

Eight Pillars Of Prosperity

This Is A New Release Of The Original 1911 Edition.

Out from the Heart James Allen - AS THE HEART, SO IS THE LIFE. The within IS ceaselessly becoming the without. Nothing remains unrevealed. That which is hidden is but for a time; it ripens and comes forth at last. Seed, tree, blossom, and fruit are the fourfold order of the universe. From the state of a mans heart proceed the conditions of his life. His thoughts blossom into deeds; and his deeds bear the fruitage of character and destiny. Life is ever unfolding from within, and revealing itself to the light, and thoughts engendered in the heart at last reveal themselves in words, actions, and things accomplished. As the fountain from the hidden spring, so flows forth a mans life from the secret recesses of his heart. All that he is and does is generated there. All that he will be and do will take its rise there. Sorrow and happiness, suffering and enjoyment, fear and hope, hatred and love, ignorance and enlightenment, are nowhere but in the heart. They are solely mental conditions. Man is the keeper of his heart; the watcher of his mind; the solitary guard of his citadel of life. As such, he can be diligent or negligent. He can keep his heart more and more carefully. He can more strenuously watch and purify his mind; and he can guard against the thinking of unrighteous thoughts this is the way of enlightenment and bliss. James Allen was born in Leicester, Central England, November 28, 1864. The family business failed within a few years, and in 1879 his father left for America in an effort to recoup his losses. The elder Allen had hoped to settle in the United States, but was robbed and murdered before he could send for his family. James Allen is a literary mystery man. His inspirational writings have influenced millions for good. Yet today he remains almost unknown. None of his nineteen books give a clue to his life other than to mention his place of residence - Ilfracombe, England. His name cannot be found in a major reference work. Not even the Library of Congress or the British Museum has much to say about him. Who was this man who believed in the power of thought to bring fame, fortune and happiness? Or did he, as Henry David Thoreau says, hear a different drummer? James Allen never gained fame or fortune. That much is true. His was a quiet, unrewarded genius. He seldom made enough money from his writings to cover expenses.

As always, his advice is both spiritual and practical. His words are as valuable today as when they were first written, and provide a welcome balm to uneasy souls in an uncertain world. The secret of life, of abundant life, with its strength, its felicity, and its unbroken peace is to find the Divine Centre within oneself, and to live in and from that, instead of in that outer circumference of disturbances—the clamours, cravings, and argumentation which make up the animal and intellectual man. These selfish elements constitute the mere husks of life, and must be thrown away by him who would penetrate to the Central Heart of things—to Life itself.

The Eight Pillars of Prosperity, as It Was Originally Published

“The Way of Peace” is an early self-help book by British writer James Allen. Self-help books aim to help the reader with problems, offering them clear and effective guidance on how obstacles can be passed and solutions found, especially with regard to common issues and day-to-day life. Such books take their name from the 1859 best-selling “Self-Help” by Samuel Smiles, and are often also referred to as “self-improvement” books. This particular self-help book concentrates on attaining inner peace and will be of considerable utility to those looking for life guidance in this respect. James Allen (1864–1912) was a British writer most famous for his inspirational poetry and work, as well as an early leader of the self-help movement. “As a Man Thinketh” (1903), his best known work, has been a significant source of inspiration for many self-help authors. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with an Essay from Within You is the Power by Henry Thomas Hamblin.

Men speak of “building up a business,” and, indeed, a business is as much a building as is a brick house or a stone church, albeit the process of building is a mental one. Prosperity, like a house, is a roof over a man’s head, affording him protection and comfort. A roof presupposes a support, and a support necessitates a foundation. The roof of prosperity, then, is supported by the following eight pillars which are cemented in a foundation of moral consistency:- 1. Energy 2. Economy 3. Integrity 4. System 5. Sympathy 6.

Sincerity 7. Impartiality 8. Self-reliance

From the author of the perennial bestseller As a Man Thinketh comes All These Things Added, a theological inquiry into the nature of the soul and eternity that comprises two main sections: “Entering the Kingdom” and “The Heavenly Life.” This two-in-one volume is a must-read for those interested in engaging, readily accessible theology.

Eight Pillars Of Prosperity

James Allen was a British philosopher and a key figure in the self-help movement. His *As a Man Thinketh* is one of the best selling motivational books of all time. The James Allen Collection includes the four works for which Allen is most famous - *As a Man Thinketh*, *Eight Pillars of Prosperity*, *The Way of Peace* and *The Heavenly Life*.

It is popularly supposed that a greater prosperity for individuals or nations can only come through a political and social reconstruction. This cannot be true apart from the practice of the moral virtues in the individuals that comprise a nation. Better laws and social conditions will always follow a higher realization of morality among the individuals of a community, but no legal enactment can give prosperity to, nay it cannot prevent the ruin of, a man or a nation that has become lax and decadent in the pursuit and practice of virtue. The moral virtues are the foundation and support of prosperity as they are the soul of greatness. They endure for ever, and all the works of man which endure are built upon them. Without them there is neither strength, stability, nor substantial reality, but only ephemeral dreams. To find moral principles is to have found prosperity, greatness, truth, and is therefore to be strong, valiant, joyful and free. This version of the classic book includes a biography about the life and times of James Allen.

The Eight Pillars of Prosperity

The Way of Peace

The moral virtues are the foundation and support of prosperity as they are the soul of greatness. They endure for ever, and all the works of man which endure are built upon them. Without them there is neither strength, stability, nor substantial reality, but only ephemeral dreams. To find moral principles is to have found prosperity, greatness, truth, and is therefore to be strong, valiant, joyful and free. If, for instance, a literary, artistic, or spiritual genius should begin by trying to make money, it may be, and often is, to his advantage and the betterment of his genius that he should fail therein, so that he may achieve that more sublime success wherein lies his real power. Many a millionaire would doubtless be willing to barter his millions for the literary success of a Shakespeare or the spiritual success of a Buddha, and would thereby consider that he had made a good bargain. Exceptional spiritual success is rarely accompanied with riches, yet financial success cannot in any way compare with it in greatness and grandeur.

People have forgotten the gospel of service. The producing power per man has fallen off from fifteen to twenty percent. We have all been keen on developing consumption. We have devoted nine-tenths of our thought, energy and effort to developing consumption. This message is to beg of every reader to give more thought to developing production, to the reviving of a desire to produce and the realization of joy in production. -Foreword
