Gisella Perl's memoir is an extraordinarily candid account of women's extreme efforts to survive Auschwitz. It was the first memoir by a woman survivor and established the model for understanding the gendered Nazi policies and practices targeting Jewish women as racially poisonous. Features the full text of an article entitled "The Angel of Death: Josef Mengele," written by Alex Sturtevant. Discusses the Nazi doctor Josef Mengele (1911-1979) and his role as an exterminator of lives during World War II. Provides details on his experiments

with humans.

This practical and inspirational guide to healing from the award-winning, New York Times bestselling author of *The Choice* shows us how to stop destructive patterns and imprisoning thoughts to find freedom and enjoy life. Edith Eger's powerful first book *The Choice* told the story of her survival in the concentration camps, her escape, healing, and journey to freedom. Oprah Winfrey says, "I will be forever changed by Dr. Eger's story." Thousands of people around the world have written to Eger to tell her how *The Choice* moved them and inspired them to confront their own past and try to heal their pain; and to ask her to write another, more "how-to" book. Now, in *The Gift*, Eger expands on her message of healing and provides a hands-on guide that gently encourages us to change the

thoughts and behaviors that may be keeping us imprisoned in the past. Eger explains that the worst prison she experienced is not the prison that Nazis put her in but the one she created for herself, the prison within her own mind. She describes the twelve most pervasive imprisoning beliefs she has known—including fear, grief, anger, secrets, stress, guilt, shame, and avoidance—and the tools she has discovered to deal with these universal challenges. Accompanied by stories from Eger's own life and the lives of her patients each chapter includes thought-provoking questions and takeaways, such as: -Would you like to be married to you? -Are you evolving or revolving? -You can't heal what you can't feel. Filled with empathy, insight, and humor, *The Gift* captures the vulnerability and common challenges

we all face and provides encouragement and advice for breaking out of our personal prisons to find healing and enjoy life.

Dr. Josef Mengele-the Angel of Death-has escaped from Hell! Posing as a physician, he programs his patients to do as he commands, transforming them into living bombs, and ultimately creates a new world order. Sybil Crewes is a vampire trying to escape her fate. She refuses to feed on humans, pulls her own fangs, and injects liquid silver in an effort to remain "human." When she discovers Mengele's terrible plan, however, she knows she must stop him at any cost. Embracing her savage nature, she embarks on a dangerous course of action that will bring her face-to-face with the deadly doctor . . . and the monster within.

Saddam Hussein, the President of Iraq from 1979 until 2003.

Saddam was a brutal dictator; he was responsible for the genocide in 1987 and 1988 that claimed the lives of nearly 200,000 Kurds in Northern Iraq. He ruled Iraq until his overthrow by the American invasion in March 2003 and subsequent capture in December of that year. Hussein was executed for his crimes against humanity by hanging. Saddam Hussein - The Butcher of Baghdad is highly recommended for those interested in the life of Saddam Hussein and the history behind his reign of terror as Iraqi leader.

In the aftermath of World War II, two notorious Nazi villains were exposed in different ways. Adolf Eichmann was tried in Jerusalem in 1960, beginning the "era of the witness" in the prosecution of human rights abuses. Josef Mengele escaped Germany and lived out his life hidden in Argentina. After Mengele's death in 1985, his body was identified on an examining table in a morgue by a group of forensic scientists in Brazil. This book, based on a presentation by the authors, explores the emergence of the object in human rights, the conditions of its presentation, and the aesthetic operations involved

Barry Kohler, a young investigative journalist, gets wind of the project and informs famed Nazi hunter Ezra Lieberman, but before he can relay the evidence, Kohler is killed. Thus Ira Levin opens one of the strangest and most masterful novels of his career. Why has Mengele marked a number of harmless aging men for murder? What is the hidden link that binds them? What interest can they possibly hold for their killers: six former SS men dispatched from South America by the most wanted Nazi still alive, the notorious “Angel of Death”? One man alone must answer these questions and stop the killings—Lieberman, himself*

*Based on exclusive and unrestricted access to more than 5,000 pages of personal writings and family photos, this definitive biography of German physician and SS-Hauptsturmführer Josef Mengele (1911-1979) probes the personality and motivations of Auschwitz's "Angel of Death." From May 1943 through January 1945, Mengele selected who would be gassed immediately, who would be worked to death, and who would serve as involuntary guinea pigs for his spurious and ghastly human experiments (twins were Mengele's particular obsession).*

*A bold new exploration that answers the most commonly asked questions about the Holocaust. Despite the outpouring of books, movies, museums, memorials, and courses devoted to the Holocaust, a coherent explanation of why such ghastly carnage erupted from the heart of civilized Europe in the twentieth century still seems elusive even seventy years later. Numerous theories have sprouted in an attempt to console ourselves and to point the blame in emotionally satisfying directions—yet none of them are fully convincing. As witnesses to the Holocaust near the ends of their lives, it becomes that much more important to unravel what happened and*

Why? dispels many misconceptions and answers some of the most basic—yet vexing—questions that remain: why the Jews and not another ethnic group? Why the Germans? Why such a swift and sweeping extermination? Why didn't more Jews fight back more often? Why didn't they receive more help? While responding to the questions he has been most frequently asked by students over the decades, world-renowned Holocaust historian and professor Peter Hayes brings a wealth of scholarly research and experience to bear on conventional, popular views of the history, challenging some of the most prominent recent interpretations. He argues that there is no*

Laureate "Dr. Edith Eva Eger is my kind of hero. She survived unspeakable horrors and brutality; but rather than let her painful past destroy her, she chose to transform it into a powerful gift—one she uses to help others heal." —Jeannette Walls, New York Times bestselling author of *The Glass Castle* Winner of the National Jewish Book Award and Christopher Award At the age of sixteen, Edith Eger was sent to Auschwitz. During World War II, Nazi doctor Josef Mengele subjected some 3,000 twins to medical experiments of unspeakable horror; only 160 survived. In this remarkable narrative, the life of Auschwitz's Angel of Death is told in counterpoint to the lives of the survivors, who until now have kept silent about their heinous death-camp ordeals.

It was when Hitler's miscalculations and policy of terror propelled Churchill, FDR, and Stalin into a powerful new alliance that defeated Nazi Germany. In early 1941, Hitler's armies ruled most of Europe. Churchill's Britain was an isolated holdout against the Nazi tide, but German bombers were attacking its cities and German U-boats were attacking its ships. Stalin was observing the terms of the Nazi-Soviet Pact, and Roosevelt was vowing to keep the United States out of the war. Hitler was confident that his aim of total victory was within reach. But by the end

of 1941, all that changed. Hitler had repeatedly gambled on escalation and lost: by invading the Soviet Union and committing a series of disastrous military blunders; by making mass murder and terror his weapons of choice, and by rushing to declare war on the United States after Japan's attack on Pearl Harbor. Britain emerged with two powerful new allies—Russia and the United States. By then, Germany was doomed to defeat. Nagorski illuminates the actions of the major characters of this pivotal year as never before. 1941: The Year Germany Lost the War is a
