Be prepared when a looming climate crisis affects your family! Be it wildfires, flood or hurricanes Details: Small & Portable 6 x9" size 58 White pages Soft Matte cover Organize all your essential information in a simple grab and go format.

The simple aim of this book is to help and support you through life. It is a tool to help you be a stronger version of the man you already are. Back in the day, keeping a journal was the manly thing to do. All the great thinkers, writers and explorers of the past kept a journal on a regular basis - from Ernest Hemmingway to Bruce Lee. It was a simple habitual practice that you're brain training on track. While the gym strengthens your body, think about this book as a workout for your mind. This is brain training to build a positive mental attitude and, ultimately, a better and more resilient you. Contains three interactive sections: Warm Up, Hurdles and Strength, each with prompts, challenges and motivators to help get you started. Plus a your brain training on track.

A Daily Method of Deep Work in a Distracted World

The Simplified Planner

A Guide for Defining Your Style, Reinventing Your Space, and Entertaining with Ease

Voyager Black Journal

New York Magazine

Recorder

A blue-covered edition of the classic journal devotes a page to every day of a five-year time span and features illustrations by an artist whose work is regularly featured in The New York Times, in a volume that is complemented by a red ribbon bookmark and additional pages for recording literary and travel experiences.

An essential guide to understanding autism - for autistic people and their families, friends and workmates. When Chanelle Moriah was diagnosed with autism at 21, life finally began to make sense. Hungry for information, Chanelle looked for a simple resource that could explain what autism is and how it can impact the different areas of an autistic person's life, but found that there was little written from the perspective of someone who is autistic. So Chanelle decided to create that missing resource. Chanelle discovered just how difficult it can be for autistic adults - particularly females or those assigned female at birth - to be diagnosed or even be assessed for autism. This is partly because there is very little understanding of the different ways autism can present itself. I Am Autistic is a tool for both diagnosed and undiagnosed autistics to explain or make sense of their experiences. It also offers non-autistic people the chance to learn more about autism from someone who is autistic. With clear sections describing the different aspects of autism, accompanied by Chanelle's beautiful illustrations, and with space for readers to write down their thoughts, this book is designed to be personalised to the individual's experience. I Am Autistic helps people feel less alone in their autism and brings knowledge to an often-misunderstood condition.

*Read the Wall Street Journal Bestseller for "cultivating intense focus" for fast, powerful performance results for achieving success and true meaning in one's professional life (Adam Grant, author of Give and Take). Deep work is the ability to focus without distraction on a cognitively demanding task. It's a skill that allows you to quickly master complicated information and produce better results in less time. Deep Work will make you better at what you do and provide the sense of true fulfillment that comes from craftsmanship. In short, deep work is like a super power in our increasingly competitive twenty-first century economy. And yet, most people have lost the ability to go deep—spending their days instead in a frantic blur of e-mail and social media, not even realizing there's a better way. In Deep Work, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a series of four "rules," for transforming your mind and habits to support this skill. 1. Work Deeply 2. Embrace Boredom 3. Quit Social Media 4. Drain the Shallows A mix of cultural criticism and actionable advice, Deep Work takes the reader on a journey through memorable stories—from Carl Jung building a stone tower in the woods to focus his mind, to a social media pioneer buying a round-trip business class ticket to Tokyo to write a book free from distraction in the air—and no-nonsense advice, such as the claim that most serious professionals should quit social media and that you should practice being bored. Deep Work is an indispensable guide to anyone seeking focused success in a distracted world. An Amazon Best Book of 2016 Pick in Business & Leadership Wall Street Journal Business Bestseller A Business Book of the Week at 300-CEO-READ*

*New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.*

*This complete e-guide provides all the information you need on prescribed and over-the-counter medication. This fully revised edition tells you how medicines work, what they treat, their benefits, and their potential risks and side effects. Clear and easy-to-use, this ebook explains what the major drug groups and drugs are and what they are used for, whether they are painkillers or anticancer drugs. It explains dosage and side-effects, and possible interactions with other medicines. The clear, accessible advice tells you what to do if you miss a dose or take too much. Although this reference is invaluable to healthcare professionals, its concise and jargon-free text will benefit anybody taking medication or wanting to know more about the drugs used in common medical practice.*

*The authors wrote this book when they couldn't find a short, comprehensive time management book to recommend to their executive coaching clients. It's based on the best tips from the top 20 time management books on Amazon as of September 2005. The book covers all the important aspects of time management in five sections (Focus, Plan, Organize, Take Action, Learn) and 25 chapters. Not a linear system, the book's layout allows readers to read from start to finish or zero in on specific areas for improvement. Writing is tight, with no fluff and many bullets and numbered steps so readers can get right to work on changing their time management habits. The Appendix includes an annotated list of the 20 source books. There's also a select list of books, many of them classics, which help people lead happier, more fulfilled lives. The last appendix shows how to buy books for much less. Published in December 2005, the book is now one of the top 5 time management books on Amazon!*

*The essential guide for any Pokémon fan, this updated and expanded encyclopedia contains all eight Pokémon regions, including Galar and newly discovered characters. Revisit unforgettable moments in Ash's journey to become a Pokémon Master. Travel from Kanto to Kalos, Johto to Sinnoh and not forgetting Alola and Galar, newly discovered regions. *The book Lifehack calls "The Bible of business and personal productivity." "A completely revised and updated edition of the blockbuster bestseller from "the personal productivity guru"—Fast Company Since it was first published almost fifteen years ago, David Allen's Getting Things Done has become one of the most influential business books of its era, and the ultimate book on personal organization. "GTD" is now shorthand for an entire way of approaching professional and personal tasks, and has spawned an entire culture of websites, organizational tools, seminars, and offshoots. Allen has rewritten the book from start to finish, tweaking his classic text with important perspectives on the new workplace, and adding material that will make the book fresh and relevant for years to come. This new edition of Getting Things Done will be welcomed not only by its hundreds of thousands of existing fans but also by a whole new generation eager to adopt its proven principles.*
