This book was created for those who seek adventure everywhere, who enjoy living wild and staying in touch with nature. What is a Bucket List? Unsure what a bucket list is? Let's take a minute to explain this. A bucket list is a collection of experiences you'd like to have before you kick the bucket. It might include places to

visit, people to see, foods to eat, or any number of other things. Most people keep one long bucket list that covers every part of their lives. However, we think it's much easier to keep several smaller lists. We like to split these lists up based on places we intend to travel to and have been making one for each state. Below is our Louisiana bucket list book. Hopefully, it works as inspiration so you can create a must-do Louisiana travel list of your own. Participate in the 50 books - 50 states challenge - with us! The old-fashioned way of travel with any bucket list usually looks as follows... You're buying an expensive atlas, which includes

plenty of beautiful photographs and descriptions of the destinations to which you plan to travel. Before you leave the house, within a matter of weeks, You will conclude, that in fact, you've seen everything already and nothing can phase you. A lot of people are giving up at this point and are ending their „life adventure“ flipping through book pages. However, if you choose to go on a trip, you do every single thing, which a book tells you to do. You're following the book schedule. Instead of being one of many, stay for a while and listen, what our way of traveling can look like. Take your Louisiana Bucket List Adventure & Memory Journal,

pack your bag and go. Have you ever wondered about having your atlas with many beautiful pictures? You can easily make it on your own. The best descriptions are those, which are created by you. Describe precisely what caught your attention, or maybe mention the animals you encountered on your way? There must also be a place for a description of how you spent time with your family or friends. Do you want to get to know the most beautiful breathtaking natural wonders from anywhere? You have to do it on your own. Create your memory book, which you'll be able to come back to for years, and then imagine the feeling of
