

Alien Powers

The Moon is not a cold, dead rock but a rich, fascinating world just as alive as Earth • Investigates the Moon as the home of an alien intelligence who controls humanity • Examines several of NASA's Apollo missions and the findings they concealed • Reveals the many holes in the "Giant Impact" theory about the Moon's origins and the evidence for a hollow, artificial Moon • Explores the deep influence of the Moon on the collective

Read Free Alien Powers

mind of humanity and occult teachings about the Moon from the Qabalah, tarot, and other sources Despite being the most prominent celestial body after the Sun, the Moon has many qualities that science has yet to explain. Lunar rock samples reveal the Moon once had a magnetic field like the Earth, and seismic experiments by NASA suggest the Moon is at least partially hollow. For centuries people have observed lights, moving clouds and shadows, and even the disappearance of entire craters via telescope. Apollo

Read Free Alien Powers

astronauts repeatedly felt the presence of a “non-human intelligence” during their Moon visits, and many indigenous traditions speak of malevolent visitors from the Moon. A growing body of astrophysical and geological evidence shows the Moon is not an entirely natural world--that someone or something altered it long ago. Louis Proud explores the phases and movements of the Moon along with its ancient and mysterious features--its craters, maria, rilles, tunnels, and domes. He examines several of

Read Free Alien Powers

NASA's Apollo missions, showing not that NASA faked the Moon expeditions but that they concealed what the astronauts found there. He explains the many holes in the commonly accepted "Giant Impact" theory of the Moon's origins and reveals the evidence for a hollow, artificial Moon placed in orbit eons ago to observe Earth. Examining the deep influence of the Moon on the collective mind of humanity, Proud looks at what the Qabbalah, the tarot, and other occult traditions say about the Moon and interprets G. I. Gurdjieff's teachings

Read Free Alien Powers

that “we are food for the Moon.” He investigates the Moon as a gateway to another realm, as the Purgatory of Christianity, and as the home of an alien intelligence who controls and exploits humanity. Examining the Moon from both scientific and esoteric perspectives, Proud shows the Moon is not a cold, dead rock but a rich, fascinating world just as alive as Earth.

The Sun is at Solar Maximum. A large solar flare erupts on the surface of the Sun and races towards Earth. The International

Read Free Alien Powers

Space Station is about to be hit by massive solar radiation event. Commander Bonario is working outside on an EVA and is caught in the storm. A UFO suddenly appears and tries to shield the astronaut from the harmful X-rays. The solar panels overload and an explosion occurs, which cripples the alien spacecraft. It crashes on Earth, killing the four occupants. A Top Secret military crash investigation ensues. The bodies are recovered along with strange looking disk devices with special alien powers, but one disk is

missing. A TV reporter finds out about the crash and threatens to expose the cover-up. Meanwhile, the massive magnetic storm hits the Earth with devastating consequences. The world is threatened. The alien mothership appears searching for the lost occupants and memory disks. Only the aliens can help the world protect itself from future solar events. Surprisingly, the Sun's energy holds the key to the alien's final journey.

Ingo Swann -- renowned psi researcher -- reveals a long-held secret series of

Read Free Alien Powers

experiences with a "deep black" agency whose apparent charter was simple: UFOs and extraterrestrials on the moon and worries about ET telepathic/mind control powers. The agency was so secret that it had no paper trail, and hence no written secrecy agreements. Only the verbal ones, which in Ingo's case expired several years ago. Now, in this era of burgeoning UFO "glasnost," he tells a story of meetings held in a secret underground facility not far from Washington DC, and of being taken to a remote location near the Arctic

Read Free Alien Powers

Circle to witness the expected arrival of a huge UFO over the surface of an Alaskan lake. This book discusses undeveloped human telepathy and contrasts it with the probable existence of fully developed alien telepathy, which may have many different forms. Ingo also explores the fact that we officially know far more than we're admitting about the Moon -- its origins, its atmosphere, its occupants and many other unusual features. Penetration is about one of the means by which we can learn more about those not of this earth

rare iLL WiLL PrEss comics have been preserved in this mighty collection. Some of these comics are so rare, that only five were made. Yeah, you heard me. FIVE! What's inside? Corporate America Rejected My Soul - The very first mini-comic created by Jonathan Ian Mathers. A sorrowful tale of a struggling artist trying to get by. It's a comedy! Dukkha : The Girl With Spooky Alien Powers - An abused child trades her parents to aliens in exchange for unworldly powers. Good fun! Gloomy Blue - A rather adult oriented comic featuring a hyper-sexual goth chick who gets into all sorts of crazy situations. NOT FOR THE KIDS! The Little Girl Named : Gnat - A creepy kid being raised by a dead-beat mom.

Childhood laments and candy await you all! These comics were created back in the days when underground comics were printed on a cheap copier at the local candy store, and stapled together by hand. BY HAND! Countless hours were spent hunched over a copier in the dead of night sucking down coffee, and eating anything that had sugar in an effort to create and distribute these comic books. Most of these comic were sold or given away throughout the village streets of New York City. So unless you happened to be in the village area of NYC at the time these were available, you're probably not going to find them anywhere else, but here! RECOMMENDED FOR MATURE READERS!!!!

powers, engaging characters, shapeshifters and a riveting 'alien' hunt.

CHRISTIAN MINISTER MAINTAINS - MIRACLES OF THE OLD AND NEW TESTAMENTS ARE MANIFESTATIONS OF AN EXTRATERRESTRIAL INTELLIGENCE *The Reverend Barry Downing's credentials are impressive, adding scholarly weight to his theories regarding anomalous and miraculous events as portrayed in the Old and New Testaments. Downing holds a Ph.D. in the relation between religion and science from the University of Edinburgh of Scotland. He also has a bachelor's degree in physics from New York's Hartwick College as well as a degree from Princeton Theological Seminary. Dr.*

Read Free Alien Powers

Downing has studied the Bible most of his life. . . Not unusual for a pastor, but what makes his evangelistic career unique is that he has also studied the UFO phenomena since the mid-1950s. The combination of both pursuits resulted in the 1968 publication of his controversial book, "The Bible and Flying Saucers," which would lay important groundwork regarding the blending of the divine with the theory that earth has been visited by extraterrestrials in ancient times and that these visitations continue to this day. This work is his long awaited sequel in which he expands upon the polemic issues previously put forth, including that the -

**** Parting of the Red Sea in the Bible's Exodus was**

Read Free Alien Powers

*accomplished by a cylindrical UFO, a cigars haped ship whose kind is still reported. ** That Jesus was an extraterrestrial sent to earth to rid the world of sin and wickedness, quoting Biblical text to support his claim. ** That Jesus left earth in a spaceship to another planet, or perhaps another spatial dimension. ** That angels were actually aliens and that the "angelic aliens" spoke to Moses on Mount Sinai where he boarded a UFO to receive the Ten Commandments and specifications for the construction of the Tabernacle. It was aliens who guided the ancient Israelites, providing them with manna in the wilderness. ** In the modern world, Downing contends with mainstream religion's*

Read Free Alien Powers

refusal to take the subject seriously. Christian liberals don't want to hear the miracles of the Bible were real and Christian conservatives don't want the miracles credited to simple aliens in flying saucers. Thus one can see that Downing, an ordained minister, is bravely risking disapproval from a wide swathe of fellow Christians not ready for his message. Many of the issues discussed by the author raise the issue of ontology, or what is real and what is the nature of being. Rev. Downing believes that recent discoveries in quantum physics tend to confirm that Biblical phenomena could be real. "Modern quantum physics has revealed a world," he states, "that is not full of

Read Free Alien Powers

'solid objects' on one hand and space on the other, but rather a dynamic world in which solid objects are mostly space, with various types of quantum energy spinning away to create the illusion of solid objects, making it difficult to know for certain what we think we know." As for a possible global cover-up of the UFO phenomenon, Rev. Downing espouses the theory that if UFOs truly carry the angels of Christ, their "strange technology and behavior" may be as upsetting to government scientists as the Resurrection of Jesus was to the disciples. "Their 'real-world' understanding had to expand, and so must ours," he rightfully concludes. This book is for the faithful as well as those who are

Read Free Alien Powers

primarily interested in unexplained historical phenomena as revealed in Biblical as well as other ancient texts, as well as seekers of censored truths concerning the hidden and forbidden knowledge of mankind.

great things and to achieve more, than just to exist. He has found the love of a perfect woman who has accepted him for who he is. TJ has shared some of his powers with his female companion and has given her the power to read peoples mind.

OUR CREATORS REVEALED IN OUR DNA AND THREE MORE MAJOR TOPICS How we came about is now very clear from two distinct lines of scientific evidence. The answer to where we come from remained hidden in our DNA until discovered in 2013. In the compelling book *Alien Secrets, The Path to Ascension* by Scott Campbell, **SECTION DNA** explains the historical event of discovery and accompanying evidence. **DNA, it turns out, is a**

Read Free Alien Powers

masterpiece of intelligent biomathematical coding by an extremely advanced alien civilization, making all life on Earth of alien origin. Further intervention may have boosted our intelligence. The Exogenesis Theory, also known as the Directed Panspermia Theory, or simply the Seed Theory, became first popularized by Nobel Prize winner and co-discoverer of DNA Francis Crick. The theory further begs biological and evolutionary proof of alien "super-microbes" on Earth. It has it in our family of Giant Viruses and our microbe history of evolution. At the same time as "Mitochondrial Eve," about 200,000 years ago, the single mother of all of us, the first Homo sapiens, boasted a robust increase in the size

Read Free Alien Powers

of skull and brain and a new, elongated shape. It proved itself to be about 150 cubic centimeters bigger than modern humans. Improved mitochondria for increased brain energy became part of the package. Perhaps aliens, the ultimate scientists, intervened. Three other sections include a complete analysis of the Roswell incident; alien types, technological methods, likely agendas, and the influence of ancient aliens on major religions. Since day one, aliens have dominated life on Earth. Takeaway: Studying alien technology, consciousness, and skillsets will lead modern humans to a similar mastery and will not only help guarantee our survival as a species but guide us into multiple and diverse

Read Free Alien Powers

levels of ascension. Sit back, get comfortable, and enjoy reading this revealing scientific inquiry into the Earth's most complex and important phenomenon. ROGUE AGENTS SWEEP UP IN THE SEARCH FOR AN ANCIENT RELIC IN A UFO NOVEL AS ONLY TIM POWERS COULD WRITE IT! Sebastian Vickery has learned something about UFOs that he shouldn't have—and Naval Intelligence, desperate to silence him, orders his old partner, Agent Ingrid Castine, to trap him. But Castine risks career, liberty, and maybe even life, to warn Vickery—and now they're both fugitives, on the run from both the U.S. government and agents of the Russian GRU Directorate, which has its own uses for the UFO intelligence. With the

Read Free Alien Powers

unlikely aid of a renegade Russian agent, a homeless Hispanic boy, and an eccentric old Flat-Earther, Vickery and Castine must find an ancient relic that spells banishment to the alien species, and then summon the things and use it against them—in a Samson-like confrontation that looks likely to kill them as well. Sweeping from the Giant Rock monolith in the Mojave Desert to a cultist temple in the Hollywood Hills, from a monstrous apparition in the Los Angeles River to a harrowing midnight visitation on a boat off Long Beach Harbor, Stolen Skies is an alien-encounter novel like no other. At the publisher's request, this title is sold without DRM (Digital Rights Management). About Forced Perspectives: “One book

Read Free Alien Powers

I've been hugely excited about is Tim Powers's latest, *Forced Perspectives*, set in the magical underbelly of modern-day Los Angeles. Powers may be the master of the secret history novel (and one of the originators of steampunk), but his recent work has really explored the history and magic of Tinseltown in a way no one else can." —Lavie Tindhar, *The Washington Post* ". . . frenetic urban fantasy that playfully blends Egyptian mythology, alternate Los Angeles history, and modern technology. . . . A cast of unusual side characters . . . add color and complexity. This labyrinthine tale of the bizarre and fantastic will grip urban fantasy enthusiasts until the end."—*Publishers Weekly* ". . . moves at jet speed, along unpredictable

In the fifth book of the Alien Next Door series, Zeke, Harris, and Roxy all try out for the baseball team, but Zeke can't resist using his powers to help him play better than everyone else. It's baseball season, and Zeke, Harris, and Roxy all decide to try out for the team. Zeke doesn't quite know how to play baseball, but his powers allow him to pitch and hit better than anyone else! But Harris thinks that what Zeke is doing is cheating, since none of the other players have his powers, and he's also concerned that someone might discover Zeke's an alien. But Zeke doesn't see a problem with this, causing tension in their friendship. Can Zeke and Harris save their friendship, or

will they strike out?

An alien invasion. Check. Teenagers with supernatural powers. Check. The world hanging in the balance. Check. And Double Check! In this sequel to Book One of the Coma Kids Series, a group of ten teenagers with extraordinary powers are rescued from the dangerous restrictions on Earth by an advanced race of aliens (the Thorans) who have bestowed upon the gifts of telepathy and telekinesis - the ability to move physical objects by thought. The Thorans fly them to a moon orbiting their planet where they are encouraged to develop their powers. Here they meet five other groups of kids from

different species, and learn to work together to face numerous challenges: From fighting off the Yarm, a space creature who eats all vegetation leaving planets barren, to overcoming a life-threatening illness, to aliens who attempt to enslave them. Through their various trials the kids become stronger, and are able to do amazing things with their minds. But will it be enough to save the planet and the galaxy from being destroyed by evil aliens?

When an alien sphere falls from the heavens, everything changes for Jack Peterson and his friends, Scott and Melanie. The sphere sprays them with an alien mist and they soon discover they've each acquired unique abilities. Jack can teleport, Melanie has telekinesis, and Scott can erect invisible force fields. They'll need their newfound powers if they are to stop the alien invaders who are on their way to Earth to eradicate humanity. They're pawns in a galactic struggle, but sometimes pawns can become kings. Can this

The term "ideology" can cover almost any set of ideas, but its power to bewitch political activists results from its strange logic: part philosophy, part science, part spiritual revelation, all tied together in leading to a remarkable paradox--that the modern Western world, beneath its liberal appearance, is actually the most systematically oppressive system of despotism the world has ever seen. Alien Powers: The Pure Theory of Ideology takes this complex intellectual construction apart, analyzing its logical, rhetorical, and

psychological devices and thus opening it up to critical analysis. Ideologists assert that our lives are governed by a hidden system. Minogue traces this notion to Karl Marx who taught intellectuals the philosophical, scientific, moral, and religious moves of the ideological game. The believer would find in these ideas an endless source of new liberating discoveries about the meaning of life, and also the grand satisfaction of struggling to overcome oppression. Minogue notes that while the patterns of ideological thought were consistent, there was little agreement on who the oppressor actually was. Marx said it was the bourgeoisie, but others found the oppressor to be males, governments, imperialists, the white race, or the worldwide Jewish conspiracy. Ideological excitement created turmoil in the twentieth

century, but the defeat of the more violent and vicious ideologies--Nazism after 1945 and Communism after 1989--left the passion for social perfection as vibrant as ever. Activist intellectuals still seek to "see through" the life we lead. The positive goals of utopia may for the moment have faded, but the ideological hatred of modernity has remained, and much of our intellectual life has degenerated into a muddled and dogmatic skepticism. For Minogue, the complex task of "demystifying" the "demystifiers" requires that we should discover how ideology works. It must join together each of its complex strands of thought in order to understand the remarkable power of the whole.
