internationally renowned experts in the field, explains why skills-based teaching is at the heart of effective instruction in English for academic purposes (EAP) contexts. Each of the four main sections of the book helps readers understand how each skill—reading, writing, listening, and speaking—works and explains what research has to say about successful skill performance. Pedagogically focused chapters apply this information to principles for EAP curriculum design and to instructional activities and tasks

adaptable in a wide range of language-learning contexts. Options for assessment and the role of digital technologies are considered for each skill, and essential information on integrated-skill instruction is provided. Moving from theory to practice, this teacher-friendly text is an essential resource for courses in TESOL programs, for in-service teacher-training seminars, and for practicing EAP teachers who want to upgrade their teaching abilities and knowledge bases.

Testing Second Language Speaking

How were your schooldays - happy, horrible, or just a bit crazy? For one teenager, writing in Austerity Britain sixty years ago, they were a mixture of all three, but it was the craziness that stood out in retrospect. Eastwood School, near Glasgow, went through a very lively period in the years following the Second World War. Many of the staff were young

men not long back from the forces, often as high-spirited as the pupils they strove to teach. Yet somehow, they earned respect from these rowdy pupils. Relations between staff and pupils were generally good, with the teachers emerging as the real heroes of the piece. Many things were done differently in the days before calculators, computers, mobile phones and iPods. Ball-point pens and television existed, but not many people had either, and even paper was in short supply. Other aspects no doubt remain much the same. All

school life is chronicled here: high jinks to alleviate the boredom of classes; the giggling girls and the earnest students; the blushes of embarrassment; the dramas and disasters of exams; hopes and disappointments; crushes on teachers; the excitement of concerts, dances and sports events, which included annual contests of pupils versus staff in hockey, cricket, badminton and tennis. For many, the "Staff Hockey" was the highlight of the school year. Food, of course, was still rationed, and the dinner-ladies did not have an easy

life. All these activities, interwoven with the on-going saga of the disintegrating bicycle and keen observation of teachers and fellow-pupils, are linked by one pupil's odyssey from gawky fourteen-year-old "new girl," desperately trying to fit in, to senior student eager to move on to the next stage of life. This account is an edited version of the author's diaries from 1948 to 1951. Irreverent illustrations were added at a later date.

The testing and assessment of second language learners is an essential part of the language learning process. Glenn Fulcher's *Testing Second Language Speaking* is a state-of-the-art volume that considers the assessment of speaking from historical, theoretical and practical perspectives. The book offers the first systematic, comprehensive and up-to-date treatment of the testing of second language speaking. Written in a clear and accessible manner, it covers:

- Explanations of the process of test design
- Costing test design projects
- How to put the test into practice
- Evaluation of speaking tests
- Task types for testing speaking
- Testing learners with disabilities

It also contains a wealth of

examples, including task types that are commonly used in speaking tests, approaches to researching speaking tests and specific methodologies that teachers, students and test developers may use in their own projects. Successfully integrating practice and theory, this book demystifies the process of testing speaking and provides a thorough treatment of the key ethical and technical issues in speaking evaluation.
