The Definitive Guide

**Book Description** Since the beginning of mankind, there have always been individuals who start life with disadvantages but by sighting their Aim High above mediocrity they have accomplished great things! I chose the title Aim High for this book as an analogy to impress upon the readers that regardless of their beginnings by sighting their Aim High they can go on to be the best that they can be at whatever they want. The key to success is first to develop a desire for something. What do you want out of life? Once a desire is instilled within, motivation follows, and then you must write out a well thought out plan of action on how to do what you want to achieve then you must follow through with action. I believe we all have a purpose in life. The hard part is to find out what that something is. What is your purpose? The soul that has not established aim loses itself. Montaigne (1533-1592) In the book Aim High I have done my best to present in sixteen steps guidance and stimulus for success. Success does not happen immediately.

Achieving success happens by having a series of successes. The first successes are small, but as you move up one step at a time, you will move up to accomplish higher and higher achievements. Aim High is a self-help book about self-improvement. I have written the sixteen-step aim high path to personal achievement study guide in a way that I hope will help all who read it improve the quality of their lives. We go through life making choices. We have the capacity to direct our destiny by the choices we make In the Aim High book I have presented sixteen points I call steps: Effort, Example, Enthusiasm, Spiritual, Physical, Personal, Encouragement, Personality, Financial, Career, Looks, Speak, Purpose, Plan, Belief, Action. These sixteen points provide guidance and serve as a stimulus for success through self-motivation. It is the awaking of the inner self to the potential that can be realized. In order to reach your highest and fullest potential, you must first have the courage to think, to imagine, to dream. Dream! What do you want for yourself out of life? What do you desire? The definition of desire in (thesaurus) is synonyms with hunger, craving, longing, and yearning. Desire will stoke your self-motivation to do! Your first priority is to decide and establish what you desire as your goal. Goal setting is the single most important ingredient in self-motivation that leads to achieving success. Your next priority is to write out a specific plan of action about how you are going to achieve your goal, and you should know why you want you desire it. Then go after your goal with passion, a burning desire within you. To do it! My grandson Ryan invited me to go to the movie, The Empire Strikes Back. I was impressed with what the Jedi teacher teaches his student about engaging the force that is the greatest power in the universe. He tells his student that there is no try, that there is either do or not do. Another important ingredient necessary to achieve success is self-confidence. Self-confidence is a by-product of preparation, and in order to succeed you must discipline yourself to establish the habit of doing what need to be done. Now, not tomorrow! Affirm to yourself, I have faith and belief in myself that I will achieve my goal because I expect to achieve it, because I will work hard to do so, and that no matter what the circumstances, I will never give up. Action is what produces results! Do Power! The thrust of Aim High is to implant the sixteen steps outlined in this

book into your mind as seeds necessary for success. We are all born with a powerful tool our brain, and it is up to each and every one of us to learn how to use that powerful tool more efficiently and effectively. On the cover of Aim High, there is a red dot in the center. That dot represents you, and you are your own bulls-eye! To try to hit right in the center of the bulls-eye Audisee® eBooks with Audio combine professional narration and text highlighting for an engaging read aloud experience! Have fun learning language! “Word-Nerd” Brian P. Cleary and highly-acclaimed illustrator Brian Gable collaborate to clarify the concept of synonyms for young readers with playful, lively, and whimsical rhymes and humorous, comical, and amusing illustrations. For easy identification, synonyms are printed in color, and key words are illustrated on each page. This funny, best-selling series shows, not tells, each part of speech.

The bestselling Emotion Thesaurus, often hailed as “the gold standard for writers” and credited with transforming how writers craft emotion, has now been expanded to include 56 new entries! One of the biggest struggles for writers is how to convey emotion to readers in a unique and compelling way. When showing our characters’ feelings, we often use the first idea that comes to mind, and they end up smiling, nodding, and frowning too much. If you need inspiration for creating characters’ emotional responses that are personalized and evocative, this ultimate show-don’t-tell guide for emotion can help. It includes: • Body language cues, thoughts, and visceral responses for over 130 emotions that cover a range of intensity from mild to severe, providing innumerable options for individualizing a character’s reactions • A breakdown of the biggest emotion-related writing problems and how to overcome them • Advice on what should be done before drafting to make sure your characters’ emotions will be realistic and consistent • Instruction for how to show hidden feelings and emotional subtext through dialogue and nonverbal cues • And much more! The Emotion Thesaurus, in its easy-to-navigate list format, will inspire you to create stronger, fresher character expressions and engage readers from your first page to your last.

**The Illustrated Reverse Dictionary is an ingenious word-finder that helps you locate the precise word you want when you know generally what you mean but can’t recall the exact term. With an ordinary dictionary, you look up the word to find its meaning. With the Illustrated Reverse Dictionary, you do just the opposite: you look up the meaning to find the word. The Illustrated Reverse Dictionary works like a thesaurus, which gives you words that are similar in meaning, but it does more. You start with an idea, a description of the term you’re looking for, and the Illustrated Reverse Dictionary leads you through associated words to the exact one you want. Moreover, each synonym is defined, and you get antonyms (word opposites) and etymologies (word histories), which a thesaurus does not offer. Containing over 400,000 words - in more than 70,000 main entries, with over 130 detailed color illustrations, and more than 160 charts, the Illustrated Reverse Dictionary offers quick and accurate reference.**

**More than 150,000 synonyms, antonyms, related and contrasted words, and idioms. Alphabetically organized for ease of use. Abundant usage examples. Brief definitions describe shared meanings. Sans serif font.**

First published in 1816 and revised in 1916, this edition of George Crabb ' s English Synonyms contains the entirety of his most enduring work. The revised edition is supplemented by a large number of words, the applications of which had grown into the language in the preceding years or had taken on a deeper significance in light of the First World War. It also contains comprehensive cross-referencing, which brings closely related words together and facilitates the quick location of a desired term.

It also features hundreds of useful terms every student should know, making it the most essential tool on your desk when you're working on an essay or presentation. With Roget's Thesaurus of Words for Students at your side, you'll impress your teachers and advance straight to the head of the class!

John Dewey's *Democracy and Education* addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, *Democracy and Education* is regarded as the seminal work on public education by one of the most important scholars of the century.
