Focusing on examples of live performance in drama, dance, opera and light entertainment, Jane Goodall explores a characteristic as compelling and enigmatic as the performers who demonstrate it. The mysterious quality of 'presence' in a performer has strong resonances with the uncanny. It is associated with primal, animal qualities in human individuals, but also has connotations of divinity and the supernatural, relating to figures of evil as well as heroism. Stage Presence traces these themes through

Performers display a magnetism of their audiences; they electrify them, exhibit mesmeric command, and develop chemistry in their communication. Case studies include: Josephine Baker, Sarah Bernhardt, Thomas Betterton, David Bowie, Maria Callas, Bob Dylan, David Garrick, Barry Humphries, Henry Irving, Vaslav Nijinsky and Paul Robeson. well do we know God the Father? Are we able to call him "Abba," as Jesus did? Did we have a complicated relationship with our earthly father that keeps us distant from our Father? How do we look at the Father when we are dealing with grief and loss? Scripture scholar and popular author George Montague touches on these questions and more in twenty beautifully written reflections that provide rich insights into the love at the heart of the Trinity. Montague uses everyday examples to help us to envision what that awesome relationship is like between Father and Son and how they long, through the Holy Spirit, to bring each one of us into their communion of love. This is a book you will want to read again and again.

race, the economy, and politics. Others, inundated with American media, consumerism, and secularity, have forgotten those aspects about their family heritage that make them unique. Drawing from Palma ' s background as an Italian American evangelical, Embracing Our Roots considers the significance of rediscovering our ancestral history in a society where many are forced to repress, ignore, or reject their heritage. A nation of immigrants, every American is, in some sense, an “ ethnic ” American and stands to gain from considering how the people and places they come from make them unique. In addition to using genealogy databases and social networks, Palma maintains the rich value of thumbing through the family archives, hearty conversations with loved ones, and building one ' s family tree.

These essays represent a critique of the disciplinary practices of history. They examine the historian's practices and assumptions, being mainly concerned with finding a set of practices of history-writing that are both truthful and ethical. They are united by the desire to find a way out of the self-constructed cage of scientific history that has made historians wary of the popular.

An examination of how the teachings of Jesus reveal the essential role of sexuality in spiritual growth and transformation • Shows that Jesus did not come to redeem humanity from the life of the flesh, but to honor it as a spiritual path • Uses Hebrew, gnostic, and early Christian source texts to reveal the true context of the words attributed to Jesus • Explores the spiritual and

physical relationship shared by Jesus and Mary Magdalene Of all the major religions, Christianity is the only one that has utterly rejected sexuality as one of the many paths that can lead to enlightenment and salvation. But if Jesus was indeed “the Word made flesh” and serious consideration is given to the mystery of his Incarnation, is it reasonable that physical love would have been prohibited to him? Drawing from the canonical and apocryphal gospels, the Hebrew esoteric tradition, and gnosticism, Jean-Yves Leloup shows that Jesus did not come to save humanity from the life of the flesh but to save the life of the flesh so that it would truly transfigure all people. Leloup explains that when Saint

Paul said it was good to be without women, he did not cite any words of Jesus in support of this contention. In fact, Paul's statement utterly contradicts the words of God in Genesis: "It is not good that man should be alone." Leloup argues that the elimination of the divine feminine and sacred sexuality set in motion by Paul's words does not reflect the true teachings of Christ, and that the transformation of Jesus into a celibate is the true heresy. His research restores Christ's true human sexuality and shows it to be a vital part of humanity's spirituality. Leloup contends that by understanding the sacred nature of the embrace shared by man and woman as a true reflection of humanity made in God's
