A Guide to Egyptian Religion

Who better than Anubis, the jackal-headed god of mummification, to serve as a guide through the dreaded Land of the Dead? In this fresh and imaginative approach to nonfiction, the first title in the Secrets of the Ancient Gods series, Anubis steers the reader through the Egyptian dark lands. Along the way, they meet fearsome gods and gruesome monsters. And they witness the battle of the gods against Apophis, the giant demon-snake trying to devour the world. With ghoulish humor and lots of attitude (he is a god, after all), Anubis introduces readers to ancient Egyptian beliefs and rituals—including the secrets of mummification—with panache and, if he does say so himself, drop-dead humor. Includes glossary, bibliography, and index.

This unique approach to Egyptian mythology takes readers on a tour up the Nile, stopping at the most famous monuments and vividly retelling the myths connected to each site. Join Egyptologist Garry J. Shaw on an entertaining tour up the Nile, through a beautiful and fascinating landscape populated with a rich mythology: the stories of Horus, Isis, Osiris, and their enemies and allies in tales of vengeance, tragedy, and fantastic metamorphoses. Shaw retells these stories with his characteristic wit, and reconnects them to the temples and monuments that still stand today, offering a fresh look at the most visited sites of Egypt. The myths of ancient Egypt have survived in fragments of ancient hymns and paintings on the walls of tombs and temples, spells inked across coffins, and stories scrawled upon scrolls. Illustrations throughout bring to life the creation of the world and the nebulous netherworld; the complicated relationships between fickle gods, powerful magicians, and pharaohs; and eternal battles on a cosmic scale. Shaw's evocative descriptions of the ancient ruins will transport readers to another landscape—including the magnificent sites of Dendera, Tell el-Amarna, Edfu, and Thebes. At each site, they will discover which gods or goddesses were worshipped there, as well as the myths and stories that formed the backdrop to the rituals and customs of everyday life. Each chapter ends with a potted history of the site, as well as tips for visiting the ruins today. Egyptian Mythology is the perfect companion to the myths of Egypt and the gods and goddesses that shaped its ancient landscape.

Egyptian Mythology A Guide to the Gods, Goddesses, and Traditions of Ancient Egypt Oxford University Press, USA

An entertaining and informative introduction to how ancient Egyptians practiced magic in their daily lives. In the ancient world, if you needed a love charm, wanted to contact your dead wife, or needed the ability to fly like a bird, the magicians of Egypt were the ones who could make it happen. In *Ancient Egyptian Magic*, Christina Riggs explores how the Egyptians thought about magic, who performed it and why, and also helps readers understand why we've come to think of ancient Egypt in such a mystical way. Readers will learn how to cure scorpion bites, discover why you might want to break the legs off your stuffed hippopotamus toy, and uncover whether mummies really can come back to life. Readers can also learn how to save a fortune on pregnancy tests—urinating on barley grains will answer that question—as well as how to use the next street parade to predict the future or ensure that an annoying neighbor gets his comeuppance. Was magic harmless fun, heartfelt hope, or something darker? Featuring demons, dream interpreters, the Book of the Dead, and illustrations from tomb paintings and papyrus scrolls, Riggs breathes new life into ancient magic and uses early texts and images to illuminate the distinctions between magic, religion, and medicine.

Egyptian Gods

Egypt

Mythology

Revised Edition

A Beginners Guide for Worshipping the Egyptian Gods

A Fascinating Guide to Understanding the Gods, Goddesses, Monsters, and Mortals

An authoritative guide to the Egyptian myths that sheds new light on an ancient way of understanding the world This survey of Egyptian mythology explores how the ancient Nile-dwellers explained the world around them. It delves into the creation and evolution of the world and the reigns of the gods on earth, before introducing us to the manifestations of Egypt's deities in the natural environment; the inventive ways in which the Egyptians dealt with the invisible forces all around them; and their beliefs about

life after death. Through his engaging narrative, Garry Shaw guides us through the mythic adventures of such famous deities as Osiris, the god murdered by his jealous brother Seth; the magical and sometimes devious Isis, who plotted to gain the power of the sun god Re; and Horus, who defeated his uncle Seth to become king of Egypt. He also introduces us to lesser known myths, such as the rebellions against Re; Geb's quest for Re's magical wig; and the flaying of the unfortunate god Nemty. From stars and heavenly bodies sailing on boats, to the wind as manifestation of the god Shu, to gods, goddesses, ghosts, and demons—beings that could be aggressive, helpful, wise, or dangerous—Shaw goes on to explain how the Egyptians encountered the mythological in their everyday lives.

Explore Captivating African Mythology and Egyptian Gods Two captivating manuscripts in one book: African Mythology: Captivating Myths of Gods, Goddesses, and Legendary Creatures of Africa Egyptian Gods: A Captivating Guide to Atum, Horus, Seth, Isis, Anubis, Ra, Thoth, Sekhmet, Geb, Hathor and Other Gods and Goddesses of Ancient Egypt The continent of Africa is home to fifty-four countries that together harbor over three thousand cultures, each with their own ways of life and each with their own stories. Some of these stories have their origins in the folk beliefs of people native to their particular region, while others were imported from or influenced by cultures from elsewhere who settled in Africa. A great number of African folktales have been transmitted orally from person to person down through the ages, but since the nineteenth century, many stories have been written down and transmitted to audiences beyond the boundaries of the cultures that created them. One important--and tragic--conduit for the transmission of these stories beyond African shores was the European slave trade. Captured Africans who were brought to the Americas and the Caribbean fought to keep alive what they could of their home cultures, and this included their folktale traditions. African folktales come in many different types. Some are myths explaining the origins of things, while others are tales of heroes with supernatural abilities. Animal stories are many and varied, and they usually involve some kind of trickster who uses his wiles to get out of sticky situations and sometimes into them. There are also cautionary tales explaining why it is important to behave well and treat others with respect, while other stories have a style and shape similar to that of a fairy tale. Some of the topics covered in manuscript 1 of this book include: Animal Tricksters Hero Tales Cautionary Tales The Influence of Isla And much, much more! Some of the topics covered in manuscript 2 of this book include: Amen (Amun, Amon, Ammon) Anubis (Anpu, Inpw) Aten (Aton) Atum (Tum, Tem, Atem, Temu) Bastet (Bast, Boubastis, Pasht) The Book of the Dead and Other Funerary Texts The Four Sons of Horus Geb (Seb, Keb, Kebb, Gebb) Hapy (Hapi) Hathor Horus (Hor, Her, Heru, Har) Imhotep (Imouthes) Isis Khnum (Chnum) Khonsu (Khons, Chons) Maat (Ma'at, Ma'et, Mayet) Nefertem (Nefertum) Neith (Neit) Nephthys (Nebt-het) Nun (Noun, Nu) The Ogdoad of Hermopolis Osiris Ptah Ra (Re, Pre) Serapis (Sarapis, Userhapi) Set (Seth, Sutekh) Sobek (Suchos) Thoth And more! A Comprehensive Guide to Ancient Egypt

Gods and Goddesses of Ancient Egypt

The Complete Gods and Goddesses of Ancient Egypt

From stories of resurrected mummies and thousand-year-old curses to powerful pharaohs and the coveted treasures of the Great Pyramids, ancient Egypt has had an unfaltering grip on the modern imagination. Now, in Egyptian Mythology, Geraldine Pinch offers a comprehensive introduction that untangles the mystery of Egyptian Myth. Spanning Ancient Egyptian culture--from 3200 BC to AD 400--Pinch opens a door to this hidden world and casts light on its often misunderstood belief system. She discusses the nature of myths and the history of Egypt, from the predynastic to the postpharaonic period. She explains how Egyptian culture developed around the flooding of the Nile, or the "inundation," a phenomenon on which the whole welfare of the country depended, and how aspects of the inundation were personified as deities. She explains that the usually cloudless skies made for a preoccupation with the stars and planets. Indeed, much early Egyptian mythology may have developed to explain the movement of these celestial bodies. She provides a timeline covering the seven stages in the mythical history of Egypt and outlining the major events of each stage, such as the reign of the sun God. A substantial A to Z section covers the principal themes and concepts of Egyptian mythology as well as the most important deities, demons, and other characters. For anyone who wants to know about Anubis, the terrifying canine god who presided over the mummification of bodies and guarded burials, or Hathor, the golden goddess who helped women to give birth and the dead to be reborn, or an explanation of the nun, the primeval ocean from which all life came, Egyptian Mythology is the place to look.

It is tempting to see ancient Egyptian religion as something relatively static, with a single pantheon whose nature and activities did not change throughout the three-thousand-year span of the Dynastic Period. However, nothing could be further from the truth.

This is an illustrated guide to the mythology, religion and culture. It is a scholarly yet accessible celebration of ancient Egypt for every reader: pyramids, magic, rituals, mummies, pharaohs, dreams and oracles. It examines the role myths and religion in the

development of one of the most studied periods of history. It describes the elaborate preparations for the afterlife, including burial rituals, symbolic funerary offerings and ceremonies for the dead. It features over 370 photographs, maps, diagrams and facsimiles bring ancient Egypt's rich past to life. Egypt's cultural heritage is vast, and the story of this ancient civilization has captured our imagination. This fully illustrated book provides a treasure chest of found objects, archaeological sites, hieroglyphic inscriptions and beautiful tomb art from ancient Egypt. It introduces the gods and goddesses of Egypt, describes their characters and identifying features, the myths surrounding them, and their role in the creation of society. Quotations from books, hymns, prayers and hieroglyphic paintings give an authentic picture of culture and society, and maps, chronologies and artworks supplement the photographs in this masterly history.

Ancient Egypt is one of the most fascinating and sophisticated civilizations in the known history. The Ancient Egyptians are remembered by their gods, pyramids, pharaohs, mummification, hieroglyphs, agriculture and much more.

Gods and goddesses—in human, animal, and other forms—were central to the ancient Egyptian way of life. Identified with the natural world, daily living, and the afterlife, they maintained order and prevented chaos from permeating the human world. The figures documented in ancient hieroglyphics are given dimension in this absorbing volume, which examines the characteristics and significance of many of the Egyptian gods and goddesses and also looks at related topics such as ancient symbols and the influence of Egyptian mythology on other cultures and belief systems.

The Routledge Dictionary of Egyptian Gods and Goddesses

A Guide to Ancient Egyptian Religion, Beliefs, and History

The Egyptians were famous in the ancient world for their knowledge of magic. Religion, medicine, technology, and what we would call magic coexisted without apparent conflict, and it was not unusual for magical and "practical" remedies for illness, for example, to be used side-by-side. Everyone resorted to magic, from the pharaoh guarding his country with elaborate magical rituals to the expectant mother wearing amulets to safeguard her unborn child. Magic in Ancient Egypt examines the fascinating connections between myth and magic, and the deities such as Bes and Isis who had special magical importance. Geraldine Pinch discusses the techniques for magic, its practitioners, and the surviving magical texts, as well as the objects that were used in magic—figurines, statues, amulets, and wands. She devotes a chapter to medicine and magic, and one to magic and the dead. Finally, she shows how elements and influences from Egyptian magic survived in or were taken up by later societies, right up to the twenty-first century.

A comprehensive guide to the deities of ancient Egypt: their origins and their central role in the lives of the Egyptian people

A unique, affordable guide to the diverse belief system of the ancient Egyptians. Historian Joann Fletcher traces the stages of life from conception to the existence beyond the tomb. She gives particular emphasis to the hazardous voyage of the soul and focuses on key themes such as creation, magic, ritual and eternity. Fully-illustrated and printed on high-quality paper, the book provides an excellent introduction to ancient Egyptian mythology and ritual encompassing the gods, creation, life, death and the afterlife. --Reveals the mysteries of the ancient Egyptians' fascinating and amazingly diverse belief system, with its emphasis on funerary cults. --Displays a wealth of quotations from ancient Egyptian sources, including intriguing spells from the Book of the Dead and mystical ritual incantations. --Unfolds the rich tapestry of ancient Egyptian myth, from the powers of the gods and pharaohs to the journey in search of the eternal paradise. --Contains more than 90 evocative photographs of ancient Egyptian sites and artefacts plus more than 40 specially-commissioned colour artworks.

The history of ancient Egypt is long, colorful, and sprinkled with amazing stories that allow people to get a glimpse of what life was like growing up in Ancient Egypt. While not all was good for the people who lived in this time, their culture and beliefs were what helped them thrive through the heat, sweat, tears, times of war, and more. The people of ancient Egypt were polytheists who believed in many gods and goddesses who would protect the people from famine, floods, and other gods or supernatural beings. The gods could also punish the people if they got out of line or did not give enough homage to the gods and goddesses. This book takes a step back in time, detailing what life in Ancient Egypt was like, while also taking a close look at the mythology that shaped their beliefs and traditions!

history and mythology!

EGYPTIAN MYTHOLOGYEgyptian mythology can be traced back to over 5000 years ago, before any mention of Jesus or Muhammed. Tales of Egyptian Gods and Goddesses, monsters, and the interactions they had with each other have been inscribed on pyramid walls, ancient scrolls, and stone pillars that are still marveled at today. Mythology, much like modern religion, was used as a way to understand the world around the Ancient Egyptians in a way that their science could not yet explain, as well as to give the people of Ancient Egypt a sense of hope, a sense of justice, and a sense of both what happened before they were born and what will happen to them after they die. This book discusses what life was like back in Ancient Egypt, while also detailing the many Gods, Goddesses, heroes, and monsters that make up their mythology!
