk.

Yes she could! Dolores Huerta inspired workers and led the way for change in wages and working conditions. This low-level text follows her journey from teacher to activist, and the challenges she had to face as a woman in these roles. A timeline, inspirational quotes, and other features add to this engaging title for beginning readers.

Moving, relatable, and totally true childhood biographies of Martin Luther King Jr., Susan B. Anthony, Helen Keller, Malala Yousafzai, and 12 other inspiring activists. Every activist started out as a kid—and in some cases they were kids when their

activism began! But even the world's greatest champions of civil liberties had relatable interests and problems--often in the middle of extraordinary circumstances. Martin Luther King, Jr. loved fashion, and argued with his dad about whether or not dancing was a sin. Harvey Milk had a passion for listening to opera music in different languages. Dolores Huerta was once wrongly accused of plagiarizing in school. Kid Activists tells these childhood stories and more through kid-friendly texts and full-color cartoon illustrations on nearly every page. The diverse and inclusive group encompasses Susan B. Anthony, James Baldwin, Ruby Bridges, Frederick Douglass, Alexander Hamilton, Dolores Huerta, Helen Keller, Martin Luther King Jr., Nelson Mandela, Iqbal Masih, Harvey Milk, Janet Mock, Rosa Parks, Autumn Peltier, Emma Watson, and Malala Yousafzai.

From the impoverished inner-city streets of Milwaukee to her own nationally syndicated talk show in Chicago, Oprah has persevered to become one of the most recognized personalities in the world. A biography of Cesar Chavez, from age ten when he and his family lived happily on their Arizona ranch, to age thirty-eight when he led a peaceful protest against California migrant workers' miserable working conditions.

Since the 1950s, Latina activist Dolores Huerta has been a fervent leader and organizer in the struggle for farmworkers' rights within the Latina/o community. A cofounder of the United Farm Workers union in the 1960s alongside César Chávez, Huerta was a union vice president for nearly four decades before starting her own foundation in the early 2000s. She continues to act as a dynamic speaker, passionate lobbyist, and dedicated figure for social and political change, but her crucial contributions and commanding presence have often been overshadowed by those of Chávez and other leaders in the Chicana/o movement. In this new study, Stacey K. Sowards closely examines Huerta's rhetorical skills both in and out of the public eye and defines Huerta's vital place within Chicana/o history. Referencing the theoretical works of Pierre Bourdieu, Chela Sandoval, Gloria Anzaldúa, and others, Sowards closely analyzes Huerta's speeches, letters, and interviews. She shows how Huerta navigates the complex intersections of race, ethnicity, gender, language, and class through the myriad challenges faced by women activists of color. Sowards's approach to studying Huerta's rhetorical influence offers a unique perspective for understanding the transformative relationship between agency and social justice.

Championing equal rights for all people regardless of gender, race, and economic class, Dolores Huerta is a globally recognized icon in the fight for social justice. This book explores Huerta's inspiring story, focusing on her courage and perseverance as an advocate for the working poor, women's rights, and rights for immigrant communities. As a co-founder of the United Farm Workers union and president of the Dolores Huerta Foundation, she continues to make positive strides for equal rights and inspire people everywhere to stand up for what they believe.

Seminar paper from the year 2020 in the subject Biographies, grade: 1,3, University of Erfurt, language: English, abstract: This paper will introduce the Mexican American labour organizer Cesar Chavez to the reader. Since he was an important and inspiring person for the marginalized labour movement in the United States in the 1960s and 70s, his organization United Farm Workers Organization Committee (UFWOC), his achievements, beliefs and methods will be closely examined in this paper. His understanding of social change and shifting the power relations between workers and employers was closely linked with nonviolent action. Furthermore, the reasons for the non-violent actions will be analysed through the Ration Action Theory. The paper consists of two parts: The first part will elaborate on the problems for foreigner field workers, how the organization and the social worker movement La Causa could be a solution to that and the meaning of Chavez persona and his methods. The second part of the paper follows the research question: Why is non-violence an adequate strategy to fight injustice on the farm fields?

From the Jaws of Victory: The Triumph and Tragedy of Cesar Chavez and the Farm Worker Movement is the most comprehensive history ever written on the meteoric rise and precipitous decline of the United Farm Workers, the most successful farm labor union in United States history. Based on little-known sources and one-of-a-kind oral histories with many veterans of the farm worker movement, this book revises much of what we know about the UFW. Matt Garcia 's gripping account of the expansion of the union 's grape boycott reveals how the boycott, which UFW leader Cesar Chavez initially resisted, became the defining feature of the movement and drove the growers to sign labor contracts in 1970. Garcia vividly relates how, as the union expanded and the boycott spread across the United States, Canada, and Europe, Chavez found it more difficult to organize workers and fend off rival unions. Ultimately, the union was a victim of its own success and Chavez 's growing instability. From the Jaws of Victory delves deeply into Chavez 's attitudes and beliefs, and how they changed over time. Garcia also presents in-depth studies of other leaders in the UFW, including

Gilbert Padilla, Marshall Ganz, Dolores Huerta, and Jerry Cohen. He introduces figures such as the co-coordinator of the boycott, Jerry Brown; the undisputed leader of the international boycott, Elaine Elinson; and Harry Kubo, the Japanese American farmer who led a successful campaign against the UFW in the mid-1970s.

Presents an account of the life of the Mexican American labor activist who helped organize the migrant farm workers and establish a union to fight for their rights.

"A good organizer is a social arsonist who goes around setting people on fire."—Fred Ross Raised by conservative parents who hoped he would "stay with his own kind," Fred Ross instead became one of the most influential community organizers in American history. His activism began alongside Dust Bowl migrants, where he managed the same labor camp that inspired John Steinbeck's *The Grapes of Wrath*. During World War II, Ross worked for the release of interned Japanese Americans, and after the war, he dedicated his life to building the political power of Latinos across California. Labor organizing in this country was forever changed when Ross knocked on the door of a young Cesar Chavez and encouraged him to become an organizer. Until now there has been no biography of Fred Ross, a man who believed a good organizer was supposed to fade into the crowd as others stepped forward. In *America's Social Arsonist*, Gabriel Thompson provides a full picture of this complicated and driven man, recovering a forgotten chapter of American history and providing vital lessons for organizers today.

Dorothea Lange's Depression-era "Migrant Mother" photograph is an icon of American history. Behind this renowned portrait is the story of a family struggling against all odds to survive. Dust storms and dismal farming conditions force young Ruby's family to leave their home in Oklahoma and travel to California to find work. As they move from camp to camp, Ruby sometimes finds it hard to hold on to hope. But on one fateful day, Dorothea Lange arrives with her camera and takes six photographs of the young family. When one of the photographs appears in the newspaper, it opens the country's eyes to the reality of the migrant workers' plight and inspires an outpouring of much needed support. Bleak yet beautiful illustrations depict this fictionalized story of a key piece of history, about hope in the face of hardship and the family that became a symbol of the Great Depression.

At the time that Rosa Parks decided not to get out of her bus seat in 1955, African Americans across the United States were treated like second-class citizens. Sometimes they were not even considered citizens. They were not allowed to use white-only restaurants or hotels. They were kept out of public schools, parks, and swimming pools. And perhaps most importantly, they were not allowed to vote. Over the course of the next decade, African Americans and their white supporters organized a movement that changed American society profoundly. They marched. They sat-in. They lobbied for new laws. They fought in the courts. It took incredible courage. While the activists tried to be nonviolent, their efforts were often met with beatings and even murder. But in just a few years' time, the United States was a different country. The Jim Crow system that prevented African Americans from being full citizens of their own country was gone. It is a remarkable story, full of heroes known and unknown.
