The Great Houses featured in this book reveal Scots architecture in its grandest forms. The specially commissioned photographs by Christopher Simon Sykes include stunning close-ups of architectural details and objects, and capture the spirit and style of the houses while Hugh Montgomery-Massingberds refreshingly personal and informal text is as much about the families, who in many cases still live in these fascinating places, as about the architecture and decoration. The personal selection of twenty-six houses reflects the development of style in Scotland, from old tower houses such as Cawdor through Baroque masterpieces like Drumlanrig and the pioneering Classicism of Kinross right up to the Edwardian opulence of Manderston and Ardkinglas.

In this follow-up to *Bech: A Book*, Henry Bech, the priapic, peripatetic, and unproductive Jewish American novelist, returns with seven more chapters from his mock-heroic life. He turns fifty in a confusing blend of civic and erotic circumstances while publicizing himself in Australia and Canada. He marries a shiksa and travels with her to Israel, where she falls in love with the land, and to Scotland, where he does.

And—sweating buckets! thinking big! minting miracles!—he writes an ingeniously tawdry bestseller. Bech's aesthetic and moral embarrassments reveal acid truths about both his trade and our times.

History tells the story of the Battle of Culloden, however, the story of the Clearances have been deleted from history altogether. "An Ethnic Cleansing" as it was called, took place that required all men, women and children to leave their homeland without belongings, money or dignity. The Highlanders left Scotland for countries which were foreign to them: Canada's Nova Scotia, Australia, New Zealand, and America. They brought with them the Gaelic language of the Highlands and the sadness of people who had been disowned by the English government. The Clearances were shameful, hidden, not written about and not spoken of. Tragedy of the Blood

tells the stories handed down from one generation to the next. It is time for their stories to be told so others will know of the 'ethnic cleansing of Scotland' and the true meaning of those words.

This new illustrated paperback edition examines the Scottish country house in all its guises - from great classical houses like Hopetoun, to familiar castles such as Glamis and Craigievar - as well as giving insights into the architects who designed them, including William and Robert Adam, Sir John James Burnet and Sir William Bruce.

This true story of a mass eviction in nineteenth-century Scotland is “a moving, gripping, definitive account of a struggle for survival (Scots Magazine). A Saltire Society History Book of the Year They would be better dead, they said, than set adrift upon the world. But set adrift they were—thousands of them, their communities destroyed, their homes demolished and burned. Such were the Sutherland Clearances, an extraordinary episode involving the deliberate depopulation of much of a Scottish Highlands county. What was done in the course of it was planned and carried out by a small group of men and one woman, seeking a more profitable use of the land. Most of those involved wrote a great deal about their actions, intentions, and feelings, and much of it has been preserved. There are no equivalent collections of material from those whose communities ceased to exist. Their feelings and fears are harder to access, but by no means irrecoverable. In this book, James Hunter tells the story of the Sutherland Clearances. His research took him to archives in Scotland, England, and Canada, to the now deserted valleys of Sutherland, to the frozen shores of Hudson Bay. The result is a story of a people’s struggle for survival in the face of tragedy and disaster, covering experiences not featured in any previous such account. “Detailed and unsparing . . . [The author] is careful to present the evidence for all he records.” —London Review of Books

Featuring breathtaking photographs of some of Scotland's most remarkable and little-known houses, this book tells the story of how incomers adopted the North of Scotland as a recreational paradise and left an astonishing legacy of architecture and decoration inspired by the romanticized image of the Highlands. Known as shooting lodges because they were designed principally to accommodate the parties of guests that flocked north for the annual sporting season, these houses range from Picturesque cottages ornées and Scotch Baronial castles to Arts and Crafts mansions and modern eco-lodges. While their designs respond to some of Britain's wildest and most stirring landscapes, inside many were equipped with the latest domestic technology and boasted opulent decoration and furnishings from the smartest London and Parisian firms. A good number survive little altered in their original state, and some are still owned by descendants of the families that built them. Images from the famous Country Life Picture Library and specially commissioned photographs evoke the dramatic settings and arresting detail of these houses, making the book as appealing to decorators and architectural historians as it is to travelers and sportsmen.

Coming along the coast near a mile to Dunrobin, Lord Sutherland's castle and house, we were surprized at seeing half-a-dozen families forming so many groupés--viz., the man, his wife, and children, each under a coverlit, and reposing on the shoar, in order to wait for ye tyde to go a-fishing. We arrived at Dunrobin, twenty miles from Dunbeath. This castle is finely situated on the end of a hill, which is cut off by a deep fosse, so that it appears on the south side, and next to the sea, like an old Celtic mount. Between it and the sea is a very good garden. The castle did consist of two square towers and a gateway. One tower only remains now, to which the house is built. There are good apartments in it, tho' some have been destroyed by fire. The present earl has begun to plant the hanging ground from the house, and proposes to carry it on, which will make it exceeding fine. This castle was built by the first Earl of Sutherland. A small mile to the north-west is a part called the old town and ye remains of a Pictish castle,¹ which must have been the residence of the Thanes of Sutherland, under which name they have been famous in history, and more especially in the time of Macbeth. The Short Story of Architecture

The Death of an Heir is Philip Jett's chilling true account of the Coors family's gilded American dream that turned into a nightmare when a meticulously plotted kidnapping went horribly wrong. In the 1950s and 60s, the Coors dynasty reigned over Golden, Colorado, seemingly invincible. When rumblings about labor unions threatened to destabilize the family's brewery, Adolph Coors, Jr., the septuagenarian president of the company, drew a hard line, refusing to budge. They had worked hard for what they had, and no one had a right to take it from them. What they'd soon realize was that they had more to lose than they could have imagined. On the morning of Tuesday, February 9, 1960, Adolph "Ad" Coors III, the 44-year-old CEO of the multimillion dollar Colorado beer empire, stepped into his car and headed for the brewery twelve miles away. At a bridge he stopped to help a man in a yellow Mercury sedan. On the back seat lay handcuffs and leg irons. The glove box held a ransom note ready to be mailed. His coat pocket shielded a loaded pistol. What happened next set off the largest U.S. manhunt since the Lindbergh kidnapping. State and local authorities, along with the FBI personally spearheaded by its director J. Edgar Hoover, burst into action attempting to locate Ad and his kidnapper. The dragnet spanned a continent. Scotland's past is intricately bound up with her fine heritage of castles, and in this book Ian Grimble examines the architecture and history of twelve of the country's most splendid examples: Edinburgh, Stirling, Blair, Inveraray, Culzean, Glamis, Brodie, Craigievar, Fyvie, Thirlestane, Floors and Dunrobin. These magnificent buildings are paid a fitting tribute in this authoritative and beautifully illustrated book, based on Ian Grimble's BBC television series.
