

## Ethics In Criminal Justice

This undergraduate textbook applies concepts from the three major ethical schools--virtue, formalism, and utilitarianism--to various issues in contemporary criminal justice. Sample topics include the distinction between immoral and illegal acts, the problem of police corruption, and the rationale for punishment of those convicted of crimes. By combining case studies and text, Ethics in Criminal Justice helps students prepare for the ethical situations they will encounter as criminal justice professionals. The text focuses on the morality of the individual professional with an emphasis on Aristotle's virtue theory to help readers resolve ethical issues. It includes discussions of cor more traditional discussions of philosophical and professional ethics. Included in the text are 52 case studies and numerous discussion questions to help spark classroom debate about ethics in criminal justice.

This textbook looks at the main ethical questions that confront the criminal justice system - legislature, law enforcement, courts, and corrections - and those who work within that system, especially police officers, prosecutors, defence lawyers, judges, juries, and prison officers. John Kleinig sets the issues in the context of a liberal democratic understanding, and illustrates them with a wide and International range of real-life case studies. Topics covered include discretion, capital punishment, terrorism, restorative justice, and re-entry. Kleinig's discussion is both philosophically acute and grounded in institutional realities, and will enable students to engage productively with the et now and in the future - whether as criminal justice professionals or as reflective citizens.

The first edition of Architecture, Power, and National Identity, published in 1992, has become a classic, winning the prestigious Spiro Kostof award for the best book in architecture and urbanism. Lawrence Vale fully has fully updated the book, which focuses on the relationship between the design of national capitals across the world and modernity. Tied to this, it explains the role that architecture and planning play in the forceful assertion of state power. The book is truly international in scope, looking at capital cities in the United States, India, Brazil, Sri Lanka, Kuwait, Bangladesh, and Papua New Guinea.

The Corruption of Noble Cause

From Personality to Virtue

An Introduction to Ethics

The Ethics of Policing

*A well balanced survey of ethics presented through applications to the criminal justice system. The text introduces the reader to ethical decision making in the first chapter and then moves through three major ethical perspectives: virtue, formalism, and utilitarianism. The text then moves to the social and criminal justice context where ethics is discussed in separate chapters as it relates to law, police, courts, and corrections, and liability in general. The final chapter looks to the future development of ethics in everyday life.*

*Federal, state, county, and municipal police forces all have their own codes of conduct, yet the ethics of being a police officer remain perplexing and are often difficult to apply in dynamic situations. The police misconduct statistics are staggering and indicate that excessive use of force comprises almost a quarter of misconduct cases, with sexual harassment, fraud/theft, and false arrest being the next most prevalent factors. The ethical issues and dilemmas in criminal justice also reach deep into the legal professions, the structure and administration of justice in society, and the personal characteristics of those in the criminal justice professions. The Encyclopedia of Criminal Justice Ethics includes A to Z entries by experts in the field that explore the scope of ethical decision making and behaviors within the spheres of criminal justice systems, including policing, corrections, courts, forensic science, and policy analysis and research. This two-volume set is available in both print and electronic formats. Features: Entries are authored and signed by experts in the field and conclude with references and further readings, as well as cross references to related entries that guide readers to the next steps in their research journeys. A Reader's Guide groups related entries by broad topic areas and themes, making it easy for readers to quickly identify related entries. A Chronology highlights the development of the field and places material into historical context; a Glossary defines key terms from the fields of law and ethics; and a Resource Guide provides lists of classic books, academic journals, websites and associations focused on criminal justice ethics. Reports and statistics from such sources as the FBI, the United Nations, and the International Criminal Court are included in an appendix. In the electronic version, the Reader's Guide, index, and cross references combine to provide effective search-and-browse capabilities. The Encyclopedia of Criminal Justice Ethics provides a general, non-technical yet comprehensive resource for students who wish to understand the complexities of criminal justice ethics.*

*This collection of thought-provoking, easy-to-read essays articulates drastically different moral beliefs about the relationship between criminal justice and social justice, and the importance of ethical behavior of individuals working in the system. The essays—which include hypothetical cases as well as actual court opinions—show readers how moral beliefs are examined and defended, and encourage them to examine and defend their own positions. In many cases, the articles present different sides of an issue, often in the form of direct debates between experts (e.g., feminist scholar Catherine MacKinnon on prostitution law vs the International Committee for Prostitutes' Rights and its "World Whores' Congress Statements"; O.J. Simpson attorney Johnnie Cochran vs Yale Law Professor Akhil Reed Amar). Often includes articles that argue for unpopular or unusual positions. An introduction on ethical reasoning and ethics pedagogy is followed by sections on the nature of criminal guilt, law making, law enforcement, judicial processing, punishment and emerging issues (technology and media). Issues addressed include Drug Legalization; Prostitution; Corporate Violence; Hate Crimes; Abortion; Police Ethics; Deception & Influence; Selective Enforcement; Lawyers Ethics; Plea Bargaining & Due Process; Treatment of Inmates; Death Penalty; Cyberspace; and Media. Includes resources on professional Code of Ethics. For anyone involved in/with the criminal justice system.*

*Packed with current, real-world examples, ETHICAL DILEMMAS AND DECISIONS IN CRIMINAL JUSTICE, 9th Edition offers comprehensive, balanced, and practical coverage of ethics across all three arms of the criminal justice system: the police, the courts, and corrections. Readers find coverage of the philosophical principles and theories that are the foundation of ethical decision-making, as well as the latest challenges and issues in criminal justice -- the militarization of the police, mass imprisonment, wrongful convictions, the misuse of power by elected officials and/or other public servants, and more. The text provides a wealth of hands-on exercises as well as such insightful features as In the News boxes spotlighting recent examples of misconduct. For those studying or contemplating a career in criminal justice, real-life cases and situations demonstrate the significance of ethics in today's criminal justice arena. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.*

In Search of the Truth

Ethics for Criminal Justice Professionals

Ethical Dilemmas and Decisions in Criminal Justice

Justice, Crime, and Ethics

Everyday Ethics for the Criminal Justice Professional

*It is essential for those employed within the justice system to be able to competently and confidently work at the borders between ethics and the law. Criminal Justice Ethics offers a fresh new approach to considering ethical issues in a criminal justice context. Rather than simply offering a range of ethical dilemmas specific to various justice professionals, it provides extensive discussion of how individuals develop their "moral imaginations" using ethical perspectives and practices, both as citizens of the world and as practitioners of justice. Starting from a consideration of the major ethical theories, this book sets the framework for an expansive discussion of ethics by moving from theory to consider the just society and the role of the justice professional within it. Each chapter provides detailed analysis of relevant ethical issues, and activities to engage students with the content, as well as review questions, which can be used for revision or examination. This book will help students to: understand the various theoretical approaches to ethics, apply these understandings to issues in society and the justice process, assist in developing the ability to investigate, discuss, and analyse current ethical issues in criminal justice, appreciate the diverse nature of ethical systems across cultures, outline strategies for detecting and resolving ethical dilemmas. Rich with examples and ethical dilemmas from a broad range of contexts, this book's multicultural approach will appeal not only to criminal justice educators, but also to academics, students and practitioners approaching criminal justice from sociological, psychological or philosophical perspectives.*

*The enormous financial cost of criminal justice has motivated increased scrutiny and recognition of the need for constructive change, but what of the ethical costs of current practices and policies? Moreover, if we seriously value the principles of liberal democracy then there is no question that the ethics of criminal justice are everybody's business, concerns for the entire society. The Routledge Handbook of Criminal Justice Ethics brings together international scholars to explore the most significant ethical issues throughout their many areas of expertise, anchoring their discussions in the empirical realities of the issues faced rather than applying moral theory at a distance. Contributions from philosophers, legal scholars, criminologists and psychologists bring a fresh and interdisciplinary approach to the field. The Handbook is divided into three parts:*

*Part I addresses the core issues concerning criminal sanction, the moral and political aspects of the justification of punishment, and the relationship between law and morality. Part II examines criminalization and criminal liability, and the assumptions and attitudes shaping those aspects of contemporary criminal justice. Part III evaluates current policies and practices of criminal procedure, exploring the roles of police, prosecutors, judges, and juries and suggesting directions for revising how criminal justice is achieved. Throughout, scholars seek pathways for change and suggest new solutions to address the central concerns of criminal justice ethics. This book is an ideal resource for upper-undergraduate and postgraduate students taking courses in criminal justice ethics, criminology, and criminal justice theory, and also for students of philosophy interested in the relationship between law and society, and law and ethics.*

*Justice, Crime, and Ethics,* a leading textbook in criminal justice programs, examines ethical dilemmas pertaining to the administration of criminal justice and professional activities in the field. This eighth edition continues to deliver a broad scope of topics through focus on law enforcement, legal practice, sentencing, corrections, research, crime control policy, and philosophical issues. The book's robust coverage encompasses contentious issues such as capital punishment, prison corruption, the use of deception in police interrogation, and many more. New content includes new material on juvenile justice, corporate crime, and prosecutorial misconduct. Students of criminal justice, as well as instructors and professionals in the field, will continue to rely on this thorough, dependable resource on ethical decision-making in the criminal justice system.

*Essays are enhanced with case studies and exercises designed to stimulate critical and creative thinking regarding ethical issues in crime and justice Discussion questions and lists of key concepts focus students and help them to understand ethics in the context of the criminal justice system New chapters cover ethical issues related to juvenile justice and corporate misconduct, and chapters on police and prosecutor ethics have been extensively updated A full suite of online ancillaries for instructors and students adds value to lectures and enriches the learning experience Professional Ethics in Criminal Justice: Being Ethical When No One is Looking is designed for the Ethics in Criminal Justice course. Every major issue, problem, scandal, and crime in the criminal justice field has ethics at its core. Professional Ethics in Criminal Justice: Being Ethical When No One is Looking presents the three major ethical schools of thought (virtue, formalism, and utilitarianism) in a clear way that emphasizes how ethics impacts individual decision-making. Extensive Critical-thinking exercises, Ethics in the Movies features, and Ethics in Books features use current events and media to raise ethical questions and help readers develop ethical-reasoning skills. Separate chapters are devoted to law, police, courts, corrections, and liability so learners see the direct connection between ethics and specific aspects of the criminal justice system.*

*Professional Ethics in Criminal Justice helps readers recognize ethical decisions and provides the framework for analyzing ethical dilemmas.*

Being Ethical When No One Is Looking

Ethics in Criminal Justice

Criminal Justice Ethics examines the criminal justice system through an ethical lens by identifying ethical issues in practice and theory, exploring ethical dilemmas, and offering suggestions for resolving ethical issues and dilemmas faced by criminal justice professionals. Bestselling author Cyndi Banks draws readers into a unique discussion of ethical issues by first exploring moral dilemmas faced by professionals in the criminal justice system and then examining the major theoretical foundations of ethics. This distinct and unique organization allows readers to understand real-life ethical issues before grappling with philosophical approaches to the resolution of these issues.

This textbook was developed from an idiom shared by the authors and contributors alike: ethics and ethical challenges are generally black and white - not gray. They are akin to the pregnant woman or the gunshot victim; one cannot be a little pregnant or a little shot. Consequently, professional conduct is either ethical or it is not. Unafraid to be the harbingers, Turvey and Crowder set forth the parameters of key ethical issues across the five pillars of the criminal justice system: law enforcement, corrections, courts, forensic science, and academia. It demonstrates how each pillar is dependent upon its professional membership, and also upon the supporting efforts of the other pillars - with respect to both character and culture. With contributions from case-working experts across the CJ spectrum, this text reveals hard-earned insights into issues that are often absent from textbooks born out of just theory and research. Part 1 examines ethic issues in academia, with chapters on ethics for CJ students, CJ educators, and ethics in CJ research. Part 2 examines ethical issues in law enforcement, with separate chapters on law enforcement administration and criminal investigations. Part 3 examines ethical issues in the forensic services, considering the separate roles of crime lab administration and evidence examination. Part 4 examines ethical issues in the courts, with chapters discussing the prosecution, the defense, and the judiciary. Part 5 examines ethical issues in corrections, separately considering corrections staff and treatment staff in a forensic setting. The text concludes with Part 6, which examines ethical issues in a broad professional sense with respect to professional organizations and whistleblowers. Ethical Justice: Applied Issues for Criminal Justice Students and Professionals is intended for use as a textbook at the college and university, by undergraduate students enrolled in a program related to any of the CJ professions. It is intended to guide them through the real-world issues that they will encounter in both the classroom and in the professional community. However, it can also serve as an important reference manual for the CJ professional that may work in a community that lacks ethical mentoring or leadership. First of its kind overview of the five pillars of criminal justice: academia, law enforcement, forensic services, courts and corrections Written by practicing criminal justice professionals, from across every pillar Offers a realistic overview of ethical issues confronted by criminals justice students and professionals Examines sensitive subjects often ignored in other criminal justice ethics texts Numerous cases examples in each chapter to facilitate instruction and learning

Ideal for anyone involved in the study of criminal justice, this book acquaints students with the philosophical concepts upon which ethical theory is based. It applies these ideas to specific issues and dilemmas within the criminal justice system. Its ultimate goal is to acquaint students with basic concepts of ethics in criminal justice and to train the mind to solve moral issues independently. The Ethical Foundations of Criminal Justice offers a comprehensive definition of ethics, and elucidates its unique language and logic. The book explores the major ethical theories, with extensive discussion of authorities like Kant, Aristotle, Mill, and Hobbes. Chapters investigate normative ethics, teleological theories, and the alternative theories of ethics. The author exhibits the practice of these theories in actual matters of rights, the law, and the behavior of the courts. This book addresses ethics in the context of civil liability, police corruption, and abuse of police power, and includes numerous case studies and references to other relevant works. Criminal justice majors, criminology and law school students, and even police academy cadets will find this text an invaluable source of information both for academic studies and real-world applications.

The Routledge Handbook of Criminal Justice Ethics

Third Edition

A Framework for Analysis

Encyclopedia of Criminal Justice Ethics

Morality in Criminal Justice

*Increasing concerns about the accountability of criminal justice professionals at all levels has placed a heightened focus on the behavior of those who work in the system. Judges, attorneys, police, and prison employees are all under increased scrutiny from the public and the media. Ethics for Criminal Justice Professionals examines the myriad of ethical issues that confront law enforcement, judicial system, and correctional personnel. Easy to read, practical, and filled with real-life scenarios, this comprehensive volume sheds light on an often complicated and controversial topic. The book begins by defining the subject matter, explaining what ethics is, and what it is not. It explores the concept of false moral identity, examines difficult decisions that arise from attorney-client privilege, and discusses problematic issues such as officer gratuities. Next, the book provides a historical review of the concept of ethical reasoning, examining different religious and cultural influences and exploring ethics from various schools of philosophy. Ethics and police officers The authors discuss management and corruption, the causes and effects of abuse of authority, police perjury, and the practice of lying to obtain a confession. They explore the role of prejudice and discrimination in unethical behavior and review legislation designed to curb such practices. Ethics in the courtroom Shifting to issues that arise in the courtroom, the book addresses prosecutorial and judicial misconduct, discovery violations, the use of inadmissible evidence, discretion to prosecute, and defense counsel ethics. Ethics in the prison system Finally, the book explores issues that arise with respect to correction. The authors examine the four purposes of punishment: retribution, deterrence, incapacitation, and rehabilitation, as well as the death penalty and methods of execution. Each chapter ends with a set of review questions to test comprehension and a series of exercises further clarifies the material. Interspersed with the content are real-life vignettes that help to ground the theoretical concepts in practice and actual court cases that illustrate the principles. Ample references are provided to inspire further study of issues for which often there are no easy answers. Criminal Justice Ethics, Fourth Edition examines the criminal justice system through an ethical lens by identifying ethical issues in practice and theory, exploring ethical dilemmas, and offering suggestions for resolving ethical issues and dilemmas faced by criminal justice professionals. Bestselling author Cyndi Banks draws readers into a unique discussion of ethical issues by exploring moral dilemmas faced by professionals in the criminal justice system before examining the major theoretical foundations of ethics. This distinct organization allows readers to understand real life ethical issues before grappling with philosophical approaches to the resolution of those issues.*

*This comprehensive, provocative text meaningfully examines ethical theories and their application to current issues, controversies, and professional scenarios in law, crime, and justice. It introduces students to the foundations of the study of ethics and morality; examines prominent moral and ethical themes, conflicts, and struggles in criminology and criminal justice; and explores the conceptual and practical value of key ethical concepts, principles, and arguments. This edition is extensively updated and revised for greater clarity, cohesiveness, and accessibility. An all-new chapter demonstrates practical application of normative frameworks to ethical dilemmas, and another largely new chapter introduces game theory, evolutionary psychology, and related concepts. Readers will find extensive, up-to-date references throughout.*

*Ethical principles and concerns are at the heart of criminological research and can arise at the planning, implementation and reporting stages. It is vital that researchers are aware of the issues involved so that they can make informed decisions about the implications of certain choices. This cutting-edge book charts the changing topography of ethics, governance and accountability for social science research in criminology, contributes to the developing discourse on research ethics and demonstrates the importance as to why research ethics should be taken seriously. Bringing together a range of experts who consider both quantitative and qualitative methodologies. This book examines the key issues and challenges of ethical research. Topics covered include: the measures in place to ensure ethical research practice for social scientists; the relationship between state funding and research findings; the challenge of researching sensitive areas; the changing face of governance and accountability for academic criminology. Research Ethics in Criminology is a comprehensive and accessible text that is ideal for students studying criminological research methods. Supplementary material includes key points, chapter summaries, critical thinking questions, key definitions, case examples, and recommendations for further reading. This book will provide a thorough grounding in the ethical issues faced by researchers, as well as an understanding of the role and purpose of ethics committees.*

Cultivating the moral imagination

Architecture, Power and National Identity

Ethics in Criminal Justice Education

A Justice Professional Reader

New Perspectives on Law Enforcement

**Law Enforcement Ethics: Classic and Contemporary Issues** for the New Millennium covers many of the important facets of law enforcement ethics, including the selection, training, and supervision of officers. Editor Brian D. Fitch brings together the works of a diverse task force with a vested interest in reducing officer misconduct—including law enforcement scholars, educators, and practitioners from a variety of disciplines—to present a comprehensive look at this critical subject that is gaining more attention in agencies and in the media today. The text covers topics on the roles of culture, environment, social learning, policy, and reward systems as they pertain to law enforcement ethics, as well as the ethics of force, interrogations, marginality, and racial profiling. This volume also covers several unique aspects of ethics, such as the role of Post-Traumatic Stress Disorder in misconduct (PTSD), cheating during law enforcement promotional practices, off-duty misconduct, and best practices in developing countries.

Introducing the fundamentals of ethical theory, Ethics in Criminal Justice: In Search of the Truth, Seventh Edition, exposes the reader to the ways and means of making moral judgments by exploring the teachings of the great philosophers, sources of criminal justice ethics, and ethical issues in the criminal justice system. It is presented from two perspectives: a thematic perspective that addresses ethical principles common to all components of the discipline, and an area-specific perspective that addresses the state of ethics in criminal justice in the fields of policing, corrections, and probation and parole. The seventh edition features discussion of current critical issues in criminal justice: accusations of racism, police shootings, stop and frisk, police brutality, marijuana laws, mass incarceration, life sentences, prison privatization, the swift and certain deterrence model of probation, excessive probation fees, and the Good Lives Model in corrections. The seventh edition also offers completely revised coverage of capital punishment and the rehabilitation debate, and a discussion of how juvenile justice often fails to live up to its ideals. Finally, the book features new case studies of recent ethical dilemmas in criminal justice to enhance students ' understanding of real-life ethics decision-making. Suitable for advanced undergraduates or graduate students in criminal justice programs in the US and globally, this text offers a classical view of ethical decision-making and is well-grounded in specific case examples.

Introducing the fundamentals of ethical theory, this text exposes the reader to the ways and means of making moral judgments by covering the teachings of the great philosophers, sources of criminal justice ethics and unethical patterns in the criminal justice system. It is presented from two perspectives: a thematic perspective that addresses ethical principles common to all components of the discipline, and an area-specific perspective that addresses the state of ethics in criminal justice in the fields of policing, corrections, and probation and parole. The fourth edition features expanded discussion of the formula of ethical discretion to enhance students ' understanding of ethics decision making in real-life situations, as well as a new chapter on the ethics of loyalty and loyalties in the workplace.

Ethical conflicts rarely involve clear-cut choices. Decision making in ambiguous circumstances challenges personal values and professional ethics. The fog of politics, personal bias, and past experiences factor into the choices made. The goal of this compelling collection of cases is to stimulate reflection about the ethical dilemmas encountered in interactions. Thought-provoking case studies address police misconduct, protests and civil unrest, school resource officers, questionable prosecutorial practices, the challenges of a pandemic for prisons, the influence of politics, ethnic/gender/sexual preference bias, family conflict, immigration, perceptions of terrorism, and executing someone who may be innocent. The experiential approach presents readers with opportunities to think about decisions they might have to make as criminal justice professionals. People employed in criminal justice have a great deal of power and discretion, which can be used ethically or unethically. Introductions to the sections on law enforcement, the courts, corrections, and juvenile justice provide background for analyzing the hypothetical scenarios. Case commentaries and questions provoke discussion about potential courses of action and the consequences of various choices.

Being Ethical when No One is Looking

Police Ethics

Ethics in Criminal Justice

Ethical Justice

An Introduction

*Everyday Ethics for the Criminal Justice Professional focuses on getting students to think about ethics in the day-to-day context. By placing an emphasis on practical applications as opposed to theoretical ideologies the book is more user friendly to the student of the 21st century. Unlike other texts, it includes forensics and private security in the list of criminal justice professions, their impact on the field and what it means to "do business" in criminal justice. The text also utilizes practical scenarios in in the career fields of policing, institutional corrections, community corrections, prosecutors and judges, private security, criminal justice supervision and forensics to allow for students to apply theoretical concepts to real life criminal justice situations. The text prepares students to think and process through ethics in both the concrete and abstract.*

*Justice, Crime, and Ethics, a leading textbook in criminal justice programs, examines ethical dilemmas pertaining to the administration of criminal justice and professional activities in the field. This tenth edition continues to deliver a broad scope of topics, focusing on law enforcement, legal practice, sentencing, corrections, research, crime control, and risk-pooling issues. The book's robust coverage encompasses contentious issues such as capital punishment, prison corruption, and the use of coercion in the police interrogation. The tenth edition includes new material in a number of chapters including "Learning Police Ethics," "Using Ethical Dilemmas in Training Police," "Person Corruption," "Crime and Justice Myths," "Corporate Misconduct and Ethics," "Ethics and Criminal Justice Research," and "Ethical Issues in Confronting Terrorism." The use of "Case Studies," "Ethical Dilemmas," and "Police and Ethics" boxes continues throughout the textbook. A new feature for this edition is the inclusion of "International Perspective" boxes in a number of relevant chapters. Students of criminal justice, as well as instructors and professionals in the field, continue to rely on this thorough, dependable resource on ethical decision making in the criminal justice system.*

*Criminal Justice EthicsTheory and PracticesAGE Publications*

*The authors introduce the foundations of philosophical and moral thinking with cases and readings in criminal justice ethics. The text focuses on practitioner-oriented topics, corrections, juvenile justice, probation, law enforcement, etc. Essential readings define the field; they are presented along with questions designed to help students master the material. This book is an outgrowth of a unique teaching and writing effort, combining the skills and backgrounds of philosopher Daryl Close with those of Nicholas Meier, an academic expert in criminal justice and a former cop.*

Theory and Practice

Ethics and Criminal Justice

Classic and Contemporary Issues

Research Ethics in Criminology

Case Studies in Criminal Justice Ethics

"While many people", says Schmallegger, "the public and criminal justice professionals included, believe they lead ethical lives, they may find themselves, when pressed, hard put to define exactly what ethics is. Most definitions equate ethics with morality, and avow that the study of ethics is to be primarily concerned with behavior and the standards of right and wrong which govern behavior. Beyond the definitional level, however, agreement is difficult to achieve. The plurality of norms and values applicable to behavior among diverse social groups in our multi-cultural society complicate any ethical discussion. Attempts at specifying ethical codes or enumerating the values upon which such codes should be based are bound to meet with vigorous debate. This overview of ethical instruction in criminal justice today is intended to offer a description of teaching strategies and curricular goals. Many of the articles in this volume will maintain a theme of how ethics can best be taught to students of criminal justice and how society at large can best learn the same lessons. Other selections herein offer in-depth analysis of particular ethical dilemmas or aspects of professional life.

"The book is intended for use as the primary text in an undergraduate criminal justice ethics class. The proposed book provides students a framework for analyzing ethical issues involving criminal justice practitioners. It includes a template the author developed that students use to analyze scenarios provided in the book that involve police officers, prosecutors, defense counsel, judges, and corrections professionals. The proposed text also provides students an overview of common systems of ethics, helps them develop and apply ethical reasoning skills, and helps them develop writing skills"--

**Develop strong ethical decision-making skills that are essential for success in the field of criminal justice with the insights and principles found in Pollock's ETHICAL DILEMMAS AND DECISIONS IN CRIMINAL JUSTICE, 11E. Packed with engaging, current examples, this edition addresses ethics at work within the police, the courts and corrections. You master principles and theories that form the foundation of ethical decision-making as you gain insights into the latest challenges, issues and dilemmas in criminal justice today. New content examines developments such as Black Lives Matter, George Floyd and other 2020 protests; the defund police movement; governmental restrictions to control the pandemic; the January 2021 assault on the capitol; prosecutorial misconduct and the misuse of power. Exercises, cases, and practical scenarios further illustrate the importance of ethics in criminal justice and prepare you to deal effectively with ethical challenges on the job. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.**

This book provides an examination of noble cause, how it emerges as a fundamental principle of police ethics and how it can provide the basis for corruption. The noble cause — a commitment to "doing something about bad people" — is a central "ends-based" police ethic that can be corrupted when officers violate the law on behalf of personally held moral values. This book is about the power that police use to do their work and how it can corrupt police at the individual and organizational levels. It provides students of policing with a realistic understanding of the kinds of problems they will confront in the practice of police work.

Criminal Justice Ethics

Professional Ethics in Criminal Justice

Essays on the Philosophy of Character

The Ethical Foundations of Criminal Justice

A Christian Approach to Dilemmas and Decision Making in the Criminal Justice System

*Top scholars provide a critical analysis of the current ethical challenges facing police officers, police departments, and the criminal justice system From George Floyd to Breonna Taylor, the brutal deaths of Black citizens at the hands of law enforcement have brought race and policing to the forefront of national debate in the United States. In The Ethics of Policing, Ben Jones and Eduardo Mendietta bring together an interdisciplinary group of scholars across the social sciences and humanities to reevaluate the role of the police and the ethical principles that guide their work. With contributors such as Tracey Moore, Michael Walzer, and Franklin Zimring, this volume covers timely topics including race and policing, the use of aggressive tactics and deadly force, police abolitionism, and the use of new technologies like drones, body cameras, and predictive analytics, providing different perspectives on the past, present, and future of policing, with particular attention to discriminatory practices that have historically targeted Black and Brown communities. This volume offers cutting-edge insight into the ethical challenges facing the police and the institutions that oversee them. As high-profile cases of police brutality spark protests around the country, The Ethics of Policing raises questions about the proper role of law enforcement in a democratic society.*

Character plays a central role in our everyday understanding and evaluation of ourselves and one another. It informs the expectations that ground our plans and projects, our moral responses to other people's behaviour and to opportunities we ourselves face, and our political decisions concerning formal education, criminal punishment, and other aspects of social organisation. The very idea that people have persisting character traits that explain their behaviour is woven throughout the fabric of our culture. These philosophical essays clarify this idea of character, analyse its relation with the findings of experimental psychology, and draw out the implications of this for education and for criminal punishment. They bring together a range of issues in contemporary philosophy, including the nature of agency, the modelling of behavioural cognition, ethical implications of personal necessity, moral responsibility for implicit bias, the prospects for character education, and the nature of rightful criminal punishment. The essays emphasise that character is inherently dynamic, challenging the tendency among personality psychologists and virtue ethicists alike to focus on static snapshots of traits, and they emphasise the close integration of character with the individual's social context, seeking to accommodate the situationist experimental findings within a picture of behaviour as manifesting stable character traits. The volume is intended to demonstrate the deep conceptual affinity of moral philosophy and social psychology and the consequent potential for each to benefit from the other.

Ethics, Crime, and Criminal Justice
