

Ecce Romani 1 Full Translation

The title of this series of Latin books is Ecce Romani, which means "Look! The Romans!" The books in the series will present the Romans to you as you learn the Latin language that they spoke. At first you will meet the members of a Roman family; Latin is the language they use to communicate among themselves. As you continue reading you will meet mythological and historical characters that meant much to the Romans and remain part of our cultural heritage today. You will be introduced to a vast and colorful world of ancient Mediterranean and European civilizations that included peoples who spoke many different languages, and you will meet people of many different cultures and social levels, ranging from slaves to emperors. You will read passages from many ancient Roman writers and thus come into direct communication with the ancient Romans themselves. - Introduction.

Outlook

Ovid's Ars Amatoria has met with astonishingly varied fortunes down the centuries. Ten years after publication the book became a reason, or more probably a pretext, for the author's banishment from Rome. It was removed from public libraries, and more recently the poem suffered a virtual embargo in schools and universities. This is the first detailed English commentary on any part of the poem. Examined afresh, it emerges as the wittiest of Ovid's love poems, turning upside down the attitudes and conventions of orthodox love elegy. The work is full of psychological insight and is richly embroidered with details of contemporary Roman social and political life. This new paperback edition intends to bring out the spirit of provocative frivolity which was undeniably meant to irritate Roman traditionalists. The text of Kenney's Oxford Classical Text is reproduced and supplemented with a full introduction to the style and historical background the poem, as well as with a full commentary and appendices.

Sessional Papers

An Ecclesiastical History, Antient and Modern ... Translated from the Original Latin, and Accompanied with Notes and Chronological Tables, by Arcibald Maclaine ... To the Whole is Added an Accurate Index. A New Edition

ECCE ROMANI - a Latin reading course - was first published in 1971. Its aims are to bring pupils quickly to the point where they can read Latin with confidence, and also to give them some insight into life in the early Roman Empire. The reading passages are written in a lively style and grammatical information is dealt with efficiently and sensibly. This second edition is the result of a complete revision and now provides better preparation for examinations at 16+. It consists of five course books (each with an accompanying book of teacher's notes), two companion reference books and a Roman Studies Handbook containing bibliographical references.
