Technologies & Applications, Second Edition

A Journal for the Engineer, Architect, Mechanic, and Municipal Officer

Gas & Oil Power

Bulletin

Environmental Impact Statement

Completely revised, this second edition of a bestseller explores the latest technology advancements and the many changes and developments in the utility and environmental regulation areas. It includes new information on the state of deregulation and market pricing as well as discussion of smart grid and other emerging programs. The environmental sections reflect the current emphasis on greenhouse gas emissions and carbon management, updates to CAAA regulations and timelines and the latest developments in the use and control of refrigerants.
