

Elizabeth Of York The Forgotten Tudor Queen

The fascinating story of Queen Elizabeth's secret outreach to the Muslim world, which set England on the path to empire, by The New York Times bestselling author of A History of the World in Twelve Maps We think of England as a great power whose empire once stretched from India to the Americas, but when Elizabeth Tudor was crowned Queen, it was just a tiny and rebellious Protestant island on the fringes of Europe, confronting the combined power of the papacy and of Catholic Spain. Broke and under siege, the young queen sought to build new alliances with the great powers of the Muslim world. She sent an emissary to the Shah of Iran, wooed the king of Morocco, and entered into an unprecedented alliance with the Ottoman Sultan Murad III, with whom she shared a lively correspondence. The Sultan and the Queen tells the riveting and largely unknown story of the traders and adventurers who first went East to seek their fortunes—and reveals how Elizabeth's fruitful alignment with the Islamic world, financed by England's first joint stock companies, paved the way for its transformation into a global commercial empire.

Excerpt from Privy Purse Expenses of Elizabeth of York: Wardrobe Accounts of Edward the Fourth; With a Memoir of Elizabeth of York, and Notes The value of "Privy Purse Expenses" of our Sovereigns, in illustration of History, having been so frequently pointed out, it is unnecessary to urge the utility of this volume. It has been edited upon the same plan as the "Privy Purse Expenses of King Henry the Eighth," which were published about three years ago, since which time numerous records of a similar description have been brought to light, the greater part of which are scattered in various repositories, and others are in the hands of private individuals. Whenever the Government may think that the muniments of the Country should be rendered available for the elucidation of History, manuscripts of this nature ought to be among the first which are collected and indexed, even if they be not published by its authority. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Married by proxy to James IV, Margaret Tudor, the daughter of Henry VII, becomes the Queen of Scotland and, after a tragic loss, falls victim to the attentions of the ambitious Earl of Angus—a move that brings Scotland to the brink of anarchy and plunges her into a world of betrayal, secret alliances and dangerous passion. Original.

· In Portland, Oregon, the wives of several prominent businessmen have disappeared without a trace, leaving behind only a black rose and a note with a simple message: "Gone, But Not Forgotten." · An identical series of disappearances occurred in Hunter's

Point, New York, ten years ago—but the killer was caught, the case was closed and the special “rose killer” task force was disbanded. · Betsy Tannenbaum, a Portland wife and mother who has gained national recognition as a feminist defense attorney, is retained by multimillionaire Portland developer Martin Darius—for no apparent reason. · Nancy Gordon, a homicide detective for the Hunter’s Point Police Department and an original member of the “rose killer” task force, hasn’t slept a full night in ten years, haunted by nightmares of a sadistic killer who, she swears, is still out there. . . · Alan Page, the Portland district attorney, trying to make sense of the sudden series of disappearances, opens his front door one evening to find Nancy Gordon on his doorstep—determined to tell him a story he won’t soon forget. · Across the country, in Washington, D.C., the President of the United States has just selected United States Senator Raymond Colby to be the next Chief Justice of the Supreme Court. In a private meeting, Colby assures the President there are no skeletons in his closet. Complex, utterly compelling, and brilliantly executed, GONE, BUT NOT FORGOTTEN is a book that truly lives up to its extraordinary advance praise: Once begun it simply cannot be put down.

Royal sorceress or a queen slandered? The true story of Elizabeth Wydeville, Edward IV's extraordinary queen. She has traditionally been portrayed as a scheming, cold-blooded and conceited opportunist. Yet was she a calculating adulteress or a tragic wife and mother?

Wren has been living in New York with her aunt ever since her mother left her behind to live with her boyfriend. She's even on track to graduate from high school early despite her rebellious streak. When her mother suddenly sends for her, Wren is forced to move to the middle of nowhere to live with a mother she knows nothing about and her new family. Refusing to accept her new life, Wren is desperate for a way to return to New York. When she discovers gold, she thinks she's found a way home. But instead of finding riches she gets lost in an enormous cave. Following a mysterious light, she finds refuge in a large underground castle. However, safety isn't what she finds. By entering the castle, she entangles herself in an ancient rivalry and learns she must break a curse if she ever wishes to leave. Threatened by a horrible monster, Wren must do the impossible. Learn to love him. Only then can she truly be free.

DIVRecovers the history of nineteenth- and early-twentieth-century African American reading societies./div

Virginal, chaste, humble, patiently waiting for rescue by brave knights and handsome princes: this idealized—and largely mythical— notion of the medieval noblewoman still lingers. Yet the reality was very different, as Kelcey Wilson-Lee shows in this vibrant account of the five daughters of Edward I, often known as Longshanks. The lives of these sisters—Eleanora, Joanna, Margaret, Mary and Elizabeth—ran the gamut of experiences open to royal women in the Middle Ages. Edward’s daughters were of course expected to cement alliances and secure lands and territory by making great dynastic marriages, or endow religious houses with royal favor. But they also skillfully managed enormous households, navigated choppy diplomatic waters, and promoted their family’s cause throughout Europe—and had the courage to defy their royal father. They might never wear the crown in their own right, but they were utterly confident of their crucial role in the spectacle of medieval kingship. Drawing on a wide range of contemporary sources, Daughters of Chivalry offers a rich portrait of these formidable women, seeing them—at long last—shine from out of the shadows, revealing what it was to be a princess in the Age of Chivalry.

Elizabeth

The eagerly anticipated novel from the bestselling author of *A Student of Weather* and *Garbo Laughs*. Harry Boyd, a hard-bitten refugee from failure in Toronto television, has returned to a small radio station in the Canadian North. There, in Yellowknife, in the summer of 1975, he falls in love with a voice on air, though the real woman, Dido Paris, is both a surprise and even more than he imagined. Dido and Harry are part of the cast of eccentric, utterly loveable characters, all transplants from elsewhere, who form an unlikely group at the station. Their loves and longings, their rivalries and entanglements, the stories of their pasts and what brought each of them to the North, form the centre. One summer, on a canoe trip four of them make into the Arctic wilderness (following in the steps of the legendary Englishman John Hornby, who, along with his small party, starved to death in the barrens in 1927), they find the balance of love shifting, much as the balance of power in the North is being changed by the proposed Mackenzie Valley gas pipeline, which threatens to displace Native people from their land. Elizabeth Hay has been compared to Annie Proulx, Alice Hoffman, and Isabel Allende, yet she is uniquely herself. With unforgettable characters, vividly evoked settings, in this new novel, Hay brings to bear her skewering intelligence into the frailties of the human heart and her ability to tell a spellbinding story. Written in gorgeous prose, laced with dark humour, *Late Nights on Air* is Hay’s most seductive and accomplished novel yet. On the

shortest night of the year, a golden evening without end, Dido climbed the wooden steps to Pilot ' s Monument on top of the great Rock that formed the heart of old Yellowknife. In the Netherlands the light was long and gradual too, but more meadowy, more watery, or else hazier, depending on where you were. . . . Here, it was subarctic desert, virtually unpopulated, and the light was uniformly clear. On the road below, a small man in a black beret was bending over his tripod just as her father used to bend over his tape recorder. Her father ' s voice had become the wallpaper inside her skull, he ' d made a home for himself there as improvised and unexpected as these little houses on the side of the Rock — houses with histories of instability, of changing from gambling den to barber shop to sheet metal shop to private home, and of being moved from one part of town to another since they had no foundations. —From *Late Nights On Air*

NEW YORK TIMES BESTSELLER • Bestselling historian Alison Weir tells the poignant, suspenseful and sometimes tragic story of Elizabeth, eldest daughter of the Yorkist King Edward IV and sister of the Princes in the Tower, a woman whose life was inextricably caught up in the turmoil of the Wars of the Roses and the establishment of the usurping Tudor dynasty. She was the wife of Henry VII and mother of Henry VIII. Many are familiar with the story of the much-married King Henry VIII of England and the celebrated reign of his daughter, Elizabeth I. But it is often forgotten that the life of the first Tudor queen, Elizabeth of York, Henry ' s mother and Elizabeth ' s grandmother, spanned one of England ' s most dramatic and perilous periods. Now New York Times bestselling author and acclaimed historian Alison Weir presents the first modern biography of this extraordinary woman, whose very existence united the realm and ensured the survival of the Plantagenet bloodline. Her birth was greeted with as much pomp and ceremony as that of a male heir. The first child of King Edward IV, Elizabeth enjoyed all the glittering trappings of royalty. But after the death of her father; the disappearance and probable murder of her brothers—the Princes in the Tower; and the usurpation of the throne by her calculating uncle Richard III, Elizabeth found her world turned upside-down: She and her siblings were declared bastards. As Richard ' s wife, Anne Neville, was dying, there were murmurs that the king sought to marry his niece Elizabeth, knowing that most people believed her to be England ' s rightful queen. Weir addresses Elizabeth ' s possible role in this and her covert support for Henry Tudor, the exiled pretender who defeated Richard at the Battle of Bosworth and was crowned Henry VII, first sovereign of the House of Tudor. Elizabeth ' s subsequent marriage to Henry united the houses of York and Lancaster and signaled the end of the Wars of the Roses. For centuries historians have asserted that, as queen, she was kept under Henry ' s firm grasp, but Weir shows that Elizabeth proved to be a model consort—pious and generous—who enjoyed the confidence of her husband, exerted a tangible and beneficial influence, and was revered by her son, the future King Henry VIII. Drawing from a rich trove of historical records, Weir gives a long overdue and much-deserved look at this unforgettable princess whose line descends to today ' s British monarch—a

woman who overcame tragedy and danger to become one of England ' s most beloved consorts. Praise for Elizabeth of York “ Weir tells Elizabeth ' s story well. . . . She is a meticulous scholar. . . . Most important, Weir sincerely admires her subject, doing honor to an almost forgotten queen. ” —The New York Times Book Review “ In [Alison] Weir ' s skillful hands, Elizabeth of York returns to us, full-bodied and three-dimensional. This is a must-read for Tudor fans! ” —Historical Novels Review “ This bracing biography reveals a woman of integrity, who . . . helped [her husband] lay strong groundwork for the success of the new Tudor dynasty. As always in a Weir book, the tenor of the times is drawn with great color and authenticity. ” —Booklist “ Weir once again demonstrates that she is an outstanding portrayer of the Tudor era, giving us a fully realized biography of a remarkable woman. ” —Huntington News

In a novel-in-verse that brims with grief and love, National Book Award-winning and New York Times bestselling author Elizabeth Acevedo writes about the devastation of loss, the difficulty of forgiveness, and the bittersweet bonds that shape our lives. Camino Rios lives for the summers when her father visits her in the Dominican Republic. But this time, on the day when his plane is supposed to land, Camino arrives at the airport to see crowds of crying people... In New York City, Yahaira Rios is called to the principal ' s office, where her mother is waiting to tell her that her father, her hero, has died in a plane crash. Separated by distance—and Papi ' s secrets—the two girls are forced to face a new reality in which their father is dead and their lives are forever altered. And then, when it seems like they ' ve lost everything of their father, they learn of each other. Great for summer reading or anytime! Clap When You Land is a Today show pick for “ 25 children ' s books your kids and teens won ' t be able to put down this summer!” Plus don't miss Elizabeth Acevedo's The Poet X and With the Fire on High!

COSTA AWARD FINALIST ECONOMIST BOOK OF THE YEAR Film rights acquired by Gold Circle Films, the team behind My Big Fat Greek Wedding. A groundbreaking reconsideration of our favorite Tudor queen from the author of Queen of Scots, now a feature film starring Saoirse Ronan and Margot Robbie “ A fresh, thrilling portrait... Guy ' s Elizabeth is deliciously human. ” —Stacy Schiff, The New York Times Book Review Elizabeth was crowned queen at twenty-five, but it was only when she reached fifty and all hopes of a royal marriage were behind her that she began to wield power in her own right. For twenty-five years she had struggled to assert her authority over advisers, who pressed her to marry and settle the succession; now, she was determined not only to reign but to rule. In this magisterial biography, John Guy introduces us to a woman who is refreshingly unfamiliar: at once powerful and vulnerable, willful and afraid. We see her confronting challenges at home and abroad: war against France and Spain, revolt in Ireland, an economic crisis that triggers riots in the streets of London, and a conspiracy to place her cousin Mary Queen of Scots on her throne. For a while she is smitten by a much younger man, but can she allow herself to act on that passion and still

keep her throne? For the better part of a decade John Guy mined long-overlooked archives, scouring handwritten letters and court documents to sweep away myths and rumors. This prodigious historical detective work has enabled him to reveal, for the first time, the woman behind the polished veneer: determined, prone to fits of jealous rage, wracked by insecurity, often too anxious to sleep alone. At last we hear her in her own voice expressing her own distinctive and surprisingly resonant concerns. Guy writes like a dream, and this combination of groundbreaking research and propulsive narrative puts him in a class of his own. "Significant, forensic and myth-busting, John Guy inspires total confidence in a narrative which is at once pacy and rich in detail." -- Anna Whitelock, TLS "Most historians focus on the early decades, with Elizabeth's last years acting as a postscript to the beheading of Mary Queen of Scots and the defeat of the Spanish Armada. Guy argues that this period is crucial to understanding a more human side of the smart redhead." – The Economist, Book of the Year

The Untold Story of Elizabeth and Islam

Cecily Neville

Elizabeth Woodville - A Life

The Sultan and the Queen

Clap When You Land

This book examines the lives and tenures of all the consorts of the Tudor and Stuart monarchs of England between 1485 and 1714, as well as the wives of the two Lords Protector during the Commonwealth. The figures in Tudor and Stuart Consorts are both incredibly familiar—especially the six wives of Henry VIII—and exceedingly unfamiliar, such as George of Denmark, the husband of Queen Anne. These innovative and authoritative biographies recognise the important role consorts played in a period before constitutional monarchy: in addition to correcting popular assumptions that are based on limited historical evidence, the chapters provide a fuller picture of the role of consort that goes beyond discussions of exceptionalism and subversion. This volume and its companions reveal the changing nature of English consortship from the Norman Conquest to today.

New York Times Bestseller Finalist for the 2022 Pulitzer Prize in Biography "Janice P. Nimura has resurrected Elizabeth and Emily Blackwell in all their feisty, thrilling, trailblazing splendor." —Stacy Schiff *Elizabeth Blackwell* believed from an early age that she was destined for a mission beyond the scope of "ordinary" womanhood. Though the world at first recoiled at the notion of a woman studying medicine, her intelligence and intensity ultimately won her the acceptance of the male medical establishment. In 1849, she became the first woman in America to receive an M.D. She was soon joined in her iconic achievement by her younger sister, Emily, who was actually the more brilliant physician. Exploring the sisters' allies, enemies, and enduring partnership, Janice P. Nimura presents a story of trial and triumph. Together, the Blackwells founded the New York Infirmary for Indigent Women and Children, the first hospital staffed entirely by women. Both sisters were tenacious and visionary, but their convictions did not always align with the emergence of women's rights—or with each other. From Bristol, Paris, and Edinburgh to the rising cities of antebellum America, this richly researched new biography celebrates two complicated pioneers who exploded the limits of possibility for women in medicine. As Elizabeth herself predicted, "a hundred years hence, women will not be what they are now."

This book tells the story of the queen whose marriage to King Henry VII ended England's Wars of the Roses and inaugurated the 118-year Tudor dynasty. Best known as the mother of Henry VIII and grandmother of Elizabeth I, this Queen Elizabeth contributed far beyond the act of giving birth to future monarchs. Her marriage to Henry VII unified the feuding houses of Lancaster and York, and her popularity with the people helped her husband survive rebellions that plagued his first decade of rule. Queen Elizabeth's gracious manners and large family created a warm, convivial Court marked by a rather exceptional fondness between the royal couple. Her love for music, literature, and architecture also

helped inspire England's Renaissance.

Gone-Away Lake

In this outstanding cultural biography, the author of the New York Times bestseller *A Slave in the White House* chronicles a critical yet overlooked chapter in American history: the inspiring rise and calculated fall of the black elite, from Emancipation through Reconstruction to the Jim Crow Era—embodied in the experiences of an influential figure of the time, academic, entrepreneur, and political activist and black history pioneer Daniel Murray. In the wake of the Civil War, Daniel Murray, born free and educated in Baltimore, was in the vanguard of Washington, D.C.'s black upper class. Appointed Assistant Librarian at the Library of Congress—at a time when government appointments were the most prestigious positions available for blacks—Murray became wealthy through his business as a construction contractor and married a college-educated socialite. The Murrays' social circles included some of the first African-American U.S. Senators and Congressmen, and their children went to the best colleges—Harvard and Cornell. Though Murray and other black elite of his time were primed to assimilate into the cultural fabric as Americans first and people of color second, their prospects were crushed by Jim Crow segregation and the capitulation to white supremacist groups by the government, which turned a blind eye to their unlawful—often murderous—acts. Elizabeth Dowling Taylor traces the rise, fall, and disillusionment of upper-class African Americans, revealing that they were a representation not of hypothetical achievement but what could be realized by African Americans through education and equal opportunities. As she makes clear, these well-educated and wealthy elite were living proof that African Americans did not lack ability to fully participate in the social contract as white supremacists claimed, making their subsequent fall when Reconstruction was prematurely abandoned all the more tragic. Illuminating and powerful, her magnificent work brings to life a dark chapter of American history that too many Americans have yet to recognize.

NEW YORK TIMES BESTSELLER □ From the bestselling author of *Before We Were Yours* comes a dramatic historical novel of three young women searching for family amid the destruction of the post-Civil War South, and of a modern-day teacher who learns of their story and its vital connection to her students' lives. "An absorbing historical . . . enthralling."—Library Journal Bestselling author Lisa Wingate brings to life startling stories from

actual “Lost Friends” advertisements that appeared in Southern newspapers after the Civil War, as newly freed slaves desperately searched for loved ones who had been sold away. Louisiana, 1875: In the tumultuous era of Reconstruction, three young women set off as unwilling companions on a perilous quest: Hannie, a freed slave; Lavinia, the pampered heir to a now destitute plantation; and Juneau Jane, Lavinia’s Creole half sister. Each carries private wounds and powerful secrets as they head for Texas, following roads rife with vigilantes and soldiers still fighting a war lost a decade before. For Lavinia and Juneau Jane, the journey is one of stolen inheritance and financial desperation, but for Hannie, torn from her mother and siblings before slavery’s end, the pilgrimage west reignites an agonizing question: Could her long-lost family still be out there? Beyond the swamps lie the limitless frontiers of Texas and, improbably, hope. Louisiana, 1987: For first-year teacher Benedetta Silva, a subsidized job at a poor rural school seems like the ticket to canceling her hefty student debt—until she lands in a tiny, out-of-step Mississippi River town. Augustine, Louisiana, is suspicious of new ideas and new people, and Benny can scarcely comprehend the lives of her poverty-stricken students. But amid the gnarled live oaks and run-down plantation homes lie the century-old history of three young women, a long-ago journey, and a hidden book that could change everything.

A New York Times Notable Book: A psychologist’s “gripping and thought-provoking” look at how and why our brains sometimes fail us (Steven Pinker, author of *How the Mind Works*). In this intriguing study, Harvard psychologist Daniel L. Schacter explores the memory miscues that occur in everyday life, placing them into seven categories: absent-mindedness, transience, blocking, misattribution, suggestibility, bias, and persistence. Illustrating these concepts with vivid examples—case studies, literary excerpts, experimental evidence, and accounts of highly visible news events such as the O. J. Simpson verdict, Bill Clinton’s grand jury testimony, and the search for the Oklahoma City bomber—he also delves into striking new scientific research, giving us a glimpse of the fascinating neurology of memory and offering “insight into common malfunctions of the mind” (*USA Today*). “Though memory failure can amount to little more than a mild annoyance, the consequences of misattribution in eyewitness testimony can be devastating, as can the consequences of suggestibility among pre-school children and among adults with ‘false memory syndrome’ . . . Drawing upon recent neuroimaging research that allows a glimpse of the brain as it learns and remembers, Schacter guides his readers on a fascinating journey of the human mind.” —*Library Journal* “Clear, entertaining and provocative . . . Encourages a new appreciation of the complexity and fragility of memory.” —*The Seattle Times* “Should be required reading for police, lawyers, psychologists, and anyone else who wants to understand how memory can go terribly wrong.” —*The Atlanta Journal-Constitution* “A fascinating journey through paths of memory, its open avenues and blind alleys . . . Lucid, engaging, and enjoyable.” —Jerome Groopman, MD “Compelling in its science and its probing examination of

everyday life, *The Seven Sins of Memory* is also a delightful book, lively and clear.” —Chicago Tribune Winner of the William James Book Award

“One of the most captivating novels of the year.” – Washington Post NATIONAL BESTSELLER A Best Book of the Year: Bloomberg | Boston Globe | Chicago Public Library | Chicago Tribune | Esquire | Kirkus | New York Public Library | New York Times Book Review (Historical Fiction) | NPR's Fresh Air | O Magazine | Washington Post | Publishers Weekly | Seattle Times | USA Today A Library Reads Pick | An Indie Next Pick From the #1 New York Times bestselling author of *Beautiful Ruins* comes another “literary miracle” (NPR)—a propulsive, richly entertaining novel about two brothers swept up in the turbulent class warfare of the early twentieth century. An intimate story of brotherhood, love, sacrifice, and betrayal set against the panoramic backdrop of an early twentieth-century America that eerily echoes our own time, *The Cold Millions* offers a kaleidoscopic portrait of a nation grappling with the chasm between rich and poor, between harsh realities and simple dreams. The Dolans live by their wits, jumping freight trains and lining up for day work at crooked job agencies. While sixteen-year-old Rye yearns for a steady job and a home, his older brother, Gig, dreams of a better world, fighting alongside other union men for fair pay and decent treatment. Enter Ursula the Great, a vaudeville singer who performs with a live cougar and introduces the brothers to a far more dangerous creature: a mining magnate determined to keep his wealth and his hold on Ursula. Dubious of Gig's idealism, Rye finds himself drawn to a fearless nineteen-year-old activist and feminist named Elizabeth Gurley Flynn. But a storm is coming, threatening to overwhelm them all, and Rye will be forced to decide where he stands. Is it enough to win the occasional battle, even if you cannot win the war? Featuring an unforgettable cast of cops and tramps, suffragists and socialists, madams and murderers, *The Cold Millions* is a tour de force from a “writer who has planted himself firmly in the first rank of American authors” (Boston Globe).

Edward IV, England's Forgotten Warrior King

A True Romance

A Novel

Mother of the Princes in the Tower

Adapted for the STARZ original series, *The White Princess*. Love to the Death. When Henry Tudor picks up the crown of England from the mud of Bosworth field, he knows he must marry the princess of the enemy house—Elizabeth of York—to unify a country divided by war for more than three decades. But his bride is still in love with his dead enemy, and her mother and half of England remain loyal to her brother, the missing York heir. Henry’s greatest fear is that somewhere a prince is waiting to reclaim the throne. When a young man who would be king invades England, Elizabeth has to choose between the new husband she is coming to love and the boy who claims to be her lost brother: the rose of York come home at last. “A bloody irresistible read.” —People “Bring on the blood, sex, and tears!...You name it, it’s all here.” —USA TODAY

#1 NEW YORK TIMES BESTSELLER • Diana Gabaldon returns with the “vast and sweeping” (The Washington Post) new novel in the epic *Outlander* series. War leaves nobody alone. Neither the past, the present, nor the future offers true safety, and the only refuge is what you can protect: your family, your friends, your home. Jamie Fraser and Claire Randall were torn apart by the Jacobite Rising in 1746, and it took them twenty years of loss and heartbreak to find each other again. Now it’s 1779, and Claire and Jamie are finally reunited with their daughter, Brianna, her husband, Roger, and their children, and are rebuilding their home on Fraser’s Ridge—a fortress that may shelter them against the winds of war as well as weather. But tensions in the Colonies are great: Battles rage from New York to Georgia and, even in the mountains of the backcountry, feelings run hot enough to boil Hell’s teakettle. Jamie knows that loyalties among his tenants are split and it won’t be long before the war is on his doorstep. Brianna and Roger have their own worry: that the dangers that provoked their escape from the twentieth century might catch up to them. Sometimes they question whether risking the perils of the 1700s—among them disease, starvation, and an impending war—was indeed the safer choice for their family. Not so far away, young William Ransom is coming to terms with the mysteries of his identity, his future, and the family he’s never known. His erstwhile father, Lord John Grey, has reconciliations to make and dangers to meet on his son’s behalf and on his own, and far to the north, Young Ian Murray fights his own battle between past and future, and the two women he’s loved. Meanwhile, the Revolutionary War creeps ever closer to Fraser’s Ridge. Jamie sharpens his sword, while Claire whets her surgeon’s blade: It is a time for steel.

The turbulent Tudor Age never fails to capture the imagination. But what was it truly like to be a woman during this era? The Tudor period conjures up images of queens and noblewomen in elaborate court dress; of palace intrigue and dramatic politics. But if you were a woman, it was also a time when death during childbirth was rife; when marriage was usually a legal contract, not a matter for love, and the education you could hope to receive was minimal at best. Yet the Tudor century was also dominated by powerful and dynamic women in a way that no era had been before. Historian Elizabeth Norton explores the life cycle of the Tudor woman, from childhood to old age, through the diverging examples of women such as Elizabeth Tudor, Henry VIII’s sister; Cecily Burbage, Elizabeth’s wet nurse; Mary Howard, widowed but

influential at court; Elizabeth Boleyn, mother of a controversial queen; and Elizabeth Barton, a peasant girl who would be lauded as a prophetess. Their stories are interwoven with studies of topics ranging from Tudor toys to contraception to witchcraft, painting a portrait of the lives of queens and serving maids, nuns and harlots, widows and chaperones.

Norton brings this vibrant period to colorful life in an evocative and insightful social history.

In the tradition of the spellbinding historical novels of Philippa Gregory and Kate Morton comes a stunning story based on a real-life Tudor mystery, of a curse that echoes through the centuries and shapes two women's destinies... 1560: Amy Robsart is trapped in a loveless marriage to Robert Dudley, a member of the court of Queen Elizabeth I. Surrounded by enemies and with nowhere left to turn, Amy hatches a desperate scheme to escape—one with devastating consequences that will echo through the centuries... Present Day: When Lizzie Kingdom is forced to withdraw from the public eye in a blaze of scandal, it seems her life is over. But she's about to encounter a young man, Johnny Robsart, whose fate will interlace with hers in the most unexpected of ways. For Johnny is certain that Lizzie is linked to a terrible secret dating back to Tudor times. If Lizzie is brave enough to go in search of the truth, then what she discovers will change the course of their lives forever.

Gone, But Not Forgotten

The Real Story of the 'White Queen'

How the Mind Forgets and Remembers

Late Nights on Air

A Tudor Queen and Her World

NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE INDEPENDENT • From bestselling author and acclaimed historian Alison Weir comes the first biography of Margaret Douglas, the beautiful, cunning niece of Henry VIII of England who used her sharp intelligence and covert power to influence the succession after the death of Elizabeth I. Royal Tudor blood ran in her veins. Her mother was a queen, her father an earl, and she herself was the granddaughter, niece, cousin, and grandmother of monarchs. Lady Margaret Douglas, Countess of Lennox, was an important figure in Tudor England, yet today, while her contemporaries—Anne Boleyn, Mary, Queen of Scots, Elizabeth I—have achieved celebrity status, she is largely forgotten. Margaret's life was steeped in intrigue, drama, and tragedy—from her auspicious birth in 1530 to her parents' bitter divorce, from her ill-fated love affairs to her appointment as lady-in-waiting for four of Henry's six wives. In an age when women were expected to stay out of the political arena, alluring and tempestuous Margaret helped orchestrate one of the most notorious marriages of the sixteenth century: that of her son Lord Darnley to Mary, Queen of Scots. Margaret defiantly warred with two

queens—Mary, and Elizabeth of England—and was instrumental in securing the Stuart ascension to the throne of England for her grandson, James VI. The life of Margaret Douglas spans five reigns and provides many missing links between the Tudor and Stuart dynasties. Drawing on decades of research and myriad original sources—including many of Margaret’s surviving letters—Alison Weir brings this captivating character out of the shadows and presents a strong, capable woman who operated effectively and fearlessly at the very highest levels of power. Praise for *The Lost Tudor Princess* “This is a substantial, detailed biography of a fascinating woman who lived her extraordinary life to the full, taking desperate chances for love and for ambition. It will appeal to anyone with an interest in the powerful women of the Tudor period.”—Philippa Gregory, *The Washington Post* “Tackling the family from an unexpected angle, Weir offers a blow-by-blow account of six decades of palace intrigue. . . . Weir balances historical data with emotional speculation to illuminate the ferocious dynastic ambitions and will to power that earned her subject a place in the spotlight.”—*The New York Times Book Review*

As the 100 Years War ground to its dismal end, England groaned under the misrule of Henry VI and his Lancastrian favorites. The House of York rose in rebellion; and Parliament restored York in the line of inheritance to the throne. Edward, Earl of March, triumphed at the Battle of Mortimer’s Cross; Parliament asked him to be King and the people proclaimed him Edward IV. His life and legacy are chronicled in *Edward IV, England’s Forgotten Warrior King*. For ten years, Edward struggled against repeated Lancastrian rebellions. He was driven from his kingdom by Richard, Earl of Warwick, but then he won decisive victories at the Battles of Barnet and Tewkesbury in 1471. For another twelve years, he reigned wisely with peace and prosperity, as a beloved King; but then he died at age forty one and his twelve-year-old son was proclaimed Edward V. Richard, Duke of Gloucester, seized the throne and put young Edward and his brother in the Tower of London, from where they never emerged alive. Richard III was a good King and wanted to be respected, but the people believed he had murdered the Princes in the Tower, and would not forgive him. Queen Elizabeth and Margaret Beaufort plotted with Henry Tudor, who invaded England in 1485. Henry Tudor then defeated and killed Richard III at the Battle of Bosworth Field. Henry Tudor (Henry VII) was crowned King and married Edward IV’s daughter Elizabeth; the resultant Tudor dynasty would rule England for another 118 years.

The fate of the world is often driven by the curiosity of a girl. What happened to the Lost Colony of Roanoke remains a mystery, but the women who descended from Eleanor Dare have long known that the truth lies in what she left behind: a message carved onto a large stone and the contents of her treasured commonplace book. Brought from England on Eleanor’s fateful voyage to the New World, her book was passed down through the fifteen generations of daughters who followed as they came of age. Thirteen-year-old Alice had been next in line to receive it, but her

mother's tragic death fractured the unbroken legacy and the Dare Stone and the shadowy history recorded in the book faded into memory. Or so Alice hoped. In the waning days of World War II, Alice is a young widow and a mother herself when she is unexpectedly presented with her birthright: the deed to Evertell, her abandoned family home and the history she thought forgotten. Determined to sell the property and step into a future free of the past, Alice returns to Savannah with her own thirteen-year-old daughter, Penn, in tow. But when Penn's curiosity over the lineage she never knew begins to unveil secrets from beneath every stone and bone and shell of the old house and Eleanor's book is finally found, Alice is forced to reckon with the sacrifices made for love and the realities of their true inheritance as daughters of Eleanor Dare. In this sweeping tale from award-winning author Kimberly Brock, the answers to a real-life mystery may be found in the pages of a story that was always waiting to be written. Praise for The Lost Book of Eleanor Dare: "From the haunting first line, The Lost Book of Eleanor Dare transports the reader to a mysterious land, time and family . . . the captivating women of the Dare legacy must find their true inheritance hiding behind the untold secrets." —Patti Callahan, New York Times bestselling author Historical women's fiction Stand-alone novel Book length: approximately 135,000 words Includes discussion questions for book clubs

Elizabeth Woodville is undoubtedly a historical character whose life no novelist would ever have dared invent. She has been portrayed as an enchantress; as an unprincipled advancer of her family's fortunes and a plucky but pitiful queen in Shakespeare's histories. She has been alternatively championed and vilified by her contemporaries and five centuries of historians, dramatists and novelists, but what was she really life? In this revealing account of Elizabeth's life David Baldwin sets out to tell the story of this complex and intriguing woman. Was she the malign influence many of her critics held her to be? Was she a sorceress who bewitched Edward IV? What was the fate of her two sons, the 'Princes in the Tower'? What did she, of all people, think had become of them, and why did Richard III mount a campaign of vilification against her? David Baldwin traces Elizabeth's career and her influence on the major events of her husband Edward IV's reign, and in doing so he brings to life the personal and domestic politics of Yorkist England and the elaborate ritual of court life.

His Life, His People, and His Legacy

Anne Neville

The Lost Tudor Princess

Edward IV and Elizabeth Woodville

Elizabeth of York

The Forgotten Sister

Anne Neville was queen to England's most notorious king, Richard III. She was immortalised by Shakespeare for the remarkable nature of her marriage, a union which brought together a sorrowing widow with her husband's murderer. Anne's misfortune did not end there. In addition to killing her first husband, Richard also helped kill her father, father-in-law and brother-in-law, imprisoned her mother, and was suspected of poisoning Anne herself. Dying before the age of thirty, Anne Neville packed into her short life incident enough for many adventurous careers, but was always, apparently, the passive instrument of others' evil intentions. This fascinating new biography seeks to tell the story of Anne's life in her own right, and uncovers the real wife of Richard III by charting the remarkable twists and turns of her fraught and ultimately tragic life.

Wife to Richard, Duke of York, mother to Edward IV and Richard III, and aunt to the famous 'Kingmaker', Richard, Earl of Warwick, Cecily Neville was a key player on the political stage of fifteenth-century Britain England. Mythologically rumoured to have been known as 'the Rose of Raby' because of her beauty and her birth at Raby Castle, and as 'Proud Cis' because of her vanity and fiery temper, Cecily's personality and temperament have actually been highly speculated upon. In fact, much of her life is shrouded in mystery. Putting aside Cecily's role as mother and wife, who was she really? Matriarch of the York dynasty, she navigated through a tumultuous period and lived to see the birth of the future Henry VIII. From seeing the house of York defeat their Lancastrian cousins; to witnessing the defeat of her own son, Richard III, at the battle of Bosworth, Cecily then saw one of her granddaughters become Henry VII's queen consort. Her story is full of controversy and the few published books on her life are full of guess-work. In this highly original history, Dr John Ashdown-Hill seeks to dispel the myths surrounding Cecily using previously unexamined contemporary sources.

Portia and her cousin Julian discover adventure in a hidden colony of forgotten summer houses on the shores of a swampy lake.

New and Noteworthy —New York Times Book Review Must-Read Book of March —Entertainment Weekly Best Books of March

—HelloGiggles “Leaps at the throat of television history and takes down the patriarchy with its fervent, inspired prose. When Women Invented Television offers proof that what we watch is a reflection of who we are as a people.” —Nathalia Holt, New York Times bestselling author of Rise of the Rocket Girls New York Times bestselling author of Seinfeldia Jennifer Keishin Armstrong tells the little-known story of four trailblazing women in the early days of television who laid the foundation of the industry we know today. It was the Golden Age of Radio and powerful men were making millions in advertising dollars reaching thousands of listeners every day. When television arrived, few radio moguls were interested in the upstart industry and its tiny production budgets, and expensive television sets were out of reach for most families. But four women—each an independent visionary— saw an opportunity and carved their own paths, and in so doing invented the way we watch tv today. Irna Phillips turned real-life tragedy into daytime serials featuring female dominated casts. Gertrude Berg turned her radio show into a Jewish family comedy that spawned a play, a musical, an advice column, a line of house dresses, and other products. Hazel Scott, already a renowned musician, was the first African American to host a national evening variety program. Betty White became a daytime talk show fan favorite and one of the first women to produce, write, and star in her own show. Together, their stories chronicle a forgotten chapter in the history of television and popular culture. But as the medium became more popular—and lucrative—in the wake of World War II, the House Un-American Activities Committee arose to threaten entertainers, blacklisting many as communist sympathizers. As politics, sexism, racism, anti-Semitism, and money collided, the women who invented television found themselves fighting from the margins, as men took control. But these women were true survivors who never gave up—and thus their legacies remain with us in our television-dominated era. It's time we reclaimed their forgotten histories and the work they did to pioneer the medium that now rules our lives. This amazing and heartbreaking history, illustrated with photos, tells it all for the first time.

2012 Winner of the Andrew Carnegie Award for Excellence in Literature "This stunning novel by a Booker Prize winner . . . Offers up its brilliance by way of astonishingly effective storytelling."—Booklist, starred review "A new, unapologetic kind of adultery novel. Narrated by the proverbial other woman—Gina Moynihan, a sharp, sexy, darkly funny thirtysomething IT worker—The Forgotten Waltz charts an extramarital affair from first encounter to arranged, settled, everyday domesticity. . . . This novel's beauty lies in Enright's spare, poetic, off-kilter prose—at once heartbreaking and subversively funny. It's built of startling little surprises and one fresh sentence after another. Enright captures the heady eroticism of an extramarital affair and the incendiary egomania that accompanies secret passion: For all their utter ordinariness, Sean and Gina feel like the greatest lovers who've ever lived."—Elle
