A three year old child is found in a field by Lord Isaac Highsword, ruler of the land, and is adopted into his family. Even at such a young age the child shows great affinity toward Elemental magic and thus Lord Isaac’s brother, Lord Michael Highmage, is asked to train the boy, Tristan, in the art of magic. Throughout his training it is obvious that Tristan possesses an unimaginable amount of talent and thus finishes his training at an incredible rate. He then returns to his father and sister, Eve, to commence his training from his warrior father. He must use all of those skills in order to face the many challenges he will encounter in his life.

Balance is hard. and sometimes deadly.Tarian Xannon uses water, air, and fire to fight against injustice, to protect her family, and to do just about everything in between. But now the elements are out of control. Can she fight fire with fire?When downtown Ft. Worth, Texas is leveled by bubbles of elemental power, Tarian Xannon and her team step in to put the situation right. But when one explodes right in front of her, Tarian is branded a terrorist. Worse, more bubbles crop up all over the world, and she must race to find out who or what is creating them, and stop it, before the elements of magic destroy the world. Desperate times, desperate magic. I finally have the Book of Shadows. The pages call to me, begging me to devour their hidden power. There are more than just spells inside, and there are things only the High Priestess can see. And Now I know everything I wasn't supposed to. My Coven likes to keep secrets...well they're about to get a taste of their own medicine. Rescuing Henley from the demon's possession won't mean a thing if we can't close the Gap in Salem. Samhain is our deadline, and it's right around the corner. The question is...can I dig deep into the world's ancient secrets without losing myself? I don't know, but I'm about to find out. The magic continues in The Broken Witch, the fourth book in the adventure-filled Elemental Magic series that's leaving readers begging for more! Pick up The Broken Witch and unlock the magic today!

My magic, my rules. I'm the Aether Witch. And I'm done playing this game. We're running blind toward a target we can't see. Everything I love is on the line. My magic. My family. My Coven. Tennessee. I'll lose it all at the strike of midnight on Samhain if I don't put the pieces of this puzzle together. Salem's Prophecy says the fate of the world lies on mine and my twin's hands. Despite our Coven-mates thriving power and Heavenly intentions...In the end, the task is ours. And ours alone. If we fail, terror and chaos will rain down on our realm so severe no one will be able to fight it. This is the battle of a lifetime - and the demons are attacking with everything they've got. But I'm going to end this, even if I have to burn this city to the ground to do it. The magic continues in The Aether Witch, the sixth book in the adventure-filled Elemental Magic series that's leaving readers begging for more!

Everything You Need to Know about Wicca, Witchcraft, and Magic Even in today's scientific world of logic and reason, most of us can't escape the feeling that there is more to the Universe than meets the eye - a world beyond the physical world in which we live. Many of us still carry with us superstitions, a belief that a specific action or object can positively influence the outcome of certain events. You might not realize it, but superstitions stem from the underlying properties of the energy that makes up our Universe. This energy is something that ancient civilizations were well aware of, but has seemingly been lost in today's technologically-driven world. For thousands of years, our ancestors believed that the Elements - Earth, Air, Fire, and Water - were the building blocks of the Universe, and their inherent properties and energies could be directed to manifest a particular outcome. In other words, the Elements are an integral component of Witchcraft and Magic, as practiced by some of the most revered members of ancient civilizations. Wicca is a religion that draws from the belief systems of these ancient civilizations, putting it in a modern context. Wiccans have a close relationship with the natural world, the cycles of life, and the magical properties of the universe - just as our ancestors would. Foundations for Practicing Witchcraft and Magic One intriguing aspect that draws people towards Wicca is the concept of Witchcraft and Magic and the idea that we can positively impact our circumstances. However, Wicca has no sacred text; with no place to learn about the Wiccan religion and its many fascinating components, many people are put off. With no central source, Wiccans are responsible for piecing together different fragments of Wicca for themselves, in order to get a clear picture of what the religion means to them. As one of the more intangible aspects of Wicca, good information relating to Magic and Witchcraft are even more difficult to find. As a result, many Wiccans who wish to start practicing Witchcraft simply do not know where to start and will give up on the idea. Wicca Elemental Magic was created with these readers in mind - suitable for beginners, but equally informative for more seasoned Wicca Witches alike. By learning about the hidden properties of the Elements - the building blocks of the entire Universe - Witches are able to manifest positive changes for themselves and others, as well as fostering a deeper spiritual connection to the natural world. This, in a nutshell, is what magic is. Learn about the Elements, Witchcraft, and Magic Spells You will learn about how ancient civilizations understood the Elements, as well as modern observations of their properties. You'll be introduced to the four Elements - Earth, Air, Fire, and Water - and understand their intricate relationships, as well as how they influence your own personality. Finally, we will explore the concepts of Witchcraft and Magic, teaching you how to perform simple Wiccan rituals including setting up your Wicca altar, casting the circle, and calling the quarters. There are also a number of simple magic spells and charms for you to perform yourself, with each one using the energies of a particular Element. In other words, Wicca Elemental Magic will give you a deeper understanding of how and why we practice Witchcraft and Magic. Blessed Be.

Aileen Donovan is an elemental with magical control over water. When Aileen finds a mummified body at a scientist's convention in Seattle, she suspects supernatural foul play. Her amateur sleuthing, however, isn't the romantic getaway her human boyfriend, Colin, had in mind. Breaking into crime scenes and fending off black magic doesn't really set the mood. As more bodies turn up, Aileen's insatiable desire to solve the mystery not only pits her against a serial killer, but also a cunning vampire lord, and an elemental agent with ulterior motives. But the closer Aileen gets to the killer, the further she finds herself from Colin. Can she try to salvage their relationship and stop a murderer, or is she out of her supernatural league?

All is fair in war and magic. I have power no other witch has had in thousands of years. My whole Coven is looking to me for guidance. I thought I had a flawless plan, but now nothing is playing out the way I expected. To close the Gap in Salem before Samhain we must collect all five Elemental Stones. The quest to find them sends us deep into the treacherous lands of other supernatural species - where The Coven is far from welcome and heavily outnumbered. We've rolled the dice in a game without rules. To succeed we'll have to use tricks we've never played and pray we all make it out alive. For the Earth witch, she describes reading the bones, animal messengers, listening to plants, crystal grids, and shadow work. For the Air witch, she looks at communicating with sylphs and crows, divination through clouds and wind, sonic magic and healing, spell accelerants, and smudging. For the Fire witch, she examines the Djinn, the magical hearth, fire divination, candle work, and sex magic. For all the elements, she explores how to build elemental altars and customize the ceremonies and rituals. Sharing intimate examples and practices to help you progressively develop the skills of witchcraft, Salicrow invites you to create your own personal Book of Shadows as you forge a magical relationship with the natural world.**

**Among Mercedes Lackey’s many novels, few are as critically acclaimed and beloved as those about the Elemental Masters. The novels in this series are loosely based on classic fairy tales, and take place in a fantasy version of turn-of-the-century London, where magic is real and Elemental Masters control the powers of Fire, Water, Air, and Earth. Now other authors join Mercedes Lackey to add their own special touches to this delightful alternate history, in a world where magic is always just around the corner...**

**“The four elements of Air, Fire, Water and Earth exist as spiritual essences, as philosophical concepts, as energy states and as a tangible physical reality. ” Working magick with the elements helps to connect us to the tangibly present natural powers in our physical world, whilst at the same time we are returning to the building blocks of magick by rooting our feet in the material world. Since Empedocles formalized the system in ancient Greece in the 5th century BCE, the four elements have become an integral part of the Western Esoteric Tradition passing from ancient Greek magick, through the Qabalah, & Grimoire Traditions into modern derivative traditions of ceremonial magick and paganism. In Practical Elemental Magick the authors provide an unprecedented combination of research and techniques for working the magick of Air, Fire, Water and Earth, as well as the spiritual creatures associated with each. The Elemental Gods, Archangels, rulers and other types of elemental beings (including Sylphs, Salamanders, Undines & Gnomes) are discussed and explored. Both the spiritual and physical aspects of the four elements are considered, together with how they interact with each other and their appropriate use for magickal work. The creation and use of Elementaries (Elemental Thought Forms); Elemental Tools, the Elemental Tides and correspondences are all considered in detail, together with previously unavailable original ritual & meditative material including the Unification Rite, the Inner Talisman, the Elemental Pyramids, the Elemental Magick Circle & the Elemental Temples. In mastering the four elements within & without we master ourselves, bringing the external forces of the natural world & the internal forces of our existence into harmony.**

*The ways of magic are revealed in nature . . . The secrets are written in meandering streams and drifting clouds, whispered by the roaring ocean and cooling breeze, echoed through caves and rocks and forests. When you draw a heart in the sand, call on the four winds for assistance, or ask the rain to wash away a bad habit, you are practicing earth magic. By working in harmony with nature, we can transform ourselves, our lives, and our world. This tried-and-true guide offers more than one hundred spells, rites, and simple rituals you can perform using the powerful energy of the earth. Scott Cunningham was a greatly respected teacher and one of the most influential members of the modern Craft movement. A practitioner of elemental magic for twenty years, he wrote more than fifty books, including the seminal Wicca: A Guide for the Solitary Practitioner.*

*I'm finally in control of my magic...and it's much stronger than my Coven realizes. That's not the only secret I'm keeping. I made a deal with a fairy: her secrets for some of mine. Except I have no idea how to deliver on my oath and crossing the Fae is suicidal. Tennessee knows I'm up to something, but not even my soulmate can help me now, especially when being together is against the law. The answers to my problems lie within the Book of Shadows - which no one has seen for centuries. The quest to find it takes us deep into the Old Lands, where the magic is ancient, the creatures are far more than human, and each task is more dangerous than the last. Without the Book we can't rescue Henley or save the world from demon destruction. It's time to lay everything on the line, including our lives. Because I'm either going to find the Book...or die trying. *The definitive magic reference book for Witches, Wiccans and all devotees of the magical arts. This is the real version of the archetypal master spell book of fantasy that has a place in our collective imagination.*

*I thought magic was make believe. Now I must choose: join his coven or fight off demons alone. When I kissed a beautiful stranger after my sixteenth birthday, I knew nothing about the supernatural world he'd lead me to or my vital role within it. But despite learning that I'm supposedly a powerful witch, no one will show me how to use my magic, and he keeps pushing me away. Suddenly, I'm selected by the Goddess to hunt down a mythical locket as old as the world itself. I'm the last person ready for such a daunting task, but he tells me I can do it, and he insists on joining me. But the quest is more dangerous than anyone imagined, and I need to master my magic fast. If I don't, I could get everyone I care about killed... Learn how to use the principles and practices of natural magic for personal development and spiritual empowerment
• Offers detailed descriptions of the magical properties of minerals, animals, plants, and the earth's cycles and how to use them in your own practice
• Explores the magical laws of nature and how to guide your inner energy to work in concert with cosmic energies
• Details how to design your own ceremonies, practice elemental meditations, and craft your own magical talismans, wands, and divining rods
An expert on European rural folk magic traditions, author Nigel Pennick presents a comprehensive introduction to the principles, rituals, practices, and magical tools required to draw on the magic inherent in the natural world. He explains how people throughout the centuries have built a relationship with the elemental energies around them using simple, everyday practices in order to attune themselves to nature, the seasons, and the cosmos for magical purposes. The author explores earth, mineral, and plant magic as well as the magical properties of the earth's cycles and concentrated places of power within the landscape. He examines magical workings with animals, drawing on authentic traditions such as the Toadsmen or Toadswomen, whose power is given by toads, and the Berserker qualities conferred by magical bondings with wild animals like bears and wolves. He explains how to craft your own magical talismans, wands, and divining rods; design your own ceremonies; practice elemental meditations; fortify your health with herbs and crystals; and set an altar with the right food and drink for your intention. Pennick also describes how the practical techniques of natural elemental magic work through interactions between the inner world of the mind and spirit, the outer world, and the otherworldly. He shows that having a deeper understanding of the interconnectedness of all things and the inner power of these magical elements strengthens the practitioner's harmony with nature, and thus their power. By harnessing the elemental energies around us, we can work with nature for personal development, spiritual empowerment, and the successful achievement of our desires

This book is like a dandelion seed-head, spreading wild wisdom and ecstatic practice."—Tony Rella, author of Circling the Star "Elements of Magic will be a valuable resource for those who seek a spiritual connection to our world, whatever their tradition."—Diana L. Paxson, author of Trance-Portation

My magic burns inside me... Not all soulmates are created equal. Some of them are relieved to find each other. Some build a relationship nice and slow. And for some of them it's that all consuming, love-at-first-sight kind of magic, like my twin sister Tegan and her other half, Tennessee. Then there are some where the girl is so up in her head and freaked the hell out that she actually, sorta, kinda, resents the guy who's supposed to bring her happiness simply for his mere existence. AKA. ME. It's time for me to be the soulmate Deacon deserves, even if it means trading in my cowgirl boots for designer stilettos. But Manhattan is a huge, terrifying city full of a society of witches determined to tear us apart.
