Six-time New York Times bestselling author, FOX News star, and radio host Mark R. Levin *trounces the news media* (The Washington Times) in this timely and groundbreaking book demonstrating how the great tradition of American free press has degenerated into a standardless profession that has squandered the faith and trust of the public. *Unfreedom of the Press* is not just another book about the press. In *Levin's finest work* (Breitbart), he shows how those entrusted with news reporting today are destroying freedom of the press from within—not through actions of government officials, but with its own abandonment of reportorial integrity and objective journalism. With the depth of historical background for which his books are renowned, Levin takes you on a journey through the early American patriot press, which proudly promoted the principles set forth in the Declaration of Independence and the Constitution. This is followed by the early decades of the Republic during which newspapers around the young country were open and transparent about their fierce allegiance to one political party or another. It was only at the start of the Progressive Era and the 20th century

that the supposed "objectivity of the press" first surfaced, leaving us where we are today: with a partisan party-press overwhelmingly aligned with a political ideology but hypocritically engaged in a massive untruth as to its real nature.

The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. "Gaspingly funny and wonderfully inappropriate." O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Winner of the Pulitzer Prize "A masterwork . . . the novel astonishes with its inventiveness . . . it is nothing less than a grand comic fugue."—The New York Times Book Review A Confederacy of Dunces is an American comic masterpiece. John Kennedy Toole's hero, one Ignatius J. Reilly, is "huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters, denizens of New Orleans' lower depths, incredibly true-to-life dialogue, and the zaniest series of

**This book identifies eight key mechanisms that can transform a set of ideas into a psychological flytrap. The author suggests that, like the black holes of outer space, from which nothing, not even light, can escape, our contemporary cultural landscape contains numerous intellectual black-holes—belief systems constructed in such a way that unwary passers-by can similarly find themselves drawn in. While such self-sealing bubbles of belief will most easily trap the gullible or poorly educated, even the most intelligent and educated of us are potentially vulnerable. Some of the world's greatest thinkers have fallen in, never to escape. This witty, insightful critique will help immunize readers against the wiles of cultists,**

in the areas of crime, business, love, politics, cruelty, and history--is back with Stupid California. This time, Gregory builds a case for the common suspicion that Californians, from movie moguls to beach bums, have a special affinity for idiocy. Culled from print, online, and broadcast sources, Stupid California is a hilarious collection of true stories, trivia, and factoids about the Golden State, such as: \* "California's state animal is the California grizzly bear, which is also on the state flag. The bear was honored in 1953, a full 31 years after the last known bear in the state was killed." \* "During the 1980s, in a bold stroke against terrorism, the Chico City Council banned nuclear weapons, enacting a mandatory \$500 fine for anyone detonating a nuclear weapon within city limits." Silly, shocking, weird, and amusing, Stupid California is ideal for both kinds of people--those who love California and those who hate it.
