

## Dragonsong Sheet Music

...And Egypt Is the River is a collection of mystical prose-poems which the author describes as an attempt, based on the linguistic theories of R.W. Emerson, Ernest Fenollosa, and Hugh Kenner, among others, to trace the evolution of cosmology and myth as derived from a people's immediate sensory experience. In one sense it is an exploration of the genesis of language, the primal utterances that transcend from the physical world of sound denoting object to how images come to bring about self-awareness and fuse shared mythologies; or as the poet would say – “impact that compels words, that collect in fossil tidepools of the skull.”

Fifteen poems about dragons, jellyfish, the Brooklyn Dodgers and more, with endnotes.

The Book of Lost Tales

The Great Recession has shuffled Clay Jannon out of his life as a web-design drone, and serendipity, sheer curiosity and the ability to climb a ladder like a monkey have landed him a new gig working the night shift at Mr. Penumbra's 24-Hour Bookstore. But Clay begins to realize that this store is even more curious than its name suggests. There are only a few customers, but they come in repeatedly and never seem to actually buy anything. Instead they “check out” impossibly obscure volumes from strange corners of the store, all according to some elaborate, long-standing arrangement with the gnomic Mr. Penumbra. The store must be a front for something larger, Clay concludes, and soon he has embarked on a complex analysis of the customers' behaviour and roped his friends into helping him figure out just what's going on. But once they take their findings to Mr.

Penumbra, they discover the secrets extend far beyond the walls of the bookstore. Evoking both the fairy-tale charm of Haruki Murakami and the enthusiastic novel-of-ideas wizardry of Neal Stephenson or Umberto Eco, Mr. Penumbra's 24-Hour Bookstore is exactly what it sounds like—an establishment you have to enter and will never want to leave.

The seven dragon tribes have been at war for generations, locked in an endless battle over an ancient, lost treasure. A secret movement called the Talons of Peace is determined to bring an end to the fighting, with the help of a prophecy - a foretelling that calls for great sacrifice. Five dragonets are collected to fulfill the prophecy, raised in a hidden cave and enlisted, against their will, to end the terrible war. But not every dragonet wants a destiny. And when the select five escape their underground captors to look for their original homes, what has been unleashed on the dragon world may be far more than the revolutionary planners intended...

What more could adventure-loving readers ask for?”—Publishers Weekly Oakland, 1946. Ex-soldier John Rolfe, newly back from the Pacific, has made a fabulous discovery: A portal to an alternate America where Europeans have never set foot—and the only other humans in sight are a band of very curious Indians. Able to return at will to the modern world, Rolfe summons the only people with whom he is willing to share his discovery: his war buddies. And tells them to bring their families... Los Angeles, twenty-first century. Fish and Game warden Tom Christiansen is involved in the bust of a smuggling operation. What he turns up is something he never anticipated: a photo of authentic Aztec priests decked out in Grateful Dead T-shirts, and a live condor from a gene pool that doesn’t correspond to any known in captivity or the wild. It is a find that will lead him to a woman named Adrienne Rolfe—and a secret that’s been hidden for sixty years...**
