***A wealthy and powerful CEO takes on an innocent and inexperienced submissive and finds himself falling for her in the second novel of the erotic trilogy following The Submissive. Original. "The meaning of life is the most urgent of questions," said the existentialist thinker Albert Camus. And no less a philosopher than Woody Allen has wondered: "How is it possible to find meaning in a finite world, given my waist and shirt size?" "Movies and the Meaning of Life" looks at popular and cult movies, examining their assumptions and insights on meaning-of-life questions: What is reality and how can I know it? (The Truman Show, Contact, Waking Life); How do I find myself and my true identity? (Fight Club, Being John Malkovich, Boys Don't Cry, Memento); How do I find meaning from my interactions with others? (Pulp Fiction, Shadowlands, Chasing Amy); What is the chief purpose in life? (American Beauty, Life is Beautiful, The Shawshank Redemption); and How ought I live my life? (Pleasantville, Spiderman, Minority Report, Groundhog Day). The Italian Metamorphosis, 1943-1968 is the first book to bring together all aspects of Italian visual culture from this fascinating period. Through seventeen scholarly essays and hundreds of lavish full-color and duotone reproductions, this volume captures the era's greatest achievements in the fields of painting, sculpture, artists' crafts, literature, photography, cinema, fashion, architecture, and design.***

Waiting for Elijah is an intimate portrait of time-reckoning, syncretism, and proximity in one of the world's most polarized landscapes, the Bosnian Field of Gacko. Centered on the shared harvest feast of Elijah's Day, the once eagerly awaited pinnacle of the annual cycle, the book shows how the fractured postwar landscape beckoned the return of communal life that entails such waiting. This seemingly paradoxical situation—waiting to wait—becomes a starting point for a broader discussion on the complexity of time set between cosmology, nationalism, and embodied memories of proximity.

*Examining the intersection of disability and genre in popular works of horror, crime, science fiction, fantasy, and romance published since the late 1960s. Disability, Literature, Genre is a major contribution to both cultural disability studies and genre fiction studies. Drawing on recent work on affect and emotion, the book explores how disability makes us feel, and how those feelings shape interpersonal and fictional encounters. Written in a clear and accessible style, Disability, Literature, Genre offers a timely reflection on the rapidly growing body of scholarship on disability representation, as well as an innovative new theorisation of genre. By reconceptualising genre reading as an affective process, Ria Cheyne establishes genre fiction as a key site of investigation for disability studies. She argues that genre fiction's unique combination of affectivity and reflexivity makes it ideally suited to the production of reflexive representations of disability; representations which encourage the reader to reflect upon what they understand about disability, and potentially to rethink it. Examining the affective—and effective—power of disability representations in a wide range of popular genre fiction, this book will be essential reading for academics in disability studies, literary studies, popular culture studies, and the medical humanities.*
