"Transformative...[Taylor's] experience...will shatter [your] own perception of the world."—ABC News
The astonishing New York Times bestseller that chronicles how a brain scientist's own stroke led to enlightenment
On December 10, 1996, Jill Bolte Taylor, a thirty-seven- year-old Harvard-trained brain scientist experienced a massive stroke in the left hemisphere of her brain. As she observed her mind deteriorate to the point that she could not walk, talk, read, write, or recall any of her life—all within four hours—Taylor alternated between the euphoria of the intuitive and kinesthetic right brain, in which she felt a sense of complete well-being and peace, and the logical, sequential left brain, which recognized she was having a stroke and enabled her to seek help before she was completely lost. It would take her eight years to fully recover. For Taylor, her stroke was a blessing and a revelation. It taught her that by "stepping to the right" of our left brains, we can uncover feelings of well-being that are often sidelined by "brain chatter." Reaching wide audiences through her talk at the Technology, Entertainment, Design (TED) conference and her appearance on Oprah's online Soul Series, Taylor provides a valuable recovery guide for those touched by brain injury and an inspiring testimony that inner peace is accessible to anyone.
To make the journey into the Now we will need to leave our analytical mind and its false created self, the ego, behind. From the very first page of Eckhart Tolle's extraordinary book, we move rapidly into a significantly higher altitude where we breathe a lighter air. We become connected to the indestructible essence of our Being, "The eternal, ever present One Life beyond the myriad forms of life that are subject to birth and death." Although the Journey is challenging, Eckhart Tolle uses simple language and an easy question and answer format to guide us. A word of mouth phenomenon since its first publication, The Power of Now is one of those rare books with the power to create an experience in readers, one that can radically change their lives for the better.

Bestselling inspirational author Wayne Dyer's classic parable, with a powerful message for achieving happiness here on Earth, now and forever. How would an intelligent visitor from another planet react to life on Earth? Would we welcome that visitor's presence and views? Are we ready for such an open exchange? Weaving together science fiction, spirituality, and philosophy with wisdom, humor, and plain common sense, Dyer tells the story of two peaceful beings from different worlds who work together to enhance the well-being of all. The gifts that Eykis, an alien traveling from a distant, Earth-like planet, brings to the people of Earth help them see themselves in a new light, and compel them to rethink their negative actions. Her insightful offerings will move you to new emotions, new behaviors, and a new understanding of humankind's limitless possibilities.

Henry Ford solia decir: "tanto la persona que cree que puede, como la que cree que no puede, las dos están en lo cierto". Si hay algo que tienen en común los grandes emprendedores es una gran fe en ellos mismos. Poseen una fe inquebrantable en su misión, sus habilidades y sus metas, y esta confianza multiplica su poder y libera su verdadero potencial. El mundo le abre campo a una persona decidida. Los fracasos no logran desanimarla, las caídas no pueden desalentarla y las dificultades no van a desviarla ni un centímetro de su destino. Pase lo que pase, mantiene la visión en sus objetivos y sigue hacia delante. No hay nada que pueda ayudar a triunfar a una persona que no cree en sí misma. El fracaso comienza con la duda o el desprecio de nuestras propias habilidades y la pérdida de la confianza en nuestra capacidad para hacer que las cosas sucedan. En el momento en que sientras duda y comienzas a perder la fe en ti mismo, te conviertes en tu peor enemigo. Muchos personas desean triunfar, quieren hacer realidad sus sueños, desean construir grandes negocios y hacer algo extraordinario con sus vidas, pero la duda se ha apoderado de su manera de pensar. Si falta de confianza en sí mismos las debilita. La profecía del fracaso se puede ver en su cara. Se dan por vencidos antes de comenzar la batalla.

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

In Understanding the Purpose and Power of Authority, best-selling author Dr. Myles Munroe turns the widely accepted but counterfeit concept of authority upside down. Then, he reveals God's original intent, showing us how to live in the freedom of our own personal authority in God's great design and to respond positively to the inherent authority of others. Many people view authority as something oppressive, stifling, and even fearful. All of us hate to be controlled or manipulated. Our negative concepts and experiences of authority produce life-dRAIN emotions—fear, distrust, suspicion, friction, defensiveness, antagonism, stress, worry, and dread. Others have a limited perspective of what authority means, believing that only people who reach a certain "level" in life can exercise it. They don't believe they could ever be called to a place of authority. The truth is, we were all created for authority, and we are all answerable to the authority of others. Authority is what we're authorized to do by our inherent purposes. You have a God-given calling to develop your own personal authority to carry out your unique purpose in life.

In these days of danger, trouble, and evil, New York Times bestselling author Joseph Prince reveals how God's children can have round-the-clock protection through the power of prayer. THE PRAYER OF PROTECTION unveils the Bible's ultimate psalm of protection, Psalm 91, to help you understand more about how God guards His children. Joseph Prince offers simple keys and practical advice to finding and resting in the secret place of the Most High, where no evil can even come near you. You'll begin to live unafraid and with boldness as you allow the certainty of your heavenly Father's love and the sure promises of His Word to guard your heart against every fear.

THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. _____ (From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

Researcher and thought leader Dr. Brené Brown offers a powerful new vision in Daring Greatly that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. It is not the critic who counts: not the man who points out how the strong man stumbles, or where the door of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; . . . who at best knows in the end the triumph of high achievement, and who at worst, if he fails, at least fails while daring greatly" -Theodore Roosevelt
Every time we are introduced to someone new, try to be creative, or start a difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable as we try to fight those feelings - we strive to appear perfect. Challenging everything we think we know about vulnerability, Dr. Brené Brown dispels the widely accepted myth that it's a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. Daring Greatly is the culmination of 12 years of groundbreaking social research, across the home, relationships, work, and parenting. It is an invitation to be courageous, to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. Brilliantly insightful, I can't stop thinking about this book! -Gretchen Rubin Brené Brown, Ph.D., LMSW is a #1 New York Times bestselling author and a research professor at the University of Houston Graduate College of Social Work. Her groundbreaking work was featured on Oprah Winfrey's Super Soul Sunday, NPR, and CNN. Her TED talk is one of the most watched TED talks of all time. Brené is also the author of The Gifts of Imperfection and I Thought It Was Just Me (but it isn't).

In You Are Never Alone, pastor and New York Times bestselling author Max Lucado will show you that you're stronger than you think because God is nearer than you know. You'll be comforted by the living, loving, miracle-working God who doesn't think twice about stepping into the thorny thickets of your world to lift you up. When life feels depleted, does God care? When I hear him say "No", does he have a response? I'm facing an onslaught of challenges, will he help? When life grows dark and stormy, does he notice? I'm facing the fear of death, will he help me? The answer to the life-giving miracles in the Gospel of John is a resounding yes. Do you know them? Do you believe in a Jesus who has, not only power, but a passionate love for the weak and wounded of the world? Do you think he cares enough about you to find you in the lonely waiting rooms, rehab centers and convalescent homes of life? You and I long for Someone who will meet us in the midst of life's messes. We long to believe in a living, loving, miracle-working God who won't think twice about stepping into the thorny thickets of our world and lift us up. If this is your desire, take a good look at the words of John and the miracles of Christ and see if they don't achieve their desired goal: "That you may believe that Jesus is the Christ, the Son of God, and that believing you may have life in his name" (Jn. 20:31).

From divine perspective toward terrestrial turf, God meant for his children to succeed. . . Are our Christian lives successful? Are they achieving and experiencing what Scripture said they would? El Secreto Para Alcanzar El xito Se Encuentra Dentro De T / The Secret to Success Lies Within You

What would God say about those who blatantly misrepresent His Holy Spirit; who exchange true worship for chaotic fits of mindless ecstasy; who replace the biblical gospel with vain illusions of health and wealth; who claim to prophesy in His name yet speak errors; and who sell false hope to desperate people for millions of dollars? The charismatic movement has always been a breeding-ground for scandal, greed, bad doctrine, and all kinds of spiritual chicanery. As a movement, it is clearly headed the wrong direction. And it is growing at an unprecedented rate. From the Word of Faith to the New Apostolic Reformation, the Charismatic movement is being consumed by the empty promises of the prosperity gospel. Too many charismatic celebrities promote a "Christianity" without Christ, a Holy Spirit without holiness. And their teaching is having a disastrous influence on a grand scale, as large television networks broadcast their heresies to every part of the world. In Strange Fire, bestselling author and pastor John MacArthur chronicles the unsavory history behind the modern Charismatic movement. He lays out a chilling case for rejecting its false prophets, speaking out against their errors, showing true reverence to the Holy Spirit, and above all clinging to the Bible as the inerrant, authoritative Word of God and the one true standard by which all truth claims must be tested.

People are seeking the answer to the confusion, the moral sickness, the spiritual emptiness that oppresses the world. We are all crying out for guidance. For comfort. For peace. Is there a way out of our dilemma? Can we really find personal peace with God? Yes! But only if we look in the right place. The Key to Personal Peace not only includes trusted Biblical insights from renowned evangelist Dr. Billy Graham, but also includes the full gospel of John, making the book a perfect gift for evangelism or outreach. The Key to Personal Peace offers a look into how to live life in the fullness of God. Sections include: The Great Quest Our Dilemma What Is God Like What Did Jesus Do for Us? Finding the Way Back Peace at Last Heaven, Our Hope Note: Must be ordered in multiples of 50.
