

Strength To Love

As the characters go through their daily journeys, each one finds themselves often pondering the question: Where do we go from here? Some will realize the answer to that question, while others will be left to figure out which way to turn next. Interwoven in this novel are issues and lessons related to friendship, love, death, family secrets, betrayal, heartbreak and pure bliss. Set in the suburbs of Maryland and the Washington Metropolitan area, you'll take a ride through the characters' lives that will touch your heart and leave you wanting more.

You are a person worthy of love. You don't have to do anything to deserve all the love in the world. Real Love is a creative tool kit of mindfulness exercises and meditation techniques that help you to truly engage with your present experience and create deeper love relationships with yourself, your partner, friends and family, and with life itself. Sharon Salzberg, a leading expert in Lovingkindness meditation, encourages us to strip away layers of negative habits and obstacles, helping us to experience authentic love based on direct experience, rather than preconceptions. Across three sections, Sharon explains how to dispel cultural and emotional habits, and direct focused care and attention to recapture the essence of what it is to love and be loved. With positive reflections and practices, Sharon teaches us how to shift the responsibilities of the love that we give and receive to rekindle the powerful healing force of true connection. By challenging myths perpetuated by popular culture, we can undo the limited definitions that reduce love to simply romance or passion, and give the heart a much needed tune-up to connect ourselves to the truest experience of love in our daily lives.

On December 1, 1955, Rosa Parks refused to move to the back of a city bus in Montgomery, Alabama. She was not trying to start a movement. She was simply tired of the social injustice. Yet, her simple act of courage started a chain of events that forever shaped the landscape of American race relations. Now, decades after her quiet defiance inspired the modern civil rights movement, Mrs. Parks's own words tell of her courageous life, her passion for freedom and equality, and her strong faith. Reflections by Rosa Parks celebrates the principles and convictions that guided her through a remarkable life. It is a printed record of her legacy—her lasting message to a world still struggling to live in harmony, including historic and beautiful pictures. This collection of Rosa Parks's reflections includes topics like dealing with fear, facing injustice, developing character and determination, faith in God, and her hope for the future. "I want to be remembered as a person who stood up to injustice," writes Rosa Parks, "who wanted a better world for young people." With Mrs. Parks's words of wisdom, humility, and compassion, this book will inspire people of all races to carry on her great legacy.

First published in 1959, this pair of meditations by the revered civil-rights leader Martin Luther King, Jr. contains the theological roots of his political and social philosophy of nonviolent activism. Eloquent and passionate, reasoned and sensitive. " AT The first National Conference on Christian Education of the United Church of Christ, held at Purdue University in the summer of 1958, Martin Luther King presented two notable devotional addresses. Moved by the dear and persuasive quality of his words, many of the 3000 delegates to the conference urged that the meditations be made available in book form. They wanted the book for their own libraries and they were eager to share Dr. King ' s vital messages with fellow Christians of other denominations. " In the resolute struggle of American Negroes to achieve complete acceptance as citizens and neighbors the author is recognized as a leader of extraordinary resourcefulness, valor, and skill. His concern for justice and brotherhood and the nonviolent methods that he advocated and uses, are based on a serious commitment to the Christian faith. " As his meditations in this book suggest, Dr. King regards meditation and action as indivisible functions of the religious life. When we think seriously in the presence of the Most High, when in sincerity we " go up to the mountain of the Lord, " the sure event is that " he will teach us of his ways, and we will walk in his paths " (Isaiah 2: 3). " The opposite of love is not hate - it is fear. We must do all we can do act with and choose love, instead of giving into fear when it shows itself. This is the only way to live a life filled with blessings, and author Kenny Vaughan reminds us of this age-old lesson from God in his book The Right Fight: How to Live a Loving Life.

"The life story of Coretta Scott King—wife of Martin Luther King Jr., founder of the King Center for Nonviolent Social Change, and singular twentieth-century American civil rights activist—as told fully for the first time, toward the end of her life, to one of her closest friends Born in 1927 to daringly enterprising black parents in the Deep South, Coretta Scott had always felt called to a special purpose. One of the first black scholarship students recruited to Antioch College, a committed pacifist, and a civil rights activist, she was an avowed feminist—a graduate student determined to pursue the end of her own career—when she met Martin Luther King Jr., a Baptist minister insistent that his wife stay home with the children. But in love and devoted to shared Christian beliefs and racial justice goals, she married King, and events promptly thrust her into a maelstrom of history throughout which she was a strategic partner, a standard bearer, a marcher, a negotiator, and a crucial fundraiser in support of world-changing achievements. As a widow and single mother of four, while butting heads with the all-male African American leadership of the times, she championed gay rights and AIDS awareness, founded the King Center for Nonviolent Social Change, lobbied for fifteen years to help pass a bill establishing the US national holiday in honor of her slain husband, and was a powerful international presence, serving as a UN ambassador and playing a key role in Nelson Mandela's election. Coretta's is a love story, a family saga, and the memoir of an independent-minded black woman in twentieth-century America, a brave leader who stood committed, proud, forgiving, nonviolent, and hopeful in the face of terrorism and violent hatred every single day of her life." --Provided by publisher.

Instant New York Times Bestseller A simple, straightforward exploration of Transcendental Meditation and its benefits from world authority Bob Roth. Oprah Winfrey and Jerry Seinfeld, Ray Dalio and Ellen DeGeneres, Gwyneth Paltrow and Howard Stern, Tom Hanks and Gisele Bündchen. What do they have in common? The answer is a Transcendental Meditation teacher named Bob Roth, who has spent the past forty-five years helping many thousands of people access their innate creativity and power through this simple, nonreligious technique. Roth's students range from titans of business and the arts to federal prisoners, from war-scarred veterans to overworked moms and dads. Medical experts agree that the epidemic of stress is damaging our physical and emotional health at younger and younger ages. While there is no one single cure, the Transcendental Meditation technique is a simple practice that dramatically changes how we respond to stress and life's challenges. With scientifically proven benefits—reduced stress and anxiety, and improved focus, sleep, resilience, creativity, and memory, to name a few—this five-thousand-year-old technique has a clear and direct impact on our very modern problems. Once a skeptic, Roth trained under Maharishi Mahesh Yogi, the twentieth century's foremost scientist of consciousness and meditation, and has since become one of the most experienced and sought-after meditation teachers in the world. In Strength in Stillness, Roth breaks down the science behind Transcendental Meditation in a new, accessible way. He highlights the three distinct types of meditation—Focused Attention, Open Monitoring, and Self-Transcending—and showcases the evidence that the third, Self-Transcending, or Transcendental Meditation, is a uniquely accessible, effective, and efficient way to reduce stress, access inner power, and build resilience. Free of gimmicks, mystical verbiage, and obscure theory, Strength in Stillness offers a clear explanation for how Transcendental Meditation can calm the mind, body, and spirit.

From the Dust Jacket: In November and December 1967, Dr. Martin Luther King, Jr., delivered five lectures for the renowned Massey Lecture Series of the Canadian Broadcasting Corporation. The collection was immediately released as a book under the title Conscience for Change, but after King's assassination in 1968, it was republished as The Trumpet of Conscience. The collection sums up his lasting creed and is his final testament on racism, poverty, and war. Each oration in this volume encompasses a distinct theme and speaks prophetically to today's perils, addressing issues of equity, conscience and war, the mobilization of young people, and nonviolence. Collectively, they reveal some of King's most introspective reflections and final impressions of the movement while illustrating how he never lost sight of our shared goals for justice. The book concludes with "A Christmas Sermon on Peace"—A powerful lecture that was broadcast live from Ebenezer Baptist Church on Christmas Eve in 1967. In it King articulates his long-term vision of nonviolence as a path to world peace.

The classic collection of Dr. King's sermons that fuse his Christian teachings with his radical ideas of love and nonviolence as a means to combat hate and oppression. As Martin Luther King, Jr., prepared for the Birmingham campaign in early 1963, he drafted the final sermons for Strength to Love, a volume of his most well known homilies. King had begun working on the sermons during a fortnight in jail in July 1962. While behind bars, he spent uninterrupted time preparing the drafts for works such as "Loving Your Enemies" and "Shattered Dreams," and he continued to edit the volume after his release. Strength to Love includes these classic sermons selected by Dr. King. Collectively they present King's fusion of Christian teachings and social consciousness and promote his prescient vision of love as a social and political force for change.

Against an international landscape of power, affluence, control and fear, a young woman defines what it means to find strength, passion and love for life. Her choice to trust herself, and dare to take the first steps away from what she could not allow, led to acts of boldness. With the unexpected help of strangers, and guidance from her alter-ego, her journey led to an unexpected escape to freedom.

The teachings of Jesus have the profound ability to be abundantly clear, and yet leave us with equally abundant questions. In Mark's account, we are told to love God with all our heart, soul, mind, and strength, and to love our neighbor as our self. Beautiful Interference uses storytelling to bring clarity to what God is calling us as his disciples to do as we live a life aiming to look like Jesus Christ.

What it's like to explore Mars from Earth: How the Mars rovers provide scientists with a virtual experience of being on Mars. Geologists in the field climb hills and hang out craggy outcrops; they put their fingers in sand and scratch, smell, and even taste rocks. Beginning in 2004, however, a team of geologists and other planetary scientists did field science in a dark room in Pasadena, exploring Mars from NASA's Jet Propulsion Laboratory (JPL) by means of the remotely operated Mars Exploration Rovers (MER). Clustered around monitors, living on Mars time, painstakingly plotting each movement of the rovers and their tools, sensors, and cameras, these scientists reported that they felt as if they were on Mars themselves, doing field science. The MER created a virtual experience of being on Mars. In this book, William Clavin examines how the MER has changed the nature of planetary field science. Drawing on his extensive observations of scientists in the field and at the JPL, Clavin investigates how the design of the rover mission enables field science on Mars, explaining how the scientists and rover engineers manipulate the vehicle and why the programmable tools and analytic instruments work so well for them. He shows how the scientists felt not as if they were issuing commands to a machine but rather as if they were working on the red planet, riding together in the rover on a voyage of discovery. In her bestselling book The Beauty Myth, Naomi Wolf sought to change the way in which women see themselves in relation to their bodies. Now she focuses on how they see themselves in relation to power. She argues that the feminist movement has to change if it is to speak to a new generation of women, and that, even as women are gaining more ground than ever before, a wariness of feminist orthodoxies keeps them away from the only movement capable of putting political clod behind their personal success. The book represents a call to women to throw off centuries of conditioning about the relationship between power and femininity.

Advocating love as strength and non-violence as the most powerful weapon there is, these sermons and writings from the heart of the civil rights movement show Martin Luther King's rhetorical power at its most fiery and uplifting. Throughout history, some books have changed the world. They have transformed the way we see ourselves and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

A repackaged edition of the revered author's classic work that examines the four types of human love: affection, friendship, erotic love, and the love of God—part of the C. S. Lewis—the great British writer, scholar, by theologian, broadcaster, Christian apologist, and bestselling author of Mere Christianity, The Screwtape Letters, The Great Divorce, The Chronicles of Narnia, and many other beloved classics—contemplates the essence of love and how it works in our daily lives in one of his most famous works of nonfiction. Lewis examines four varieties of human love: affection, the most basic form; friendship, the rarest and perhaps most insightful; Er, passionate love; charity, the greatest and least selfish. Throughout this compassionate and reasoned study, he encourages readers to open themselves to all forms of love—the key to understanding that brings us closer to God.

The Twelve Great Strength Passages of the Bible

Warner's Books, in conjunction with Intellectual Properties Management, Inc., presents an extraordinary collection of sermons by Dr. Martin Luther King, Jr.—many never before published—along with introductions an documentary of the world's leading ministers & theologians.

The classic collection of sixteen sermons preached and compiled by Dr. King As Dr. King prepared for the Birmingham campaign in early 1963, he drafted the final sermons for Strength to Love, a volume of his best-known homilies. King had begun working on the sermons during a fortnight in jail in July 1962. Having been arrested for holding a prayer vigil outside Albany City Hall, King and Ralph Abernathy shared a jail cell for fifteen days that was, according to King, "dirty, filthy, and ill-equipped" and "the worse I have ever seen." While behind bars, he spent uninterrupted time preparing the drafts for classic sermons such as "Loving Your Enemies," "Love in Action," and "Shattered Dreams," and continued to work on the volume after his release. A Gift of Love includes these classic sermons, along with two new preachings. Collectively they present King's fusion of Christian teachings and social consciousness, and promote his prescient vision of love as a social and political force for change.

Look for Rob Morgan's new book Worry Less, Live More fall of 2017 Why are we feeling so depleted when God has promised us strength equal to our days? Pastor Robert Morgan leads a busy life as a pastor and is also a multitasking caregiver to his disabled wife. Most days he feels exhausted, yet over time God has shown him how to build himself up when he's worn himself out. He has learned to fully embrace Psalm 84, as he moves from strength to strength. The valleys and the weaknesses are inevitable. Our task is to embrace these as we wait for God to take us to our next time of strength. After reviewing the 232 occurrences of the word strength in Scripture, Pastor Robert discovered twelve clear passages that drop anchor in God's Sea of Strength. Among the kinds of strength available to every believer are: Lifelong Strength: your strength will equal your days (Deuteronomy 33:25) Lasting Strength: they go from strength to strength (Psalm 84:5-7) Imparted Strength: the eyes of The Lord range throughout the earth to strengthen those whose hearts are fully committed to Him (2 Chronicles 16:9) Joyful Strength: the joy of The Lord is your strength (Nehemiah 8:10) Timely Strength: God is our refuge and strength (Psalm 46:1) Tranquil Strength: in quietness and trust is your strength (Isaiah 30:15) Renewed Strength: those who hope in the Lord will renew their strength (Isaiah 40:31) Recurring Strength: the Lord will strengthen your frame. You will be like a well-watered garden (Isaiah 58:11) Durable Strength: the Sovereign Lord is my strength; He makes my feet like the feet of a deer, He enables me to tread on the heights (Habakkuk 3:19) Unwavering Strength: Abraham did not waver through unbelief regarding the promise of God, but was strengthened in his faith and gave glory to God (Romans 4:20) Innermost Strength: I pray that out of His glorious riches He may strengthen you with power through His Spirit in your inner being (Ephesians 3:16) Riveting Strength: I can do all this through Him who gives me strength (Philippians 4:13)
