Edited by David Platt, Daniel L. Akin, and Tony Merida, this new commentary series, projected to be 48 volumes, takes a Christ-centered approach to expositing each book of the Bible. Rather than a verse-by-verse approach, the authors have crafted chapters that explain and apply key passages in their assigned Bible books. Readers will learn to see Christ in all aspects of Scripture, and they will be encouraged by

and increase their knowledge of the Bible and God.

"Kids and Kingdom challenges the traditional view that Jesus was deeply concerned over children. Instead, it is argued that despite the Synoptic authors' attempts to convince us that children are fully included in the kingdom of God--that ""Jesus loves the little children""--their presentations fail to conceal images of household disruption and alienation of children brought about by

Jesus' eschatological movement. After establishing what Greco-Roman and Jewish sources reveal about children by the end of the first century, a deconstructive literary approach is applied to the Synoptic Gospels, foregrounding children over other characters in relation to Jesus' adult ministry. Murphy scrutinizes prominent healing narratives involving children, and teachings involving children such as "The Child in the Midst" (Mark 9:36-37 and parallels),

***""One of These Little Ones""
(Mark 9:42 and parallels),
and ""Let the Young
Children Come to Me""
(Mark 10:13-16 and
parallels). These are
examined against sayings of
Jesus relativizing family ties
and the lifestyle indicative
of the radical call to
discipleship in the Synoptic
narratives. Fundamentally,
this study does not seek to
resolve but to highlight the
tensions in the Synoptic
Gospels between attempts
at child inclusivity and the
radical demands of
discipleship. "***

Passion & Parables of the New Testament NEW FLEXISOFT BINDINGS Now a pair of Flexisoft bindings has been added to the Kids Bible line. These beautiful books are perfect for when a special occasion gift is needed. The books of Ezra and Nehemiah represent a significant turning point in biblical history. They tell the story not only of the temple in Jerusalem being rebuilt but also of God resurrecting his people from the death of exile. Hannah Harrington thus begins her commentary with an evocative description of these books as "the story of a new Israel forged out of the old" and "the text of a people clinging to their genealogical past and attempting to preserve their heritage while walking forward into

uncharted territory." Throughout this commentary, Harrington combines analytical research on the language and culture behind the books of Ezra and Nehemiah with challenging thoughts for the Christian church today, bringing to bear a unique perspective on these books not as the end of Old Testament history but as some of the earliest Jewish books written during the Second Temple period. Accordingly, Harrington incorporates a wealth of information from other Jewish literature from this time period to freshly illuminate many of the topics and issues at hand while focusing on the interpretation and use of these books for Christian life today.

"Ezra and Nehemiah address issues that make the front pages of our newspapers - and they speak to the yearnings of our hearts". This is why the author of this volume, Dr. Mark Roberts enthusiastically encourages Christian communicators to explore these somewhat obscure Old Testament texts. For much the same reason the author believes modern pastors and Bible students can benefit from careful study in the often-maligned book of Esther. He emphasizes the book's contemporary relevance, stating, "Esther encourages us to grapple with pressing moral issues in light of God's wisdom". As a pastor with a passion for communicating God's truths to young

people and to the unchurched in our world, Dr. Roberts shares his personal success in using the books of Ezra, Nehemiah, and Esther to address contemporary needs. Not only is this commentary well-written and carefully researched, but, as an added plus, Dr. Roberts' deep faith and his dynamic relationship with Christ shine through every page. As Dr. Lloyd Ogilvie says in the editor's preface, the author of this fine volume "is vulnerable, open and honest about how the Scriptures he explains have impacted his own life". Marked by the excellence you have come to expect in the Communicator's Commentary series, this latest volume wrestles with difficult questions, such as the rightful place of Esther in the canon and the puzzling roles of Sheshbazzar and Zerubbabel; provides a wide range of quotations and anecdotes from modern and classical sources to help us communicate God's message today; and

offers balance of exegetical, historical, and literary analysis along with penetrating applications of the truths reflected in these texts. "As communicators", Dr. Ogilvie says, "we all long for those magnificent moments in our preparation when we are gripped with an inspired insight into a passage of Scripture that prompts us to exclaim, 'that will preach!' We are filled with excitement and enthusiasm to share what we've discovered. This is exactly what will happen as you study this commentary. It is power-packed and brimming over with new insight into familiar passages".

The Teach the Text Commentary Series utilizes the best of biblical scholarship to provide the information a pastor needs to communicate the text effectively. The carefully selected preaching units and focused commentary allow pastors to quickly grasp the big idea and key themes of each passage of Scripture. Each unit of the

model underwrites such iconic notions as the letter representing an 'image of the soul of the author' or constituting 'one half of a dialogue'. However justified this conception of letter-writing may be in particular instances, it tends to marginalize a range of issues that were central to epistolary communication in the ancient world and have yet to receive sustained and systematic investigation. In particular, it overlooks the fact that letters frequently presuppose and were designed to reinforce communities-or, indeed, to constitute them in the first place. This volume explores the interrelation of letters and communities in the ancient world, examining how epistolary communication aided in the construction and cultivation of group-identities and communities, whether social, political, religious, ethnic, or

A theoretically informed Introduction establishes the interface of epistolary discourse and group formation as a vital but hitherto neglected area of research, and is followed by thirteen case studies offering multi-disciplinary perspectives from four key cultural configurations: Greece, Rome, Judaism, and Christianity. The first part opens the volume with two chapters on the theory and practice of epistolary communication that focus on ancient epistolary theory and the unavoidable presence of a letter-carrier who introduces a communal aspect into any correspondence, while the second comprises five chapters that explore configurations of power and epistolary communication in the Greek and Roman worlds, from the archaic period to the end of the Hellenistic age. chapters on letters and communities in Ancient Judaism and Early Christianity follow in the third, part before the volume concludes with an envoi examining the trans-historical, or indeed timeless, philosophical community Seneca the Younger construes in his Letters to Lucilius. No amount of failure alters divine truth. We to-day are as responsible as our fathers were to go back to "that which is written" and act in faith upon it. It is true difficulties and perplexities abound as might be expected, because of the near close of the dispensation. But "God and the word of His grace" are still all-sufficient for every peril or disaster. A careful study of the books of Ezra and Nehemiah would, I feel certain, preserve from a gloomy pessimism as to the carrying out of the truth of gathering to the Name of the Lord and

Thirteen-year-old Bani, though born in Jerusalem, has lived from infancy with his uncle in beautiful Susa, the city of the Persian King Artaxerxes. Now, his Uncle Nehemiah wants to leave his position of high honor as Cupbearer to the King to return to Jerusalem, a city in ruins and beset by every kind of trouble! Nehemiah's request of the king, permission to return to help his own people, could so easily—in an empire riddled with political intrigue—be misconstrued as treasonous scheming. Bani himself is given an unexpected part to play, the outcome of which is to forever change his life. Seen through the eyes of Bani, this novel dramatizes a turning-point of history, in 445 BC, when—through confrontation and daring risks—Judaism was re-
