(Guitar Method). The Hal Leonard Guitar Method is designed for anyone just learning to play acoustic or electric guitar. It is based on years of teaching guitar students of all ages, and it also reflects some of the best guitar teaching ideas from around the world. Book 1 includes tuning; playing position; musical symbols; notes in first position; C, G, G7, D, D7, A7, and Em chords; rhythms through eighth notes; strumming and picking; over 80 great songs, riffs, and examples.

DK's How to Play the Recorder is a highly visual and user-friendly guide for anyone learning to play the recorder on their own, and it is also a perfect companion to recorder lessons. The book is structured in a way that challenges readers without overwhelming them. Notes are clearly introduced at appropriate stages with specially selected musical pieces that provide context and a sense of achievement. A range of useful hints and tips offer additional guidance and encouragement.

A new edition of this popular trumpet tutor, ideal for home practice. It has a bright new cover giving it a fresh and contemporary new look, and is the perfect book for pupil and teacher.

This book is a great addition or follow-up to The Violin Fun Book for Young Students Series by Larry E. Newman. Extra-large musical notation and a deliberate absence of markings makes for a clean, easy-to-see music book for the young reader. The teacher can supplement the music with additional markings such as bowings, dynamics, etc.

A basic method of learning to play the recorder and read music through the use of folk, classical and familiar songs.

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists,

business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: • make time for new habits (even when life gets crazy); • overcome a lack of motivation and willpower; • design your environment to make success easier; • get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

*This book is the perfect introduction to the Guitar for kids of all ages. *(Recorder). An effective two-level method for recorder instruction (Student Book 2 = 00710300) and a contemporary approach to instrument learning. The student books include complete introductory materials suitable for use with Baroque and German-style recorders. For general music class teaching, the basic student materials are supplemented by a special Teacher's Cassette Kit (item 00710020). Includes 35 songs: Bingo * The Caissons Go Rolling Along * Dance of the Reed Flutes * Dona Nobis Pacem * Down in the Valley * The Irish Washerwoman * Jingle Bells * Jolly Old St. Nicholas * Merrily We Roll Along * Ode to Joy * Short 'nin' Bread * Zum Gali Gali * and more.*

It takes a graveyard to raise a child. Nobody Owens, known as Bod, is a normal boy. He would be completely normal if he didn't live in a graveyard, being raised by ghosts, with a guardian who belongs to neither the world of the living nor the dead. There are adventures in the graveyard for a boy--an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Sleer. But if Bod leaves the graveyard, he will be in danger from the man Jack--who has already killed Bod's family.

This great beginner's book also provides a great introduction to reading and playing music, includes a fun pull-out Wall Chart to help with practice, and will have kids playing their first tunes in no time." --P. [4] of cover.

Recorder From The Beginning: Pupil's Book 1 (2004 Edition) is the full-colour revised edition of John Pitts' best-selling recorder course. The eight extra pages in Book 1 have allowed for some new tunes and rounds, whilst retaining the well-known favourites that have helped to make

the scheme such an enduring success. This is the book we all learned from as children and is still, successfully, teaching today's youth how to play the Recorder.

Finally, a recorder book with appeal to kids that focuses on fundamentals taught through songs that young people love to play. Author Larry E. Newman (The Recorder Fun Book) created this book to be used as a first year beginning method or as a second year review and continuing book for the progressing intermediate student. The book is crammed with tons of musical examples, scales, arpeggios, songs, solos, duets and trios plus dozens of fun, kid-centered illustrations. There are play-a-long mp3s available to help motivate students and make playing fun. This book makes a great follow-up to The Recorder Fun Book since the first part of the book provides lots of review and the remainder of the book introduces new notes and concepts. With more than one-hundred pages, this book has it all.

(Schott). Although the recorder is often the instrument with which children will make their first musical discoveries, it is also an instrument of the highest artistic merit. This series links these two extremes, providing a carefully planned pathway between first contact with the instrument and professional recorder playing. The three tutor books are suitable for use both with small groups and for individual tuition. Progress is made in small steps, placing great value on consistent work with breathing, sound production and the development of rhythmic security.

Books feature carefully planned, precisely formulated exercises. Tutor Book 2 adds the notes C1, D2, F2, E2, F2 and B-Flat.

The perfect introduction to the electronic keyboard, and ideal for the absolute beginner getting started with their first instrument. With absolutely no musical knowledge required, this simple yet comprehensive guide is perfect for adults and children alike.

40 Fun and Easy Recorder Songs for Beginners

(Schott). A comprehensive recorder method ranging from the beginner's first notes and progressing in carefully managed small steps to advanced playing on the alto. Particular value is placed on musical awareness; expressive playing is presented on an equal basis with breathing, finger and tonguing techniques. Singing and playing from memory are essential to musical development and play a major role throughout the series. Since the first volumes of "Fun and Games with the Recorder" for soprano recorder are intended for use with children from about six years of age, this method for alto recorder is therefore aimed at children of around 10 * 12

years. As in the previous books in this series we address the child directly and provide carefully planned and precisely formulated exercises.

A great introduction to the fundamentals of Recorder playing and understanding music. All examples sound great and are fun to play. Covers a variety of styles including Classical, Jazz, Blues, Pop and Rock in four major and three minor keys. Includes an interactive CD & DVD. This book is the perfect introduction to the Ukulele for kids of all ages. With no sheet music to follow, kids can easily follow the clear and simple diagrams and photos to learn their first chords, play fun tunes and gain confidence playing their first uke! * Easy to follow instructions and illustrations * Simple exercises to follow and practice * Learn at their own pace * Fun and easy songs, chords and tunes to play * Simply follow the lessons in the book and kids will be playing ukulele in no time !

Fun And Easy Ukulele Sheet Music For Beginners.

Children are inherently musical. They respond to music and learn through music. Music expresses children's identity and heritage, teaches them to belong to a culture, and develops their cognitive well-being and inner self worth. As professional instructors, childcare workers, or students looking forward to a career working with children, we should continuously search for ways to tap into children's natural reservoir of enthusiasm for singing, moving and experimenting with instruments. But how, you might ask? What music is appropriate for the children I'm working with? How can music help inspire a well-rounded child? How do I reach and teach children musically? Most importantly perhaps, how can I incorporate music into a curriculum that marginalizes the arts? This book explores a holistic, artistic, and integrated approach to understanding the developmental connections between music and children. This book guides professionals to work through music, harnessing the processes that underlie music learning, and outlining developmentally appropriate methods to understand the role of music in children's lives through play, games, creativity, and movement. Additionally, the book explores ways of applying music-making to benefit the whole child, i.e., socially, emotionally, physically, cognitively, and linguistically.
