The promise of faith can be yours! Authors E. W. Kenyon and Don Gossett reveal the secret of seeing the fulfillment of God's promises in your own life. Far too many Christians continue to live sickly, poor, and powerless lives, unaware of their rights, spelled out in Scripture, and available to all believers. By speaking Words That Move Mountains, you will discover how you can personally receive God's healing touch and how God can use you to bring healing to others. A new life of faith is available today. Experience the power and victory that is available in Jesus' name!

A profound exploration of how to hold on to hope when our unchanging faith collides with a changing culture, from two respected Christian storytellers and thought leaders. "Offers neither spin control nor image maintenance for the evangelical tribe, but genuine hope."—Russell Moore, president of ERLC As the pressures of health warnings, economic turmoil, and partisan politics continue to rise, the influence of gospel-focused Christians seems to be waning. In the public square and popular opinion, we are losing our voice right when it's needed most for Christ's glory and the common good. But there's another story unfolding too—if you know where to look. In Gospelbound, Collin Hansen and Sarah Ekhoff Zylstra counter these growing fears with a robust message of resolute hope for anyone hungry for good news. Join them in exploring profound stories of Christians who are quietly changing the world in the name of Jesus—from the wild world of digital media to the stories of ancient saints and unsung contemporary activists on the frontiers of justice and mercy. Discover how, in these dark times, the light of Jesus shines even brighter. You haven't heard the whole story. And that's good news.

Why Some Prayers Work, Why Some Don't, and How You and God Can Change Things for Good How would it feel to enter into prayer with confidence and assurance—certain that God heard you and that your prayers would make a difference? It would likely feel amazing and unfamiliar. That's because often our prayers seem to be met with silence or don't appear to change anything. Either response can lead to disappointment or even despair in the face of our ongoing battles and unmet longings—especially when we don't know if we're doing something wrong or if some prayers just don't work. New York Times bestselling author John Eldredge confronts these issues directly in Moving Mountains by offering a hopeful approach to prayer that is effective, relational, and rarely experienced by most Christians. In a world filled with danger, adventure, and wonder, we have at our disposal prayers that can transform the events and issues that matter most to us and to God. Moving Mountains shows you how to experience the power of daily prayer, learn the major types of prayers—including those of intervention, consecration, warfare, and healing—and to discover the intimacy of the cry of the heart prayer, listening prayer, and praying Scripture. Things can be different, and you personally have a role to play with God in bringing about that change through prayer. It may sound too good to be true, but this is your invitation to engage in the kind of prayers that can move God's heart as well as the mountains before you.

Infuse Your World--and Your Heart--with God's Life-Giving Power Amid our packed schedules and life's curveballs, our hearts long for more. We want to live and love well; we want to be a source of joy and life. The good news is that you can--and the secret is found in the simple act of prayer. Prayer was never meant to be a recitation of requests, but rather a drawing close to the heart of God. When you learn to exchange the obstacles of life for the promises of God, you pray with passion and confidence rather than fear or insecurity. From this place of surrender and intimacy, you will discover what it means to become a powerful, effective woman of prayer--a woman whose life overflows with springs of living water that transform not only her own life, but the world around her. With study questions and journaling exercises included, this is the perfect book to go deeper either on your own or with a group.
