From Lisi Harrison, the New York Times bestselling author of The Clique and Alphas, comes a new series with a fresh twist on high school, romance, and the "horrors" of trying to fit in. The monster community has kept a low profile at the local high school, but when two new girls enroll, the town will never be the same. Created just fifteen days ago, Frankie Stein is psyched to trade her father's formaldehyde-smelling basement

lab for parties and prom. But with a student body totally freaked out by rumors of monsters stalking the halls, Frankie learns that high school can be rough for a chic freak like her. She thinks she finds a friend in fellow new student Melody Carver-but can a "normie" be trusted with her big secret? If you know about Monster High, then you know that it is a high school hidden away from the Normie World and filled with creepy-cool monsters. But how did those monsters get there? They were rescued by three ghoulfriends: Draculaura, Frankie Stein, and Clawdeen Wolf. This is the never-before-told story of how these ghoulfriends rescued Egyptian princess Cleo de Nile. In this epic adventure, the ghouls face off against angry mummies, escape from giant scorpions, and more as they launch a creeperific rescue mission to bring Cleo to Monster High!
