Your Ultimate Resource for Practical Personal Protection Concealed Carry Class: The ABCs of Self-Defense Tools & Tactics is a comprehensive guide to recognizing, avoiding and surviving violent confrontations. It covers everything from situational-awareness skills that can be honed to help keep you and your loved ones out of potentially dangerous scenarios; to the mental discipline it takes to carry a concealed weapon every day; to evaluating and selecting concealed-carry hardware, including handguns and calibers, holsters and clothing; to training drills you can use to become proficient with a handgun, and remain proficient through regular practice. Author Tom Givens has more than four decades of experience as a firearms instructor, has carried a gun professionally in one form or another for 50 years, and spent 25 years in various aspects of law enforcement and specialized security work, with stints in street patrol and investigations. Givens also owned and operated a firing range and training center for more than 18 years. During that time, he oversaw the firing of about 1.5 million handgun rounds each year, with all types of handguns. He trained about 2,500 students each year, including private citizens, security personnel and police officers, military police, intelligence units and Special Forces detachments. He has been involved in armed confrontations both as a police officer and as a private citizen, and has seen firsthand how decent people, with proper training, can fight back and overcome criminal attacks. Tom Givens calls on decades of firearms and law-enforcement experience to put together this practical collection of tips and tactics anyone can use for the safe, responsible and legal carrying of a concealed weapon.

Concealed Carry Bible A Complete Self Defense Guide A to Z There are too many books about self-defense and handguns, I know. I see t few of them. But one thing I noticed lacking is how a gun can protect you in a self-defense situation. Most experts tell you what guns with them, how to load them and how to shot them, but is that all you need to know? How do you find out when the time comes you trigger? When I teach people about self-defense, I teach them about the ins and outs of handguns that are popular, how they work and common issues. But I hope that is not why you would read this book, I want to prepare you mentally, and physically and I want you to that may affect you along with making you a master of concealed carry where you are comfortable, confident and will know when and time ever comes. I never thought my education and training would be put to test until one fateful day when I found myself in the midd shoot out situation where I did have to draw my gun and use it. Let's just say I was little faster. That situation taught me a lot about abuse that goes on in the government everyday basis. But the important thing is I survived through it, and it made me a better person being and as an instructor who teaches self-defense through concealed carry. Regardless what you hear about declining crime rate, jus world population is growing at a much faster rate than the resources we survive on. When this happens you can imagine, more people same resources than before. It won't surprise me if there will be a day when it will be "survival of the fittest" law meaning who has mo power will win and have access to the resources. I am not trying to scare you; we are not there yet, it may never happen, but what if ready? I believe we do. So if you can learn some basic self-defense handgun skills and learn to protect yourself and your family, it won't thing would it? I tell my students, 97% of the people who carry guns will never have to use them on anyone, but it is there in case the opinion, there is no harm in learning a new skill, specialty, if that skill can save lives.
