'Exams tend to corrupt; final exams corrupt finally.' This novel is about exams, literature, sex, cancer and time. Part 1: 1961: Examining a mind. Pembroke College, Cambridge. Peter Green and his friends Jack (big, dangerous) and Casey (small, sinister) face final examinations in English. Keen, they discuss their literary ideas. Peter, whose main study-aid is sexual pleasure, discards lissom Arabella, one of his two girlfriends. Competitive exams apparently subvert left-wing ideals. He alienates a don, Haggerty. Discoverer of literary 'covert plotting', Peter overlooks real-life covert plots. Part 2: 1969: Examining a campus. Sussex University. Jack, tricked by Haggerty, lectures there. Peter quarrels with radical students. Part 3: 2011: Examining a body. Hospitals in and around London. Peter undergoes intimate examinations.

successfully used in similar settings. In addition, this book helps teachers from across the disciplines not only to develop effective skills in conventional classroom settings (lecture halls, tutorial rooms, one-to-one student consultations) but to consider new approaches to online, blended, and distance learning. Teaching at College and University provides the most practical evidence-based resource for those involved in teaching at universities and colleges, as well as researchers and policy makers with an interest in good practice in academic settings.
