

Fight To Be Free A Post Apocalyptic Thriller After The Outbreak Book 3

Today's pornography stimulates the brain like other addictive drugs and is hooking a generation. No one is immune—men, women, young, or old—to the destructive power of porn. It is waging war against a walk with Christ, a godly marriage (or future marriage), and is sidelining God's people from Kingdom service. This book shows a path to true, lasting freedom with a biblical, clinical, and gospel-centered approach to recovery. You will learn the six roots of porn addiction and how to effectively address them. Before God's truth sets us free, it changes us. And because it changes us, the freedom lasts. Whether you need to quit porn yourself or you want to be equipped to help others, this book is for you. What if addressing a great threat to the Church is also a great opportunity for revival and growth? We are seeing it happen, and if you apply the principles in this book, you can see it happen, too. In The Freedom Fight, you will learn ... why a tsunami of addiction is coming and what we can do about it. the brutal impact of pornography on marriages, spiritual lives and churches. how to stop watching porn for good. how porn impacts the brain and how to renew your mind. why quitting porn is so hard and the keys to make it happen. the six roots of a porn addiction and how to effectively address each one. a tool to help you resist temptation and build new brain pathways.

From award-winning poet Saeed Jones, How We Fight for Our Lives—winner of the Kirkus Prize and the Stonewall Book Award—is a “moving, bracingly honest memoir” (The New York Times Book Review) written at the crossroads of sex, race, and power. One of the best books of the year as selected by The New York Times; The Washington Post; NPR; Time; The New Yorker; O, The Oprah Magazine; Harper's Bazaar; Elle; BuzzFeed; Goodreads; and many more. “People don't just happen,” writes Saeed Jones. “We sacrifice former versions of ourselves. We sacrifice the people who dared to raise us. The ‘I’ it seems doesn't exist until we are able to say, ‘I am no longer yours.’” Haunted and haunting, How We Fight for Our Lives is a stunning coming-of-age memoir about a young, black, gay man from the South as he fights to carve out a place for himself, within his family, within his country, within his own hopes, desires, and fears. Through a series of vignettes that chart a course across the American landscape, Jones draws readers into his boyhood and adolescence—into tumultuous relationships with his family, into passing flings with lovers, friends, and strangers. Each piece builds into a larger examination of race and queerness, power and vulnerability, love and grief: a portrait of what we all do for one another—and to one another—as we fight to become ourselves. An award-winning poet, Jones has developed a style that's as beautiful as it is powerful—a voice that's by turns a river, a blues, and a nightscape set ablaze. How We Fight for Our Lives is a one-of-a-kind memoir and a book that cements Saeed Jones as an essential writer for our time. It's time to fight back! This is the true story of one man's continuing fight for a world free of religious persecution. Majed El Shafie was arrested, tortured, and sentenced to die after he converted from Islam to Christianity. His dramatic story, and those of others worldwide who are suffering persecution, are told in shocking, yet sensitive detail. Especially startling is the true story of rescuing a very young Pakistani girl who experienced horrific sexual abuse—because her family would not convert to Islam. Although hard to imagine and even harder to accept, this important truth about religious persecution is blatantly exposed. Millions of families are praying for help. They are suffering daily in China, Iran, Iraq, Egypt, and many other countries—solely because of their beliefs. Freedom Fighter is Reverend El Shafie's outreach—it follows his heroic work over a four-year period as he traveled to Pakistan and Afghanistan to investigate claims of abuse, persecution, and slavery and to speak truth to governments that neglect and violate the human rights of their citizens. This fight involves all believers—please help.

America faces a new culture war. It is not a war about guns, abortions, or gays—rather it is a war against the creeping changes to our entrepreneurial culture, the true bedrock of who we are as a people. The new culture war is a battle between free enterprise and social democracy. Many Americans have forgotten the evils of socialism and the predations of the American Great Society's welfare state programs. But, as American Enterprise Institute's president Arthur C. Brooks reveals in The Battle, the forces for social democracy have returned with a vengeance, expanding the power of the state to a breathtaking degree. The Battle offers a plan of action for the defense of free enterprise; it is at once a call to arms and a crucial redefinition of the political and moral gulf that divides Right and Left in America today. The battle is on, and nothing less than the soul of America is at stake.

Going beyond common relationship advice, the tools in Stop the Fight! will help you understand the big picture and create lifelong change.

Argues that the Obama administration has used the economic crises to move away from free enterprise and offers a way back via sound public policy.

All his life, people have told Jamie Cole that he was born bad. Maybe it's true, maybe it's not. But that doesn't matter now. Because after a lifetime of demons, Jamie has finally found an angel. Ellie Pearce learned the hard way that boys can't be trusted. But the night she meets Jamie, something shifts. He's different: brooding, a bit dark, determined to change. The connection they share is intense, compelling. Ellie tries to resist, but with each breathtaking kiss, she can't help falling deeper. Things between Ellie and Jamie are perfect-and perfection can't last. When fate goes horribly wrong, Jamie's only hope of saving his family is to strike a deal with the devil. Most of all, Jamie wants to prove he's the person Ellie believes him to be. But if she learns just how much he's been hiding, Ellie won't be able to believe anything Jamie has ever told her . . .

Two veteran martial arts instructors and a renowned comic book illustrator deliver the ultimate course in self-defense More than three million Americans are involved in a violent physical encounter every year. In these situations, knowledge is power, and few teachers are better equipped to deliver that knowledge than Lawrence Kane and Kris Wilder. Veteran martial arts instructors and masters in their field, Kane and Wilder have teamed up with DC Comics artist Matt Haley to produce a step-by-step guide revealing the secrets of surviving-and preventing-violent encounters. The defense begins by scanning the environment for dangerous situations and using verbal de-escalation to defuse tense situations. If a fight is unavoidable, the authors offer clear guidance for being the victor, along with advice on legal implications, including how to handle a police interview after the attack.

Shortlisted for the 2019 Readings Child Book Prize and the 2019 & 2020 ABIA Book of the Year for Younger Children. Longlisted for the 2019 ABDA Best Designed Children's Series.

A vividly told tale of a forgotten American hero—an impassioned newsman who fought for the right to speak out against slavery. The history of the fight for free press has never been more vital when journalists are targeted as “enemies of the people.” In this brilliant and rigorously researched history, award-winning journalist and author Ken Ellingwood animates the life and times of abolition newspaper editor Elijah Lovejoy. First to Fall illuminates this flawed yet heroic figure who made the ultimate sacrifice while fighting for free press rights in a time when the First Amendment offered protection for those who dared to critique America’s “peculiar institution.” Culminating in Lovejoy’s dramatic clashes with the pro-slavery mob in Alton, Illinois—who were torching printing press a press—First to Fall will bring Lovejoy, his supporters and his enemies to life during the raucous 1830s at the edge of slave country. It was a bloody period of innovation, conflict, violent politics, and searching over pivotal issues of morality and justice. In the tradition of books like The Arc of Justice, First to Fall elevates a compelling, socially urgent narrative that has never received the attention it deserves. The book will aim to do no less than rescue Lovejoy from the footnotes of history and restore him as a martyr whose death was not only a catalyst for widespread abolitionist action, but also inaugurated the movement toward the free press protections we cherish so dearly today.

New York Times Bestseller Now with new text from McMaster addressing the January 2021 assault on the U.S. Capitol and recommending how citizens across the free world can work together to restore confidence in democratic institutions and processes From Lt. General H.R. McMaster, U.S. Army, ret., the former National Security Advisor and author of the bestselling classic Dereliction of Duty, a bold and provocative re-examination of the most critical foreign policy and national security challenges that face the United States, and an urgent call to compete to preserve America’s standing in the world. Across multiple administrations since the end of the Cold War, American foreign policy has been misconceived, inconsistent, and poorly implemented. As a result, America and the free world have fallen behind rivals in power and influence. Meanwhile threats to security, freedom, and prosperity, such as nuclear proliferation and jihadist terrorism have grown. In BATTLEGROUND, H.R. McMaster details his efforts to reassess and fundamentally shift policies while he was National Security Advisor. And he provides a clear pathway forward to improve strategic competence and prevail in complex competition against our adversaries. Battlegrounds is a groundbreaking reassessment of America’s place in the world, drawing from McMaster’s long engagement with these issues, including 34 years of service in the U.S. Army with multiple tours of duty in battlegrounds overseas and his 13 months as National Security Advisor in the Trump White House. It is also a powerful call for Americans and citizens of the world to

to transcend the vitriol of partisan political discourse, better educate themselves about the most significant challenges to national and international security and work together to secure peace and justice for future generations.

Guyana's Child Fighting To Be Free is a unique collection of poems which tell the stories of Guyanese children. While the stories reflect cultural, historical and socialization concerns; they are exciting and thrilling to read. The author has captured the reflections in riveting ways. The collection of poems is inspirational, motivational and delightful. They will definitely appeal to your emotions and make you think critically about the experiences of Guyanese children from colonization to independence. Within the collection of poems you will experience the author's personalized struggles and victories in the poems such as 'You Held Me Down'.

The Free Sea offers a unique, single-volume analysis of incidents in American history that affected U.S. freedom of navigation at sea. The book spans more than 200 years, beginning in the Colonial era with the Quasi-War with France in 1798 and extending to contemporary Freedom of Navigation operations in the South China Sea. Through wars and numerous crises with North Korea, North Vietnam, Cambodia, Iran, Russia and China, freedom of navigation has been a persistent challenge for the United States, a nation reliant on open seas for economic prosperity, military security and global order. This volume focuses on the struggle to retain freedom of the seas. Challenges to U.S. warships and maritime commerce have pushed, and continue to challenge, the United States to vindicate its rights through diplomatic, legal, and military means, underscoring the need for the strategic resolve in the global maritime commons.

NAMED A BEST BOOK OF THE YEAR BY BOOKPAGE AND LIBRARY JOURNAL The Crimson Petal and the White meets Fight Club: A page-turning novel set in the world of female pugilists and their patrons in late eighteenth-century England. Moving from a filthy brothel to a fine manor house, from the world of street fighters to the world of champions, The Fair Fight is a vivid, propulsive historical novel announcing the arrival of a dynamic new talent. Born in a brothel, Ruth doesn't expect much for herself beyond abuse. While her sister's beauty affords a certain degree of comfort, Ruth's harsh looks set her on a path of drudgery. That is until she meets pugilist patron George Dryer and discovers her true calling—fighting bare knuckles in the prize rings of Bristol. Manor-born Charlotte has a different cross to bear. Scarred by smallpox, stifled by her social and romantic options, and trapped in twisted power games with her wastrel brother, she is desperate for an escape. After a disastrous, life-changing fight sidelines Ruth, the two women meet, and it alters the perspectives of both of them. When Charlotte presents Ruth with an extraordinary proposition, Ruth pushes dainty Charlotte to enter the ring herself and learn the power of her own strength. A gripping, page-turning story about people struggling to transcend the circumstances into which they were born and fighting for their own places in society, The Fair Fight is a raucous, intoxicating tale of courage, reinvention, and fighting one's way to the top.

A memoir and a call to action, this intimate look at America's long-standing struggle to adequately educate vulnerable children offers valuable insights for effecting change in families, communities, and nationwide. At the root of every important problem we face, from mass incarceration to income inequality, is an education system influenced by our nation's fraught history. Just as past generations fought to ensure that all Americans could enjoy the right to fully participate in our democracy, so must we rally tirelessly to advance an educational agenda that promotes equity and inclusion. With the gap between white academic achievement and that of students of color widening, now is the time to turn our attention to the basics, and few would argue with the fact that the single most essential aspect of a good education is literacy. Beyond reading and writing, literacy encompasses a whole host of skills that allow us to develop our potential and succeed in society, including critical thinking, self-discipline, curiosity, leadership, and motivation. Helping all our nation's young people, especially those who live in low-income communities, improve their literacy skills should be a top priority. Numerous programs are operating around the country to address the issue of underperformance in light of the shortcomings of our public school system. In Forever Free, Tracy Swinton Bailey charts the journey of one such program, her nonprofit Freedom Readers. From a childhood shaped by books to a career promoting the love of reading, she describes the hurdles and rewards of academia, teaching, mobilizing, and fundraising. Bailey outlines clearly and persuasively how Freedom Readers' one-to-one tutoring model has worked in the rural South, and how it can work across the US. This book will inspire and empower readers, and should be placed in the hands of educators and organizers at every level.

"Required Reading" Marine Corps Professional Reading Program Bluejacket Paperback Book Series In this riveting insider's chronicle, legendary Marine General "Brute" Krulak submits an unprecedented examination of U.S. Marines--their fights on the battlefield and off, their extraordinary esprit de corps. Deftly blending history with autobiography, action with analysis, and separating fact from fable, General Krulak touches the very

essence of the Corps: what it means to be a Marine and the reason behind its consistently outstanding performance and reputation. Krulak also addresses the most basic but challenging question of all about the Corps: how does it manage to survive--even to flourish--despite overwhelming political odds and, as the general writes, "an extraordinary propensity for shooting itself in the foot?" To answer this question Krulak examines the foundation on which the Corps is built, a system of intense loyalty to God, to country, and to other Marines. He also takes a close look at Marines in war, offering challenging accounts of their experiences in World War II, Korea, and Vietnam. In addition, he describes the Corps's relationship to other services, especially during the unification battles following World War II, and offers new insights into the decision-making process in times of crisis. First published in hardcover in 1984, this book has remained popular ever since with Marines of every rank.

From Lt. General H.R. McMaster, U.S. Army, ret., the former National Security Advisor and author of the bestselling classic *Dereliction of Duty*, comes a bold and provocative re-examination of the most critical foreign policy and national security challenges that face the United States, and an urgent call to compete to preserve America's standing and security. Across multiple administrations since the end of the Cold War, American foreign policy has been misconceived, inconsistent, and poorly implemented. As a result, America and the free world have fallen behind rivals in power and influence. Meanwhile threats to security, freedom, and prosperity, such as nuclear proliferation and jihadist terrorism have grown. In *BATTLEGROUND*, H.R. McMaster describes efforts to reassess and fundamentally shift policies while he was National Security Advisor. And he provides a clear pathway forward to improve strategic competence and prevail in complex competitions against our adversaries. *BATTLEGROUND* is a groundbreaking reassessment of America's place in the world, drawing from McMaster's long engagement with these issues, including 34 years of service in the U.S. Army with multiple tours of duty in battlegrounds overseas and his 13 months as National Security Advisor in the Trump White House. It is also a powerful call for Americans and citizens of the free world to transcend the vitriol of partisan political discourse, better educate themselves about the most significant challenges to national and international security and work together to secure peace and prosperity for future generations.

This is the story of a little girl who just wanted to go, even when others tried to stop her. Jennifer Keelan was determined to make a change--even if she was just a kid. She never thought her wheelchair could slow her down, but the way the world around her was built made it hard to do even simple things. Like going to school, or eating lunch in the cafeteria. Jennifer knew that everyone deserves a voice! Then the Americans with Disabilities Act, a law that would make public spaces much more accessible to people with disabilities, was proposed to Congress. And to make sure it passed, Jennifer went to the steps of the Capitol building in Washington DC to convince them. And, without her wheelchair, she climbed. ALL THE WAY TO THE TOP!

Eight gospel-centered strategies for overcoming the lure of pornography and finally breaking free. This book is not about pornography. You won't find graphic depictions about the porn industry, the catastrophic effects it has on individuals and relationships, or how to think differently about porn. If you're reading this book, you probably have some understanding of those things already--the last thing you need is to be subjected to that kind of detail...again. *Finally Free* is about hope. It's about discovering the freeing power available to those who trust in Jesus Christ, who can, will, and does set people free from the power of pornography. Dr. Heath Lambert, a leader in the biblical counseling movement, has organized this book around eight clear and practical tactics you can wield to make it easier to flee lust and temptation and shelter in the protection of God's grace. Each chapter: Clearly demonstrates how the gospel applies to the fight against sexual temptation. Lays out relevant methods for leaning on Christ's strength--both in advance of and in moments of temptation. Explains how Jesus can move readers from a life of struggle to a life of purity. If you've struggled personally against the powerful draw of pornography, or if you've ever tried to help someone fighting this battle, you know how hard it is to break its bonds. But there is good news: no matter how intense or long-standing the struggle, Jesus Christ has the power to free people from the enslaving power of pornography. The Gospel has a power that works practically in the lives of those who seek to imitate Christ--and you can learn how to live into that power.

Free Fighting or Mixed Martial Arts allows with a few exceptions, all the martial arts techniques of striking, punching, kicking, throwing, and groundwork. This volume features more than 1,300 photographs that illustrates what you need to know about reach distances, the transition from standing to groundwork, ground techniques, and more.

Leadership and Training for the Fight

A user's guide to understanding contemporary free speech issues in the United States Americans today are confronted by a barrage of questions relating to their free speech freedoms. What are libel laws, and do they need to be changed to stop the press from lying? Does Colin Kaepernick have the right to take a knee? Can Saturday Night Live be punished for parody? While citizens are grappling with these questions, they generally have nowhere to turn to learn about the extent of their First Amendment rights. *The Fight for Free Speech* answers this call with an accessible, engaging user's guide to free speech. Media lawyer Ian Rosenberg distills the spectrum of free speech law down to ten critical issues. Each chapter in this book focuses on a contemporary free speech question—from student walkouts for gun safety to Samantha Bee's expletives, from Nazis marching in Charlottesville to the muting of adult film star Stormy Daniels— and then identifies, unpacks, and explains the key Supreme Court case that provides the answers. Together these fascinating stories create a practical framework for understanding where our free speech protections originated and how they can develop in the future. As people on all sides of the political spectrum are demanding their right to speak and be heard, *The Fight for Free Speech* is a handbook for combating authoritarianism, protecting our democracy, and bringing an understanding of free speech law to all.

Today, the military is one the most racially diverse institutions in the United States. But for many decades African American soldiers battled racial discrimination and segregation within its ranks. In the years after World War II, the integration of the armed forces was a touchstone in the homefront struggle for equality—though its importance is often overlooked in contemporary histories of the civil rights movement. Drawing on a wide array of sources, from press reports and newspapers to organizational and presidential archives, historian Christine Knauer recounts the conflicts surrounding black military service and the fight for integration. *Let Us Fight as Free Men* shows that, even after their service to the nation in World War II, it took the persistent efforts of black soldiers, as well as civilian activists and government policy changes, to integrate the military. In response to unjust treatment during and immediately after the war, African Americans pushed for integration on the strength of their service despite the oppressive limitations they faced on the front and at home. Pressured by civil rights activists such as A. Philip Randolph, President Harry S. Truman passed an executive order that called for equal treatment in the military. Even so, integration took place haltingly and was realized only after the political and strategic realities of the Korean War forced the Army to allow black soldiers to fight alongside their white comrades. While the war pushed the civil rights struggle beyond national boundaries, it also revealed the persistence of racial discrimination and exposed the limits of interracial solidarity. *Let Us Fight as Free Men* reveals the heated debates about the meaning of military service, manhood, and civil rights strategies within the African American community and the United States as a whole.

Learn how to relax the bonds of anger, attachment, and delusion through mindfulness and kindness toward ourselves and others. The *Mindfulness Essentials* series introduces beginners and reminds seasoned practitioners of the essentials of mindfulness practice. This time Nhat Hanh brings his signature clarity, compassion, and humor to the ways we act out in anger, frustration, despair, and delusion. In brief meditations accompanied by whimsical sumi-ink drawings, Thich Nhat Hanh instructs us exactly how to transform our craving and confusion. If we learn to take good care of our suffering, we can help others do the same. *How to Fight* is pocket-sized with two color original artwork by California artist Jason DeAntonis.

When Jewher Ilham's father, Ilham Toti, was detained at the Beijing airport in February 2013 on charges of "separatism," Jewher had two choices: she could stay in China or fly to America alone. Jewher boarded the plane for Indiana and began a new life apart from her family and was half a world away when her father was sentenced to life in prison. Through a series of interviews with novelist Adam Braver and scholar Ashley Barton, Jewher recounted her father's nightmare and her own transition from student to eloquent advocate for the Uyghur people. The resulting book, "*Jewher Ilham: A Uyghur's Fight to Free Her Father*," is an intimate, exclusive portrait that U.S. Senator Sherrod Brown calls "proof that Jewher and her people will not be silenced."

The Fair Fight

This book bravely bridges the gap between the Spiritual and the Temporal (physical) factors of addiction and addiction recovery. It pulls the essential elements of many psychological theories and fits them into an eternal paradigm as can only be seen through the eyes of those who are inspired by God. The reader will be taken on a journey from seeing the battle from high in the heavens down to the gritty and sweaty clashing of swords a warrior must experience day to day. We live in a time when many are in bondage before they are aware that there is a war. As with many examples in world history, one cannot get out of bondage with just will power and thought control. Warriors must be trained, and then trained some more, in the classroom and on the field. They must learn, that in order to escape the bondage they find themselves in, as did warriors thousands of years before: Like Dragons Did They Fight!

This classic Berenstain Bears story is the perfect way to teach children about the unique and special bond between siblings! Come for a visit in Bear Country with this classic First Time Book® from Stan and Jan Berenstain. When Brother and Sister start fighting, it's up to Mama and Papa to help them remember that being kind to one another is the most important thing. Includes over 50 bonus stickers!

Fighting to Be Free Hachette UK

Author and pastor Craig Groeschel helps you uncover who you really are—a man created in the image of God with a warrior's heart—and how to fight the good fight for what's right. You will find the strength to fight the battles you know you need to fight—the ones that determine the state of your heart, the quality of your marriage, and the spiritual health of your family. Craig will also look at examples from the Bible, including our good buddy Samson. Yep, the dude with the rippling biceps and hippie hair and a thing for Delilah. You may be surprised how much we have in common with this guy. By looking at his life, you'll learn how to defeat the demons that make strong men weak. You'll become who God made you to be: A man who knows how to fight for what's right. And don't you dare show up for this fight unarmed. Learn how to fight with faith, with prayer, and with the Word of God It's time to fight like a man. For God's Sake, FIGHT.

Winning the Battles That Matter Most

Marines in World War 2 Commemorative Series. Discusses how women Marines served in noncombat billets during World War 2. The title "Free a Marine to Fight" means that women Marines served in noncombat jobs so that male Marines could fight in battles. The Marines first began to recruit women after the Guadalcanal campaign in 1942. States that 17,672 women were serving in the Marine Corps Women's Reserve in June 1945. Illustrated with many black and white photographs.

From John Della Volpe, the director of polling at the Harvard Institute of Politics, Fight is an exploration of Gen Z, the issues that matter most to them, and how they will shape the future. 9/11. The war on terror. Hurricane Katrina. The 2008 financial crisis. The housing crisis. The opioid epidemic. Mass school shootings. Global warming. The Trump presidency. COVID-19. Since they were born, Generation Z (also known as "zoomers")—those born from the late 1990s to early 2000s—have been faced with an onslaught of turmoil, destruction and instability unprecedented in modern history. And it shows: they are more stressed, anxious, and depressed than previous generations, a phenomenon John Della Volpe has documented heavily through decades of meeting with groups of young Americans across the country. But Gen Z has not buckled under this tremendous weight. On the contrary, they have organized around issues from gun control to racial and environmental justice to economic equity, becoming more politically engaged than their elders, and showing a unique willingness to disrupt the status quo. In Fight: How Gen Z Is Channeling Their Passion and Fear to Save America, Della Volpe draws on his vast experience to show the largest forces shaping zoomers' lives, the issues they care most about, and how they are—despite older Americans' efforts to label Gen Z as overly sensitive, lazy, and entitled—rising to the unprecedented challenges of their time to take control of their country and our future.

Offers an account of the first great human rights crusade, which originated in England in the 1780s and resulted in the freeing of hundreds of thousands of slaves around the world.

Truth is being destroyed, free speech criminalized, the dollar fast becoming worthless. Ideologues at the helm of Big Tech, Big Media, and Big Business are set on the destruction of capitalism and democracy. Powerful federal agencies are no longer protectors of the people, but their primary adversary. Not since the Civil War has our nation been so divided, bringing us to the edge of national suicide. And our enemies—China being chief among them—see our weakness. If we falter, they will act. Not since World War II have we faced an adversary so determined to achieve global dominance. At this moment, they are perfecting an arsenal of weapons to use against us: Quantum computing. Artificial intelligence. Hypersonic missiles. Bio-warfare. These are threats we must defeat. But before we are able to do that, we must protect ourselves from the enemy within. Many of our forefathers had to fight a Great War to save their freedom. It falls upon this generation to fight two. But we must not lose hope. There is a way to save our nation.

Fighting to Be Free

How the Fight between Free Enterprise and Big Government Will Shape America's Future

*How do we create a universe of truthful and verifiable information, available to everyone? In *The New Enlightenment and the Fight to Free Knowledge*, MIT Open Learning's Peter B. Kaufman describes the powerful forces that have purposely crippled our efforts to share knowledge widely and freely. Popes and their inquisitors, emperors and their hangmen, commissars and their secret police—throughout history, all have sought to stanch the free flow of information. Kaufman writes of times when the Bible could not be translated—you'd be burned for trying; when dictionaries and encyclopedias were forbidden; when literature and science and history books were trashed and pulped—sometimes along with their authors; and when efforts to develop public television and radio networks were quashed by private industry. In the 21st century, the enemies of free thought have taken on new and different guises—giant corporate behemoths, sprawling national security agencies, gutted regulatory commissions. Bereft of any real moral compass or sense of social responsibility, their work to surveil and control us are no less nefarious than their 16th- and 18th- and 20th- century predecessors. They are all part of what Kaufman calls the *Monsterverse*. *The New Enlightenment and the Fight to Free Knowledge* maps out the opportunities to mobilize for the fight ahead of us. With the Internet and other means of media production and distribution—video especially—at hand, knowledge institutions like universities, libraries, museums, and archives have a special responsibility now to counter misinformation, disinformation, and fake news—and especially efforts to control the free flow of information. A film and video producer and former book publisher, Kaufman begins to draft a new social contract for our networked video age. He draws his inspiration from those who fought tooth and nail against earlier incarnations of the *Monsterverse*—including William Tyndale in the 16th century; Denis Diderot in the 18th; untold numbers of Soviet and Central and East European dissidents in the 20th—many of whom paid the ultimate price. Their successors? Advocates of free knowledge like Aaron Swartz, of free software like Richard Stallman, of an enlightened public television and radio network like James Killian, of a freer Internet like Tim Berners-Lee, of fuller rights and freedoms like Edward Snowden. All have been striving to secure for us a better world, marked by the right balance between state, society, and private gain. The concluding section of the book, its largest piece, builds on their work, drawing up a progressive agenda for how today's free thinkers can band together now to fight and win. With everything shut and everyone going online, *The New Enlightenment and the Fight to Free Knowledge* is a rousing call to action that expands the definition of what it means to be a citizen in the 21st century.*

After Max and Zoe quarrel over who will sit with Anna at the peanut-free table, they look for a solution that will make everybody happy.

*Ideal for fans of Dave Grossman, Paul Howe, George Thompson, and other authors of police books A brilliant military intelligence book that shares leadership and training for the fight Includes riveting stories of military operations In *Leadership and Training for the Fight*, MSG Paul R. Howe, U.S. Army Retired, shares his thoughts on leadership that he has developed through extensive combat experience. Howe analyzes leadership concepts. He also provides advice on how to understand students and to change your teaching methods. This military and leadership training book is based on Howe's unique insight as a Special Operations soldier. *Leadership and Training for the Fight* is the perfect guide for anyone interested in improving their leadership skills, whether in military or civilian situations.*

A groundbreaking collective biography narrating the history of emancipation through the life stories of women of African descent in the Americas.

Black Soldiers and Civil Rights

Bear Boy is a true-life coming-of-age story of two bears who inspire one boy to stand up for animals, question authority and discover the power of activism. "This is a book that will encourage you to follow your dreams...I simply couldn't put it down." -Jane Goodall, UN Messenger of Peace "An empowering story of a young man who discovered his words count, his actions count, and he counts...Delightful in umpteen ways." -Ingrid Newkirk, President of PETA "A truly empowering story of compassion, activism, and self-discovery." -Jasmin Singer, author of Always Too Much and Never Enough Justin is a typical teenager, dodging school bullies and waging an endless war with his parents. But when he discovers Ursula and Brutus-two sibling black bears being kept in horrific conditions at a nearby zoo-his life begins to change. He finds a cause that ignites his passion and an animal sanctuary willing to take the bears. But there's a catch: he'll have to cover the quarter-million-dollar cost. Undaunted, Justin takes his seemingly insurmountable quest to an international audience, gaining media attention and support from celebrities. With television cameras rolling, Justin fights to free the bears, and it turns out himself. Justin Barker's surprising and moving YA memoir offers the optimism of the 1990s while exploring timely issues of activism, animal rights, and LGBTQ identity with tenderness, unblinking honesty, and heart. Additional Praise for Bear Boy: "In this compelling, honest, and moving story, Justin Barker proves that one kid can make a big difference. Old and young, rich and poor, black and white, LGBTQ and straight-we all have the power to change the lives of animals for the better."-Sy Montgomery, NYT bestselling author, *The Soul of an Octopus* "Justin sets an example for what a motivated young person can do to impact their community and the world. Written with honesty and humor, it's fun to tag along as Justin fights his long battle to save Brutus and Ursula. We need more stories like this." -Jamie Margolin, cofounder, Zero Hour; author, *Youth to Power*
