Why has the myth of Pygmalion and his ivory statue proved so inspirational for writers, artists, philosophers, scientists, and directors and creators of films and television series? The 'authorised' version of the story appears in the epic poem of transformations, Metamorphoses, by the first-century CE Latin poet Ovid; in which the bard Orpheus narrates the legend of the sculptor king of Cyprus whose beautiful carved woman was brought to life by the goddess Venus. Focusing on screen storylines with a Pygmalion subtext, from silent cinema to Buffy the Vampire Slayer and Lars and the Real Girl, this book looks at why and how the made-over or manufactured woman has survived through the centuries and what we can learn about this problematic model of 'perfection' from the perspective of the past and the present. Given the myriad representations of Ovid's myth, can we really make a modern text a tool of interpretation for an ancient poem? This book answers with a resounding 'yes' and explains why it is so important to give antiquity back its future. Why are educators and their profession the focus of so much film and theatre? Diane Conrad and Monica Prendergast bring together scholars and practitioners in education, examining dramatic portrayals of teachers and teaching to answer this very question. Films such as Freedom Writers, Bad Teacher and School of Rock, to name a few, intentionally or inadvertently comment on

The chapters gathered in this collection critique the Hollywood 'good teacher' repertoire, delve into satiric parodies and alternative representations and explore issues through analyses of independent and popular films and plays from around the world. By examining teacher-student relationships, institutional cultures, societal influences and much more, Teachers and Teaching on Stage and on Screen addresses these media's varied fascinations with the educator like no collection before it.

With her theory of 'Language as Dialogue', Edda Weigand has opened up a new and promising perspective in linguistic research and its neighbouring disciplines. Her model of 'competence-in-performance' solved the problem of how to bridge the gap between competence and performance and thus substantially shaped the way in which people look at language today. This book traces Weigand's linguistic career from its beginning to today and comprises a selection of articles which take the reader on a vivid and fascinating journey through the most important stages of her theorizing. The initial stage when a model of communicative competence was developed is followed by a gradual transition period which finally resulted in the theory of the dialogic action game as a mixed game or the Mixed Game Model. The articles cover a wide range of linguistic topics including, among others, speech act theory, lexical semantics, utterance grammar, emotions, the media, rhetoric and institutional communication. Editorial introductions give further information on the origin and theoretical background of the articles included. It is after dinner on a January night, in the library in

between 1877 and 1950. The most significant is a ten-page draft synopsis of Man and Superman (the original manuscript draft of the play has been lost) in a contemplated five-act version, providing scholars with a hitherto unavailable ur-text. Equally important for the biographical and artistic insights they offer are the early literary efforts found in Shaw's first opus notebook, including an extended narrative-verse fragment of 1877 set in Dublin; a polemic (his first) on oakum picking and prison conditions; a criticism of organists and orchestral conductors; and an attempted evaluation of contemporary arts and letters in 1878. We find Shaw, through the persona of a female narrator, creating in his own image a fictional memoir of the young Hector Berlioz; offering an ironic vindication of housebreakers (in anticipation of Heartbreak House); exploring the seamy side of the prizefight ring; examining "exhausted" genres of Victorian art in 1880; defining the "true signification of the term Gentleman"; lecturing on Socialism and the family and on realism

as the goal of fiction; and penetratingly considering the future of marriage in a rejected book review, one of four included in the volume. The dimensions of Shaw's political views may be examined through nearly a dozen commentaries on politics and on war and peace, ranging from the Boer War (an 1899 draft letter to the press, "Why Not Abolish the Soldier?") and 1903 municipal elections to U.S. Liberty Loans, the Italo-Abyssinian War, "how to talk intelligently" about the Second World War, and the implications of the hydrogen bomb in the nuclear age. For good measure, the volume concludes with two brief playlets, previously unrecorded. The editors have arranged these pieces individually or grouped by theme and genre as near to chronological order as possible, and the reader is brought closer to the original manuscripts by the retention of Shaw's stylistic and spelling inconsistencies, and by transliteration of the shorthand notations he frequently inserted between lines or in the margins. A Telephonic Conversation is a piece of short fiction by Mark Twain. Samuel Langhorne Clemens (November 30, 1835 - April 21, 1910), better known by his pen name Mark Twain, was an American author and humorist. He wrote The Adventures of Tom Sawyer (1876) and its sequel, Adventures of Huckleberry Finn (1885), the latter often called "The Great American Novel." Twain grew up in Hannibal, Missouri, which provided the setting for Huckleberry Finn and Tom Sawyer. After an apprenticeship with a printer, he worked as a typesetter and contributed articles to the newspaper of his older brother, Orion Clemens. He later became a riverboat pilot on the Mississippi River before heading west to join Orion in Nevada. He referred humorously to his singular lack of success at mining, turning to journalism for the Virginia City Territorial Enterprise. In 1865, his humorous story, "The Celebrated Jumping Frog of Calaveras County," was published, based on a story he heard at Angels Hotel in Angels Camp, California, where he had spent some time as a miner. The short story brought international attention, and was even translated into classic Greek. His wit and satire, in prose and in speech, earned praise from critics and peers, and he was a friend to presidents, artists, industrialists, and

European royalty. Though Twain earned a great deal of money from his writings and lectures, he invested in ventures that lost a great deal of money, notably the Paige Compositor, a mechanical typesetter, which failed because of its complexity and imprecision. In the wake of these financial setbacks, he filed for protection from his creditors via bankruptcy, and with the help of Henry Huttleston Rogers eventually overcame his financial troubles. Twain chose to pay all his pre-bankruptcy creditors in full, though he had no legal responsibility to do so. Twain was born shortly after a visit by Halley's Comet, and he predicted that he would "go out with it," too. He died the day after the comet returned. He was lauded as the "greatest American humorist of his age," and William Faulkner called Twain "the father of American literature."

An office in the royal palace. Two writing-tables face each other from opposite sides of the room, leaving plenty of room between them. Each table has a chair by it for visitors. The door is in the middle of the farthest wall. The clock shews that it is a little past 11; and the light is that of a fine summer morning. Sempronius, smart and still presentably young, shews his right profile as he sits at one of the tables opening the King's letters. Pamphilius, middle aged, shews his left as he leans back in his chair at the other table with a pile of the

morning papers at his elbow, reading one of them. This goes on silently for some time. Then Pamphilius, putting down his paper, looks at Sempronius for a moment before speaking.

PAMPHILIUS. What was your father?

SEMPRONIUS [startled] Eh?

PAMPHILIUS. What was your father?

SEMPRONIUS. My father?

PAMPHILIUS. Yes. What was he?

SEMPRONIUS. A Ritualist.

PAMPHILIUS. I dont mean his religion. I mean his profession. And his politics.

SEMPRONIUS. He was a Ritualist by profession, a Ritualist in politics, a Ritualist in religion: a raging emotional Die Hard Ritualist right down to his boots.

PAMPHILIUS. Do you mean that he was a parson?

SEMPRONIUS. Not at all. He was a sort of spectacular artist. He got up pageants and Lord Mayors' Shows and military tattoos and big public ceremonies and things like that. He arranged the last two coronations. That was how I got my job here in the palace. All our royal people knew him quite well: he was behind the scenes with them.

PAMPHILIUS. Behind the scenes and yet believed they were all real!

SEMPRONIUS. Yes. Believed in them with all his soul.

PAMPHILIUS. Although he manufactured them himself?

SEMPRONIUS. Certainly. Do you suppose a baker cannot believe sincerely in the sacrifice of the Mass or in holy communion because he has baked the consecrated wafer himself?

PAMPHILIUS. I never thought of that.

SEMPRONIUS. My father might have made millions in the theatres and film studios. But he refused to touch them because the things they represented hadnt really happened. He didnt mind doing the christening of Queen Elizabeth in Shakespear's Henry the Eighth because that had really happened. It was a celebration of royalty. But not anything romantic: not though they offered him thousands.

PAMPHILIUS. Did you ever ask him what he really thought about it all? But of course you didnt: one cant ask one's father anything about himself.

Pygmalion, Heartbreak House, and Saint Joan are widely considered to be three of the most important in the canon of modern British theatre. Pygmalion (1912) was a world-wide smash hit from the time of its premiere in Vienna 1913 and it has remained popular to this day. Shaw was awarded an Academy Award in 1938 for his screenplay of the film adaptation. It was, of course, later made into the much-loved musical My Fair Lady. Heartbreak House (1917), which was finally performed in 1920 and published in 1921, bares the hallmarks of European modernism and a formal break from Shaw's previous work. A meditation on the war and the resultant decline in European aristocratic culture, it was perhaps staged too soon after the conflict; indeed, it did not have the success of his earlier works, which was likely due to his experimental aesthetics combined with a war-weary audience that sought lighter fare. However, while this contemporary reception was muted, it is now recognised as a modernist masterpiece. Saint Joan (1923) marked Shaw's resurrection and apotheosis. The first major work written of Joan of Arc after her canonization (1920), the play interrogates the origins of European nationalism in the post-war era. Like Pygmalion, it was an immediate world-wide hit

and secured Shaw the Nobel Prize for Literature in 1925. Drawing upon the transcripts of Joan's trial, Shaw blended his trademark wit to produce a hybrid genre of comedy and history play. Despite the historical setting, Saint Joan is highly accessible and continues to delight audiences.
