Vandana Shiva is one of the world’s most prominent radical scientists . . . in Staying Alive she defines the links between ecological crises, colonialism, and the oppression of women. It is a scholarly and polemical plea for the rediscovery of the ‘feminine principle’ in human interaction with the natural world, not as a gender-based quality, rather an organizing principle, a way of seeing the world. –Guardian
In this pioneering work, Vandana Shiva looks at the history of development and progress, stripping away the neutral language of science to reveal third-world development policy as the global twin of the industrial revolution. As Shiva makes clear, the way this development paradigm is being implemented—through violence against nature and women—threatens survival itself. She focuses on how rural Indian women experience and perceive the causes and effects of ecological destruction, and how they conceive of and initiate processes to stop the destruction and begin regeneration. As the world continues to follow destructive paths of development, Shiva’s Staying Alive is a fiercely relevant book that positions women not as mere survivors of the crisis, but as the source of crucial insights and visions to guide our struggle. A world-renowned environmental leader and thinker, Vandana Shiva is the author of many books, including Stolen Harvest, Earth Democracy, and Soil Not Oil. She is the founder of Navdanya and a leader in the International Forum on Globalization (IFG) and the Slow Food movement.

Women, Ecology and Survival in India

The monster under the bed is real. In fact, all the monsters are real, as well as the heroes and everything in between because all Fiction is real and exists in a dimension called Story. However, plenty of them hang out in the Mortal world, living both innocent and nefarious lives. This might not mean much to the average Mortal unaware of the Fictional characters living among them, but for The Last Scion—the only Mortal that can kill those Fictional characters—things are about to become very complicated. Tessa Battle is that Mortal. Upon her return to Lore, Oregon after years bouncing around boarding schools in Europe, Tessa had her sights set on simple things like shoe shopping, finding a hot boyfriend, and eating as many pancakes as humanly possible. However, the Last Scion mantle Tessa just got saddled with is not making any of that easy, and as Tessa and her new friends are about to learn, Story is long from done with her, no matter how much she'd like to deny her destiny. With more than one monster chasing her and questionable characters like The Snow Queen and Robin Hood as her allies, Tessa is going to need all the superpowers she inherited just to stay alive. And maybe, just maybe, it's a GOOD thing that behind her back, Stories call her THE STORYKILLER.

'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle
In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island’s dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, ‘I feel as though all these dogs are my dogs and I have a responsibility to them.’ In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

Dansk Ordbog (etc.)

Selected essays originally published as a book in Danish in 1970. Three had been published before then in English, but the others are new. All deal with concepts common to law and morality. "They function in the same way in legal and moral discourse: guilt determines responsibility, and responsibility punishment. But the conditions under which a person incurs guilt differ according to whether the guilt is legal or moral, as do also the manner in which the responsibility takes effect and the penal reaction itself." Cf. Preface, page v.

LEXICON POETICUM - Ordbog over det norsk-islandske skjaldesprog er en fuldstændig ordbog over ord, vendinger, navne m.v., som forekommer i det old-islandske poetiske sprog såvel i eddadigte som i skjaldekvad. Værket er en ajourføring, viderebearbejdning og udbygning af Sveinbjörn Egilssons (1791-1852) latinske værk, der udkom i 1860 under titlen Lexicon Poeticum antiquæ septentrionalis. Finnur Jónsson's danske udgave kom i 1916 og blev genudgivet i 1931. Dette er et fotografisk genoptryk af udgaven fra 1931.

Janey the Vet

A New York Review Books Original Hav is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published Last Letters from Hav in 1985, it was short-listed for the Booker Prize. Here it is joined by Hav of the Myrmidons, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.
