Josie presses her hands into the center of the drowned girl's chest and pumps, counting off compressions. She takes in the girl's beautiful face, her brown eyes glassy. Breathe. Just breathe... The body of a young girl lying face down in a swimming pool—white tennis shoes still on her feet, chestnut hair fanned out like a halo—is the last thing Detective Josie Quinn expects to find on an early morning visit to see her brother before class at Denton University. But when she recognizes the girl's face as she drags her limp body from the water, there's only one question racing through Josie's mind: how does a champion swimmer accidentally drown? Nysa Somers' family are distraught. She was a model student, beloved daughter and everybody's friend. There's no way she would do anything reckless enough to put her scholarship at risk, let alone her life. It's up to Josie and her team to piece together what happened in the hours leading up to Nysa's death, and that begins with finding her missing backpack. But the bag, discarded in the woods on the nearby campus, contains nothing more than empty food wrappers, Nysa's phone and a cryptic calendar entry telling her to be a mermaid. The next day, a terrible housefire envelops the nearby home of a retired fireman, nearly killing his two granddaughters. The last words the little girls heard him mutter before he set the blaze were, be a match. As the body count rises, it's only Josie who can see the deadly pattern forming. Can she convince her team that the wrapper found in Nysa's bag is the crucial link they're missing? Josie knows she must go it alone if she's going to stop this silent and calculated serial killer before any more precious lives are taken. But with the killer finally in her sights, Josie takes a dangerous risk and finds herself hanging onto life by her fingernails. Can she trust her team to save her, and before it's too late? An unputdownable and nail-biting crime thriller from an Amazon, USA Today and Wall Street Journal bestselling author. Perfect for fans of Angela Marsons, Robert Dugoni and Rachel Caine. A compelling and timely debut novel from an assured new voice: Three-Fifths is about a biracial black man, passing for white, who is forced to confront the lies of his past while facing the truth of his present when his best friend, just released from prison, involves him in a hate crime. Pittsburgh, 1995. The son of a black father he's never known, and a white mother he sometimes wishes he didn't, twenty-two year-old Bobby Saraceno has passed for white his entire life. Raised by his bigoted maternal grandfather, Bobby has hidden the truth about his identity from everyone, even his best friend and fellow comic-book geek, Aaron, who has just returned home from prison a newly radicalized white supremacist. Bobby's disparate worlds crash when, during the night of their reunion, Bobby witnesses Aaron mercilessly assault a young black man with a brick. Fearing for his safety and his freedom, Bobby must keep the secret of his mixed race from Aaron and conceal his unwitting involvement in the crime from the police. But Bobby's delicate house of cards crumbles when his father enters his life after more than twenty years, forcing his past to collide with his present. Three-Fifths is a story of secrets, identity, violence and obsession with a tragic conclusion that leaves all involved questioning the measure of a man, and was inspired by the author's own experiences with identity as a biracial man during his time as a student in Pittsburgh amidst the simmering racial tension produced by the L.A. Riots and the O.J. Simpson trial in the mid-nineties.

Even Donna may have had reason to want her husband dead. And Aiden's gossipy office manager has plenty to say about them all. Then another member of Angela's family is murdered, making Carrie more determined than ever to find the killer. Can library ghost Evelyn and library cat Smoky Joe help Carrie solve the murders before she becomes the next of Angela's wedding guests to head to the grave?

FBI analyst Cassidy Bishop is assigned to the "For You" killer's task force after a series of sadistic murders bearing the same signature arise in different parts of the country. The homicides are both calculated and savage, occurring in different states, but bearing the same signature: the words "for you" scribbled at each crime scene. The case chills Cassidy, bringing back memories of her own encounter with a violent criminal five years earlier. Cassidy's mentor, legendary agent Talia "The Confessor" Crossen knows the task force assignment is Cassidy's chance to prove to her colleagues that she belongs in the Behavior Analysis Unit. For five years, other FBI agents and profilers scoffed at Cassidy's appointment to the BAU, believing she was only offered the position in exchange for her silence about the brutal assault that almost killed her. The stakes rise when the task force links the killer's signature to Cassidy. As more and more bodies turn up, Cassidy must delve into her past and the mysterious death of her twin sister, which holds the key to uncovering the killer's identity. The closer Cassidy comes to finding the killer, the closer she comes to a deadly confrontation that could cost her everything—including her own life.
