"Lush and mysterious...casts its spell from the first page...This is a deeply satisfying novel."

- Kelly O'Connor McNees, author of *The Island of Doves* The redemptive journey of a young woman unsure of her engagement, who revisits in memory the events of one scorching childhood summer when her beautiful yet troubled mother spirits her away from her home to an Indian village untouched by time, where she discovers in the jungle behind her ancestral house a spellbinding garden that harbors a terrifying secret.

He hates to want her. She wants to hate him. Remi Tanner wasn't part of the plan. But when I see my uncle doting on her, I know she's going to help me destroy him. I'll taunt her. Test her. In the end, I'll break her. Ace Jagger wasn't a good guy. But he swept into my life like a storm, and I'm caught up in the aftermath. He's cruel. Calculating. In the end, I never stood a chance. She might be a Sterling Prep princess, and I might be the guy from the wrong side of the tracks, but one thing's for sure... I won't stop until I get what I want. Revenge. Taunt her is a dark high school bully romance. If possessive, tattooed, motorcycle-riding alpha holes aren't your thing, you probably won't like this book!

I was his weakness. He was my strength. Until I destroyed him. I was infatuated with Shane Wilder since the first time I saw him surfing. But we couldn't be together. Not yet, anyway. I was too young and screwed up. He was too focused on chasing his dream. So we became friends. We met on the rooftop for late-night confessions under the stars. Cruised along the Pacific Coast Highway with the wind in our hair and the sun on our faces. I took photos of all the beautiful and ugly and interesting things, while he traveled the world in search of the perfect waves. I told him I would wait for him. I never meant to lie. I never meant to ruin his life. I destroyed him. As his star faded, mine burned bright. But as everyone knows, all that glitters is not gold. Now I'm back after seven long years, hoping for a chance to right my wrongs and fix what I've broken. This time I can only hope that loving Shane Wilder will be enough to save him.

The in-your-face go-to skincare guide from mega-influencer Lauryn Evarts Bosstick, founder of The Skinny Confidential brand The Skinny Confidential's Get the F*ck Out of the Sun is the practical, yet incredibly fun and accessible, preventative skincare bible by lifestyle guru Lauryn Evarts Bosstick. We all have our ever-growing list of skincare questions: What products are essential for a nightly routine? Will a jade roller actually take care of hangover, puffy eyes? Why is sunscreen so important, and does it really need to be applied every day? What oils and serums are best for glowy, dewy supermodel skin? Lauryn dives into all this and more with a voice reminiscent of a friend at a boozy mimosa brunch who has a little more experience (and a lot more research) under her belt. From product and beauty tool recommendations to Lauryn's personal experience with facial massage, fillers, Botox, lymphatic drainage, and cryotherapy, this authoritative and cheeky book is essential for a DIY generation that's all about shaking up old ideas about skin care and transforming the beauty industry. Lauryn interviews other top influencers such as Kristin Cavallari, Patrick Starr, the Summer Fridays' cofounders, Shea Marie, Chriselle Lim, Jillian Michaels, Stassi Schroeder, Aimee Song, the Ladygang, Mandy Madden Kelley, Amelia Gray, Delilah Belle, Bobbi Brown, and Justin Anderson and skin-care doctors and mavens including Dr. Dennis Gross, Dr. Jason Diamond, Sonya Dakar, Georgia Louise, and Dr. Barbara Sturm to get real-deal insider tips and tricks, making this book the go-to resource for preventative skincare with the signature pink Skinny Confidential spin.

Helena Conway has fallen in love. Unwillingly. Unwittingly. But not unprovoked. Kit Isley is everything she's not-unstructured, untethered, and not even a little bit careful. It could all be

so beautiful ... if he wasn't dating her best friend. Helena must defy her heart, do the right thing, and think of others. Until she doesn't.

Brazen, uproarious, slyly prescriptive, and always entertaining, Ali Adler is a sex and relationship guru who knows what women want. As a gay woman, she has both the equipment and the experience to give straight men (and the women who love them) advice on both how to get more sex and how to get this job done right. In her day job as a comedy writer and TV producer, Ali is sometimes the only woman in a room full of comedy writers. She became legendary for offering frank, sometimes insightful, often bossy reality checks and for translating female sexuality into words a man could understand. In her book, How to F*ck a Woman — 20 percent explicit instructions, 80 percent relationship advice, and 100 percent hilarious — she brings together essential advice for men (even the ones who insist they could write this book) and the women who want their lovers to truly understand them, both mind and body. The Angry Therapist who has helped thousands of men find more happiness in their relationships and more purpose in their lives now shares his insights with everyone in this powerful guide—self-help in a shotglass—covering essential topics, from vulnerability and posturing to workouts and women. Deep in post-divorce soul searching, John Kim came to an astonishing realization: he was a miserable f*ck who might just be to blame for the problems in his life. Armed with this new insight, he began The Angry Therapist blog—an admission that, while he was a licensed therapist and life coach, he was no better than the people who sought his advice. In his first post, “My Fucking Feelings,” he wrote about the struggles and shortcomings that had led him to this point. As his work caught on, catapulting him into the role of unlikely and unconventional guide for thousands of people all over the world, Kim evolved from behaving like a boy to living like a man—and showed his clients how to do so as well. In I Used to Be a Miserable F*ck, Kim delivers the dos and don'ts for stepping up and into manhood, which he defines by transparency and strength of character, not six-pack abs or a corner office. With his signature no-nonsense approach that will make you laugh and think, Kim takes you on a rugged, rough and tumble road trip of self-exploration and discovery, sharing his wisdom and insights, such as why: Being nice is for boys, and being kind is for men Scheduling man dates could make you a better friend, lover, and human being Peeing in the shower is a sign of a larger problem Arguing, judging, and answering, “I dunno” are keeping you from a healthy relationship, a great career, and a happy life We are not born men. We are born boys. The transition from misery to meaning is an internal process that requires work: reflection, pain, courage, and sometimes, a rebirth. Kim knows because he's been there. The truth is, men weren't meant to just pay bills and die. With this book as your guide, you will love hard, walk tall, and find a life filled with purpose and passion.

For everyone who loved You Are a Badass and The Subtle Art of Not Giving a F*ck -- a cut-through-the-crap guide to quitting the self-destructive habits that undermine happiness and success How to Stop Feeling Like Sh*t is a straight-shooting approach to self-improvement for women, one that offers no-crap truth-telling about the most common self-destructive behaviors women tend to engage in. From listening to the imposter complex and bitchy inner critic to catastrophizing and people-pleasing, Andrea Owen -- a nationally sought-after life coach -- crystallizes what's behind these invisible, undermining habits. With each chapter, she kicks women's gears out of autopilot and empowers them to create happier, more fulfilling lives. Powerfully on-the-mark, the chapters are short and digestible, nicely bypassing weighty examinations in favor of punch-points of awareness.

The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games Let me start off by explaining I am in no way talking about the sexual act. F*ck him in this case is not physical, it's mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble could have been avoided if they'd said, "Well, f*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men don't deserve that kind of treatment. And yet, every woman I've ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women I've coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out it's easier to get the President of the United States on the phone than the man who seemingly really liked them...just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. It's his! He needs to learn to be much more transparent and upfront. That said, we both know most men won't change. We can lead a horse to water, but we can't make it drink. Or can we? What if there was a way to change a guy's behavior? What if you could get into his head and take over the driver's wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible.

Nevertheless, I'm sure you've already met women who are good at manipulating their men. Enter the high-value woman. You know her. You've seen her. She's the woman who always has great men drooling over her. It's the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I don't?" You might have even complained to your girlfriends that men just don't seem to notice what a catch you are. Your girlfriends may

have even said, "He doesn't know what he's missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks don't seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesn't matter. She knows her way around men. She knows how to mentally f*ck them. Are you ready to implement her strategies? You'll see behavior you've never seen from him. He'll start to put in an effort that makes you feel like you're a queen because to him, you are. At first, it will be strange. If you've never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. I'm not kidding. There's nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as you'll see. He needs to think he is the one in the driver's seat, even though you actually are.) This book is not about becoming someone you're not or turning your boyfriend into a spineless manslave. It's about your empowerment, about taking back what's yours. No man should ever be able to play games with you, to take you for granted, to treat you even a tiny bit less than you deserve. By the time you've finished this book, this will all be part of your past. Are you ready? Then hit the buy button at the top of this page and start your high value woman journey right away!

A New York Times Book Review Notable Book • Finalist for the Pulitzer Prize for Fiction • Longlisted for the Women's Prize for Fiction "Easily the funniest book I've read this year." —GQ "Masterly funny debut novel . . . Erudite but never pretentious, *The Idiot* will make you crave more books by Batuman." —Sloane Crosley, *Vanity Fair* A portrait of the artist as a young woman. A novel about not just discovering but inventing oneself. The year is 1995, and email is new. Selin, the daughter of Turkish immigrants, arrives for her freshman year at Harvard. She signs up for classes in subjects she has never heard of, befriends her charismatic and worldly Serbian classmate, Svetlana, and, almost by accident, begins corresponding with Ivan, an older mathematics student from Hungary. Selin may have barely spoken to Ivan, but with each email they exchange, the act of writing seems to take on new and increasingly mysterious meanings. At the end of the school year, Ivan goes to Budapest for the summer, and Selin heads to the Hungarian countryside, to teach English in a program run by one of Ivan's friends. On the way, she spends two weeks visiting Paris with Svetlana. Selin's summer in Europe does not resonate with anything she has previously heard about the typical experiences of American college students, or indeed of any other kinds of people. For Selin, this is a journey further inside herself: a coming to grips with the ineffable and exhilarating confusion of first love, and with the growing consciousness that she is doomed to become a writer. With superlative emotional and intellectual sensitivity, mordant wit, and pitch-perfect style, Batuman dramatizes the uncertainty of life on the cusp of adulthood. Her prose is a rare and inimitable combination of tenderness and wisdom; its logic as natural and inscrutable as that of memory itself. *The Idiot* is a heroic yet self-effacing reckoning with the terror and joy of becoming a person in a world that is as intoxicating as it is disquieting. Batuman's fiction is unguarded against both life's affronts and its beauty--and has at its command the complete range of thinking and feeling which they entail. Named one of the best books of the year by Refinery29 • Mashable One • Elle Magazine • The New York Times • Bookpage • Vogue • NPR • BuzzFeed • The Millions

"I felt as if I had had a cathartic emotional experience not by talking but by following Ms. Roxo's coaching to tune into my energy and desire." —New York Times What if your deepest fears and wounds were the KEY to living a turned on, passionate life, sharing your gifts with the world, and having mind-blowing orgasms along the way? And what if you could embrace all of you—all of your messy, wild, raw, sensual self—exactly as you are right now AND still feel good? This is what it means to f*ck like a goddess—literally and metaphorically. To let life make love to you and enjoy every bit, even the parts that hurt, and to find the magic in all of it. And this is your birthright. So why is it so damn hard for women to simply feel comfortable in their own skin, let alone feel strong and secure enough to freely share their gifts with the world? "Because each of us has been conditioned, programmed, and literally brainwashed into thinking we are not enough," writes Alexandra Roxo," and it is up to us to rewrite that story." A prominent voice in transformational healing and the divine feminine, Roxo shares tried-and-true methods that have led to both her own healing and that of hundreds of her coaching clients over the years. "We are in need of an uprising of bold, wild women who have reclaimed their bodies and stand in their sacred sexuality for them," she writes. "As women, we need to liberate our voices, step into total security within ourselves, and fully own our raw, sensual power, finally letting go of the shame, guilt, denial, and repression that's been put upon us." The methods in this book will inspire you, challenge you, bring up your resistance, and unleash your gifts. It won't always be easy, but if you do the work, you'll discover what it really feels like to f*ck like a goddess.

F*ck Feelings

#1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "Fk positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F**k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold**

medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a fk about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F**k* is a refreshing slap for a generation to help them lead contented, grounded lives. Do you feel like you are too nice? Sherry Argov's *Why Men Love Bitches* delivers a unique perspective as to why men are attracted to a strong woman who stands up for herself. With saucy detail on every page, this no-nonsense guide reveals why a strong woman is much more desirable than a "yes woman" who routinely sacrifices herself. The author provides compelling answers to the tough questions women often ask: · Why are men so romantic in the beginning and why do they change? · Why do men take nice girls for granted? · Why does a man respect a woman when she stands up for herself? Full of advice, hilarious real-life relationship scenarios, "she says/he thinks" tables, and the author's unique "Attraction Principles," *Why Men Love Bitches* gives you bottom-line answers. It helps you know who you are, stand your ground, and relate to men on a whole new level. Once you've discovered the feisty attitude men find so magnetic, you'll not only increase the romantic chemistry—you'll gain your man's love and respect with far less effort.**

The only self-help book you'll ever need, from a psychiatrist and his comedy writer daughter, who will help you put aside your unrealistic wishes, stop trying to change things you can't change, and do the best with what you can control—the first steps to managing all of life's impossible problems. Need to stop screwing up? Feel like you're under a loser's curse? Work with an ass? Want to clear your name or get justice, rescue an addicted person, get closure after childhood abuse, get a lover to commit, not ruin your kid? Although other self-help books claim to reveal the path to happiness, F*ck Feelings warns that convincing yourself that there is such a path will actually lead you to feel like a true failure. What the Bennetts can promise you is that you can manage any situation life throws at you if you can keep your sense of humor, bend your wishes to fit reality, restrain your feelings, manage bad behavior, and do what you think is right. Life is hard. It's not fair. Our feelings cloud our rationality, and we become tangled in our efforts to achieve the impossible or change the unchangeable. In this groundbreaking, entirely sensible, and funny book, the Bennetts open the shrinks' secret solution manual and show you how to find a new kind of freedom by working toward realistic goals and doing the best with what you can control. They address the most common problems Dr. Bennett's patients bring to his private practice—problems with family, love, work, self-esteem, garden variety assholes, and more—and give you a script for going forward. With no-bullshit advice from a Harvard-educated shrink freed of all jargon and patronization by his smart-ass, comedy writer daughter, F*ck Feelings is the cut-to-the-chase therapy session you've been looking for.

The #1 bestselling pioneer of "fratire" and a leading evolutionary psychologist team up to create the dating book for guys. Whether they conducted their research in life or in the lab, experts Tucker Max and Dr. Geoffrey Miller have spent the last 20+ years learning what women really want from their men, why they want it, and how men can deliver those qualities. The short answer: become the best version of yourself possible, then show it off. It sounds simple, but it's not. If it were, Tinder would just be the stuff you use to start a fire. Becoming your best self requires honesty, self-awareness, hard work and a little help. Through their website and podcasts, Max and Miller have already helped over one million guys take their first steps toward Ms. Right. They have collected all of their findings in Mate, an evidence-driven, seriously funny playbook that will teach you to become a more sexually attractive and romantically successful man, the right way: No "seduction techniques," No moralizing, No bullshit. Just honest, straightforward talk about the most ethical, effective way to pursue the win-win relationships you want with the women who are best for you. Much of what they've discovered will surprise you, some of it will not, but all of it is important and often misunderstood. So listen up, and stop being stupid!

He wants revenge, but he wants her more. Once Upon A Time, there was a little boy. His belly full of laughter, his life full of joy. Until one day, something changed; stripped his innocence away. The hole inside making space for the devil to come and play. His dreams gone forever, he grew up way too fast. An endless night of crocodiles, and watches made of glass. He grew into a villain, the taste of vengeance on his tongue. Craving to make his enemies pay for the misdeeds they had done. Instead he found a darling girl, and refused to let her go. For what better way to make the man pay, than to steal his little shadow. *Hooked is a full-length, complete standalone and the first in The Never After Series: A collection of fractured fairy tales where the villains get the happy ever after. This is a DARK Contemporary romance (not fantasy) featuring mature themes and content that may not be suitable for all audiences. Reader discretion is advised.*

But spirit me doesn't have a voice. So I watch as she...I...we? makes a sex contract with her...our...new boss.This is a good time to mention the 45-minute HR meeting we sat through last month expressly forbidding this sort of thing.In our defense, Max is ridiculously hot, and I...we may have accidentally quit.With a sigh, I look down at the bodies pressed against the wall of the executive office.Yup, we're totally screwed.

'For The Win' is a provocative and exhilarating tale of teen rebellion against global corporations from the New York Times best-selling author of 'Little Brother'.

The #1 New York Times Bestseller: "A hilarious take on that age-old problem: getting the beloved child to go to sleep" (NPR). "Hell no, you can't go to the bathroom. You know where you can go? The f**k to sleep." Profane, affectionate, and radically honest, it captures the familiar—and unspoken—tribulations of putting your little angel down for the night. Read by a host of celebrities, from Samuel L. Jackson to Jennifer Garner, this subversively funny bestselling storybook will not actually put your kids to sleep, but it will leave you laughing so hard you won't care.

The "highly entertaining and thoroughly reprehensible" #1 New York Times bestseller—now with sixteen pages of photos and a new introduction (The New York Times). My name is Tucker Max, and I am an asshole. I get excessively drunk at inappropriate times, disregard social norms, indulge every whim, ignore the consequences of my actions, mock idiots and posers, sleep with more women than is safe or reasonable, and just generally act like a raging dickhead. But, I do contribute to humanity in one very important way: I share my adventures with the world. --from the Introduction Actual reader feedback: "I find it truly appalling that there are people in the world like you. You are a disgusting, vile, repulsive, repugnant, foul creature. Because of you, I don't believe in God anymore. No just God would allow someone like you to exist." "I'll stay with God as my lord, but you are my savior. I just finished reading your brilliant stories, and I laughed so hard I almost vomited. I want to bring that kind of joy to people. You're an artist of the highest order and a true humanitarian to boot. I'm in both shock and awe at how much I want to be you."
