This pictorial dictionary includes 150 Biblical Hebrew words and defines them within their linguistic and cultural context and will provide the Bible reader with a deeper understanding of the words they are reading in the Bible.

The Book of Isaiah is very Rich with Metaphors and Similes, if you are in Love with them, or not; but, most Poor People are not: beCause the Metaphors are far too "Foggy" for them to Understand, which Means that they must Practice Reading all such Books, just to get a Good Understanding of them. At any rate, this Version of Isaiah is by far the Best in the World, and is Rated as "Extremely Good" by Well-Educated People. Therefore, it is a "must read" Book, if anyone is Interested in Actually Understanding the Bible. Most People are not; but, that is not a Problem: because most People were not Born to be Masters. Indeed, most were Born to be Good Servants of Good Masters, which is Good: because the Masters are like the Head of the Body of Good

Government, which Body must have many other Working Parts and Organs, just to Function Correctly as a Body. Therefore, do not let the Hands Despise the Eyes: beCause, what could the Hands Do without Eyes to Guide them, even if the Eyes belong to some other Person, who can See what is Needed. We suggest that Readers of this Inspired Book take their Sweet Time, and read only a few Chapters each Day, and do not attempt to read the entire Book during one Day, even though it will be Tempting to Finish it, quickly, just to Discover those Precious Parts that make it so Famous and Controversial among Religious Scholars, some of whom are very Perplexed by it: because no one can Rightly Deny that God, himself, is Speaking through "Isaiah," who may have been Reincarnated! Indeed, there is the Possibility of it; but, do not let that "Buck you Out of the Saddle," as a Cowboy might say. Remember that this is a Companion Book of: "The New MAGNIFIED Version of The Book of MOORMUN!" (The Story of the White and Dark Indians in the Americas!), Book 040, which is perhaps the Best Modern Book in the whole World! Yes, unlike the Mutilated Bible, the Book of Mormon is much more Understandable, being "a New Revelation from God," you might say; but, it is nothing quite as Enlightening as the New

MAGNIFIED Version, which most Definitely contains New Revelations from the Supreme Ruler of this Heaven and Earth. Therefore, do not let the Sun Set on another Day of Deprivation; but, PLEASE, for your own Sake, Educate yourself with all such Good Books: beCause that is True Wisdom on your part, which will make you Glad that you did. Guaranteed!

A practical guide to translation as a profession, this book provides everything translators need

to know, from digital equipment to translation techniques, dictionaries in over seventy languages, and sources of translation work. It is the premier sourcebook for all linguists, used by both beginners and veterans, and its predecessor, The Translator's Handbook, has been praised by some of the world's leading translators, such as Gregory Rabassa and Marina Orellana."

Reading a translation of any book is just not the same as reading it in its original language and is adequately stated in the phrase "lost in the translation." When-ever a text is translated from one language to another it loses some of its flavor and substance. The problem is compounded by the fact that a language is tied to the culture that uses that language. When the text is read by a culture different from the one it is written in, it loses its cultural context. A Biblical example of this can be found in the Hebrew word tsur which is translated as a rock - "He only is my rock and my salvation, he is my defence; I shall not be greatly moved" (Psalm 62:2, KJV). What is a rock and how does it apply to God? To us it may mean solid, heavy or hard but the cultural meaning of the word tsur is a high place in the rocks where one runs to for refuge and defense, a place of salvation. "The Living Words" is an in-depth study into the Ancient Hebrew vocabulary and culture of the Bible replacing the flavor and substance that has been removed from us.

This landmark dictionary proves that English words can be traced back to the universal, original language, Biblical Hebrew. Genesis II supports a 'Mother Tongue' thesis, and the Bible also claims that Adam named the animals. This may seem difficult to accept, but then why do the translations of the following animals' names: Skunk, Gopher, Giraffe and Horse actually have corresponding meanings in Biblical Hebrew, such as: Stinker, Digger, Neck and Plower? The book features overwhelming data suggesting that the roots of all human words are universal, and that words have related synonyms and antonyms that must have been intelligently designed (perhaps by the designer of life himself!) The current hypothesis that language evolved from grunting ape-men may seem like the flat earth theory after reading this book. The 22,000 English-Hebrew links provide surprising evidence, and open new worlds of understanding, once we consider that all of these similar words could not be coincidences.
