**"I must congratulate you on GLOBISH THE WORLD OVER. It's a pioneering text of great importance, full of enthralling insights for native and non-native English users alike." -- Robert McCrum, author, The Story of English and Literary Editor, London Observer. Globish, as a concept, takes to task the world hegemony of arrogant English-speakers. Hence the landmark book Don't Speak English - Parlez Globish became a best-seller in French, and other languages, but it never appeared in English. GLOBISH THE WORLD OVER is the first book written in Globish-English. Non-native English speakers from non-Anglophone countries use English better between themselves than with any native English speaker. Globish codifies their very efficient "similar limitations." The word Globish may strike English-speakers as an "odd" way to rename their English. However billions of speakers in Brazil, Russia, India and China will be the new "owners" of what the world is now calling Globish. The implications are far-reaching. GLOBISH THE WORLD OVER discusses this phenomenon, and demonstrates that Globish - as a deliberate and sufficient subset of English for international communication - is limited more by a person's communication ability than by mere words.**

**Introducing Shark Facts for Kids The 'For Kids' series has been produced for children of seven and over. It is the perfect answer to move your child away from simple picture books to start enjoying and learning from more challenging reading material. Every book in the series is an exciting factual story that will boost reading confidence and introduce active and motivating vocabulary. Parental support is necessary to get the best out of the English Reading Tree Series. All of the books are fast-paced and designed to keep children engaged. There is also a fun quiz that can be played to give you an accurate idea of how much he or she has learnt.**

**A love story that will break your heart. Jane Steele had been in a relationship with Australian Test cricketer Glenn McGrath for less than two years when, at age 31, to her horror and disbelief she was diagnosed with breast cancer. She didn't want to burden him, and offered to end the relationship and return to England to face the problem alone. He wouldn't have a bar of it--he was sticking by her no matter what. Together they battled the fear, the despair and the cancer. Jane had a mastectomy and then underwent gruelling chemotherapy. Through it all, Glenn was by her side. Together, they beat the cancer, this time at least. This, and their marriage, would have been happy ending enough but then, despite being told the chemotherapy could make her infertile, Jane discovered she was pregnant. Jane and Glenn welcomed baby James into their life. The alternating his 'n hers chapters take the reader right into the heart of this story. Jane and Glenn wrote frankly of their fears and**

worries (including such things as the fact that Jane might not survive, and how each felt about her body after surgery) and inspiringly of their devotion and their dedication to beating this disease. There are surprising laughs throughout the book (for instance they each have different memories of their courting days!) as well as deeply moving passages. This is a wonderful celebration of life and love.

**The English Reading Tree**

The Book of Isaiah is very Rich with Metaphors and Similes, if you are in Love with them, or not; but, most Poor People are not: beCause the Metaphors are far too "Foggy" for them to Understand, which Means that they must Practice Reading all such Books, just to get a Good Understanding of them. At any rate, this Version of Isaiah is by far the Best in the World, and is Rated as "Extremely Good" by Well-Educated People. Therefore, it is a "must read" Book, if anyone is Interested in Actually Understanding the Bible. Most People are not; but, that is not a Problem: because most People were not Born to be Masters. Indeed, most were Born to be Good Servants of Good Masters, which is Good: because the Masters are like the Head of the Body of Good Government, which Body must have many other Working Parts and Organs, just to Function Correctly as a Body. Therefore, do not let the Hands Despise the Eyes: beCause, what could the Hands Do without Eyes to Guide them, even if the Eyes belong to some other Person, who can See what is Needed. We suggest that Readers of this Inspired Book take their Sweet Time, and read only a few Chapters each Day, and do not attempt to read the entire Book during one Day, even though it will be Tempting to Finish it, quickly, just to Discover those Precious Parts that make it so Famous and Controversial among Religious Scholars, some of whom are very Perplexed by it: because no one can Rightly Deny that God, himself, is Speaking through "Isaiah," who may have been Reincarnated! Indeed, there is the Possibility of it; but, do not let that "Buck you Out of the Saddle," as a Cowboy might say. Remember that this is a Companion Book of: "The New MAGNIFIED Version of The Book of MOORMUN!" (The Story of the White and Dark Indians in the Americas!), Book 040, which is perhaps the Best Modern Book in the whole World! Yes, unlike the Mutilated Bible, the Book of Mormon is much more Understandable, being "a New Revelation from God," you might say; but, it is nothing quite as Enlightening as the New MAGNIFIED Version, which most Definitely contains New Revelations from the Supreme Ruler of this Heaven and Earth. Therefore, do not let the Sun Set on another Day of Deprivation; but, PLEASE, for your own

Sake, Educate yourself with all such Good Books: beCause that is True Wisdom on your part, which will make you Glad that you did. Guaranteed!

The book consists of Elementary and Pre-intermediate courses with parallel Turkish-English texts. The author maintains learners' motivation with funny stories about real life situations such as meeting people, studying, job searches, working etc. The ALARM method (Approved Learning Automatic Remembering Method) utilize natural human ability to remember words used in texts repeatedly and systematically. The author composed each chapter using words explained in previous chapters only. The second and the following chapters of the Elementary course have about thirty new words each.

Imagine a class of disenchanted, turned-off teens, mostly males. Then imagine those same students feeling poorly about themselves - feeling they are dumb because they have not been told it takes time to learn a second language. Imagine adults passing through their lives and finally one sticks around to show them they are loved. They are safe. They are good. Just imagine.

I Am Safe. I Am Good. I Am Loved.

How to Write Effective Business English

Reading in English at advanced levels involves more than just words and grammar - it requires an interpretation of tone, context, aims and more. But sometimes the English you can learn from your coursebook just isn't enough for real life. Using real life examples and language English for Life: Reading (B2+) will help you to appreciate the finer details of a reading piece and so to get much more out of reading in English.> Study the language people really use when they are writing - and why> Compare and contrast writing styles in lots of different environments> Useful 'language notes' to increase your understanding of tone, slang and social contextIncludes practice of reading in the following contexts:,\*Correspondence,\*Products and services,\*Out and about,\*Facts,\*Reading for pleasureAbout the series:What is it? Collins' innovative English for Life series adds the extra bit of authenticity to your studies that traditional coursebooks often lack. The series includes helpful up-to-date and relevant topics needed to get by in English and uses authentic material from the Collins Corpus, the world's largest database of the English language.How can the series be used? The series can be used for independent study (self-study) and extra assignments, it's a great supplement to existing coursebooks, and the books can also be used as stand-alone coursebooks for short courses. All books have accompanying teacher resources available online.What levels are available? There are three levels available:A2 (Pre-intermediate)B1+ (Intermediate)B2+ (Upper intermediate)

Vols. for 1898-1968 include a directory of publishers.

Gaby LeFevre is a suburban, Midwestern firecracker, growing up in the 80s and 90s and saving the world one homeless person,

centenarian, and orphan at a time. With her crew of twin sister, Annie, smitten Mikhail, and frenemy Mel, she's a pamphlet-wielding humanitarian, tackling a broken world full of heroes and heroines, villains and magical seeds, and Northwyth stories. Beginning with a roadkill-burying nine-year-old and a gas-leak explosion, it follows Gaby as she traverses childhood and young adulthood with characteristic intensity and a penchant for disaster. Meanwhile, the large cast of compelling characters entertains and the Northwyth legends draw you into their magic.

The Anarchist's Guide to Grammar: "Banish the "rules" of grammar in the U.S.!" is the revolution called for by author Val Dumond. "Scary? Of course, but drastic measures must be taken. Just look at the state of language today! The time is now! Stand up and reclaim it!" "We've been taking U.S. language for granted," claims this long-time writer. We make several assumptions: 1) that we have a language called "Proper English"; 2) that a set of "rules" lies in some mysterious place, written by some mysterious authority; 3) that one must follow those "rules" to speak and write correctly. Not so! The time has arrived to banish what we call "rules" and expose the assumptions." Dumond asks: What would happen if we all spoke the language of our heritage? We would quickly learn the sound of the Tower of Babel - since US-language has come about by combining languages from (at least) 150 countries around the world. As immigrants enter the country, they bring with them new ideas, cultures, foods, music, and language. As they become settled, they combine their culture with US-ers, thus enriching all of us in the United States, including our language. In an amusing Introduction, Val explains how we have assumed there exists an incontrovertible set of grammar "rules" to be followed in order to speak proper, correct, good English. "We're not in England anymore!" she points out. Oh yes, we started out with British "rules," but as we declared our independence, language changed, and continues to change. Do you really understand ordinary British English? Numerous pundits over time

have drawn up what they consider the "rules" of grammar and forced them on their students. Yet, when those students run up against someone who studied a different set of "rules," confusion and doubt rear their heads. Must we in the U.S. speak "proper English" or do we have a language all our own? After clarifying the conundrum of US-language, Dumond offers guidelines to aid writers in determining what constitutes understandable language. Those guidelines don't depend on memorizing all the crazy names for the parts of language, but rather the guidelines focus on how those parts function. Nouns and pronouns become Things; adjectives and adverbs become Modifiers; punctuation becomes Rules of the Road - all presented in easily understood language, with examples to boot. Included in the guidelines are ways to decide which nouns to capitalize how to discern the difference between plural and possessive nouns how pronouns perform ways to vary word modifiers how to add modifying phrases and clauses use of the little words that serve as the glue to connect words into sentences how to use the dots, dashes, and curly cues we call punctuation. But she doesn't stop there. Writers will especially enjoy the freedom offered to create new words and put together sentences and paragraphs. She offers suggestions to use numbers and inclusive language, as well as offering four ways to improve spelling. The solution to the confusion of US-language seems so simple. Look at the "rules" that come close to your interpretation, then modify them to make them work for you. Set up Your Style Manual, rather than depend on style manuals put together according to some other group's interpretations. And she shows you how. All this is included in The Anarchist's Guide to Grammar: toss out the assumptions, clarify them, pick up some basic, helpful guidelines, and write with power and assurance. No longer will you need to ask, "What are the rules for writing Proper English?" At last, you'll understand why there aren't any. At last you can write your own guidelines.

This is book 4 of Preston Lee's Beginner English 20 Lesson Series. It contains lessons 61 - 80 from the best-selling series. Everything a beginner needs for learning English in one book! Have fun and learn English the easy way. This book has been written for all ages, children and adults alike. - 20 excellent lessons for everyday English - 40 fun worksheets for easy learning - Over 40 useful sentence patterns - Practice tests to

The lessons in this book have been carefully chosen to help the learner really understand a range of topics for everyday talk. This book includes everything you need to become an excellent and fluent English speaker!

A wave of life stories and autobiographical narratives by Aboriginal women began in the late 1970s and gained momentum a decade later with the publication of Sally Morgan's *My Place* (1987), which became a bestseller. While some of the books of the first wave focused mainly (if not exclusively) on the author, Aboriginal women's life stories widened over time to include transgenerational histories of the family. Reading *Aboriginal Women's Life Stories* is an important discussion of books that have shaped our understanding of contemporary Indigenous Australian literature. Anne Brewster provides an in-depth textual analysis of three key titles and situates them in relation to concepts of history, race, gender, family, storytelling and Aboriginality in modern Australia. "Looking back, we can recognise now what an extraordinary phenomenon these life stories are, and how they have changed understandings of Aboriginality and writing ... The return of this classic book in a new edition is a welcome reminder that Anne Brewster's careful, deeply respectful and informed approach to these writings is as necessary now as it ever was." –Professor Gillian Whitlock FAHA

*In a series of simplified educational editions for learners of English as a foreign language, this one gives information*

*about modern American life in some of its many facets.*

*Focus your English learning on the most frequently used words. Learn just the 1000 words you need for everyday life. One of the usual mistakes when learning a foreign language is that the student has no priorities. All the unknown words get the same attention. Actually, to communicate you only need 1000 words in any language. These words are the most frequently used and can be defined using an algorithm that provides the ranking. In this book you'll find the list. This book will provide you with the 1000 words you have to learn first to get around when traveling or interacting with Spanish speaking people. So, don't waste your time and energy! Focus your effort on the most important words you have to learn to master Spanish! Download your copy and start focusing your energy today!"*

*Why is it that more people can't read and write? Why are there still so many vastly different methods of teaching literacy? Why do people still argue about it? Reading for Life examines these three questions, addressing the less evidence supported ideas about teaching reading and writing which are still alive and well in schools all over the world. This accessible guide bridges the gap between research and practice, translating academic findings into practical suggestions and ready-to-use techniques. Written in an approachable style and with informative graphics, vignettes and interviews woven throughout, this book covers: the components of literacy, including phonics, vocabulary and fluency the history of approaches to literacy teaching and an overview of the key figures government-level inquiries into the provision of reading and writing teaching the mindset which leads to acceptance of poor practice the essential components of an effective literacy program with practical advice on selecting resources to get the job done well Reading for Life helps educational practitioners make informed decisions about which teaching methods to reject and select, and empowers parents to ask the right questions of professionals and policy makers. This book is a timely exploration of poor teaching methods and is an innovative, fresh assessment of how high quality literacy teaching can be provided for all.*

Develop key reading skills and become more confident when reading in English. If you want to understand everything you read in English, you need to practise reading different kinds of texts. With Collins Reading (A2) you will learn how to get the information you need from every text you read. Includes both authentic and adapted texts in a wide variety of styles: • signs and labels • timetables and tickets • advertisements • newspapers and magazines • brochures • social networking sites • blogs • • Twenty units with a clear design in full colour. • Appendices contain detailed advice targeting specific reading skills. • Mini-dictionary with definitions of the most difficult words in each unit, taken from the Collins COBUILD dictionary. • Answer key Collins Reading (A2) is part of the English for Life series. It is suitable for self-study and classroom use, and can help towards Cambridge KET preparation. Suitable for pre-intermediate learners of English (CEF level A2). The English for Life series uses authentic material from the Collins Corpus. The 4.5-billion-word Collins Corpus is the world's largest database of the English language and is updated every month. Also available in the Collins English for Life series: For Pre-Intermediate (A2) learners: Writing • Listening • Speaking For Intermediate (B1+) learners: Reading • Writing • Listening • Speaking

An entertaining and illuminating collection of weird, wonderful, and downright baffling words from the origins of English—and what they reveal about the lives of the earliest English speakers Old English is the language you think you know until you actually hear or see it. Unlike Shakespearean English or even Chaucer's Middle English, Old English—the language of Beowulf—defies comprehension by untrained modern readers. Used throughout much of Britain more than a thousand years ago, it is rich with words that haven't changed (like word), others that are unrecognizable (such as neornawang, or paradise), and some that are mystifying even in translation (gafol-fisc, or tax-fish). In this delightful book, Hana Videen gathers a glorious trove of these gems and uses them to illuminate the lives of the earliest English speakers. We discover a world where choking on a bit of bread might prove your guilt, where fiend-ship was as likely as friendship, and where you might grow up to be a laughter-smith. The Wordhord takes readers on a journey through Old English words and customs related to practical daily activities (eating, drinking, learning, working); relationships and entertainment; health and the body, mind, and soul; the natural world (animals, plants, and weather); locations and travel (the source of some of the most evocative words in Old English); mortality, religion, and fate; and the imagination and storytelling. Each chapter ends with its own “wordhord”—a list of its Old English terms, with definitions and pronunciations. Entertaining and enlightening, The Wordhord reveals the magical roots of the language you're reading right now: you'll never look at—or speak—English in the same way again.

Reading Aboriginal Women's Life Stories

**This is the third in a series of three books, *The Journey of Self-Knowledge: Advanced English Speaking and Reading*. These ESL books don't teach English in the traditional way. Rather than a dry rundown of grammar and familiar topics, these books take you on an exciting journey to know who you are beyond your role as an ESL student. The books draw on the timeless wisdom found in the Vedic transcendental texts that provide knowledge about all aspects of life. If you're interested in understanding yourself and the world you live in, then we encourage you to join our expedition. Although these books offer plenty of speech activities, literary works, and language exercises, they aren't run-of-the-mill English textbooks. They are written in an entertaining and conversational manner. However, these books are not for everyone. They're for advanced level students with inquisitive minds who don't mind wrestling with philosophical ideas and spiritual concepts. Book One initiates the journey. You board an imaginary aircraft and explore outer space, your inner world, time, and more. 10% of the proceeds from this book will be donated to Vedic teachers in support of their educational endeavors. Book Two is a stopover in New York City where you'll learn storytelling, listen to the rhythm of American English, practice pronunciation, and much more. Book Three concludes the journey by reaching the destination of knowing your true identity! 100% of the proceeds from this book will be donated to International Sanatana Dharma Society, a non-profit organization with the mission to "feed hungry souls." This is our invitation to you to join us in this wonderful journey!**

**NOTE: This Parent-Teacher-Mentor Edition of *Shine In Your Life's Journey* accompanies the student guide/workbook *Shine In Your Life's Journey: A Student's Guide to Character Development*, and contains helpful instructions to the lessons in the Student Guide for any parent, teacher, and mentor. "There is honor in meeting and overcoming life's challenges." This is the theme of *Shine in Your Life's Journey* (for students) and is meant to inspire children of all ages with the belief that with meaningful learning tools, they have the power to meet their personal challenges and goals with courage and purpose. *Shine In Your Life's Journey* is a simply formatted, straightforward guide/workbook to help students learn the important values and behaviors that build and sustain a strong character. Containing concise, thought-provoking, and enjoyable lessons, this easy-to-use guide encourages its student users to discover their own innate strengths as well as improve areas of lesser strengths that will help them achieve their hopes, dreams, and goals in their lives. The lessons are divided into three sections: Being an Honorable Person, Self-Discovery, and Self-Empowerment, and are a result of the curriculum the author has developed for the children he teaches and mentors at Jasper Mountain Center in Jasper, Oregon, an internationally renowned residential facility that addresses the significant needs of children and their families who have suffered the trauma of abuse. Author Greg Ahlijian has been a volunteer at the Jasper Mountain facility since 2008, teaching and mentoring**

**children from ages 8-14 about character development, nature, and poetry. Inspired by the children, he has written two books that contain life lessons: The Large Rock and the Little Yew teaches the virtues of courage, perseverance, self-respect, and hope; and An Elephant Would Be Wonderful, a book about self-discovery. He says, "To be able to provide a smile on a child's face, a bit of joy or inspiration, is what my book projects are all about!"**

How to Write Effective Business English gives guidance to both native and non-native English speakers on how to express yourself clearly and concisely. With case studies and real-life examples that demonstrate how English is used internationally in business, and full of ideas to help you get your communications right first time, How to Write Effective Business English sets the scene for describing the benefits of good Business English, ideal for multinational companies where communication is a priority. For native English speakers, it may mean un-learning things you were taught at school and learning how to save time by getting to the point more quickly in emails; for elementary to immediate English speakers, it focuses on the areas that are easy to get wrong. How to Write Effective Business English draws on the author's wealth of experience, using real-life international business scenarios to develop your skills and provide you with some answers that even your boss might not know. You will learn a system to help you quickly and easily write emails, letters, CVs and more. Featuring sections on punctuation and grammar, and checklists to help you assess how you are getting on before moving on to the next stage, How to Write Business English has been praised by both native and non-native writers of English as an indispensable resource.

Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures .
