Visionary author, filmmaker, and comic book creator Moebius has created a long and varied body of work, including sequential art, an incredible Sci-Fi universe, full of love, revenge, intrigue, betrayal, and redemption: THE JODOVERSE. The Jodoverses's two cornerstone series are The Incal and The Metabarons, which together have sold over 5 million copies worldwide. This deluxe box set (two oversized books in one deluxe slipcase box) will be limited at 1500 numbered copies. Book 1 will contain the reference guide on The Incal, Deconstructing the Incal, which lifts the veil on many of the mysteries and secrets surrounding the seminal science-fiction graphic novel. This encyclopedic reference book is packed with fascinating insights from the creators, Jodorowsky and Moebius, alongside revealing text and rare and unseen preliminary illustrations. The book will also contain the original 56 pages drawn by Moebius of the unfinished first version of the sequel story (After The Incal). Book 2 will feature the second reference guide to the Jodaverse, Deconstructing the Metabarons, focused on unveiling the secrets of the universe's fiercest warrior clan: the Metabarons. Book 2 will also include Weapons of the Metabarons, the seminal series' spin-off story recounting how the mightiest warrior in the universe built his arsenal of war and featuring A-list comic star Travis Charest's (Wildcats, WildC.A.T.s/X-Men: The Golden Age, and Star Wars comics alongside) interpretation of The Metabarons' mythology.

The bestselling author of The Tao of Pooh offers a uniquely authentic translation of the enduring Tao Te Ching, based on the meanings of the ancient Chinese characters in use when the Taoist classic was written. From Benjamin Hoff, author of The Tao of Pooh and The Te of Piglet, which have sold millions of copies worldwide, comes The Eternal Tao Te Ching, a new translation of the Chinese philosophical classic, the Tao Te Ching. The Eternal Tao Te Ching is the first translation to employ the meanings of the pre-writing brush characters in use 2,400 years ago, when the classic was written, rather than relying on the often-different meanings of the more modern brush characters, as other translations have done. Hoff points out in his chapter notes the many intricacies of medding and muddling that have been made over the centuries by scholars and copyists, and he corrects the mistakes and removes such tampering from the text. Hoff also makes the provocative claim&and demonstrates by revealing clues in the text&that the Tao Te Ching's author was a young nobleman hiding his identity, rather than the long-alleged author, the 'Old Master' of legend, Lao-tzu. And Hoff's chapter notes shed new light on the author's surprisingly modern viewpoint. With a selection of lyrical color landscape photographs by the author, this is a unique, and uniquely accessible, presentation of the Tao Te Ching.

The complete series of filmmaker Alejandro Jodorowsky's spiritual comics, translated into English for the first time
• Contains all 284 of Jodo's Panic Fables comics, published weekly from 1967 to 1973 in Mexico City's El Heraldo newspaper
• Includes an introduction describing how the Panic Fables came to be
• Explains how he incorporated Zen teachings, initiatory wisdom, and sacred symbology into his Panic Fables, as well as himself as one of the characters
In 1967, in response to theatrical censorship rules that put him on the political "black list" in Mexico City and caused his plays and his pantomime classes at the School of Fine Arts to be cancelled, Alejandro Jodorowsky decided to pursue a new form of artistic expression to earn his living: comics. Working with his friend Luis Spota, the editor of the cultural section of the newspaper El Heraldo de M é xico, Jodo initially planned 3 months' worth of weekly comics, which he would draw himself. However, his "Panic Fables"—named after his early '60s avant-garde theater movement in Paris—were met with such insatiable popularity that he continued the series for six and a half years, from June 1967 until December 1973. Appearing for the first time in English, this book presents all 284 of Jodorowsky's Panic Fables in full color, along with an introduction by the author. He reveals how his first comics reflected his pessimism about the future and the meaning of life, the negativity of which soon exhausted him. He realized he needed to show the positivity that he encountered in life, and thus, little by little, he began incorporating Zen teachings, initiatory wisdom, and sacred symbology into his Panic Fables. Through this transformation and the outpouring of support from his devoted readers, many of whom cite the Panic Fables as providing pivotal guidance during their adolescence, Jodo discovered that art can serve to heal as well as raise consciousness. Writing himself into his comics, Jodo can be glimpsed as the character of the disciple who talks with his master and, as the series progresses, gradually grows to assume the role of master, providing psychomagic solutions to the problems of everyday life. In reading the complete Panic Fables in chronological order, much like his film The Dance of Reality, we witness in colorful detail Jodorowsky's own path of spiritual growth.

From the psychomagogical guru who brought you The Holy Mountain and Where the Bird Sings Best comes a supernatural love-and-horror story in which a beautiful albino giantess unleashes the slavering animal lurking inside the men of a small village. When two women—an amnesiac goddess and her protector, a leather-tough woman called Crabby—arrive in a Chilean desert town, Albina's otherworldly allure and unfettered sensuality turn men into wild beasts. Chased by a clubfooted corrupt cop, a love-drunk, giant-hare-riding narcos, and Himalayan cultists, Albina and Crabby must find a magical cactus that will cure Albina and the men's monstrous affliction before the town consumes itself in an orgy of lust and violence. Albina and the Dog-Men is Alejandro Jodorowsky's darkly funny, shocking, and surreal hybrid of mystical folktale, road novel, horror story, and social parable, ultimately uniting in a universal story of love against the odds and what makes us human. Praise for Albina and the Dog-Men "Deeply psychological and mysterious, the book will stimulate the imagination of the reader's mind to the extreme." —Marina Abramovic "In his latest novel, Jodorowsky builds on his multi-decade long assault of the public imagination . . . a fantastical and genre-defying parable of love and friendship. . . . Throughout this dark dream of a novel, Jodorowsky's writing is comic and occasionally mesmerizing. It is also ripe with horror and philosophical questions about what it means to belong, everywhere and nowhere. And while some of the subject matter is disturbing, it often carries the air of something ancient that you read children by a fire. For years, Jodorowsky has proven the intensity of his imagination, and how far he is willing to go to present his singular vision to the world. He is a fully realized artist whose tales demand attention. At its core, Albina and the Dog-Men is a love story about two people committed to one another's survival and to discovering their potential. And, as with life, it is sometimes only through the weathering of a storm that our true capacities are made clear." —Juan Vidal, NPR Books "[Albina and the Dog-Men] may be the ultimate piece of Jodorowsky arcana, a mind-bending adventure story on par with his wildest cinematic visions. . . . A surrealist novel par excellence, Albina and the Dog-Men is a dream, a prophecy, a hallucination, and a transfiguration such as only Jodorowsky could induce." —Publishers Weekly "Composed like a feverish fairy tale, Albina and the Dog-Men is a South American parable of self-acceptance and belonging that is fueled by prurience and colored with vivid, hallucinogenic details. . . . No moment of Jodorowsky's book is at all predictable or familiar, and those who have a taste for the uncanny will be in awe over its undulations into strange, even godly, territory. The sensuality of the prose thickens as Albina's situation becomes more tenuous, resulting in heady and appealing constructions. . . . As Albina and her followers traipse over barren lands and into forests protected by ancient Incans, the novel winds toward territory both magical and needfully human. The surreal methods of redemption in the novel's final pages prove both glorious and moving. Jodorowsky's is a work of unforgettable weirdness, a work whose movements are directed by sometimes violent mysticism and whose final lessons may speak to all who have ever dreamed of transformation." —Michelle Anne Schingler, Foreword Reviews, Five-Star Review

Lisa Le Feuvre and Tom Morton have selected 39 artists on the grounds of their significant contribution to contemporary art in the last five years. All artworks included have been produced since 2005 and encompass sculpture, painting, installation, drawing, photography, film, video and performance. Uses the motif of the comet to explore and draw together a set of concerns that thread their way through the practices of the selected artists. Here the comet alludes to the measuring of time, to historical recurrence, and to parallel worlds. Comets are also commonly understood as harbingers of change, and fittingly the exhibition will evolve as it moves from city to city, revealing new works at different venues, creating a unique exhibition in each host city. Le Feuvre is Associate Lecturer in Curating at Goldsmiths College and Curator of Contemporary Art at the National Maritime Museum. Morton is a curator at the Hayward Gallery.

The magnun opus from Alejandro Jodorowsky—director of The Holy Mountain, star of Jodorowsky's Dune, spiritual guru behind Psychomagic and The Way of Tarot, innovator behind classic comics The Incal and Metabarons, and legend of Latin American literature. There has never been an artist like the polymathic Chilean director, author, and mystic Alejandro Jodorowsky. For eight decades, he has blazed new trails across a dazzling variety of creative fields. While his psychedelic, visionary films have been celebrated by the likes of John Lennon, Marina Abramovic, and Kanye West, his novels—praised throughout Latin America in the same breath as those of Gabriel García Márquez—have remained largely unknown in the English-speaking world. Until now. Where the Bird Sings Best tells the fantastic story of the Jodorowskys' emigration from Ukraine to Chile amidst the political and cultural upheavals of the 19th and 20th centuries. Like One Hundred Years of Solitude, Jodorowsky's book transforms family history into heroic legend: incestuous beekeepers hide their crime with a living cloak of bees, a czar takes his own death to live as a hermit amongst the animals, a devout grandfather confides only in the ghost of a wise rabbi, a transgender ballerina with a voracious sexual appetite holds a would-be saint in thrall. Kaleidoscopic, exhilarating, and erotic, Where the Bird Sings Best expands the classic immigration story to mythic proportions. Praise "This epic family saga, reminiscent of Gabriel García Márquez's One Hundred Years of Solitude in structure and breadth, reads at a breakneck pace. Though ostensibly a novelization of the author's own family history, it is a raucous carnival of the surreal, mystical, and grotesque." —Publishers Weekly "A man whose life has been defined by cosmic ambitions." —The New York Times Magazine "A great eccentric original...A legendary man of many trades." —Roger Ebert For more information on Alejandro Jodorowsky, please visit www.restlessbooks.com/alexandro-jodorowsky
