The deep sea is an environment completely unfriendly to mankind; it represents one of the least explored areas on Earth. Pressures in the mesopelagic zone become too great for traditional exploration methods, demanding alternative approaches for deep sea research. What is beneath the depths of the sea? Featuring award-winning authors including Deborah Sheldon, Liz Butcher, Gerry Huntman, and more!

Managerial styles are influenced by habit, familiarity, and workplace culture. It's no wonder that well-intentioned professionals doing their best to be good organizational leaders often repeat unhelpful supervisory practices experienced in their early careers, even if they disliked them at the time. In the DUH! Book of Management and Supervision, the author disagrees with many accepted leadership principles (unabashedly referring to them as myths) and makes new and different approaches easier to imagine. Her challenging and controversial concepts illustrated with poignant stories suggest common-sense and immediately applicable alternatives more suitable in today's workplace.

*"Me and E: A Baseball Odyssey is a reflection on parenting a highly skilled, nationally-ranked and difficult baseball prodigy, told through the author's eyes as he witnessed and participated in the successes and failures of his son playing baseball and growing up in Central Florida. It deals with the changing world of competitive youth sports, over-involved parents, fanatical coaches, the hypocrisies inherent in high school athletics, the college recruiting process and how we teach our kids to grow up and become decent human beings - despite ourselves. It involves well-known sports figures as well as local sports icons with traits and characteristics that everyone will recognize. It's a book about flawed parenting, about living vicariously through a gifted child and learning, finally, that being a good father is as much about letting go as it is about being there. Call it Moneyball meets Everything I Know I Learned in Kindergarten.*

*Structophis is a heartwarming YA adventure from the author of The Book of Deacon, Bypass Gemini, and Free-Wrench. It is based upon a concept and artwork by ProjectENDO. In a small town in Colorado, Markus Spiros was just getting his life on track. By day he worked as a veterinary tech, by night he took classes. His steady little routine was rolling along nicely when his impulsive Uncle Dimitrios threw a wrench in the works. Thanks to an unannounced trip, Markus had to swing by his uncle's bistro to tend to the 'special oven.' When he arrived, he discovered it wasn't the oven that was special, it was the rare and exotic egg that had been incubating inside it. And now it had hatched. Suddenly, Markus found his life had become a good deal more complicated. The creature was a Structophis Gastrignae—a strange creature that was equal parts dragon and oven—and she'd become quite a big girl. Large as a refrigerator and curious as a toddler, the creature he'd dubbed Blodgette would have been a handful in any situation. Markus had bigger problems than figuring out how to take care of her, though. Owning such a rare and special beast was illegal, so should the cops learn of it, Markus would be destined for jail. Worse, there were certain unscrupulous people who would do anything to acquire Blodgette. Now, with the help of his old classmate Gale, Markus must scramble to stay two steps ahead of the authorities and a corrupt CEO, all while being the best 'mommy' he can be to his brand-new pizza dragon.*

*Cass Henley is a hard-edged business woman with a scarred and painful past. She sees men simply as a way to take care of physical needs, and nothing more. When her company wins the bid to survey a large portion of the UK, she discovers a massive hill in southern Scotland where her knowledge tells her there should only be flat land. She is determined to explore the oddity alone, until AJ, a handsome National Geographic's writer, asks to join her team. When her bitchy attitude doesn't dissuade him, she finally agrees. Together they discover a buried castle along with scrolls that tell of the fall of a once great Kingdom. As the startling story of Kingdom Hill unfolds, Cass realizes, for the first time in her life, she is falling in love. But, when AJ reveals something that has ended every romantic relationship he's ever had, will she be like all the rest?*

"As enjoyable as a day at the beach." That's how USA TODAY summed up this hilarious and big-hearted romp in the Florida sunshine. When Murray Zemelman, a.k.a. The Bra King, pops another Prozac and heads to the Keys, he has nothing much in mind beyond a quixotic hope of winning back his first wife, Franny, whom he dumped years before. But when he forms an unlikely friendship with Tommy Tarpon, the last remaining member of an obscure Indian tribe, another plan also starts shaping up in his fevered brain. Why not open up Key West's first casino? Why not? Well, how about because the Mafia, in league with some of the nastiest politicians you will ever meet, is determined to kill anyone who tries? Somehow, Murray, Tommy, and Franny didn't think of that until they were in way too deep. Laugh along as they improvise a manic and ever more desperate campaign to keep their casino dreams--and themselves--alive.

The Hunt

Based on the Gospel of Matthew, this book is the first of five in the series. The only reason Luke is even at the church youth overnight event is because his mother convinced him to go after an argument. His mother wants him to be baptized but, at 15, Luke doesn't believe he is old enough and doesn't know Jesus well enough. That changes when Luke meets an angel who says he has been chosen by God to deliver a message. First Luke must decide if what he saw and heard is real and then he must decide if he will go. Luke sets out on what he is sure is a crazy adventure with his friend Keith. Starting on bicycles they end up crossing half the United States on a mission for God. Along the way, they learn much more about loving Jesus while facing bullies, drugs and even seeing death - - and Luke delivers God's message. He delivers it to a senior pastor of a large church and the pastor doesn't even know he needs the message.

As second son of the King of Levathia, seventeen-year-old Valerian desires the quiet life of a scholarly monk. But when he fails to save his older brother in battle, Valerian must instead become crown prince. While a traitorous knight schemes against him, Valerian meets Mercy, a pacifist Healer with whom he can speak mind-to-mind like the great dragons. Their bond emboldens Valerian to seek out the legendary dragons and ask for their help against the monsters who killed his brother. Can Valerian survive the traitor's assassins long enough to find the dragons? And if he does, can he convince them to lay aside their hatred of humans and help him save the land from destruction?

When King Leonidas and Queen Annabeth announce the birth of their son, Prince Leopold, they are elated and have nothing but the highest of hopes for the future. However, the young prince has a secret. Upon his eighteenth birthday, when his parents urge him to begin his search for a wife, he admits he prefers princes over princesses. He quickly finds himself locked away in a tower, and word of his 'sudden death' is touted throughout the Kingdom of Moreng. While the whole of the kingdom grieves their loss, his best friend, Amod, refuses to believe tales of the prince's death. With the agony of a long-standing but unspoken love driving him, Amod, along with a quirky search party, sets out on a quest to find and save the prince. The less-than-adept group encounters many challenges, new friends, and more than their fair share of foes on their journey through an ancient yet modern-day world of unicorns, dragons, swords, smart phones, social networks, and high-speed internet. Woven in with all the dangers of such a quest, there are life lessons to be learned and deeper personal truths to be discovered. The story is often as dark as it is lighthearted, with plenty of twists and turns to keep you guessing. You'll never know what might happen next, and you may even begin to wonder if love really can conquer all.

Michael Dante played the title role in Winterhawk (1975), a Western about a legendary Blackfoot Chief's character and his principles. In this novella sequel, he pens an ageless saga about ruthless railroad executives trying to assassinate him in order to build their railroad directly through his territory, taking the Blackfoot land without provocation. Winterhawk and his tribe remain strong as long as they can, to protect the land of their people, the land they call home, before the invasion of progress imposes itself on America. This inspiring story of a brave man, who stands up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television's Golden Era, such as Death Valley Days, The Big Valley, Daniel Boone, Custer, The Texan, Bonanza, Maverick, and Cheyenne.
