e-learning system and applications, game techniques for learning, and virtual reality techniques for entertainment. In addition, 10 regular papers are included, which focus on virtual reality and game systems for learning and animation and interaction for entertainment.

Some DoD weapon systems remain in the inventory for decades. Therefore, decisions that program officials make during the acquisition process to acquire or not acquire rights to technical data (TD) can have far-reaching implications for DoD's ability to sustain and competitively procure parts and services for those systems. DoD needs access to TD to control costs, maintain flexibility in acquisition and sustainment, and maintain and operate systems. This report reviews the extent to which: (1) DoD has updated its acquisition and procurement

Download Ebook Face To Documentation Sample

policies; (2) selected acquisition programs adhered to requirements to document TD needs; and (3) DoD took actions to improve TD decisions by program managers. Illus. This is a print on demand report.

A how-to guide to small business anti-fraud protection and internal control Internal Control/Anti-Fraud Program Design for the Small Business is a practical guide to protection for businesses NOT subject to the Sarbanes-Oxley Act. Written by an expert with three decades of forensic investigation experience, this book is geared specifically toward private, non-public small businesses and their unique needs in the realm of fraud protection. Covering all elements of an internal control structure applicable to the small business community, this guide provides a step-by-step roadmap for designing and

Download Ebook Face To Documentation Sample

implementing an effective, efficient internal control structure/anti-fraud program tailored to your business's particular needs. Case studies are used throughout to illustrate internal control weaknesses and the fraud that can result, and follow-up analysis describes the controls that would have reduced the probability of fraud had they been in place. You'll learn how to analyze your company's internal control issues, and implement a robust system for fraud prevention. Guidance toward Sarbanes-Oxley compliance is readily available, but there is little information available for the many businesses not subject to the act until now. This book is the step-by-step guide for instituting an internal control program tailored to your small business. Understand the five elements of internal

Download Ebook Face To Documentation Sample

control Avoid gaps in protection with relevant controls Design the ultimate anti-fraud program Implement internal control tailored to your needs The majority of small business owners simply do not know the elements of or implementation process involved in internal control, and Sarbanes-Oxley guidelines don't necessarily scale down. Internal Control/Anti-Fraud Program Design for the Small Business helps you design and install the internal control/anti-fraud protection your business needs.

Whether it's interviewing for a job, evaluating employee performance, setting goals for the future, or keeping customers happy, the Perfect Phrases series has the tools for precise, effective business communication. Distilling complex ideas

export/import professionals is revised to include new forms and instructions, new US Customs Service checklists, and new Automated Export System procedures. It overviews the entire export/import process and provides ready-to-use forms with instructions, cost-saving shortcuts, and tips on building a better operation. A training manual for new employees is included, plus a quick course on advanced techniques for more experienced professionals. There is also a glossary of 250 international trade terms. New to this edition is a section on e-commerce in international marketing, listings for export and import software, and a list of Web sites for 94

export and import agencies and information sources. Johnson is a partner in an international trade law firm. Annotation copyrighted by Book News, Inc., Portland, OR

J.K. Lasser Pro(TM) Before You Plan, Consult J.K.Lasser Innovative Planning That Benefits Professionals and Clients What does it take to be a successful fee-only financial planner? According to John Sestina, acclaimed "father of fee-only financial planning," the only special qualifications are a genuine desire to help people, an ability to listen, and a commitment to lifelong learning. Fee-Only Financial Planning introduces financial planners to the newest,

fastest-growing niche in the financial planning field-fee for service rather than commission-based planning. Fee-only planning is attractive to the growing number of clients who want to avoid the long-term payments, lack of objectivity, limited choices, or conflict of interest that can occur with a commission-based payment structure. In his comprehensive how-to guide and easy-to-use reference, John Sestina provides in-depth coverage of the financial planning field. He covers such topics as: * The advantages and disadvantages of fee-only planning for both client and planner * Making the transition from commission-based to fee-

based planning * Building a profitable practice with varied client bases * Tailoring to your own work style the system Sestina developed over 35 years of successful private practice * Developing and maintaining productive client relationships For professionals wondering whether fee-only financial planning is in their future, or for anyone in financial services who wants to stay current, Fee-Only Financial Planning is an eye-opening introduction to one of the financial world's freshest, richest entrepreneurial careers.
