The Pediatric First Aid, CPR & AED manual is 153 pages and full-color. It covers the material included in a 6 to 7.5-hour course. This book is for anyone who takes care of children, including parents, daycare and other childcare workers, teachers and others. The focus is on preventing childhood injury where possible, how to recognize and act in a pediatric emergency and sustain life until professional help can arrive. Along with basic first aid components such as bleeding control and shock, the book covers child abuse and common childhood illnesses.

Based on the 2015 International Consensus Guidelines for Cardiopulmonary Resuscitation (CPR) and Emergency Cardiac Care (ECC), Standard First Aid, CPR, and AED, Seventh Edition is ideal for use within

This New American Red Cross CPR/AED for the Professional Rescuer Participant's Manual and course reflect changes based on the 2005 Consensus on Science for CPR and Emergency Cardiovascular Care (ECC) and the Guidelines 2005 for First Aid. Changes to this program and manual include simplifications to many of the CPR skill sequences, which helps improve retention. There have also been changes to help improve the quality of CPR. The integration of CPR skills into the operation of

AEDs had changed to help improve survival from sudden cardiac arrest. Professional rescuers are now trained to use AEDs on adults and children. Information has been updated and added to this program to help professional rescuers administer epinephrine, aspirin and fixed-flow-rate oxygen. The skills learned in this course include adult, child and infant rescue breathing, conscious and unconscious choking, CPR, two-rescuer CPR and adult and child AED. Additional training can be added to this course including bloodborne pathogens training and
