A legal history of the First Amendment examines how it pertains to the Internet and minors and discusses the legal ramifications of limiting access in libraries

The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security. Founded by Manhattan Project Scientists, the Bulletin's iconic "Doomsday Clock" stimulates solutions for a safer world.

A convenient handbook of dates, names, terms, and resources as well as a highly readable overview of the pivotal role of women in a century of profound political and social change. The authors emphasize areas in which scholars have identified important changes (such as suffrage and reform), topics in which researchers are now making great strides (such as racial, ethnic, religious, and regional diversity), and innovative and relatively recent explorations (for example, work on female sexuality).

A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users’ personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company’s modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can’t believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman’s ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

The Literary Review

This hardcover abstract journal is a favorite among avid note-takers. Inside, 152 lightly lined writing pages provide plenty of space for personal reflection, sketching, or jotting down your favorite quotations and poems.

Dive into a masterclass that reveals the shifts you should make over the course of you career to keep innovating, improving, and influencing others to the highest levels of success in today's unprecedented business climate. Change is so rapid today that leaders must do more than stay the course to be successful. If they aren't nimble and ready to adapt, they won't. This course helps leaders gain the ability and willingness to make leadership changes that will positively enhance their organizational and personal growth. He does this by sharing the eleven shifts he made over the course of his long, successful leadership career. In Leadershift, Maxwell shares some of the leaderships including... Adaptive Shift from Plan A to Option A, the Productivity Influence Shift from Positional Authority to Moral Authority and more! Leadershift gives specific guidance to readers about how to make these shifts in their own lives. Each one requires them to change the way they think, act, and ultimately lead so they can be successful in a world that never remains the same. To go forward, we need to move faster. And as leaders, we need to see before others.

The Lizard Cage

極權政府常為鞏固政權，以強制手段剝奪了人民的自由與基本權利，甚或奪去他們的性命，使人民深感恐懼，多數人選擇噤聲不語。然而，與此同時掌權者也懼怕任何意有所指的反抗行為，哪怕只是集體在街頭吃三明治、於電車上閱讀喬治•歐威爾的《一九八四》，甚至僅在廣場上站立八小時，這些看似平凡無奇的舉措，卻在在挑動了掌權者的政治敏感神經。一場無聲卻有力的運動可能就就此展開……《街頭精神—抗議及惡搞的力量》一書列舉世界各地諸項非暴力抗爭行動，有些行動寧靜和平，如土耳其抗議者為反對塔克西姆蓋齊公園改建案，發起的「站立的人」行動。有些行動滿佈戲謔嘲諷，如俄羅斯境內的抗議者讓玩具代替自己，舉上各樣抗議標語，令人驚訝的則是當局的反應，以這些玩具進行「未經批准的公眾行動」以及抗議者「非俄羅斯公民」（尤其是進口玩具）禁止了這項抗議行為，無不讓人感到荒謬滑稽。有些行動則是聰穎機智、暗藏巧思，以報紙標題、電影或漫畫的形式，躲過嚴格的審查認真相傳遞給民眾們。各式各樣的抗爭活動，不論規模大小及形式，於此背後所支撐的是無比的勇氣與信念，他們勇於挑戰現實，努力追求更自由、更公義的社會。

Beautifully written and taking us into an exotic land, Karen Connelly ’ s debut novel The Lizard Cage is a celebration of the resilience of the human spirit. Teza once electrified the people of Burma with his protest songs against the dictatorship. Arrested by the Burmese secret police in the days of mass protest, he is seven years into a twenty-year sentence in solitary confinement. Cut off from his family and contact with other prisoners, he applies his acute intelligence, Buddhist patience, and humor to find meaning in the interminable days, and searches for news in every being and object that is grudgingly allowed into his cell. Despite his isolation, Teza has a profound influence on the people around him. His very existence challenges the brutal authority of the jailers, and his steadfast spirit inspires radical change. Even when Teza ’ s criminal server tries to compromise the singer for his own gain, Teza befriends him and risks falling into the trap of forbidden conversation, food, and the most dangerous contraband of all: paper and pen. Yet, it is through Teza ’ s relationship with Little Brother, a twelve-year-old orphan who ’ s grown up inside the walls, that we ultimately come to understand the importance of hope and human connection in the midst of injustice and violence. Teza and the boy are prisoners of different orders: only one of them dreams of escape and only one of them will achieve it—their extraordinary friendship frees both of them in utterly surprising ways.

The East India Company, founded in London in 1600, was originally a spice trading organisation. But its governors soon began to think bigger. After a decade, they started to plan voyages to more fabulous places, notably India and Japan. Rich in silver, Japan was a desirable trading partner; crucially, it was also cold in winter. England's main export was woollen cloth, which would not sell in hot places, so the Company envisaged adding to its spice runs by sailing back and forth to Japan, exchanging wool for silver. Maps suggested that this could be done quickly, above Russian. But these maps also made Japan twenty times too large, the size of India in fact. Knowing the Spanish and Portuguese had preceded them, the Company prepared a special present for its first extended sailing to India and Japan. In the end, the Company missed India, but got to Japan in 1613. The Shogun, the military dictator of Japan, was presented with a silver telescope in the name of King James. It was the first telescope ever to leave Europe and the first made as a presentation item. Before this initial ship had even returned, the Company dispatched another, named the New Year's Gift, with an equally stunning cargo: almost 100 oil paintings. These would be given and sold to the Indian and Japanese courts. This book looks at the formation and history of the Company, but mostly examines the meaning of these two extraordinary cargoes. What were they supposed to mean, and what effect did they have on quizzical Asian rulers?

A timely guide to making the best investment strategies even better A wide variety of strategies have been identified over the years, which purportedly outperform the stock market. Some of these include buying undervalued stocks while others rely on technical analysis techniques. It's fair to say no one method is fool proof and most go through both up and down periods. The challenge for an investor is picking the right method at the right time. The Little Book of Stock Market Profits shows you how to achieve this elusive goal and make the most of your time in today's markets. Written by Mitch Zacks, Senior Portfolio Manager of Zacks Investment Management, this latest title in the Little Book series reveals stock market strategies that really work and then shows you how they can be made even better. It skillfully highlights earnings-based investing strategies, the hallmark of the Zacks process, but it also identifies strategies based on valuations, seasonal patterns and price momentum. Specifically, the book: Identifies stock market investment strategies that work, those that don't, and what it takes for an individual investor to truly succeed in today's dynamic market Discusses how the performance of each strategy examined can be improved by combining into them into a multifactor approach Gives investors a clear path to integrating the best investment strategies of all time into their own personal portfolio Investing can be difficult, but with the right strategies you can improve your overall performance. The Little book of Stock Market Profits will show you how.

A tale set between the events of Dune and Dune Messiah traces Paul Muad'Dib's successful conquest of the galaxy and the formation of his empire, during a period marked by dangerous adversaries and Paul's ascent to the status of a prophet. 250,000 first printing. \$250,000 ad/promo.

Southeast Asian Affairs 2012 provides an informed and readable analysis of the events and developments in the region in 2011. In the regional section of this volume, the first six articles provide the political and economic overview of Southeast Asia and the region. Eleven country reviews as well as six special theme articles follow, delving into domestic political, economic, security, and social developments during 2011 and their implications for countries in the region and beyond.

The essays collected here have been written against the background of Davey's long and close intellectual engagement with the major critical issues of his day...(and) provide a clear sense of his very substantial contribution to contemporary criticism in Canada... To critical theory he has added his voice on behalf of post-modernist writing, and perhaps as clearly as any other writer has articulated the theory of post-modernism. He has given our criticism its contemporary voice, its sound and its rhythms, and to the mood of our most recent critical writing added his generous and welcoming spirit. A writer on the side of life, he has spoken for life and vitality as an active engaged spirit of our time.

The East India Company, founded in London in 1600, was the world's biggest trading organization until the twentieth century. It was originally a spice trading organization, and its existence was precarious in its early years. But its governors soon began to think bigger. A decade after itsfoundation, they started to plan voyages to more fabulous places, notably Japan. Japan had silver, was cold in winter, and had no sheep, so was a perfect market for England's main export, woollen cloth. The Company planned to add to its spice-runs, sailing back and forth to Japan, exchanging woolfor silver. This could be done quickly and easily, over the top of Russia - or so the maps of the day suggested (these same maps also showed Japan twenty times too large, about the size of India).Knowing the Spanish and Portuguese had got there before them, the Company prepared a special present to impress and win over their Japanese hosts. They chose as their first gift a silver telescope. The expedition carrying the telescope departed in 1611, and the Shogun was finally presented with thetelescope in the name of King James I in 1613. It was the first telescope ever to leave Europe, and the first made as a presentation item. Before this voyage had even returned, the Company had dispatched another with an equally stunning cargo: nearly a hundred oil paintings.This is the story of these two extraordinary cargoes: what they meant for the fortunes of the Company, what the choice of them says about the seventeenth century England from which they came, and what effect they had on the quizzical Asian rulers to whom they were given.

Patterns for College Writing

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

Unhappy over what he considers his bad luck, Toole y ignores his cat's warnings and invites a greedy little man into his home in the mistaken hope of improving his fortunes.

Oberg argues that Unca's methodical and sustained strategies for adapting to these changes made him the most influential Native American leader in colonial New England."--BOOK JACKET.

This volume, which completes the edition's coverage of Henry Fielding's journalism, provides a view of eighteenth-century journalism very different from the more genteel Tatler-Spectator tradition, and complicates the familiar image of Fielding the moralist. Fielding's contributions to The Champion are not only among his most energetic and intriguing works in the genre; they also have a dense political background, of interest to historians studying the interface between journalism and politicians of the time, as well as the role of newspaper publishers.

Local Insights, Global Ethics for Business

Der steinige Weg zur Freiheit

The journal of Frances E. Willard nineteenth-century America's most renowned and influential Woman had been hidden away in a cupboard at the National WCTU headquarters, and its importance eluded Willard's biographers. Writing Out My Heart publishes for the first time substantial portions of the forty-nine volumes rediscovered in 1982. They open a window on the remarkable inner life of this great public figure and cast her in a new light. No other female political leader of the period left a private record like this. Best known for her powerful leadership of the Woman's Christian Temperance Union (WCTU), at that time the nation's largest organized body of women, Willard was a world-class reform leader and feminist. How she achieved this stature has been documented. This compelling journal reveals why. Written during her teens, twenties, and fifties, the journal documents the creation of Frances Willard's self. At the same time, it often reads like a good novel. It stands as one of the most explicit and painful records in the nineteenth century of one woman's coming to terms with her love for women in a heterosexual world. Other sections reveal what impelled Willard to reform the nature and depth of the religious dimension of her life a dimension not yet adequately explored by any biographer. Here we see her growing commitment to the "cause of woman." The volumes written in her late middle age give insight into the years when, world famous, she was part of the transatlantic network of reform, battling ill health, dealing with controversy in the WCTU, and grieving for her mother, a lifelong figure of emotional support. This finale concludes one of the most fascinating of the journal's themes: the nineteenth-century confrontation with sickness and death. Drawn from one of the richest sources in documentary history, knowledgeably introduced and annotated, Writing Out My Heart is a biographical goldmine, rich in the themes and institutions central to women's lives in nineteenth-century America.

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

Christoph Hein und Udo Schmidt haben viele Wochen in Myanmar, dem "Goldenen Land" im politischen Umbruch verbracht und mit allen Handelnden gesprochen: von Aung San Suu Kyi, der Friedensnobelpreisträgerin und Hoffnungsträgerin des neuen Myanmar, über Mönche und Flüchtlinge bis hin zu Wirtschaftsführern und Drogendealern. So vermitteln sie ein profundes Porträt des einst reichsten Landes Südostasiens, das die Militärs mit ihrer grausamen Diktatur abgewirtschaftet hatten und das nun endlich Hoffnung schöpft. Hein und Schmidt haben das Buch vollständig aktualisiert und mit sechs neuen Kapiteln auf den neuesten Stand nach der Regierungsbildung von Aung San Suu Kyi gebracht.

Laurie Kirszner and Stephen Mandell, authors with nearly thirty years of experience teaching college writing, know what works in the classroom and have a knack for picking just the right readings. In Patterns for College Writing, they provide students with exemplary rhetorical models and instructors with class-tested selections that balance classic and contemporary essays. Along with more examples of student writing than any other reader, Patterns has the most comprehensive coverage of active reading, research, and the writing process, with a five-chapter mini-rhetoric; the clearest explanations of the patterns of development; and the most thorough apparatus of any rhetorical reader, all reasons why Patterns for College Writing is the best-selling reader in the country. And the new edition includes exciting new readings and expanded coverage of critical reading, working with sources, and research. It is now available as an interactive Bedford e-book and in a variety of other e-book formats that can be downloaded to a computer, tablet, or e-reader. Read the preface.

Human Rights and 21st Century Challenges

Paul of Dune

In the Beginning

Prepare to be shocked. From the man The Wall Street Journal hailed as a "Swiftian satirist" comes the most shocking book ever written! The Borowitz Report: The Big Book of Shockers, by award-winning fake journalist Andy Borowitz, contains page after page of "news stories" too hot, too controversial, too -- yes, shocking -- for the mainstream press to handle. Sample the groundbreaking reporting from the news organization whose motto is "Give us thirty minutes -- we'll waste it."

The world is faced with significant and interrelated challenges in the 21st century which threaten human rights in a number of ways. This book examines three of the largest issues of the century - armed conflict, environment, and poverty - and examines how these may be addressed using a human rights framework. It considers how these challenges threaten human rights and reassesses our understanding of human rights in the light of these issues. This multidisciplinary text considers both foundational and applied questions such as the relationship between morality and the laws of war, as well as the application of the International Human Rights Framework in cyber space. Alongside analyses from some of the most prominent lawyers, philosophers, and political theorists in the debate, each section includes contributions by those who have served as Special Rapporteurs within the United Nations Human Rights System on the challenges facing international human rights laws today.

Birma, Burma, Myanmar - ein Land mit vielen Namen und vielen Gesichtern. Ein halbes Jahrhundert verschlossen, geknechtet unter einer brutalen Militärjunta, beginnt es sich in atemberaubendem Tempo zu öffnen. Christoph Hein und Udo Schmidt, Asien-Korrespondenten der "Frankfurter Allgemeinen Zeitung" beziehungsweise des ARD-Hörfunks, kennen Myanmar von innen. Sie haben die Oppositionsführerin und Friedensnobelpreisträgerin Aung San Suu Kyi getroffen, sprachen mit Drogenbossen und Straßenhändlern, Ministern und Investoren. In Reportagen und Porträts zeigen sie ein Land, das die Veränderungen herbeisehnt und an dessen Toren Glücksritter und Geldgeber rütteln. Ein Besuch im Hauptquartier der wichtigsten Oppositionspartei verdeutlicht, wie viel noch zu tun ist auf dem Weg zur Demokratie. Auf der Party eines neureichen Unternehmers treffen die beiden Autoren die Günstlinge des alten Regimes, die sich längst auf die neuen Zeiten eingestellt haben. Nach langen Jahren der Haft befreite Studentenführer erzählen ihnen von ihrem Leidensweg. So entsteht das lebendige Bild eines Landes im Umbruch.

Poetry. This is the first offering from Futurepoem Books, a new publishing collaborative dedicated to presenting innovative works of contemporary poetry and prose. "A prophetic ferocity joins visceral appetite in Garrett Kalleberg's powerful new collection; spirit and matter couple to spawn a ravishing anxiety, a beautiful disaster...For thosewho wish to go where poetry is rendered as a limitless limit, fretted withknowings and unknowings and their generative inquisitions. Once again, thelife of the mind finds its avatar"—Ann Lauterbach.

This book evaluates strategies for managing ethical conflict. Macro-approaches that attribute select values to entire peoples and claim supremacy for these values are suspect. A micro-approach, focusing on the ethics of individual thinkers, is better. The study uses the ethics of Confucius and Tetsuro Watsuji to derive a process-based universal ethic that respects local differences yet is not relativistic.

Compares the biblical description of creation with the latest scientific theories in a line-by-line annotation of the first eleven chapters of Genesis, highlighting the scientific accuracy of many parts of the scriptural account
