Lady Victoria Mansfield, youngest daughter of the earl and countess of Fairmount, is destined for a charmed life. Soon she will be presented during the London season, where she can choose a mate worthy of her status. Yet Tory has a shameful secret—a secret so powerful that, if exposed, it could strip her of her position and disgrace her family forever. Tory's blood is tainted . . . by magic. When a shocking accident forces Tory to demonstrate her despised skill, the secret she's fought so hard to hide is revealed for all to see. She is immediately exiled to Lackland Abbey, a reform school for young men and women in her position. There she will learn to suppress her deplorable talents and maybe, if she's one of the lucky ones, be able to return to society. But Tory's life is about to change forever. All that she's ever known or considered important will be challenged. What lies ahead is only the beginning of a strange and wonderful journey into a world where destiny and magic come together, where true love and friendship find her, and where courage and strength of character are the only things that determine a young girl's worth. *Dark Mirror* is M.J. When the Hortons return home, Miriam’s confusion only grows as she discovers she might have the power to heal—even though her father and the church have always made it clear that such power is denied to women. Leo Desroches goes straight—off the streets, into the newsroom, and up to his neck in murder. Marking the debut of Leo Desroches, one of the most unusual amateur detectives ever to appear in Canada or points south, this fast-paced, enthralling mystery is the story of a man who had everything, lost it all, and is trying to get it back. Leo Desroches doesn't look like a native, but his mother was Cree, and he understands the problems of indigenous Canadians of the First Nations. Which is probably why the Edmonton newspaper he writes for decides he should be their Aboriginal Issues reporter. He has his own issues to deal with: his compulsive gambling that he couldn't stop even after it cost him his wife and children; his alcoholism; the risk-taking that threatens to derail him every time he starts to get his life back together. When

he's assigned to cover the murder of a young native prostitute, it's just one more story...until the cop in charge lets him view the corpse, something the Edmonton police never do. When Leo writes his article, it starts a chain of events that leads him to discover a much, much bigger story, one that could bring down the entire police department...if it doesn't get him killed. At her very first fraternity party, college freshman Hannah is thrilled with the attentions of Logan, a good-looking senior. They talk and flirt. And then it all goes very wrong. Across town, Shelby, a junior, wakes up naked after a date, with no memory of what happened. Therapist Grace McDonald works with both Hannah and Shelby as they try to process their experiences and seek justice. Grace struggles to fully understand college hookup culture and its impact on personal accountability and the legal system. When her drive for truth collides with professional ethics, she goes just a little bit rogue. *Insufficient Evidence* draws readers into a reality where one word-"Consensual"-or the disclaimer-"It was just a hookup"-undermine all traditional forms of evidence. It's a page-turning psychological thriller, but even more compelling are the relationships that test the limits of friendship, family, loyalty, and revenge. Author Susan Kraus tackles polarizing social and

political issues and makes them personal. Her writing reflects decades of experience as a therapist and mediator and her commitment to hands-on research: fiction meticulously grounded in fact.

"I need you to steal something for me." Grace always has a plan. There's her plan to get famous, her plan to get rich, and—above all—her plan to have fun. Sawyer has plenty of plans, too. Plans made for him by his mother, his father, his girlfriend. Maybe they aren't his plans, but they are plans. When Sawyer meets Grace, he wonders if he should come up with a few plans himself. Plans about what he actually wants to be, plans to speak his own mind for a change, plans to maybe help Grace with a little art theft. Wait a minute—plans to what? From Charles Benoit, acclaimed author of you, comes a witty and unsettling tale of two high school seniors planning the job of a lifetime.

Michael Dante played the title role in Winterhawk (1975), a Western about a legendary Blackfoot Chief's character and his principles. In this novella sequel, he pens an ageless saga about ruthless

railroad executives trying to assassinate him in order to build their railroad directly through his territory, taking the Blackfoot land without provocation. Winterhawk and his tribe remain strong as long as they can, to protect the land of their people, the land they call home, before the invasion of progress imposes itself on America. This inspiring story of a brave man, who stands up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television's Golden Era, such as Death Valley Days, The Big Valley, Daniel Boone, Custer, The Texan, Bonanza, Maverick, and Cheyenne. Abigail Walker and Jarvis Daniels are longtime sweethearts headed in opposite directions. Abby, an aspiring cellist, wants out of her humble Detroit surroundings and is willing to shed blood, sweat, and tears to make it happen. Jarvis, on the other hand, is perfectly content with life. For him there's plenty of time to become a "responsible adult." For now, he's got everything he could want: a roof over his

head, a PlayStation, and the love of a good woman. When Abby's music career takes off and she moves to Chicago, Jarvis gets the boot---sort of. Abby still loves him, but his penchant for faded sweaters and meatball subs just doesn't fit into her new, sophisticated world of designer gowns and concert halls. They're in different leagues and Abby makes no qualms of reminding him of it whenever she deigns to visit him. When the couple is involved in a near-fatal car crash, they are broken, stripped, and broken again both stumbling through a journey of healing and self-discovery as they struggle to accept the merciful hand of the only One who can help them up after a fall. The mysterious, violent death of a prominent New England patriarch exposes a nest of dark family secrets in New York Times bestselling author Richard North Patterson's twentieth compelling novel. From #1 bestselling author Richard North Patterson comes a spellbinding psychological puzzle filled with unexpected legal twists, potentially criminal turns, and one family's shocking fall from grace. After ten years away

from home, Adam Blaine returns to Martha's Vineyard to attend the funeral of his estranged father, Ben, a famous and charismatic writer who was fond of sailboats, good wine—and women other than his wife. When Adam learns that Ben disinherited his family in favor of his mistress, he begins to wonder if his father's death—caused by an inexplicable fall from a cliff—might have been suicide or murder. Using his training as a CIA operative, Adam unearths some shattering revelations about the mistress's past. But even more disturbing are the family secrets that can't stay buried any longer—secrets that make Adam question everything he thought he knew about every player in this fateful game. Even himself...

When you wake up in the morning and your eyes take in the first hints of light that shine through your window, the dust motes catching and reflecting the sun's rays like little diamonds, the shimmering hues of yellow and orangey gold breaking through into your room, the first thing you think about usually isn't how you're going to make it through the worst day of your life. Unfortunately

for Grace Shelley, that's exactly what she's facing as she ponders what to do now that she's going to be starting out her last year in high school without her best friend. She's not exactly the most popular girl in school - well, not the most popular girl in school to like, anyway - and everything seems to be hinting at another status quo year for her until she bumps into a stranger who leaves her stumbling for words and chasing after her heart. The new guy in school is different. Robert doesn't care about the rumors he's heard about her or that no one else seems to see her the same way that he does; he only wants to be her friend. That's when things get complicated. When Grace learns that he's not your typical high school boy and that he's actually a wingless angel who's looking for someone to trust, she's thrust into his world where not all angels are meant to protect human beings, and where the changes she brings into his life changes everything in hers.
