On November 28, 1973, the world's social elite gathered at the Palace of Versailles for an international fashion show. By the time the curtain came down on the evening's spectacle, history had been made and the industry had been forever transformed.

This is that story. Conceived as a fund-raiser for the restoration of King Louis XIV's palace, in the late fall of 1973, five top American designers faced off against five top French designers in an over-the-top runway extravaganza. An audience filled with celebrities and international jet-setters, including Princess Grace of Monaco, the Duchess of Windsor, Paloma Picasso, and Andy Warhol, were treated to an opulent

performance featuring Liza Minnelli, Josephine Baker, and Rudolph Nureyev. What they saw would forever alter the history of fashion. The Americans at the Battle of Versailles- Oscar de la Renta, Bill Blass, Anne Klein, Halston, and Stephen Burrows - showed their work against the five French designers considered the best in the world - Yves Saint Laurent, Hubert de Givenchy, Pierre Cardin, Emanuel Ungaro, and Marc Bohan of Christian Dior. Plagued by in-fighting, outsized egos, shoestring budgets, and innumerable technical difficulties, the American contingent had little chance of meeting the European's exquisite and refined standards. But against all odds, the American energy and the domination by the fearless models (ten of whom, in a groundbreaking move, were African American) sent the audience reeling. By the end of the evening, the Americans had officially taken their place on the world's stage, prompting a major shift in the way race, gender, sexuality, and economics would be treated in fashion for decades to come. As the curtain came down on The Battle of Versailles, American fashion was born; no longer would the world look to Europe to determine the stylistic trends of the day, from here forward, American sensibility and

taste would command the world's attention. Pulitzer-Prize winning fashion journalist Robin Givhan offers a lively and meticulously well-researched account of this unique event. The Battle of Versailles is a sharp, engaging cultural history; this intimate examination of a single moment shows us how the world of fashion as we know it came to be.

Protecting designs is complex and diverse; it involves deciding whether to protect them by design law, copyright law, or by both laws. A single protection may be under- or overprotective but two or more can be overprotective if there are no rules regulating the overlap. Legal systems in Europe and abroad have struggled to find the most adequate solution to this problem. This book traces the history of the design/copyright interface of fifteen countries, selected for their diversity in the way they dealt with the interface. It examines how these countries have coped with the problems engendered by the interface, the rules they applied to it over time and the reasons for legislative changes. This analysis reveals the most appropriate rules to regulate the interface at EU and global level and will appeal to academics, practising lawyers, judges, students and

Ciao: A trip to Milan might be the break both Paige and Erin need, but things only seem to get more complicated once they land in Italy. *Before the live streaming of international fashion shows and the instant publication of runway images online, the collections were strictly 'invitation only'. It was the photographer, runway's unsung hero, who allowed us a glimpse of an exclusive and fascinating spectacle. A visual journey through three decades of photographing runway shows in Paris, Milan, London and New York, Fashion's Front Line showcases dazzling images taken by long-serving catwalk photographer Niall McInerney, whose life's work has been painstakingly preserved and made available through Bloomsbury Publishing's Fashion Photography Archive. Giving readers the complete picture, the book captures many rare and never-before-seen images of iconic moments on the runway as well as famous faces on the front row and the buzzing atmosphere backstage. With commentary from the photographer himself, as well as interviews with top international fashion insiders, Fashion's Front Line is a unique window onto the world of late 20th-century fashion. As good as a front row ticket, this book will be a must-have for fashion lovers. Interviewees include: Designer Antony Price; model agent Sarah Doukas; PR and lifestyle guru Lynne Franks; hair stylist Sam McKnight; director of photography Simon Chaudoir; editors and fashion commentators Caryn Franklin, Debbi Mason, Kathryn Samuel, Elizabeth Walker, Brenda Polan and Iain R. *A stunning work on contemporary fashion spectacles, showcasing the most innovative, creative, and artistic high-fashion runway shows of the last twenty years. In recent years, as fashion shows have become a part of our collective imagination and an important part of contemporary culture, blockbuster productions have redefined the runway show as a form of entertainment and creativity on par with the clothes themselves. This book focuses on designers for whom fashion and the mode of presenting it have held equal significance: Alexander McQueen, Martin Margiela, Hussein Chalayan, Viktor & Rolf, Marc Jacobs, Karl Lagerfeld at Chanel, Raf Simons, Thom Browne, and Imitation of Christ, among them. From the performance art spectacles of the first Alexander McQueen collections in the mid-1990s and the high-art concept shows of Hussein Chalayan in the late 1990s to the lavish beauty of Chanel haute couture in 2012, author Alix Browne explores the highest pinnacles of fashion today. Runway gives the reader full access to the theatrical and creative aspects of the production, in both intimate, little-seen runway shows from the pre-Internet era—many of the photographs here have never been published before—as well as major productions with elaborate sets and full-blown narrative. A thrilling, immersive, and inspiring look into the wide-ranging creativity of contemporary fashion, Runway is the most thorough book available on the subject. Featuring the most innovative fashion designers of the last twenty years, this book is a must for lovers of fashion and culture.*
