and contains past ACCA exam questions for you to try. The examiner has emphasised that simply understanding the advantages and disadvantages of different performance management approaches will not be sufficient to pass the exam. You must apply specific knowledge to the scenarios in the exam questions. The questions in the Practice and Revision Kit reflect the scenario-based questions you will find on the exam. CIMA Exam Practice Kits consolidate learning by providing an extensive bank of practice questions. Each solution provides an in depth

knowledge of management accounting techniques and be able to apply their knowledge to a performance management problem. The emphasis is on practical elements and application to the real world. F5 is the middle paper in the management accounting section of the qualification structure, between F2, which concerns just techniques and P5, which thinks strategically. The key syllabus areas in F5 are: *

- Specialist cost and management techniques *
- Decision-making techniques *
- Budgeting *
- Standard costing and variances analysis *
- Performance measurement and
